ROBBED BELLEVILLE

OF THE GAME WITH OSHAWA IN PETERBORO.

The Referee Gave the Belleville Team a Raw Deal, the Peterboro Review Says — Other News of Sport.

The Peterborough Review makes the following comment on the Oshawa-Belleville game of Wednesday evening. The game was witnessed by a very small crowd and everyone came away with the idea that the Oshawa team can last about as long with Orillia as one of the junior city league teams.

"The boys from Belleville had two neat and dumb lads from the D. D. Institute and they were the victims of some of the inside stuff of Riordan and Weller. The former is the "nice pleasant fellow of Irish stock" whom the Toronto papers were talking about and incidentally it might be well to mention that he's one of the poorest sports in the O. H. A.

"The goal that beat the Belleville team was made in a way that is a disgrace to the O. H. A. Weller was loafing off side about twenty feet and when the puck came up the ice he unhesitatingly took it and scored."

"The way Weller handed it to the deaf and dumb boys wasn't hockey at all and the worst feature of it was that Referee Whitehead let him get away with it. Billy Eaton might as well give Whitehead a blue and white sweater for he was the best man he had last night."

Curling Games

The ice at the curling rink was kept in constant use on Thursday. Four games were scheduled but only three were played on account of J. W. Power defaulting to J. S. Asselstine. In the club series played in the afternoon the rink skipped by M. B. Baker slipped one over Skip W. L. Goodwin by 17 to 6. Skip J. Marshall won from Skip T. R. Carnovsky by 11 to 5. In the Whig trophy games Skip J. F. Macdonald won from Skip L. W. Gill by 14 to 9. The rink:

A. Snodden, W. D. Taylor, H. E. Flynn, M. R. Baker, skip—17.
A. B. Walker, D. B. Ems, E. W. Henderson, W. L. Goodwin, skip—6.

L. Boswell, O. Aykroyd, J. Fignon, J. Marshall, skip—11.
W. Carnovsky, A. B. Williams, T. Copley, T. R. Carnovsky, skip—5.

J. A. McRae, H. T. Wallace, R. McCannell, J. F. Macdonald, skip—14.
A. B. Williams, W. B. McKay, W. H. Montgomery, L. W. Gill, skip—9.

Ice Races at Nanawee

Several of the race horse sportsmen of this city left, on Thursday afternoon, in company with their horses, to attend the races which will be pulled off at Nanawee on Friday afternoon. Those who will enter horses from Kingston will be: L. Martin, G. Lennox, A. Hayes, P. Ward and W. Corcoran. Some of these Kingston horses have been successful in the races which have been held at Battersea, Cape Vincent and Wolfe Island. The Collins Bay races, which were to be held on Saturday morning, have been postponed, on account of Mr. Truesdell, the president of the association, meeting with an accident.

Protest Not Yet Entered

Up until eleven o'clock on Friday morning no protest had been entered by Belleville against any of the players of the Oshawa team. As a team is allowed forty-eight hours to enter a protest, it is expected that Dr. Gilbert, manager of the team, is taking the full time so as to allow the management to get all the necessary proof before the matter is brought before the attention of the O.H.A. sub-committee.

Ladies Curling

At the curling rink, on Friday morning, the ladies' curling rink skipped by Miss Jenn Craig won from the rink skipped by Miss Ada Birch by a score of 10 to 9, in the consolation games. The rink was:

Mrs. A. E. Ross, Mrs. Hugh Macpherson, Mrs. R. Waldron, Miss Jenn Craig, skip—10.
Mrs. W. E. Macpherson, Mrs. George McKay, Mrs. E. H. Young, Miss A. Birch, skip—9.

Belleville's Protest

A telephone message received from Belleville, on Friday afternoon, stated that the protest, which has been entered by the Belleville juniors O. H. A. team against some of the Oshawa players, would come before the sub-committee of the O.H.A. on Friday afternoon or evening. Since the game in Peterborough, on Wednesday, the Belleville management has been gathering considerable information about two of the players on the Oshawa team. It is understood that when the case is heard, the Belleville manager will have a statement to show that one Oshawa player accepted money for pitching a couple of games of baseball last summer. Jacob, the goal tender is also accused of playing professional baseball. The age of Riordan is also being investigated.

Catarqui Won the Game

Catarqui senior hockey team defeated Wolfe Island in the first of the home and home games for the Edward's trophy at the Palace rink, on Thursday afternoon, by a score of 2 to 0. The return game will be played at Wolfe Island on Saturday afternoon.

McCurdy's New York Reports

New York, Feb. 27.—High authority is held for the statement that the market is now getting into the condition that existed regarding the shortage prior to the January rise.

