

A CRIPPLE FROM RHEUMATISM

Tortured Four Years Until He Took "Fruit-a-lives"

KINGSTON, Ont., May 21st, 1913. "Your 'Fruit-a-lives' cured me of Rheumatism. It was the only medicine that made any impression on me. I was laid up for four winters with Sciatica and Muscular Rheumatism, and was a cripple completely, not being able to do anything. I doctored with four different physicians, but they did not help me. Other advertised remedies were equally unsatisfactory, and I have taken several.

Some neighbor of mine told me that 'Fruit-a-lives' helped him, and I took them faithfully every day and the result was marvelous. For over two years now, I have been free from any Rheumatic pains whatsoever, and give 'Fruit-a-lives' the full credit for making a remarkable cure."

CO-OPERATION NEEDED

TO RID THE COUNTRY OF EXISTING EVILS

Strong Address at Kingston Presbytery Meeting by Rev. J. P. McInnes—Report of Social Service Committee

The reading of the report of the Social Service committee at the Tuesday afternoon session of the Kingston Presbytery, was followed by a fiery address delivered by Rev. J. P. McInnes, of Foxboro, in which he appealed for the hearty co-operation of the ministers and members of the church to help rid the country of existing evils.

"Some say that it is not the work of the church to root out these evils—that it is not the work of the church or the elders," he declared. "I feel that we have to take more radical measures than we have taken in the past. It is very easy for us to fold our arms, but if we use our eyes we cannot help but see, and are we going to allow these evils to remain?"

Continuing, Rev. Mr. McInnes stated that the social service work was the most important the presbytery had to deal with. He did not know the condition of affairs outside his own district, but felt sure that the conditions in his district were typical of the conditions in others.

"And there is great need for this work being done," he added, "and it appears as if there is no person to undertake the work."

He said that in six months' time \$500 in fines had been imposed in the township of Thurlow, where there was local option, four young girls had been sent to the Mercer reformatory, and three given over to the care of the Children's Aid society.

The report of the Social Service committee was presented by the convener, Rev. S. J. M. Compton, of St. Andrew's church. He reported active interest in the work in Kingston and touched on various matters.

Referring to the moving picture shows he stated that while the pictures in themselves were not immoral, the effect was not for good. That these picture shows should be filled, in a time when there was so much distress reported, was also remarkable. While some of the pictures were instructive, there were others that were not, and the speaker referred to one picture portrayed where a husband was found kissing the servant girl before leaving his home, instead of his wife. There was a law forbidding children under 16 years of age to attend these picture shows unless accompanied by their parents or a guardian, but this law was violated. Regarding the recent request of the presbytery that an effort be made to have the pool rooms closed at 10 p.m., nothing had been done although the intention was to press the matter. It was felt that students spent too much of their time in pool rooms and developed bad habits.

The committee made the following recommendations which were adopted:

Committee's Recommendations

"The appointment of committees of social service in each congregation, to co-operate with the work being done by the assembly's board. That a more earnest effort be made in each congregation to have a greater number of families conducting family worship, and to endorse by the Board of Trade and the City Council acting together. This was suggested by a representative of Hamilton at the meeting of the Associated Boards of Trade in Toronto when he told about prizes which had been offered there for essays written by the school children. It is suggested that the Board of Education here be invited to offer prizes of a similar nature, and for the purpose of getting that very large and alert element in the community interested in public matters, namely, the school children. The examinations of these students will be arranged for the afternoon of April 30th, with ordination the same evening, in Cooke's church. The following students entered the

THE LAST STAND OF THE WILLOW FEATHER.

This is the latest incarnation of the once extravagantly modish willow plume. It has disappeared from millinery, but this coiffure ornament of willow plumage which spreads and droops like an odd miniature tree from a stalk of jet is very chic. The willow tree is mounted on a bandeau of jet and rhinestones and the feather foliage is a vivid shade of leaf green. So dashing and daring a coiffure ornament could scarcely pass unnoticed even if worn with the simplest gown.

mission work for the first time in 1914: H. T. Austen, Tottenham; Charles E. Butler, Thamesville; L. R. Cummings, Lyn; J. Munro Laird, Kingston; E. W. Matthews, Stirling; E. P. MacArthur, Martintown; F. L. MacLeod, Truro, N.S.; John Murray, Scotland; J. L. Ross, River Deys, C.B.

Moderator Recommended.

At the Tuesday evening session of the presbytery, Rev. Dr. Herridge, of Ottawa, was, by a standing vote, nominated as moderator of the general assembly for the ensuing year. His name was proposed by Principal Gordon and Rev. Dr. Macgillivray.

Rev. Alexander Laird was recommended for the assembly's committee on bills and overtures.

The following ministers were elected as commissioners to the general assembly: Rev. Dr. Howard, Rev. Mr. Beckstedt, Rev. Mr. Kerr, Rev. Mr. Cameron, Rev. Mr. Graham, Principal Gordon, Rev. Dr. Jordan, the elders of the sessions at Demorestville, Deseronto, Foxboro and Gananoque, and Dr. James Third, Rev. Alexander Laird and William Clazie.

