Household Economy
 How to Have the Best Cough Syrup and Save \$2. by Making It at Home.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take two cups of granulated sugar, add one cup of warm water and stir about 2 minutes, you have a good syrup as money could buy.

If you will then get 2 1/2 ounces of Pinex (25 cents worth) in a 25-cent bottle, mix it all up with the syrup. You will have as much cough syrup as you could buy ready made for \$2.50. It keeps perfectly, and you can easily prepare it in five minutes.

And you will find it the best cough syrup you ever used—even in whooping cough. You can feel it take hold—usually it stops the most severe cough in 24 hours. It is just laxative enough to have a good taste and feel in the throat. Take a teaspoonful every one, two or three hours.

It is a splendid remedy, too, for whooping cough, croup, hoarseness, asthma, chest pains, etc.

Pinex is the most valuable concentrated compound of Norway pine oil and turpentine, and all the healing pine elements. No other preparation will work in this formula.

The recipe for making cough remedy with Pinex and Sugar Syrup is now used and prized in thousands of homes in the United States and Canada. The plan has been copied, but never successfully.

A guarantee of absolute satisfaction or money promptly refunded goes with the recipe, if the genuine Pinex is used. Your druggist has Pinex, or will get it for you. If you ask him, do not send to The Pinex Co., Toronto, Ont.

WATERY BLISTERS INTENSELY ITCHY
 Between Fingers, Spread to Tips, Would Swell Up, Itch and Burn, Did Not Dare Put Hands in Water, Cuticura Soap and Cuticura Ointment Cured.

Carman, Manitoba—"A breaking out between my fingers was the first trouble. It was very itchy and spread to my finger tips affecting the nails. It first appeared in watery blisters and they were so intensely itchy I scratched them and let the water out making sores. They would swell up, itch and burn and finally the nails would loosen and come off. I spent many sleepless nights. I did not dare to put my hands in water except to wash them.

"I kept using ointments. Ointment, but was not cured. Sometimes the remedies would help a little but I was not free from it altogether. I was then very nervous trying everything. I heard of Cuticura Soap and Ointment and sent for them and before I had used them half a dozen times I noticed an improvement. By washing with the Cuticura Soap and applying the Cuticura Ointment frequently, I was cured in three months." (Signed) Miss Florence E. Sanderson, May 20, 1913.

For more than a generation Cuticura Soap and Ointment have afforded the most economical treatment for affections of the skin and scalp that torture, itch, burn, scald and destroy sleep. A single set is often sufficient. Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. For a liberal free sample of each, with 25-cent book, send post-card to Potter Drug & Chem. Corp., Dept. D, Boston, U. S. A.

SALTS IF KIDNEYS OR BLADDER BOTHER
 HARMLESS TO FLUSH KIDNEYS AND NEUTRALIZE IRRITATING ACIDS

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then set normally again.

Jad Salts is non-toxic, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and catarrhs and best effector whatsoever.

How you have a pleasant, effervescent lithia-water drink, which cures bladder trouble.

Agents, George W. McLeod.

COUNTRYSIDE TIDINGS
 WHAT WHIG CORRESPONDENTS HAVE TO TELL.

News From Villages and Farms
 Throughout the Adjoining Counties — Rural Events, and Movements of the People.

Notes From McLean
 McLean, March 7.—March came in like a lion all right. The big blow has left the roads almost impassable. H. Wood and children were at E. Wood's, Betheny, on Sunday. Mr. S. and Miss Mary Sills, Wagerville, are at Aaron Smith's. Mr. and Mrs. Rob Potter, Enterprize, are at R. Wagerville's. Mr. and Mrs. Alfred Cousins, have moved into H. Wood's house for the summer. Misses L. Patterson and Frances Foster were at Roland Coulter's over Sunday.

Echoes From Echo Lake
 Echo Lake, March 6.—The snow-storms on Sunday last blocked the roads, but they are fairly good now. The guests of Mrs. J. A. Waddell, Mrs. J. Cronk and family are at L. Switzer's; Ernest Cox is visiting at C. Cox's for a few days. Mrs. Brown is spending a few days with her daughter, Mrs. S. Vandewater. Mrs. William Hicks, who has been quite ill, is a little better. Earl Babcock has been in Carleton Place, has arrived home. Miss Lucretia Wagner is at Wagerville, for a few days.

