

WEEK OF EXCITEMENT IN THE LEGISLATURE

Liberal Leader Practised What He Preached

HE STRUCK A BLOW

AT CORRUPTION BY DRIVING OUT EVANTUREL

From the Liberal Party — The Estimates Were Tabled in the Legislature on Friday Afternoon by Hon. I. B. Lucas.

Toronto, Feb. 28.—An amazing crowded five days has marked the second week of the legislature. Any genuine excitement usually seems to be reserved until nearer the end of the session—for example, the Proudfoot charges last year—but this time the color and the movement have begun early. It will be difficult for the rest of the year to keep up the pace.

The Evarianturel sensation of course has overshadowed everything else, and the chief fact in connection with it is that N. W. Rowell has put into practice what he has been preaching and when corruption appeared in his own party he dealt with it courageously, and has driven the offending member from the liberal ranks.

Apart entirely, however, from the big sensation, the week has seen debate on three subjects of first-rank provincial importance—unemployment, temperance and tax reform, and has seen the government vote down each of the three opposition amendments. One called their attention to the problem of unemployment and for the denial of a department of labor. The second expressed regret that the government had taken no action to supplement their promise to introduce anti-treating legislation and that they have not proposed measures to abolish the bar or otherwise effectively curtail the evils of the liquor traffic. The third proposed tax reform, petitioned for by all classes of the people from all parts of the province and which the government has now again turned down.

Supplementary Estimates

Supplementary estimates for the fiscal year 1913-14, amounting to \$1,733,823, were tabled by Hon. I. B. Lucas, provincial treasurer in the legislature yesterday afternoon, along with the main estimates for this year, passed last session. The total amount required to be voted is \$11,763,710. Further supplementary estimates will be brought down later. In the estimates tabled yesterday \$1,468,000 is for expenditures on capital account. For the construction of public buildings the following are some of the items:— Addition to the east wing of the parliament buildings \$35,000; additional building at Brockville, \$50,000. For the completion of new Central prison at Guelph there is a vote of \$125,000. The school for the deaf at Belleville gets \$78,000 for two dormitories. Two dormitories at school for the blind at Brantford will cost \$32,000, part of which is a rebate.

In the department of lands, forests and mines, an extension is to be made to the fire ranging service. Hon. W. H. Hearst has recently taken over the provincial parks from the department of public works and a complete reorganization of this branch is under way.

Mrs. McDonald, formerly Miss Jennie Lambie, Picton, died at West Superior, Wisconsin.

DAILY MEMORANDA

Band at covered rink this afternoon and evening.
See top of page 3, right hand corner, for probabilities.
Nat Goodwin in "Never Say Die," Grand Opera House, 8:15 p.m.
High tea Bethel church hall, Tuesday, March 3rd, from 6 to 8 p.m. Admission 25c.

Character Reading

Reading character from handwriting is an old endeavor. But the reading of business character from a study of advertising is far more interesting and profitable.

Just glance over in this newspaper the advertisements of the merchants whose places you know.
Does not the merchant write his store character into his advertising? Is it not possible to form a pretty good idea of the store from the manner in which it makes its announcements in the newspapers?

Merchants are coming to realize more and more that when they write an advertisement they are painting a business portrait of themselves, indicating their business character.
They are more careful in their statements, more modest in their language, and pay more attention to typographic and illustration.

Advertising will be prepared this year even more carefully than ever before and there will be more of it.

READ OUT OF PARTY

Gustave Evarianturel, member of the Ontario legislature for Prescott, elected as a supporter of the liberal "Abolish-the-Bar" party, offered to sell out in the liquor interests for ten thousand dollars. The reading of his letter to this effect caused his leader, the Hon. Mr. Rowell, to "read him out of the party forthwith." The attorney-general of the province has undertaken to take the matter up, and Evarianturel may be expelled from the house.

