

THE MARKET HOUSE

IS TO RECEIVE SOME MUCH-NEEDED IMPROVEMENTS

City Property Committee Will Modernize It Instead of Abolishing the Tolls—To Make Examination of Fair Grounds

At its meeting on Friday afternoon the Civic Property committee decided upon a plan of renovation of the island market building, and will request the City Council to authorize the work necessary for the installation of first-class toilets throughout the building.

The committee took up the matter of some length of cutting of the market tolls, a matter which has been resurrected more or less strenuously of late.

The architects' improvements to the toilet rooms include the closing up of the doors at present opening into the market house, relaying the walls and ceiling with expanded metal lath, tile the walls from floor to ceiling with white glazed wall tiles, put down concrete foundation and white Ceramic Mosaic tile floors.

The committee considered a number of other matters, including its estimates. The increased cost of the fuel for the new heating system of the city buildings and the cost of an extra man to give the firing constant attention during the time which the caretaker is unable to look after it, are accounted for an amount of \$700.

The question of public play grounds came up again, but as yet there is nothing definite to report. The minister of militia is not disposed to allow the city the use of one of the Murney towers for the visits of tourists, nor is Col. Sam Hughes of a mind to allow a quarantine hospital to be erected on the military grounds at Barriefield.

The members of the committee present were: Aids. Harrison (chairman), Bows, Richardson, Gillespie, Clugston and McCann.

MARRIED AT NAPANEE

Grace I. Grange Became Bride of O. W. Lailey, Toronto

An event of great interest to the people of Napanee took place on March 14th, when Miss Grace Isabelle Grange, daughter of Alexander W. Grange, was married at her home to Oswald G. Lailey, Toronto.

The bride was dressed in a gown of pale green crepe de chene, with bodice and tunic of silver sequin lace, outlined in sable, with a mauve velvet sash, to correspond with tiny mauve flowers.

The mother of the bride wore soft black satin in draped effect, with jet lace, and carried violets and valley lilies. Mrs. Lailey, the mother of the groom, was gowned in grey brocade satin with trimmings of Brussels lace, and wore violets.

After the ceremony a wedding breakfast was served. The bride's table was daintily appointed, the wedding cake in the centre, with bridal vases in silver vases arranged artistically.

A SUDDEN DEATH

A Resident of Napanee Passes Away on Thursday

Henry Paul, a resident of Napanee, passed away on Thursday morning from heart failure. He had worked very faithfully at home the day before, sawing wood, and retired as well as usual.

He is a wise man who, when desiring to purchase a home, a horse, a piano or any other article, places a small Want Advt. in the Whig. Then he can make his choice from many offers and thus, at small cost, help himself to a good bargain.

A quiet but pretty wedding was solemnized by Rev. W. W. Bromberg, at the Methodist parsonage, Sharbot Lake, Dec. 10th, when Miss Carrie Hill, Pleona, was united in marriage to Cecil Clark, Arden.

D. F. Mills has purchased the property of Harvey Davis, South Napanee.

THE SPORT REVIEW

THE ATHLETIC COMMITTEE OF QUEEN'S WANTS FUNDS

To Improve the Covered Rink During the Coming Summer—Notes About Hockey and Curling

It is expected that the athletic committee of Queen's will shortly apply to the governing body of the university to supply sufficient funds to make extensive alterations to the covered skating rink during the summer months.

No change would be made in the ice surface for a couple of years. If the seating alterations were made this summer it is thought that enough money could be realized in two years to warrant the committee taking up the idea of installing an artificial ice plant.

Amateur Hockey Barstourning Toronto (Jobs): Barstourning in amateur hockey is getting so far beyond reasonable limits as to call for a stricter application of the O.H.A. provision for obtaining permission to play outside teams.

The Stanley Cup

The Stanley cup, which Toronto won from Victoria, was launched on its career in the following manner. In 1893 the Ottawa Hockey Club was enjoying a banquet. It was not a championship banquet, for the Montreal Athletic Association team had won the honors of the year, but merely the usual spread indulged in by the players at the close of a long season.

\$50,000 PENALTY

Telegraph and Telephone Trust is "Bust" in Mississippi

Jackson, Miss., March 21.—It was announced by the attorney-general of the state, Ross A. Collins, that the Western Union Telephone company and American Telephone and Telegraph company had consented to the entry of judgment against them and others in the suit instituted some time ago by the attorney-general of Mississippi charging them with an illegal combination in violation of the anti-trust law of the state.

SCHOOLS FOR REDMEN

Bill Introduced to Amend Indian Act

Ottawa, March 21.—An act to amend the Indian act was introduced by Hon. Dr. Roche in the commons. One amendment deals with industrial schools and provides that where there are no industrial schools the minister may declare a public school to be an industrial school under the meaning of the act.

Cornwall Canal to Open

Cornwall, March 21.—The Cornwall canal will be unaltered on Monday, and for four weeks extensive improvements will be made at lock 20. A concrete retaining wall will be built here, and also over the old lock 19, which will do away with the expense of maintaining gates, etc.

Hen that Laid 771 Eggs

Ithaca, N.Y., March 21.—"Lady Cornell," a famous hen owned by the State college of agriculture, died yesterday, aged five years. "Lady Cornell" had a record of laying 771 eggs during her life time.

WOLFE ISLAND FARMERS

Had a Profitable Winter Buildings to be Erected

Wolfe Island, March 20.—The winter about to come to a close, has been a very good one from a financial point, for islanders farmers received for hay in their barn twelve dollars a ton.