Harrowsmith Happenings
 Harrowsmith, March 9.—At the Methodist parsonage, on Wednesday March 4th, the Rev. J. A. Waddell united in marriage Miss Lettie Wallbridge and Archibald Clark. Both young people are well known here. A number of young people will go as a surprise to the home of Mr. and Mrs. Leonard Hogan, Holletold, this evening. Rev. J. P. McInnes, of Foxboro, attending presbytery in Kingston, spent Sunday afternoon and evening, calling on old friends in the village. Mrs. E. M. Clow, has returned home, after spending the past two weeks in Kingston.

Under Spell of His Eyes
 Evansville, Ind., March 10.—Pretty twenty-year-old Mamie Kuhn, a Sunday school teacher, who disappeared by saying she had met a handsome young man on the street whose compelling eyes caused her to accompany him.

The Kuhn girl says she remained away all night, the first time she ever had been away from her mother at night.

The girl was received with open arms by her parents.

Wolfe Island News
 Wolfe Island, March 9.—Rev. John Muir, field secretary of the Dominion Alliance, gave an interesting address in the Methodist church on Sunday evening. Mrs. William Medier entertained the members of the Ladies' Aid last week. A few from the village attended the funeral of the late Charles Woodman, St. Lawrence, on Friday last. Rev. D. C. McIntosh, pastor of the Calvary church, Kingston, also Mr. and Mrs. John Brenner, Kingston, were guests last week. Rev. A. W. Stuart is spending a few days in Lanark.

At St. George's Lake
 St. George's Lake, March 5.—James Tryon is drawing wood to Sharbot Lake. Mr. and Mrs. J. H. Green have been ill, but are improving. R. W. White called on old acquaintances in the vicinity. John Green, Jr., Thomas McMunn and Levi Hawley spent Tuesday evening at William Allen's. Miss Beatrice Allen has returned home after spending a few weeks at Techbora, where she was working for her mother. Mrs. C. Cobridge, Miss T. Reilly and Mrs. G. Raymond spent Monday evening at James Tryon's. William Hawley is getting out wood and drawing hay. Mrs. Asseltine is doing nicely after her operation. G. McKivror is ill. Some of the young folks from here attended the ball at Sharbot Lake.

Building Boom in Napanee
 Napanee, March 7.—As soon as spring opens, there is every prospect of great activity in building operations in Napanee.

The Canadian Northern railway company will be building a new station and making other necessary changes.

The Canadian Pacific railway company will be building their line from Shannonville to Kingston through Napanee.

The new opera house will be under way.

The armories, to cost \$25,000, will be constructed.

Several new and expensive buildings are being arranged for, including a possible new factory for the Gibbard manufacturing company, a new factory for the Milk Evaporation company, a new factory for a tire manufacturing company, and a new building for the tool company, arranging to locate here.

Cañtown News
 Cañtown, March 7.—On account of the snow storm on Sunday last many of our young people were detained over Sunday and Monday. Mr. and Mrs. William Eaton, of Lynn, were guests at Ross Eaton's. Thomas Mills and Mr. Craig are home from Ganaoquo. Miss Gladys Brown was home this week from Athena's high school. Mrs. George Duncan is spending a few weeks at her father's at South Mountain. Wilbert Purvis has been ill with sore throat for a few days, but is better now. There was not any school on Monday or Thursday of this week. Miss Cecilia Welsh has returned to her home at Montreal. Mrs. Lena Hedges, of Rockport, was last week the guest of her parents here. Wilson Morrow and family have moved into the home owned by O. H. Gibson. Harvey Lunan, of C. H. Lunan, spent a few days of last week in Athena. Mr. and Mrs. B. B. Gric-

A FARMERS' BANQUET
 WAS HELD AT PICTON ON FRIDAY EVENING

Professor Reynolds, of the Guelph Agricultural College, was the Chief Speaker—Prince Edward Farmers Had a Good Time

The second annual banquet of the Prince Edward county farmers took place on Friday evening at the Parish house, the ladies' guild provided a sumptuous repast, to which about one hundred guests did ample justice. When all were satisfied H. B. Wright as chairman and toastmaster of the evening, called the meeting to order at the same time expressing his regret that Prof. Creelman would be unable to be present, but announcing that his place would be taken by Prof. Reynolds, of the agricultural college at Guelph.