THE LABOR PARTY HAVE DEMONSTRATIONS

The Funds Raised Will Be Used To Give Men Best Legal Talent

London, Feb. 28.—A demonstration by the labor party to welcome the labor leaders deported from South Africa, a month ago, because of their connection with the general strike, was held in the opera house, here, last night. The house was packed, although an admission fee of \$1.25 was charged and the proceeds devoted to obtaining the best legal aid for the men. A sufragette disturbance broke out in the hall while J. Ramsay MacDonald, chairman of the labor party, was speaking, and several of the women disturbers were ejected.

TO TAX AUTOISTS

St. Catharines, Ont.—Feb. 28.—Dr. Jessop, member of the legislature for Lincoln, announced last night that the government will specially tax automobilists, and several hundred thousand dollars raised there-by will be devoted to road-making.

INVENTS KNEE JOINT

Mrs. Longworth's Fad Is Copied in Washington.
Washington, Feb. 28.—Mrs. Nicholas Longworth has introduced a new fashion fad. It is the knee knot, which she wears on most of her gowns. The knot is copied by the leading women of Washington. It consists of a huge bow of ribbon with many loops, which catches her draped skirt in a bunch at her left knee.

Mrs. Longworth is wearing black because of the recent death of her grandmother, but nevertheless her gowns are of the latest fashion.

Crushed to Death

Toronto, Feb. 28.—While riding on the rear of the C.P.R. switch engine No. 2230, at Lambton Station, about nine o'clock last night, William Berry, who resided on Western avenue, was almost instantly killed by being crushed between the locomotive and a freight car.

AN OFFICIAL PROBE INTO BENTON'S DEATH

Has Been Begun By The British Consul At Galveston, Texas

El Paso, Tex., Feb. 28.—Charles Arthur Percival, British consul at Galveston, yesterday began an official probe for the British government into the death of William S. Benton at the hands of Mexican rebels under Pancho Villa. The consul is conducting the investigation privately and is talking to all witnesses able to throw any light upon the last visit of Benton to Juarez, the man's character, temper, nationality, relations with the rebels and rebels, etc.

Ex-Governor George Currie, of New Mexico, and others, who have been prominent in protesting at the Benton outrage since the execution of the Englishman, are aiding Mr. Percival in gathering witnesses. An eye witness to the affair in the office of Villa, which preceded the death of Benton, is said to have been found who will tell the British diplomat what happened in the room where many believe Benton was killed, and where Villa claims he was put under arrest.

"Film developed," Gibson's.

WILL SOLVE MYSTERIES

Praises the Scientific Accomplishments of Mawson

London, Feb. 28.—Sir Ernest Shackleton, himself famous Antarctic explorer, in an article in the London Daily Mail on Dr. Mawson's expedition, says: "The discovery of ledges of a continent shelf will throw light on many oceanographic mysteries. Indeed, science has everything to be grateful for in Mawson's achievement and nothing in which to find disappointment. From the scientific side the expedition has been eminently successful. From its sentimental side, I use the word advisedly and not in the meaning to which it has been debased to-day, it is equally remarkable. Sentimental science has so far gone hand in hand with a sorry day when they are divorced."
"The outstanding feature of Mawson's inland journeys has been that tragic march in which two lives were lost. It has been a march that has shown once more to the world that men are capable of enduring and working against desperate odds without a thought of surrender."

WAY OF STEALING GOLD

Frenchman Gets Away With Gold Fillings in Teeth

Paris, Feb. 28.—An expert criminal, Julien Lemas, was caught here in an ingenious manner.
He specializes in robbing dentists. Yesterday he called on a fashionable dentist and asked that a gold crown be fitted on one of his teeth. The dentist took a cast of the tooth and a few minutes later when he went into his laboratory with the mold Lemas pocketed a gold set of teeth which had been left for repairs by an old manx and also \$100 worth of sheet gold.

Lemas was arrested shortly afterwards and taken before a magistrate. He strenuously denied being the man sought and was about to be set free when the magistrate decided to send for the cast taken by the dentist. When this was brought to court it was found to fit Lemas' tooth exactly and the thief was held for trial.

