AN AID TO LONGEVITY

DISCOVERED BY DR. G. FRANK LYDSTON, CHICAGO

Who Successfully Transplants the Generative Gland of a Dead Person to a Living Man.

Chicago, March 6.—Dr. G. Frank Lydston announced at the meeting of the Chicago Medical Association that he had successfully transplanted the generative gland of a dead person to the body of a living man. Dr. Lydston declared that as he had been unable to find a subject willing to undergo the operation, he made the transplantation upon himself.

An operation performed January 16, 1914, he said, seemed to have been successful, and the gland, taken from a youth of 18, who had been dead for 17 hours, appeared to function like an innate gland. Dr. Lydston said if the operation should prove a permanent success it may be a new remedy for Bright's disease, hardening of the arteries, and ailments due to premature senility.

The surgeon said he had been unable to find any record here or in Europe of such an operation ever before having been performed. Dr. Lydston also said he had implanted in a woman of 59 years the generative organs of a woman of 17 years who had been dead from violence twelve hours. This operation, he said, had been performed too recently for him to predict results. The wound, however, he declared, was healing rapidly, and the operation gave evidence of being successful.

The progress and results of the first operation, Dr. Lydston said, had been watched by Drs. R. D. MacArthur, W. E. Quinn, J. B. Murphy, Carl Michael, and others of Chicago, and Terry A. Townsend, of New York.

WESTERN FREIGHT RATES

Enormous Mathematical Work Involved Delays Judgment

Ottawa, March 6.—The judgment of the railway commission in the western freight rates case, which has been expected before this date, will not be issued for weeks yet, it is learned. According to the statement of a commissioner, the work of a mathematical character that is involved in the comparison of rates which has figured so largely in the case, and will be an issue in the judgment, is enormous.

The chief difficulty met with has been in the comparison of eastern and western rates as affecting the question of discrimination against Western Canada. It has been necessary to secure, for comparison with the western tariffs, rates in the east which are not affected by water competition. It will be remembered that one of the chief arguments of the railways was that the rates in the east were necessarily low because they had to meet water competition absent in the west.

Sweeping reductions on all trunks and suitcases, most clear. Dutton's removal sale. A. E. Gilmour, St. Catharines, in the city to spend a few days with his mother, Mrs. R. Gilmour, Barrie street.

Removal sale! Children's slippers, from 15c; baby's boots, from 25c; 25 tin talcum powder, 15c. Dutton's.

SENSATIONAL HEADRESS

Some Remarkable Coiffures Seen at Russian Ball.

Petersburg, March 6.—The most brilliant ball of Petersburg's winter season, given by Countess Shouvaloff in her palace on Fontanka Quay, was remarkable for the daring headresses of the ladies of high Russian chief rank. Princess Orloff, wife of the czar's chief aide-de-camp, wore a wig burnished with gold, from which stood out a great plume of golden feathers fixed in with emerald and pearl pins. Mme. Oliv, a lady-in-waiting to the empress, wore a vivid blue wig supporting a great exotic butterfly. Mme. Polovinsk wore a green wig with blue turban, trimmed with a huge black algerette. Princess Gortchakoff wore a magenta wig with high diadem of gold and silver leaves. Her robe was of vivid red orange velvet, bordered with silver fox. Mme. Lavolovsky had a wig of silver hair; Mme. Fedoseiff, a violet-colored wig, and Princess Belloszky Belozzsky, a pink robe and a blue wig.

FOUR OPERA STARS ILL

The Stormy Entry of March Gives Noted Women Colds

New York, March 6.—Four grand opera prima donnas, Mme. Melba, Mary Garden, Emmy Destinn, and Mme. Matzenauer, are on the sick list as the result of the stormy entrance of March.

Mme. Melba, according to despatches from Springfield, Mass., is prostrated there by a severe cold, and has cancelled all American engagements.

Mary Garden is similarly afflicted, but hopes to rejoin the Philadelphia-Chicago company on its western tour by the end of the week. Mme. Destinn and Mme. Matzenauer are suffering from weaker ailments, which have caused temporary cancellation of engagements.

WRY 7,000 DRUGGISTS

Guarantee and Recommend Vinol

If any one should know the value of a medicine it is the retail druggist who sells it. Therefore, when over seven thousand of the best retail druggists, in the country recommend Vinol, our delicious cod liver and iron tonic without oil, as the greatest tonic re-constructive and strength creator they have ever sold, it must indicate the value of Vinol.

We could publish columns of such testimony as the following: J. C. Brady, druggist, of Fall River, Mass., says: "In cases where cod liver oil emulsions and other tonics fail, Vinol will heal, strengthen and cure."

