**WANTED NO UNION MEN
WILL ACCEPT THE BOND**
STATEMENT OF THE GANANOQUE
HARNESS MAKERS
Major Gibson Objected to His Em-
ployees Joining Union, and Said
He would Receive Back Onl; Those
Who Quit it.

Gananoque, March 5.—(To the
Editor): May we call your attention
to a mis-statement in your issue of
Tuesday re the lock-out of harness-
makers in Gananoque. Your Gananoque
correspondent states that the men
took objection to the hiring of a
certain man because he was a non-
union man. At no time to our
knowledge, has the contention been
made by either the employers or the
employees that the men at any time
refused to work with a non-union
man. The facts are as follows:
In the early part of the year a
branch of the international brother-
hood was formed here and every man
in both factories was brought into
the union. At five o'clock on Satur-
day, Feb. 28th, the men at Mayor
Gibson's harness factory, were told
to gather round and listen to a little
speech from Mr. Gibson, who said he
had no fault to find with the work of
any man, but he had heard that some
of the boys had joined the union and
he would have no union man in his
employ. They were told they would
be paid off that night and that any
man who wanted to come back must
quit the union. The men did not
want to lose their right as free men
to organize, so they had no alterna-
tive but to come out. At seven
o'clock the following Monday morn-
ing, the same alternative was put
before the employees of the Gananoque
harness works and they also came
out.

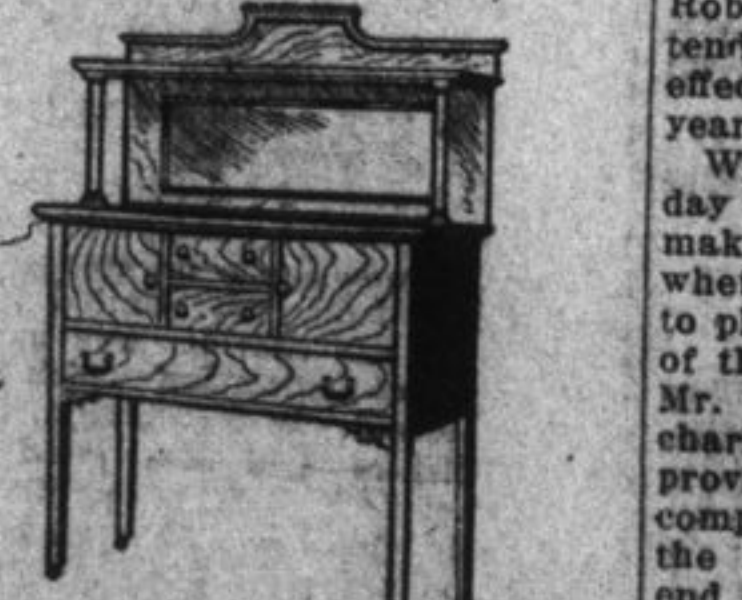

Your report also states that con-
siderable uneasiness is felt. There
is certainly no uneasiness felt among
the men, who have fully decided to
stay out until their right to belong
to their own organization is recog-
nized. Will you please insert this
correction in your next issue, giving
it the same prominence as your first
report. (Signed) H. G. Orser, presi-
dent; C. F. Suddaby, vice-president;

**OFFERED BY THE KINGSTON ICE
COMPANY**
The Medical Health Officer Must be
Notified When Start is Made to Re-
move Ice From Shore Ice House.

That we accept the bond for \$10,
000, from the Kingston Ice company
as a surety that no portion of the
two lower tiers of ice, known as im-
pure ice, and now stored in their
shore ice house, will be removed
from the said ice house, and that
the medical health officer be notified
when the company begins to remove
the ice.
The above resolution was passed
at a special meeting of the Board of
Health on Thursday afternoon.
Mayor Shaw (chairman) presided
at the meeting, and the other mem-
bers present were Dr. W. McCarthy,
B. Blackhall, Hugh McBratney, W.
S. Gordon, Dr. A. R. B. Williamson,
medical health officer, D. A. Gibson,
city solicitor, was also present at the
invitation of the mayor.
At the opening of the meeting, a
letter was read from Dr. W. T. Con-
nell, bacteriologist, in which he re-
ported to the board that in putting
good ice on top of contaminated ice,
there would be absolutely no possi-
bility of contamination. Dr. Connell
stated that he had no hesitancy in
giving this statement.
This statement came from Dr. Con-
nell as a result of the question be-
ing asked by Dr. McCarthy.
After this information had been
given to the board, Dr. McCarthy
stated that it relieved the board of
the question of the contamination
of the ice. All the board desired to
do was to protect the people.
"What I strongly object to," re-
marked Dr. McCarthy, "is the state-
ment made in the police court by
Francis King that a vindictive spirit
had been shown by the Board of
Health."
Dr. McCarthy stated that there
was never such a dastardly act per-
petrated upon the people than that
of the ice company. In view of the
information given by Dr. Connell,
however, he was willing to accept
the company's bond of \$10,000 as
decided upon by the police magis-
trate, and would suggest that when
the ice house containing the bad ice
is filled, that it be sealed and the
key given to the medical health of-
ficer. When the company wanted to
remove ice, the city should be not-
ified and an officer would be sent out
by the city to look after things, at
the expense of the ice company.
"I do not want to be hard on the
ice company," said Dr. McCarthy,
"but I do want the people to know
that the Board of Health is in the
right in this matter."
Mr. Blackhall also took objection
to the remark passed about the board
showing a vindictive spirit. He did
not like the idea of the board being
criticized when the members were
simply standing out to have the by-
laws carried out. An old ice dealer
had made the remark to him that
this year's Board of Health was the
first to make the ice dealers "buck
up."

