THE SPORT REVIEW

FRONTENACS DEFEATED BERLIN BY 14 TO 1.

In An Exhibition Game on Wednesday Night — The Visitors Were Afterwards Entertained at a Supper.

The junior Frontenacs last night showed themselves to be the team which would have won the junior O.H.A. championship had the subcommittee not handed out so unfair a decision in the case of Rupert Millan, by swamping the crack Berlin Union Jack hockey team at the covered rink by a score of 14 to 1. At half time the Frontenacs were leading by 4 to 1.

Last night's game is one which will remain in the minds of the local fans for many days to come. Although the Berlin boys saw that the Frontenacs had it "over them," they kept playing the game until the gong rung for them to leave the ice.

A cleaner and more gentlemanly game of hockey has not been played at the local rink in many a day. During the entire game only two men were given a rest with the penalty timekeepers, which is certainly a credit to both teams.

After the first fifteen minutes the Berlin outfit failed to have a look in. When the Frontenacs got going there was no stop to the pace which they set for forty-five minutes. Time after time the whole Frontenac forward line would go up three-quarters the length of ice, passing the puck from one to the other until it was worked in on the net for a counter.

Merner, the goal tender for the Dutchmen, had the busiest night in his experience. He played a great game, but after the Frontenac forward smashed up the Berlin defence there was nothing to do but try and block the shots, which he did on many occasions. The defence of the Berlin team is the weak point.

The Frontenacs certainly played the best exhibition of hockey they have given for some time. No one player kept "hogging" the puck, and as a result they made this very high score. When the game started the Berlin team beat "Jack" Mills out for the first and last goal of the evening. Claban, the centre man, doing the trick. From that time on, the Frontenacs had everything. "Frank" Berry and Rupert Millan netted the puck on five occasions; "Willie" Cook twice and Goddard and Norman Millan once each. Norman Millan and Goddard scored their "hunks" on lone rushes the full length of the ice. The one scored by Millan was one of the cleverest goals ever made on the local ice. After getting the full length of the ice he bored through the defence and slipped the puck into the open net after pulling the goal tender out for a distance of ten feet.

The back-checking on the part of Frontenacs' forwards had a disastrous effect on the work of the Berlin forward line.

Clayton, the left wing for Berlin, was by far the best man on the team. He was watched by Derry, who gave him one of the hardest games he ever went through.

The teams lined up as follows: Frontenacs—Goal, Mills; defence, Goddard and Aggrove; rover, Norman Millan; centre, R. Millan; wings, Derry, and Cook. Berlin—Goal, Merner; defence, Erb and Karges; rover, White; centre, Claban; wings, Clayton and Schnarr. Referee—"Bounce" Brouse.

The Visitors Entertained

After the game Berlin Union Jacks were guests of the Frontenac Hockey Club at a dinner given at the Randolph hotel. About thirty sat down to the splendid menu which had been prepared by James Spence.

A short toast list was given. George McKay, the president of the Frontenac Hockey Club, acted as toastmaster. The toast to the Berlin Hockey Club was proposed by James T. Sutherland, manager of the Frontenacs, and responded to by the manager and the captain of the Berlin team.

In proposing the toast, Mr. Sutherland stated that this was the second time that a Kingston team had played Berlin during the past seventeen years. On the former occasion the Kingston team was defeated. The Sutherland toast was given to congratulate the Berlin team for the splendid exhibition of hockey played during the evening, and all season.

The manager and captain of the team, in responding, thanked the Frontenacs for the splendid time given them since arriving in Kingston. The manager stated that the team had been treated best in Kingston of any place which it has had the opportunity of visiting during the hockey season. He compared the gentlemanly way which the Frontenacs had played to the "rough house" of some western teams. This season, the captain of the team voiced the statements of the manager.

A. F. Roney, John Cousins, W. Hipson, Edward Hartieck and Rubie Millan spoke a few words of appreciation of the game played by the Berlin team. Press representatives also were called upon. James Spence responded to the toast of "The Host." "Jack" Cousins, supreme rooster of the Frontenacs, gave a couple of recitations. The dinner was brought to a close about 12:35 o'clock. The Berlin team left for home on the two o'clock train.

The Donnelly Case.

That the "Joe" Donnelly case is not over and the McGill University officials are determined to get to the bottom of the matter, is indicated by the fact that the enquiry is still in progress.

It is learned that "Dan" Gilmore, the former McGill football star, and now a lawyer in Montreal, has written to Fredericton and other eastern cities asking for information regarding the amateur standing of Donnelly.

All-Star Hockey Team

W. A. Hewitt, who is handling the eastern All-Star team which meets the western All-Stars, in Toronto, on Saturday night, has selected the following team: Goal, Dwyer, Peterboro; defence, Bixden, Ottawa, and Goddard; Frontenacs; rover, Box, Belleville; centre, Norman Millan, Frontenacs; right wing, Hicks, Toronto; Simcoe; left wing, "Jimmie" Stewart, K.C.I.

Clayton, the right wing man of the Berlin Union Jacks, who played Fron-

tenacs last evening, has been selected as one of the players for the western All-Star team.

Curling Series Winners

In the curling club series games, Dr. Watson is the winner of afternoon series. Skip George Hanson is winner of No. 1 group of evening series of Skip Watson and Skip Hanson will play off and the winner will meet the winner of group No. 2 of evening series which will be George Smythe, R. N. F. Macfarlane or J. B. Cooke.