AUTO ACCIDENT TRIAL

Accused Convicted of Failure to Make Out Report

Waterloo, Feb. 28.—Raymond J. Curtiss, formerly in the state highway office in this city and now occupying a similar position in Herkimer, was convicted of having failed to report an automobile accident to which his car was party. The accident happened on the evening of October 11th, the same night of the Williamson-Miller fatal accident in Oswego. Curtiss struck the rig of a farmer named Bernard Cole, throwing Mr. Cole out and causing injuries which kept him in the hospital for seven weeks. It is said that a damage suit brought by Mr. Cole against Mr. Curtiss was recently settled for \$5,400.

Francis E. Cullen represented Mr. Curtiss in the criminal action. The penalty for failure to report an accident is not more than 2½ years in prison or fine or both.

FISHERIES PACT IN SIGHT

Treaty Between U.S. and Canada Nearing Ratification

Ottawa, Feb. 28.—Present indications are that the fisheries treaty between Canada and the United States, which has been pending the ratification at Washington since 1909, will be finally approved within a short time. When this is done there will be a settlement of many of the difficulties which now exist and which in several instances are causing hardship to Canadian fishermen.
The marine department has been informed by Dr. Hugh Clark, the American fisheries commissioner, that the treaty is likely to go through in March. Co-operation action in regard to artificial propagation is very likely to be one result of the treaty, that will do much in maintaining the fisheries in international waters.

CAPTURED BY BRIGANDS

Missionary May Have Been Murdered in Albania

Berlin, Feb. 28.—The Vossische Zeitung publishes a special despatch from Durazzo reporting that an American missionary who was travelling through the south from Elbasan, in Albania, has been captured by a band of brigands. According to one version he was killed.
A mission station in Albania is maintained by the American board of commissioners for foreign missions. Phineas B. Kennedy, their missionary, who was formerly stationed at Kortohob, Albania, was recently in Durazzo. He has been engaged in distributing relief in the vicinity of Elbasan among the Albanian sufferers from the effects of the Balkan wars.

INSPECTION ENFORCED

United States Applies Test to Ontario Cattle

London, Ont., Feb. 28.—Cattle men all through this district, who have been shipping cattle across the line in large numbers, have received a most severe setback as a result of the inspection law being enforced by the United States Bureau of Animal Industry. Any cattle which it was understood were to be killed were, it was found, being used by the Americans for breeding purposes because of their fine quality, and now the government is compelling all cattle entering the States to undergo the tuberculin test.

Clayton Tripp, who lives south of the Picton waterworks reservoir, lost sixteen White Orpington hens. It is supposed the birds were stolen.

NO EXCLUSION

Of Ulster Will Be Tolerated By Liberals

GOSSIP ABOUT KING

CONVEYS FALSE IMPRESSION OF HIS INTENTIONS

Unionist Talk About Another Campaign of Violence — King Gossip Will Act Only in a Constitutional Way.

London, Feb. 28.—So far as anything can be foretold of the home rule settlement question, Ulster exclusion is dead. None in Ireland will have it. Unionists and nationalists unite in denouncing the suggestion. Were it proposed by the government save for a strictly limited term of years, it would possibly split the liberal party. Unionists who now recognize their attempt to rush Mr. Asquith into surrender at the beginning of the session has failed, are talking again of a campaign of violence.

Gossip concerning the king's intentions continues to be freely circulated. There is, however, no evidence that the king has even hinted at the possibility of taking any steps, outside the strict constitutional usage. He continues to do everything to endeavor to promote a compromise, and expresses his mind occasionally with greater freedom than is customary.

Seraps of private individual conversations in a distorted form, retailed from month to month which are heard around the unionist clubs, convey a wholly false impression of the king's intentions.