Dr. Williamson asked the question
as to whether or not the board had
accomplished what it was after. The
company would give a bond and this
would be protection for the people.
Mayor Shaw, in speaking on the
ice question, stated that he thought
a good way to have it dealt with
would be to have it come under civic
utilities and have the city take full
charge of the ice-cutting.
Mr. Blackhall said that this would
be a good idea, and added that an-
other great need of the city was
that of an abattoir.

POLICE WERE NOTIFIED
When Lad Would Not Give Back
Purse He Picked Up.
A lady who was in the post office
Friday morning, had the misfor-
tune to lose her purse. She did not
miss it until after she left the post
office, but felt sure that she had dropped
it on the floor while she was there.
The matter was referred to the
postmaster, James Stewart, and the
latter questioned a lad who was in
the post office at the time, and who
was under suspicion. The youngster
strongly denied having picked up the
purse and the matter was reported to
the police. Constable Samuel Arnie
was sent to investigate, but before he
had a chance to look into the case the
lad in question returned to the post
office and handed over the missing
purse to Mr. Stewart, stating that he
had picked it up on the street. No
action will be taken against the lad.

dist church

is a possibility of Rev. Frederick J.

entering his resignation, to take

When asked by the Whig on Fri-
day afternoon, Mr. Robinson would
make no definite statement as to
whether or not it was his intention
to place his resignation in the hands
of the board. It is understood that
Mr. Robinson is likely to accept a
charge in the western part of the
province. Mr. Robinson will have
completed three years as pastor of
the Princess street church at the
end of the conference year.

tive of the Sunday School Amateur

a distinct success in every way. The
gathering which numbered about
seventy-five sat down to a re-
past arranged in the large room

trophy, which was won by Brock
Street Methodist church, was present-

the team, accepted the trophy on be-
half of the club.
The junior baseball trophy, which is
the gift of Harry Wilder, was present-
ed by the donor. This is the second
time this trophy has been won by the
team representing Rev. John Webster's
church. Frank Pound, the manager of
the team, accepted the trophy on be-
half of the club.
During the evening, Frederick Han-
ner and James Saunders favored with
songs.
D. A. Shaw, who is the founder of
the S.S.A.A.A., in responding to the
toast of "The Association," spoke in
glowing terms of the splendid work
which is being accomplished by the
young men interested in the work. He
paid a tribute to the president for the
work which he had done during the
past two years, during which he has
had the honor of holding this office.
The season which has just been
successful in a close has been the most
successful in the history of the asso-
ciation. The sum of \$61 was realized
by basketball series.
A vote of thanks was tendered to
the ladies, on motion of F. L. New-
man, seconded by George Mills.
The following was the committee in
charge: F. B. Pense (chairman), F.

A RESIDENCE GUTTED
PROF. L. W. R. AND MRS. MUL-
LOY SUFFERED LOSS.
Fire Originated From Overheated

\$500. But the Dwelling Was
Spotted.
A fire which broke out in the home
of Prof. L. W. R. and Mrs. Mulloy,
296 University avenue, on Friday af-
ternoon, at 12:05 o'clock, did dam-
age to the extent of about \$500.
The cause of the blaze was a defec-
tive furnace flue. When the fire be-
gan to spread on the scene the fire
had spread up through the centre
partings. A line of hose was at-
tached to the hydrant at the corner
of Brock street and University ave-
nue. Babcock extinguishers were
also used. Considerable damage was
done by the wetting of some of the
furnishings.
The firemen were only on the scene
a few minutes until they had the
blaze under control and prevented it
from spreading up to the third story.
The house is owned by Mrs. M.
Boyd, who is at the present time
in Ottawa. It is not known how
much insurance there is on the dwell-
ing.
Mr. Mulloy is professor of military
history at the Royal Military Col-
lege. He had leased the house fur-
nished for the winter.