C. A. Potterfield, druggist, of Charleston, W. Va., says: "It is a pleasure to sell Vinol as it gives such universal satisfaction."

Hunter & McGee, druggists, of Jackson, Miss., say: "We have great confidence in the strength creating and curative value of Vinol." We ask every run-down, nervous, debilitated, aged or weak person or any person suffering from chronic coughs, colds or bronchitis, to try a bottle of Vinol with the understanding that their money will be returned if it does not do all we claim. Geo. W. Mahood, druggist, Kingston, Ont.

SOUTH AFRICA REPORT

RECOGNITION OF UNIONS AND NO RACE BARRIER

It Blames the Employers For Refusing to Meet the Federation of Trades Unions.

London, March 6.—Recognition of the trades unions and the disregarding of the color bar are the two outstanding features of the commission appointed to inquire into the economic condition of the workers of South Africa. The commissioner finds that the competition of the natives and the East Indians within the skilled trades is negligible and deems it undesirable for the state to bar black labor from advancing in any work in which they show themselves capable.

The report suggests that it is unwise for employers to refuse to meet the Federation of Trades unions, blames the employers for resenting outside interference on principle, and says that he cannot conceive why the employers should not recognize the men's representatives.

Among the recommendations of the report are: periodical inquiries into the cost of living, the appointment of an industrial commissioner to administer legislation relating to trades unions and industrial disputes, the recognition of the unions, the establishment of conciliation boards, one day's rest a week, and factory and regulation of the hours and piece rates for natives. On its face the report seems to conflict with the government's views, and to meet these of the union men, but presumably the authorities only object to the fiery cross of the syndicalists.

W.C.T.U. TEA AND SALE

A Successful Event Held on Thursday Afternoon.

The W.C.T.U. held another tea and sale on Thursday afternoon, at the Y.W.C.A. parlors, from two to five o'clock, for the purpose of raising funds. Owing to illness the president, Mrs. D. McCallum, was unable to attend, her place being filled by Mrs. H. Lyon, who received the visitors. The W.C.T.U. management expected to realize a neat sum from the event.

The room in which the affair was held was made very cheery by decorations. The tables were also prettily decorated with sweet peas. Shortly before the event was brought to a close a five-minute talk was given by Mrs. W. Craig upon the work of the W.C.T.U. Those who assisted Mrs. Lyon in receiving the visitors were Mrs. S. W. Day, Mrs. W. Craig, Mrs. G. A. Bateman, Mrs. J. Wilson and Mrs. J. King.

The tables were in charge of the following: Tea table, Mrs. R. Reynolds, Mrs. R. Brown, Mrs. J. Powell, Mrs. (Dr.) H. Day, Mrs. J. McCaugherty, Mrs. A. VanLusen, Mrs. (Dr.) C. C. Nash, Mrs. P. Stover, home-made table, Mrs. T. Rogers, Mrs. J. Gardner, Mrs. W. Bretnor, and Mrs. L. Braas; candy table, Misses DeWitta and Sessmith. During the afternoon solos were rendered by Mrs. Rupert Brown and Miss Sessmith.

To save removing "Newcombe" piano, low price for cash. Dutton's sale.

TRAIN WAS STALLED

At Sydenham For Two Days During Storm.

Sydenham, March 4.—A severe blizzard visited this village on Sunday. Owing to the high wind, the snow was blown in deep drifts. Many of the oldest residents say that never before was the snow such a depth in this vicinity. Owing to the impassable cuts on the railroad, the train remained stalled a little west of the village for two days. Luckily a snow-plow and new engine arrived, giving the needed help. The trainmen worked faithfully night and day.

Owing to the blocked roads, the students of Sydenham high school were unable to attend. However, on Wednesday they arrived and school began. The Kingston and Harrowamith stages and rural mail carriers were unable to make their daily trips until Wednesday. Owing to the condition of the weather and state of the roads, the concert to be given on Monday, March 30th, by the Methodist choir, was postponed until February 9th.

Special services during Lent will be held every Wednesday evening in the new Anglican church. The ladies' auxiliary met at the home of Mrs. Edward Rattan on Wednesday afternoon.

On Saturday evening, Mr. and Mrs. J. E. Wood were surprised by a party, consisting of the former neighbors. The time was pleasantly spent in games and music. Mrs. William Hobbs entertained a few of her friends at cards on Tuesday evening. On Saturday evening, the Sunday school presented their secretary, "Bert" Silke, with a most some wicker chair. The superintendent, J. McLean, acted as spokesman.