FISHING REGULATIONS HAVE BEEN ADOPTED

And They Will Go into Effect At The Beginning Of 1915 In Both Countries

Washington, Feb. 28.—The senate, yesterday, passed a bill to put into effect, on January 1st, 1915, the fishing regulations recommended by the joint fishing commission of the United States and Canada for boundary waters. The bill will be sent to the house, to-day, for immediate action. The Canadian government has notified the United States that it would not consider itself bound by the terms of the bill unless it had not acted by March 1st. The Canadian government approved the regulations about three years ago.

Protest Missionary's Arrest

London, Feb. 28.—The Baptist Missionary Society interviewed the foreign office yesterday in regard to the arrest of J. S. Bowhill, a missionary stationed at San Salvador, in the Portuguese Congo. The action of the Portuguese colonial authorities is apparently in retaliation for the action of the missionary in interfering with the methods of procuring native labor for the collection of rubber.

More Pay For Militia

Ottawa, Feb. 28.—Canadian Infantry association resolved to ask militia department to increase pay of men attending camp; first year privates be paid \$1 per day, second year \$1.40, and third year \$2.

IN THE VAN OF THE WOMEN'S SUFFRAGE CAMPAIGN IN CANADA
A movement that will spread to all the provinces. Mrs. L. A. Hamilton on the right, and Dr. Margaret Gordon, on the left, who led the delegation of Ontario women before acting-premier J. J. Fay and members of the cabinet to demand the right of married women, with property qualifications, to vote as do their unmarried sisters and widows.

THE TOWN OF DESERONTO

Several Deaths Reported — Two Hockey Matches

Deseronto, Feb. 27.—In a closely contested game of hockey between the Deseronto high school and the Catholic Young Men's Club, the latter won after a score of 8 to 7. The score at half time was 3 to 2 in favor of the C.Y.M.C., and at full time 5 to 5. They played two ten-minute periods of overtime, the result of the first period being a tie, 6 to 6. In the last period the C.Y.M.C. came out on top, netting two goals to their opponents' one, thus ending the game by the score of 8 to 7. The two teams were very evenly matched and the game was clean and fast.

On Tuesday night a hockey match between Napanee seniors and Deseronto was played on Warren's rink, resulting in a victory for Deseronto, 8 to 4.

After a short illness, word was received by Mrs. Charles Bruyen, Sr., that her daughter, Maria, had died in Toronto. Deceased was Mrs. Thomas Hughes. She leaves nine children. Her brothers and sisters left to attend the funeral.

Mrs. Richard Baxter received the sad news that her brother's wife, Mrs. William Marrigan, had died on Tuesday at Port Arthur. Deceased was formerly of Deseronto. The remains were held to Deseronto cemetery vault, and on Sunday the funeral will be held to Deseronto cemetery vault. Miss Gladys Thompson came home on Tuesday, having spent a week with her friend, Miss F. Gimlett. Mrs. Barker Hicks passed away on Wednesday after a lingering illness. The remains will be taken to Picton. A. S. Velleau, her brother, will accompany them.

The C.Y.M.C. had an "At Home" in its rooms on Monday evening. Wallace Heaney is progressing well, after a severe attack of pneumonia. A number from here attended the horse races in Napanee on Friday.

Miss Anna Stewart was presented by the ladies' guild, girls' guild and Sunday school of St. Mark's church with a purse of gold. The club gave her a fountain pen before she left, on Tuesday, for Cleveland, to take a course in an hospital as a nurse-in-training.

