How to Remove Hairs from Chin, Lip or Cheek
(Beauty Culture)
It is an easy matter to banish every trace of objectionable hair and leave the skin soft and smooth and free from blemish. Just get a small original package of powdered delatone and with water mix enough paste to cover the hairy surface. Let this remain on the skin for two or three minutes, then remove, wash the skin and the hairs are gone. No failure will result from this treatment, but be certain it is Trilacoe you get.