It was announced that the following students of the third year in Queen's Theological College have applied for

EAT NEW BREAD, CABBAGE, SAUSAGE, AND DIGEST IT. "PAPE'S DIAPEPSIN."

NO INDIGESTION, NO SOUL, GASSY STOMACH OR DYSPEPSIA. TRY IT!

Do some foods you eat hit back—taste good but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyapeptic, let this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. No difference how badly your stomach is disordered, you get happy relief in five minutes but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear. Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Pape's Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Put an end to stomach trouble by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

pressive. In view of the year's experience, however, and of the difficulty of any local man desiring the situation, and prescribing a remedy, it may be a question whether the \$350 would not have been well spent. We have the money in the treasury, presuming that the hoary words, "to meet the whole of the outlay, but we have not the enlarged life which is supposed to follow the labors of the expert. Are we the gainers or the losers by the experience?"

"Finally, let me hope that the reports of the retiring officers will not be filed, which is a respectable way of putting them out of sight. They refer to matters which are meant to be dealt with. These invite serious reflection, and should go to some committee for distribution. In the absence of any special committee which the board may name, the council of 1914 should perform the task."

A report on systematic givings was submitted by Rev. J. W. McIntosh. While the report contained no recommendations it appealed for a still larger vision.

The report of the treasurer was submitted and showed a balance on hand of \$285.45.

Rev. John Fairlie, of Kingston, asked to be placed on the list of Aged and Infirm ministers, and the grant was accepted. Mr. Fairlie has been in the ministry close to half a century.

Arrangements were made for the induction of Rev. T. J. Hall, of Swanton, as pastor of St. Andrew's church, Stirling, the last Tuesday in March, the moderator to preside and address the minister, and Rev. D. V. Sinclair, the people.

A general meeting of the presbytery in Gananoque the last Tuesday in June. Rev. P. U. Sinclair, of Eldorado, was present at the three sessions of the presbytery. In the Whig's report of those present, given on Tuesday, the name of Sinclair appeared, but the "Rev." was inadvertently omitted.

Classes Make Progress

The courses of instruction on "first aid," which are being held in the city under the auspices of St. John's Ambulance association, and the supervision of Lieut.-Col. H. R. Duff, A.D.M.S., have met, with a large measure of success. There is at present one course going on at the station hospital with over thirty artillery bandmen and members of the two batteries of the R.C.H.A. attending.

A juvenile ladies class has been finished at the Y.W.C.A. building, and two other classes for the young ladies of the "Y" are under way. Over fifteen young men and boys have "signed up" for the course to be commenced at the Y.M.C.A., which is open to all young men and boys in the city.

GRAND OPERA HOUSE

"Peg O' My Heart," Is the Play To-Night.

The attraction at the Grand tonight for a return engagement will be J. Hartley Manners' exquisite comedy of youth, "Peg O' My Heart." The action of the play takes place in Scarborough, England, and has as a central figure a wild, mischievous girl who has been reared amid poverty in New York, and who, never-the-less, has preserved a flower-like fragrance of nature born Ireland, and the memory of an aristocratic mother are the watchwords of her aristocratic nature. The play has an abundance of humorous situations and heart interest. Oliver Morosco, who has made the production and supplied an excellent cast, Marjorie Dentler, will be seen in the character of Peg, while others in the cast will be Florence Roberts, Cecil Owen, Harold Hendee, L. G. Carroll, Violet Moore, John E. Trevor, Crosby Little and Albert Gran.

Henry V. Esmond

Henry V. Esmond, who will appear at the Grand on Saturday, March 7th, matinee and night with Eva Moore and their London company in "The Dear Fool," said in a recent interview in the New York Sun:

"How can one possibly say anything about America when one has only been in New York for a week or two? Impressions one must have and such as they are these are none of mine. And anyhow I have one impression that I shall never lose,—a lasting impression of hospitality generously extended and a very genuine welcome to a stranger."

The new play that I am submitting to New York's judgment at the Garrick theatre is a serious comedy, "The Dear Fool." It deals with an incident in the life of a woman who realizes that her youth is slipping away from her, while she is passionately in love with a man almost young enough to be her son. She is a widow with two boys of her own. It is a character that touches great depths of emotion and, speaking as an author, I am more than lucky in having it played as it is by Eva Moore."

A Teacher Who "Got There"

The heavy roads and snow drifts which were "too much" for many horses with cutters and sleighs between here and Cataract on Monday morning, did not prevent T. P. Maxwell, B.A., Queen street, from teaching school at the village, as usual, Monday.

Mr. Maxwell makes the trips daily, and weather conditions have not yet interfered with his "making the grade." Some of the country schools were closed on Monday on account of the difficulty of teachers and pupils getting there owing to the snow. But Mr. Maxwell, who is one of those determined Scots, went through the drifts in record time, with no snowshoes either.