COERCE ERRANT HUSBAND

Women Obtain Her Rights for a Wronged Wife

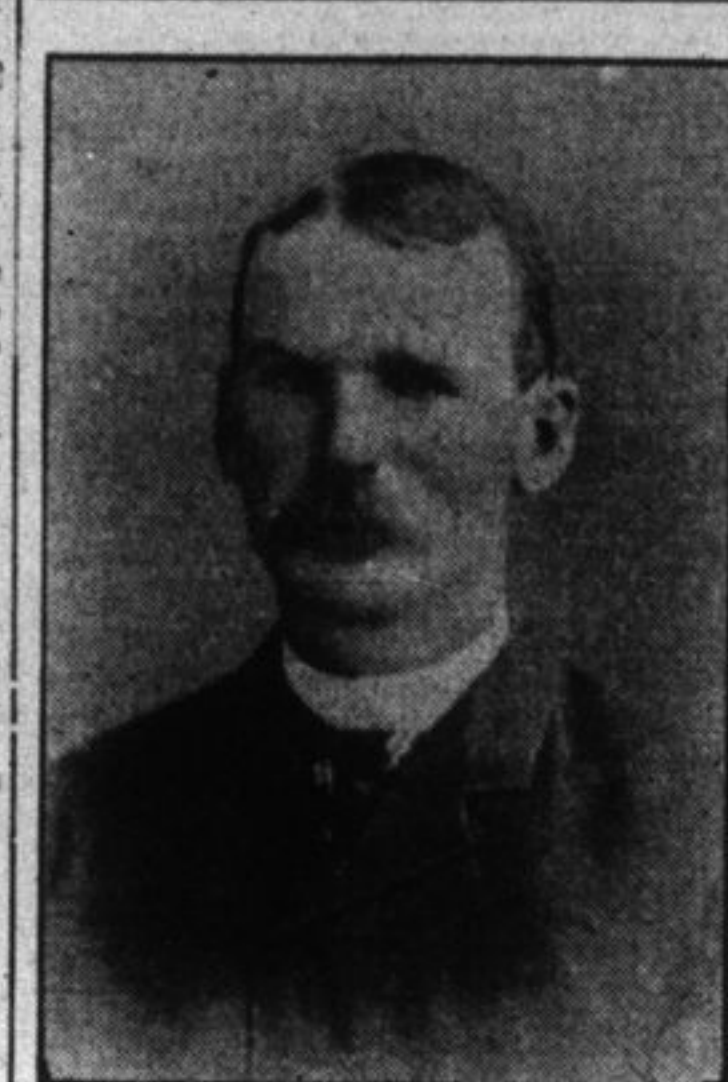

Berlin, Feb. 28.—Three hundred Munich women have wreaked an amusing but thoroughgoing vengeance on the faithless husband of one of their friends.
Unable to bear her husband's neglect and flirtation any longer, the wife decided to leave him. Taking their four children with her, she departed for her parents' home. The husband immediately established the "other woman" in her place. When this became known in the neighborhood the women organized a mob to remedy matters. It surrounded the house, and a storming party broke in and beat the woman.

When the man reached home he was informed that the invaders intended to remain in possession until his wife, on his telegraphic request, had actually resumed her proper place as mistress of the house. When they went away it was on a police assurance that everything was now in order.

Joseph S. Bolton, the popular and efficient teller of the Bank of Montreal, Picton, has been promoted to a position in the head office of the bank at Montreal. Joe is a Prince Edward county boy, son of Mr. and Mrs. G. H. Bolton, High Shore road.

After a fire starts it is too late to talk about insurance. Drop in and see us and we will show you how reasonable the insurance rates are? McCann.

DISMISSED FATHERLESS AND ALSO THE WIDOWS

JAMES MCGLYNN, WOLFE ISLAND. Who was elected chairman of the Conservative association of Wolfe Island recently.

DECISIONS BY JUDGE MAKE WIN IMPOSSIBLE

The Scrutiny Count in Several of The Places Were Sustained

Welland, Ont., Feb. 28.—While the Canada temperance election scrutiny was not concluded yesterday, decisions by Judge Livingstone made a "dry" victory now impossible no matter which way the remaining cases may be decided. His honor awarded the scrutiny count in No. 4 Thorold township, No. 1 Stamford and No. 6 Stamford. This is a gain of eight in each of the first and last named and three in the other.

