LABOR MEN IN FAVOR

OF REDUCTION IN MEMBERS OF THE CITY COUNCIL

But They Do Not Approve of the Two Year Term For the City Fathers—Representatives Should be Elected For One Year Only.

The members of the Trades and Labor Council are in favor of reducing the members of the city council from twenty-one to fourteen, as Ald. Harrison suggested, at the last meeting of the council, but they are not in favor of a two-year term. They believe that the one-year term is the best policy. The matter was discussed by the council, and a resolution was passed favoring the reduction of from twenty-one to fourteen with the one-year term.

The council also discussed the proposed purchase of land at the outer station. During the recent discussion on the matter the council understood that the statement was made that this property had increased in value to the extent of three hundred per cent.

This being the case, the members of the council asked that the taxes on the property be increased accordingly, and the trades council desires the tax collector to take up the matter.

Speaking to a Whig representative on Wednesday, a member of the council stated that he considered the old rule of having aldermen elected for one year to be the best. If a man was elected and did good work during that year, there was no trouble to re-elect him.

BOARD OF WORKS ESTIMATES.

The Cost of Doing Necessary Street Work This Year.

The board of works' estimates for this year are: Sewers, \$350; plank crossings, \$1,000; asphalt crossings, \$500; patching walks, \$1,000; sanding walks, \$200; snowshovelling, \$1,000; cleaning general streets, \$2,500; cleaning paved streets, \$2,500; scavengers, \$2,000; repairs to permanent walks, \$175; cutting weeds, \$125; trimming trees, \$1,000; flushing grates, \$300; printing and stationery, \$300; telephones, \$67; general streets, \$750; chief clerk, \$300; foreman streets, \$1,000; general repairs to roads, \$2,000; re-numbering streets, \$1,000.

Grading and metalling roads—Patrick street, \$500; York street, \$500; Mack street, \$300; Kensington avenue and Edgell street, \$1,500; Patrick and Thomas, \$2,000; Johnson, Collingwood to Macdonnell, \$500; Union, \$1,000; Pine from Division to Alfred, \$500; Ontario, \$200; Barrack, \$150; Albert, \$1,000; Colborne, \$150. Total estimated expenditure is about \$28,000.

UNDER COMMISSION

Recommendation May Be Made to the Government.

Ottawa, March 11.—The report of the commission which has been investigating the affairs of the penitentiary is expected to be submitted within a fortnight. Much of the evidence has been forwarded to Ottawa.

There is no official intimation as to the character of the report, but some who have been in touch with the commission express the opinion that a probable recommendation will be the divorcing of all the penitentiaries from local influences and placing them more directly under the department, if not under an independent commission responsible for the management of them all. It is anticipated furthermore that changes will be suggested in the penal systems obtaining in the institutions with a view to giving effect to prison reform methods.

CURLING CLUB FINALS

R. N. F. Macfarlane's Rink Won—D. McConnell Won Stewart Cup

On Tuesday evening the rink skippered by R. N. F. Macfarlane won the Kingston Curling Club championship by defeating Dr. John Watson's rink by a score of 14 to 8. The game was very exciting at times, although "Bob" Macfarlane's players had it over Dr. Watson's rink all the way. Dr. Watson was winner of the afternoon series. In the semi-finals he won from Skip George Hanson. The rinks were:

W. Chapman, W. Frizzell, A. B. Kingsbury, R. N. F. Macfarlane, skip—14.
Dr. G. E. Kidd, A. Snodden, J. Matheson, Dr. John Watson, skip—8.

Won the Stewart Cup

In the finals for the Stewart cup, played on Tuesday afternoon, Donald McConnell captured the Stewart cup by defeating John H. Birkett by a score of 13 to 7.

'K. C. I. vs. 'Varsity III.