To the toast of "Our Country" Robert Davidson and Fred Newman replied, both gentlemen causing some amusement by claiming to belong to the farmers, having passed part of their lives on the farm.

"Our Municipal Institutions," was responded to by H. S. Collier, warden of the county, and Milton Adams, mayor of Picton.

The next toast was "Our Agricultural Interests," responded to by E. B. Purteile, Clarence Mallory and Dr. Pablow.

Dr. Pablow predicted high prices for cheese during the coming season, owing to the fact that last season, owing to all disposed of, strongly urging all farmers to keep cheese-making in the forefront of their efforts so that Canada may keep her place as the "cheese producer of the world." Butter we can import, as it does not hurt by freezing, but cheese we cannot import.

The toast of "Our Educational Institutions" was replied to by J. E. Benson, inspector of schools in the county of Prince Edward, and by H. B. Bristol.

Mr. Benson, in an earnest speech, claimed that the children were the country's best asset, that the neglect of their education was an injury which could not be remedied; he claimed that while the secondary institutions were very good, the primary more trained teachers were wanted. As a practical illustration of the value of the school house to any community, he gave an instance of a district in which the school had been closed for several years owing to the small number of children attending. What was the result? Farms could not be sold, hired help could not be procured. For a time the people could not understand what was the matter, but finally traced the cause to the absence of a school, now he was glad to say, measures had been taken to open up again forthwith.

The chairman then briefly introduced the guest of the evening, Prof. Reynolds, who gave a forceful and eloquent address. Speaking of the dignity of labour, the high standard set by our grandparents, the pioneers of the country, to live up to. We are spring of earth's best blood and the standard of rural character must be maintained and in order to make a country life profitable as well as attractive, brain must take precedence over muscle, we must educate, utilize science and her latest methods. In a word, gain intelligence by all the means within our grasp. The press and its many helpful publications, the educational advantages offered by the department of agriculture, as well as the vocational training now being practiced in many of our schools.

The toast of "The Press" was responded to by Messrs. A. E. Calman and W. Steet. That of "The Ladies" was proposed by Messrs. Arnold Platt and A. J. Cundick, and replied to by Mrs. Jonathan Tulcott and Mrs. Monroe.

The evening was enlivened at intervals by the amusing songs and character sketches of Bert Harvey, who was just as amusing as ever. Votes of thanks brought a pleasant and instructive evening to a close.

Emerald Reports
 Emerald, March 9.—The recent drift filled the roads so full in many places they cannot be travelled. Murry Willard has commenced killing his ice house. Mrs. James McKee has returned home from the hospital. Herman Willard met with a very painful accident when a tree fell on him breaking his collar bone. He was helping a neighbor saw the tree down when it suddenly fell and he was unable to get from under it in time. Mr. and Mrs. Samuel Morrow were returned home from the hospital. Friends in Prince Edward county, Miss Lizzie Reid is visiting Mr. and Mrs. George Buich, Stella. A number of farmers from the main shore are hauling sand from John Glenn's sand pit. Mr. and Mrs. Alexander Reid and Mrs. E. McGinn spent a few days with Mrs. Robert Baker, Front Road. Mr. and Mrs. John McMaster and family, Pittserry, have returned home after visiting friends here.