Harry Boyd is enlarging his dwelling for the erection of a new house. George Boyd has everything in readiness for the erection of a new barn with the opening of spring.

Mr. and Mrs. John Laughlin returned yesterday from Rosiere, N.Y., where they spent the past week among friends. Miss Edna Greenwood was a recent visitor with Miss Kathleen McGuire, Portsmouth, Mrs. Daniel McLaren returned home after a month's visit in Perth.

Birthdays were celebrated recently upon a goodly old soul in the person of Mrs. Crawford, who has passed her ninetieth birthday and is still as active as many at three score. Her faculties are as keen as ever they were.

THE WHIG'S JUMBLE

A Lot of Short Items Run in Together.

"Cancelled books." 25c. Gibson's. So far as gossip is concerned, some people seem to be built on the serial plan.

"Ice cream bricks." Gibson's. Many and many are the times that months need buttons—the same as doors.

"Sanal for kidney diseases." Gibson's. It is the quality of advice, not the quantity, that helps when advice is needed.

"Look! Black serge skirts, \$1.39; black saten undershirts, 50c. Dutton's. Much trouble is being made day in and day out by accepting supposition for facts.

"McConkey's sweets." Gibson's. Dr. R. C. Cartwright has sold his residence on John street to J. G. Daly.

"50c. rubber gloves." Gibson's. W. C. Scott, Napanee, had flowers in bloom on his lawn on the 17th of March.

"Ladies! Why pay \$1 for your boots? \$2 will buy the same at Dutton's removal sale."

"To me, prayer, with a sincerity of backing, seems the worst kind of mockery."

"Do you read the Want Advt. on page seven every night? They contribute the people's market place, where bargains are always to be had."

"Handle your records carefully, for, like guns, they are many times dangerous."

"Cancelled library books." Gibson's. Mrs. W. G. Wilson, Napanee, sailed, on Tuesday, from New York for a trip to the Mediterranean.

"The Glory of Defeat. If you are right, you can afford to lose. You need not fight in terror of defeat; if honor is the principle you choose, you need not dread the tumult in the street."

"Outnumbered you may be and overpowered you may seem to triumph over right; the victor is the man who hasn't covered."

"It takes brave men to wage a losing fight. If you are right, what though you fight alone, and thousands rise to mock at you and jeer, they will not wait that you'll be overthrown."

"That you may lose is something you won't fear. You are not asked to win the world's applause, you are not asked to conquer in the light, but thought it seem a lost and hopeless cause."

"You are sent here to battle for the right. Only a coward is compelled to win. Only a coward heart's afraid to fail. Weaklings won't take the field or enter in a struggle where strong foemen may assail. But brave men, with a principle at stake, care not that wrong may also have the might; defeat for such a cause they're proud to take, and count success in that they make the light."

FREE!

THIS MAGNIFICENT 7-PIECE GUTTIE GIVEN AWAY ABSOLUTELY FREE. The big baseball season, more popular than ever, is here, and small and grander games will be played this season than ever before.

There are several splendid pieces in this great outfit. The ash bat is a good one. The mask is made of heavy wire, full size. The catcher's mitt is thickly padded, very heavy and has patented fastener.

To obtain one of these sets just send us your name and address and agree to sell only 25 bottles of our delicious oriental perfume at only 15 cents a bottle. Our perfumes sell like hot cakes.

THE ROSE PERFUME CO. DEPT. 629 TORONTO, ONT.

The Wanted Six

Has Come — a Quality Six to Sell at \$2300 Light, Handsome, More Economical than Fours

This is the latest from Howard E. Coffin, the great HUDSON engineer.

The man who built the first high-grade Four to sell under \$3000. Then the first to sell under \$2000. Then the HUDSON Six-54—the first quality Six to sell under \$3700.

Now he comes out with the HUDSON Six-40—the first high-grade Six below \$2550—the most talked-about car of the year.

But Price Isn't All In this Six he employs a small-bore, long-stroke motor. It consumes far less fuel than any equal-powered Four.

And the car underweighs any comparable Four. Many Fours in this class weigh 40 per cent more.

It weighs 400 pounds less than last year's HUDSON "37"—it consumes one-fourth less fuel. Yet this is a Six, with 123-inch wheel base and two disappearing extra tonneau seats.

Now Legions Can Own Sixes The Six of the past has been high-priced, heavy, wasteful. The costly cars have long been Sixes. But the man who wanted modest price and weight, modest operative cost, has been confined to Fours.

Now comes a Six—a high-grade Six—which underbids Fours in all these particulars.

Gasoline tank is in dash Tires are carried ahead of the front door. All hinges are concealed. The speedometer gear is concealed. There are two disappearing extra tonneau seats.

The design and equipment are almost identical with the new HUDSON Six-54. And that is considered the handsomest car of the year.

This Six-40 is the most popular HUDSON car ever brought out. The factory is now far behind on its orders. You may want this car and want early delivery. So we urge you to come now and see it.

54 of the 79 Automobile exhibitors at the 14th National Automobile Show held in New York Jan. 3 to 10 this year, displayed six-cylinder cars. Eighteen showed Sixes exclusively. That emphasizes the dominance of Sixes.

Also Roadster type. Also Cabriolet completely enclosed, quickly changeable to open Roadster. W. P. PETERS, 117 Brock St., or Kingston Auto Co. Garage, Cor. Queen and Bagot Sts.

OUR FRESH GROUND COFFEE AT 40c. CAN'T BE BEAT Try a sample order and be convinced. NOLAN'S GROCERY, Princess St. Phone 730. Prompt Delivery.