Several hundred railroad interests are understood to be holding off financing on the assurance that lower money rates will be had in the next few months.

Information channels refer to the supporting orders in volume in Canadian Pacific near 210.

The advice of majority of big commission houses are not pessimistic on the stock market now.

It is important to notice that railroads are beginning to exhibit a better tone than they have for many months past.

PENITENTIARY RIFLE RANGE

Will Be Used by the 14th Regiment This Season.

According to present anticipations the 14th regiment will have the use of the penitentiary rifle range upon which to do its rifle practice and efficiency pay, shooting this season. During the past year there has been an increase in the number of N.C. O's. and men taking an interest in shooting, especially in that conducted in the armories under the supervision of Lieut. W. E. Swaine, musketry instructor.

One of the greatest needs of the battalion is an indoor rifle range and bowling alley, such as the Belleville regiment and other city corps are provided with in their armories. However, in the engineering estimates for this division for this year, a range, in an addition to the drill hall, is provided for.

The ranges at Barriefield are not the most accessible for the local regiment, and the time allowed yearly for practice is short. The regiment has to depend for the training of shots largely upon indoor practice. A new range is imperative. The penitentiary range will be handy for the men, and they will doubtless take full advantage of it.

The regiment will be provided with a permanent instructor, likely Sergt.-Instructor A. R. Bagallay, (R. C. R.) in succession to the late Sergt.-Major J. Hagans, and classes of instruction for officers, N. C. O's. and men will commence in the near future.

FIRE AT BOW ISLAND, ALTA.

Kingstonian Writes Regarding Conflagration at That Place

George Veale, a former Kingstonian, has written to his father, John Veale, of Barrie street, under date of Feb. 22nd, regarding a bad fire which devastated a portion of the main street in Bow Island, Alta., where he resides.

The fire broke out, it is thought, from an explosion of a gas stove, early on Sunday morning, last, and raged for some hours. Eight buildings in all, on both sides of the street were destroyed. They were all places of business, but in a couple of instances, where people were living a have the stores, they narrowly escaped with their lives.

The town has a population of about 400, and the loss is greatly felt by some. Mrs. E. C. Ludtke, sister of Mr. Veale, lives there, as well as Ernest Kennedy, formerly of this city. Mr. Ludtke's place was included in the damage done by the conflagration.

The Late Mrs. Albright

The remains of the late Mrs. Moses Albright, who died in Renfrew, on Tuesday, arrived in the city on the 3.30 o'clock C.P.R. train on Thursday afternoon. They were removed from the station to Catarqui cemetery, and placed in the vault. The funeral service was held at the home of the deceased in Renfrew, Mr. Albright, who accompanied his wife's remains, returned to Renfrew on Friday noon.

HUNG HEAD IN SHAME

MAN GIVEN MONTH FOR ILL-TREATING BABY

Percy Bould Struck Child in Fit of Temper and Was Summoned Before Police Magistrate.

Percy Bould, about thirty-five years of age, hung his head with shame, in the police court, on Friday morning. He was found guilty of ill-treating an infant child aged eighteen months, and Magistrate Farrel sentenced him to one month in jail.

"And I feel like giving you more," remarked the magistrate to Bould. "To think that you would strike an infant on the head."

The accused mumbled something about not striking the child, and that he had merely laid the youngster on the bed. Then he gave himself away when he remarked "I didn't mean to strike the child."

The mother was called and questioned by the court. She said that on Wednesday evening, while she was absent from the house, a short time, the affair took place. When she came back, she found that the baby was suffering from severe wounds on the head.

Dr. A. R. B. Williamson said the injuries had either been caused by a blow or a fall. The child suffered from some injury on the left side of the head, the wound extending from the eye to the ear.

"Had your husband been drinking?" asked the magistrate of the mother.

"No he was not drinking." Evidently the accused in a fit of temper, while the baby was crying administered the punishment.

CANADIAN MILLERS

Ask Government to Combat Ocean Freight Combine

Ottawa, Feb. 27.—A deputation of the Dominion Millers' Association, the Canadian Lumbermen's Association and Ontario Boards of Trade waited upon Premier Borden, Hon. G. E. Foster and other members of the cabinet, today and urged upon them the necessity of the government-owned fleet of Atlantic steamships, to combat the ocean freight rate combine. It was maintained that the rates on wheat, flour and other commodities had increased tremendously since the formation of the present combine within the past two years.

The deputation presented strong opposition to free wheat and flour proposals, declaring that it would not only increase the price of flour to consumers but would ruin the Canadian milling industry. At the conclusion of the interview the deputation was promised careful consideration.