Tie in the N.H.A.

As a result of games on Wednesday evening, Toronto and Canadian are tied for first place in the National Hockey Association series. Toronto lost to Wanderers, while Canadians won from Ontarios. The scores were: Wanderers, 6; Toronto, 5; Canadians, 5; Ontarios, 3; Quebec, 1; Ottawa, 0.

Queen's to Play in Renfrew

Queen's senior hockey team will leave for Renfrew on Friday, where it plays an exhibition game on Friday evening with the Renfrew team, champions of the league of that section. The return game will be played in Kingston on Monday evening. It is likely that Renfrew will challenge for the Allan cup.

MANY PEOPLE STORMBOUND

Citizens Spending Week-end in Country Had to Stay Longer

Quite a number of citizens returned to the city on Wednesday afternoon, from different parts of the country, where they had been storm-bound since Sunday, as a result of the big snow storm. The Kingstons intended to spend the week-end out of the city, but as a result of the storm, they found it necessary to prolong their stay. The roads were in such a terrible state that it was impossible for even the stages to pull through. The mild weather of Tuesday and Wednesday helped to open up the roads.

A number of citizens who drove to Cape Vincent on Sunday were also held up by the storm. Some arrived home on Tuesday and others on Wednesday.

All the people who were storm-bound have stories to tell of the awful storm and the way the snow drifted on the roads. Old timers in the county state that it was one of the worst storms in years.

NAVIGATION POSSIBLE

By Middle of April Steamboat Men Declare.

Steamboat men declare that with favorable weather from now on the opening of navigation will be possible by April 15th as far as ice conditions on the Great Lakes is concerned. As no place on the entire chain of lakes and their connecting waters is the ice as heavy as last year, and in many places open water is reported.

While the opening of navigation will be later this year, many boats will begin operations about the middle of April especially those holding grain at the head of the lakes. Another cold spell would tend to delay the opening of the season somewhat. A cold spell of a week, delayed the opening two weeks. Nearly all of the ice at present on the lakes was formed of favorable weather would nearly all disappear.

Fair Association Dinner

The Amalgamated Fair Association of Kingston and Pittsburg townships is "up and doing." In order to stimulate interest in the fair to be held here in the fall, a dinner will be held in the British American hotel on Thursday night next.

J. L. Wilson, the Ontario government fair official of the department of agriculture, will be one of the speakers, with J. J. Elliott, president of the Belleville Board of Trade; R. Neek, president of the local Board of Trade; C. Main, of Sutherland, Frontenac's representative of the department of agriculture, and Secretary McLean, of the Brockville Fair Association.

The Late Francis Truedell

The funeral service of the late Francis Truedell was held at his late residence, on the Bath road, on Thursday afternoon at one-thirty o'clock. Rev. William Craig, of this city, conducted it, assisted by Rev. L. England, of Cataragui. The remains were placed in the vault at Cataragui cemetery, the funeral being largely attended. The pallbearers were four sons, John and Willis, of Bath Road; Charles, of Hamilton; Lewis, of the York Road; and two sons-in-law, E. B. Asselstine, of Hamilton, and George Gibson, of Collin's Bay.

Made Good Speech

W. Gibbons, of the Cornwall Standard, the vice-president of the Press Association, was in attendance at the Prescott meeting and was one of the speakers at the banquet. Through error his name was omitted from the list given on Wednesday. Mr. Gibbons is a genial editor and has been about forty years in the business.

Attending a Banquet

J. G. Elliott went to Toronto, today to attend a banquet at the Ontario club tendered to N. W. Rowell, K. C., and his associates in the Ontario legislature, by the liberal editors of the province. Mr. Elliott is secretary-treasurer of the committee conducting the banquet. About eighty will attend.

How Thin People Can Put On Flesh

A New Discovery. Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks all over the world. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction.

Cut out foolish foods and funny sweet-dust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those single Sargol tablets. In two weeks note the difference. Five to eight good solid pounds of healthy, "stay there" fat should be the net result. Sargol charges you for fresh, new blood with millions of fresh, new red blood corpuscles—given the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the fat from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of fat-producing elements known to chemists. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and all druggists sell them subject to an absolute guarantee of weight increase or money back.

WORK AT THE CAUSEWAY

Work Has Been Begun at the Second Pier. The work upon the new causeway is progressing favorably and at present there are about one hundred men employed. The work which is now being rushed the most is upon the crib work for the pier upon which one section of the lift portion of the bridge will raise. The contractors have now completed about twenty-one feet of this, but a few feet more will have to be added before it will be high enough to reach from the bottom of the channel out of the water. It is a large undertaking to construct this pier, which is ninety-eight feet long and about twelve feet wide. After this pier is completed another similar one will be constructed just opposite, leaving a distance of one hundred and fifty feet between the two for a channel through which the boats will pass. Work on this pier has been started.

Besides laying these piers, a pile driver is now at work driving in piles and between them will be filled solid with stone, which is being driven from Barriehill hill by about fifty men with teams. On Wednesday everything was going along without a hitch and if fine weather lasts the two piers will be constructed before the ice breaks up.

Weather Notes.

Several shallow depressions exist on the continent, while pressure remains highest in the Pacific states. The weather has been for the most part fair and comparatively mild with the exception of a few local snow flurries chiefly in eastern Quebec and the maritime provinces.