When the Kingston Collegiate hockey team meets Varsity III in the finals for the junior Intercollegiate Hockey Union, on Friday evening, the local fans will be given an excellent opportunity of seeing what kind of hockey the Toronto University team is playing. As the team which will come to Kingston on Friday is the same outfit which is playing in the finals for the junior O.H.A. against Orlia, the admirers of the Frontenacs will get a good chance of seeing what chances the Frontenacs would have had in the junior O.H.A. finals had not the sub-committee handed out that raw decision.

The Varsity team is playing three hard games this week, so the players should be in splendid condition, providing none of them are hurt in Orlia this evening.

If the cold weather continues the K.C.I. boys expect to pull out a win. Hard ice will be favorable to both teams. The Collegiates are entering the finals with a one-point lead which they pulled out in Toronto on Thursday afternoon last when the team won 3 to 2.

K.C.I. will line up as follows: Goal, "Charlie" Stewart; defence, Ferguson and Singleton; rover, H. Cooke; centre, "Jimmie" Stewart; wings, Hugh and "Cam" Toland.

Portsmouth Teams Won.

At the Palace rink, on Tuesday evening, the two junior hockey teams from Portsmouth won their games in the City Hockey League series. In the junior juvenile series, the Beavers won from Canadians by a score of 4 to 1, thus winning their group. The teams lined up as follows:

Beavers—Goal, Butler; defence, McCannan and Carr; rover, L. Brown; centre, F. Brown; right wing, J. Halliday; left wing, J. Shannahan.
Canadians—Goal, W. Gimlet; defence, Fowler and McLaughlin; rover, Carl Bell; centre, McUtcheon; right wing, E. McUtcheon; left wing, W. Fowler.

Referee—Thomas Angrove.
In the senior juvenile series the Beavers won their group by defeating Regipolis by a score of 2 to 1. The Beavers will now play off with Argonauts, the winners of the other group, for the championship. The teams lined up as follows:

Beavers—Goal, McDougall; defence, Scanlon and Dennis; rover, N. Wilson; centre, Grant; left wing, J. Smith; right wing, G. Forsythe.
Regipolis—Goal, Lynch; defence, McCormick and Barrigan; rover, Elmer; centre, Ryan; left wing, T. Fowler; right wing, Ralph.
Referee—Albert Stinson.

DISTRICT DASHES.

News Clipped From Our Many Exchanges.

Colonel W. N. Ponton, Belleville, has left for Boston. He has been invited to address the Canadian Club of Boston.

The death occurred at her home in Camerton, on Tuesday morning, of Florence Evelyn Lambert, aged sixteen years, only daughter of Mrs. John Lambert.

Byard Baker, a well-known former butcher, of Belleville, committed suicide Tuesday morning by cutting his throat with a razor.

The death took place Tuesday morning at her home on George street, Belleville, of Miss Esther Holden, third daughter of the late Dr. Rufus Holden. She was born in Belleville and lived there all her life.

By the death of Mrs. Kenneth Morrison, on Tuesday morning, Athens lost its oldest resident, the deceased having attained the age of ninety-two, the greater portion of which were spent near Lillie's, where she and her husband conducted farming operations before their removal to Athens.

WANT BALLOT BOXES

At Terminal Stations For Railway Men and Travellers.

Ottawa, March 11.—Before the elections committee of the commons today Harry Hall, representing the Brotherhood of Railway Trainmen, brought forward a suggestion that in view of the fact that few railway men or commercial travellers had the opportunity of casting ballots at the general elections, as they were away from home, special ballot boxes be arranged for such men at all terminal stations. No action was taken, but the committee has it under consideration.

Want Permanent Examiner

At the next meeting of the City Council Ald. T. F. Harrison will likely bring up a matter he has been considering for some time. That is of taking steps to have a permanent United States customs examiner appointed for Kingston. During the past two seasons there has been one on the steamers Kingston and Toronto, secured by the R. & O. for the convenience of the travelling public.

The advantages to Kingston of such an official are obvious. Baggage of all people crossing the line to travel in the states would be examined here before they left, and the city could be made a point of examination for people in the district. The local American consul has volunteered his co-operation in the matter.