CHURCH FOR BILLIARD HALL

Other Montreal Churches Have Met Similar Fate

Montreal, Feb. 27.—Dominion Square Methodist church may be turned into a billiard hall or a restaurant. To-day there hangs up over the entrance to the church a sign advertising the church to rent as a billiard hall, restaurant, etc.

No prohibiting restrictions or agreement for any purpose was in the agreement of sale, according to John Leslie, one of the men who sold the church, for the reason that such a procedure is not legal in the province of Quebec. The church at the present time is thoroughly commercialized. Stores surround it on every side, and the entrance is a small door on Windsor street.

Dominion square church is not an exception. Erskine Presbyterian church, at the corner of St. Catharine and Windsor streets, was transformed into a store; Emmanuel church, at the corner of Stanley and St. Catharine, is being used as a motion-picture theatre, and the church of the Messiah, Beaver Hill Hill, is being used as a publishing house.

ICE FOR ALL PURPOSES

Should be Cut in Pure Area Says Dr. Maloney

That all ice to be used for both domestic and cooling purposes in Kingston should be cut within the pure area, is the opinion expressed by Dr. Maloney, district medical health officer, who is in the city. This, he said, was the opinion of the local board of health, and in this he agreed.

Dr. Maloney was in Napanee on Thursday, and reports that the sales of meetings for the purpose of putting on the health exhibit, were largely attended and much appreciated. The doctor is arranging for a series of meetings here next week for the purpose of giving the health exhibits.

QUEEN WOULD SUPPRESS INDECENCIES IN CLUBS

Her Majesty, However, Is Sneered At By The Smart Society People

London, Feb. 28.—Society is seriously concerned over the recent serious developments and there is talk of the queen setting herself at the head of a movement for suppressing indecencies in dress in night clubs and gambling. Smart society openly sneers at the queen as a "Haus Frau."

Gambling circles, which sprung up rapidly in West London two years ago, continue, despite the move of police officers, and have brought widespread ruin among the younger representatives of noble families. The night clubs' more recent developments are largely in the middle class and Bohemian class. The police are now moving against the "doubtful light club. The queen has already intimated in various ways that persons prominent in such places are unwelcome at court. More stringent measures may follow.

Public health moving pictures exhibit, Ontario hall, Monday, 3 p.m. and 9 p.m., Admission free.

"You Have Even Dismissed The Dead"

CHARGE OF CARVELL

AGAINST HON. L. P. PELLETIER IN COMMONS

Minister of Marine Admitted That He Had Dismissed 310 Officials—Would Not Issue Orders to Employes to Keep Out of Politics.

Ottawa, Feb. 28.—Parliament put in practically all Friday in dealing with the estimates of the marine department. Hon. Mr. Hazen, who stated in response to direct questions by Mr. Kyte, that he had dismissed 310 officials since taking office, was severely scored by liberal speakers.

When asked by Mr. Carvell whether or not he would issue instructions to present officials of his department to keep out of politics, Mr. Hazen said that no such instructions would be issued. He believed it would be unfair to issue any such order, as it would be casting suspicion on every employe in the service. But if his attention were called to any specific case of interference by a civil servant in his department, the matter would be dealt with in such way as to prevent its recurrence.

Mr. Carvell in dealing with the subject of dismissals replied to an interruption by Hon. Mr. Pelletier with the statement: "You have dismissed with evidence and without evidence. You have dismissed the fatherless and the widows, and you have even dismissed the dead. Let us hear no more from you."

Ontario Still Leads

Ottawa, Feb. 28.—The Ontario gold crops of last year, according to Dr. Cressman, Guelph, were sixty-two per cent. greater than the combined field crops of the western provinces.

THE CANADIAN SENATE

In the Book Reviews in today's Whig, published on page 15, will be found a criticism of Sir George Romer's recent book on the Canadian senate. The review is from the able pen of Professor W. L. Grant, of Queen's University, and is deserving of careful attention. Many other reviews are published on the same page.

Public office, many times, is nothing more or less than private misery. The church sometimes is badly handicapped by its self righteous element.