Miss S. Shorey is ill with tonsillitis. Mrs. J. Woodruff spent Friday in the city. "Bert" Boyce, of Cleveland, Ohio, is visiting his father, D. Boyce. "Bert" Silke spent Sunday in Moscow. Mr. and Mrs. C. Truscott and daughter, Edythe, have returned home from Toronto. Hedley Foxton is again able to be out, after having received severe cuts on his face during a recent hockey match. Miss Lawrence is the guest of Mrs. D. Boyce. Miss Snook, at her sister's, Mrs. Smith, Perth Road. Dr. and Mrs. Sargent spent Sunday in the city. Mr. and Mrs. S. Allport spent Sunday visiting friends in Yarker. A telegram was received telling of the death of Duncan McDonald, an aged resident of this village. Several of this vicinity visited Napane on Friday to witness the horse races. The friends of Mr. and Mrs. C. Smith are sorry to hear that they intend moving to New York state in the near future.

TERRIBLE ATROCITIES

Surgeon To Tell U. S. State Department Details.

Washington, March 6.—Amazing accounts of atrocities to American subjects in Mexico are to be laid out before the state department by Dr. I. H. Wittgenstein, a surgeon who has practised in the disturbed republic for eight years. Dr. Wittgenstein, who has just arrived from Mexico, has himself been robbed of all his property, stabbed four times and shot with a rifle in his right hip. He tells of several atrocities committed on Americans, among them the accidental killing of Dr. W. Smith, an American physician, in Chihuahua.

"He left a daughter of seventeen years and a niece about twenty years old," said Wittgenstein. "Both of these girls were carried off by Villa's rebels, and a week later their bodies were found and could only be identified by their clothing, so mutilated were they." Another terrible case related by the surgeon is that of an American farmer named Bender, whose farm was burned by Mexican bandits. Two of Bender's sons were shot dead on the doorstep, while Mrs. Bender was inside the house tending her sick husband. With indomitable heroism, Mrs. Bender shot and killed one of the bandits, and in return was shot in the arm and swooning away, fell to the floor. The rebels coolly helped themselves to wines and eatables, and going away set fire to the house, trapping the helpless woman and the still more helpless crippled man. The brave woman managed to escape with her crippled husband from being burned to death, but the loss by damage to their property was reckoned to be more than \$30,000.

AUDITOR STOPS SALARIES

Embarrassing Situation in Regard to Two Railway Commissioners

Ottawa, March 6.—A rather embarrassing condition of affairs has arisen in the railway commission as affecting Commissioners Mills and Bernier, whose terms are said to have expired on February 4th.

The auditor-general has stopped the payment of their salaries. Commissioner Mills is still on the job, but Commissioner Bernier has not been there for a year. It had been agreed that when the commission was re-commissioned in 1903 and the two commissioners were re-appointed, the act meant that they could hold office at least until they reached the age limit of 75. If this were so they could still sit for two years. The government, however, takes the view that the re-appointment was simply a confirmatory act, and it did not extend their term.

Dr. Mills may be voted two years salary, or the amount he would receive if he sat until the age limit. As Commissioner Bernier has rarely appeared in the last two years, it is doubtful if such action in respect to his case would be taken. J. G. H. Bergeron, ex-M. P., may succeed Commissioner Mills, representations are also being made that the appointment should go to a man from the prairie provinces, now unrepresented on the board.

Gilbert Nantz, a prosperous farmer living on the Molloy Road, three miles north of Syracuse, N.Y., was attacked, shot and severely wounded by two desperadoes intent upon highway robbery, as he was driving back to his farm over the Cicero plank road at 7.30 o'clock Wednesday night.

Removal sale! 22 corsets, \$1.50. Dutton's.

A FAMINE IN POTATOES

Cars of Tubers en Route From New Brunswick Delayed by Storm

Toronto, March 5.—Toronto now faces a temporary potato famine. There were only fifty bags in the Toronto market yesterday morning, while the daily consumption is approximately ten carloads.

A peculiar state of affairs characterizes the shortage, there being almost a superabundance of tubers in New Brunswick, but the big storm which passed over Ontario at the beginning of the week, and hit the maritime provinces later, has left in its wake a long broken line of snowed-up freight cars, about 200 in all, awaiting delivery in Toronto and other Ontario points, and until this is accomplished the whole province will be practically potatoless.

As usual, the consumer must suffer. The temporary shortage is not without its consequent rise in price, which took a jump of ten to twenty cents a bag. A few bags were sold for \$1.20 yesterday.

The severe winter has had a depressive effect upon the potato trade. Many carloads have been frozen during shipment, while their temporary accumulation on the market across the line has thrown a large portion of it overboard.

King to Attend Boxing Events London, March 6.—Boxing enthusiasts are jubilant to-day over the fact that King George, despite the outcry against professional pugilism, will attend the boxing contest of the Second Life Guards, where Don-budier Wells and other professionals will give exhibitions. The quality of White Rose flour extensive crop on the hands of the growers.