Willowbank News
 Willowbank, March 5.—William Little is buying real calves and slaughtering them. John Hampton had a sale last Wednesday and realized high prices for cattle and horses. He has moved to Ganaoquo, and Fraser Ferguson has moved on to the farm vacated. Thomas Little is recovering. He has been poorly for a long time. Bobby Cowan has had a slight attack of measles, but is better. Mrs. E. B. Jackson has had another attack of illness, but is improving. Mrs. Wilfred Eastwood spent a few days last week in Pittsburg. Mrs. R. McInnes is home again after spending a few days at Pittserry with her parents. Mr. and Mrs. David McClelland, N. B. Wilson was up last week with his cheese factory looking after things so as to be ready for opening as soon as possible. Relatives of the late James Lloyd attended the funeral from his late residence to Ganaoquo cemetery today. Mrs. H. Rees, who has been attending her mother, Mrs. James Cowan, Sr., for some months, has gone home to Groton, N.Y., to see her son-in-law, who has been seriously ill for some time.

DISCUSSED PEACE PACT
 Bryan and Spring Rice Talk Over Details

Washington, March 10.—Secretary Bryan and Sir Cecil Spring Rice, British ambassador, discussed details of a peace treaty similar to those which Mr. Bryan already has signed with thirteen countries and to which Great Britain has assented in principle.

Great Britain has gone further in endorsing the Bryan peace plan than any of the other great nations of Europe, although the terms of a possible convention have not been finally agreed upon. The Netherlands pact, which is used as a basis for the treaty with Great Britain, does not contain a provision that hostilities shall not be entered into during the period of investigation.

Lightning never strikes twice in the same place. For that matter, luck seldom comes back to play a return engagement, either.

When he is east in the shade the optimist rejoices that he won't suffer from sunstroke, anyhow.

HOW "TIZ" GLADDENS TIRED, ACHING FEET
 "O, Girls," Don't have sore, puffed-up, sweaty, calloused feet or corns—Just try "TIZ."

DEFEND BURIED TREASURE
 Governor of Tahiti Finds Island Gunsmenless

Paris, March 10.—Returning from a tour of inspection of the adjoining islands the governor of Tahiti found that the three or four gunsmen stationed on the island had disappeared. Inquiries showed that they had left for the desert island of Pinaki to defend a supposed treasure, valued at \$16,000,000.

According to tradition, the treasure was hidden on the island fifty years ago. Several attempts have been made to discover it, one in 1905. Recently an American party arrived with a sailing vessel to renew the search, and the three gunsmen were dispatched in hot haste to prevent the explorers removing what was regarded as French property—if the treasure really exists.

TO SELL 30,000 ACRES
 Duke of Sutherland to Dispose of Part of His Estates

London, March 10.—The Duke of Sutherland is about to make a record sale of land. He intends to dispose by auction of 30,000 acres of his Sutherland estates to the highest bidder. The duke recently offered Mr. Lloyd-George 400,000 acres. Some of the properties he has now decided to sell were without common rights and included in that offer to the government. The properties will be offered in lots in London early in October next.

Big Merger at Cobalt
 London, March 10.—The Daily Mail understands that a scheme is on foot for amalgamation of some of the leading silver mining companies of the Cobalt field. The scheme includes the Cobalt-Townsite Silver Mining company, the Cobalt Lake Mining company, the City of Cobalt Mining company and the Cobalt property of the Townsite Extension Mines. The amalgamated company will have a capital of about seven and a half million dollars.

AM what relief. No more tired feet; no more burning feet; no more swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ."

"TIZ" is the only remedy that draws out all the poisonous exudations which puff up the feet. "TIZ" is magical. "TIZ" is grateful. "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never hurt or get sore, swollen or tired. Think of it no more foot misery; no more burning corns, callouses or bunions. Get a 25 cent box at any drug store or department store, and get instant relief. Get a whole year's foot relief for only 25 cents. Think of it!

For Baking Success
—This Oven Test

Success on some baking days can be expected no matter what flour you use. But constant success is rarer. It can be assured in only one way. The miller must select his wheat by oven test. So from each shipment of wheat we take ten pounds as a sample. We grind this into flour. Bread is baked from the flour. If this bread is high in quality, large in quantity, we use the shipment from which it came. Otherwise we sell it. Constant baking success comes as a matter of course from flour bearing this name

"More Bread and Better Bread" and "Better Pastry Too"

Tuckett's "Our Seal"
