THE SPORT REVIEW
**MONTREAL A.A.A. NOT DIS-
 PING OUT OF RUGBY**

Stanley Hockey Club Matters -
 Belleville Officers Defeated at In-
 door Baseball by Hamilton Offi-
 cers.

A member of the rugby football
 committee of the Montreal A.A.A. ab-
 solutely denies the rumor that the
 committee intends to get out of the
 Big Rugby Four and abandon the
 Canadian game in favor of the Eng-
 lish game.

The English game may be played,
 but the Canadian game will also be
 played, and, if possible, encouraged
 more than ever.

Work will be started earlier this
 season, and no expense or labor will
 be spared to get a team together that
 will be able to hold its own against
 the others in Hamilton, Toronto and
 Ottawa. In fact, it is more likely
 that they will return again to a pro-
 couch.

Stanley Cup Status
 An Ottawa Despatch says:
 "There is nothing to all the talk
 about a disagreement over the Stanley
 cup," stated William Foran, cup trust-
 ee.

"The cup trustees made all arrange-
 ments with Emmett Quinn as regards
 the handling of the trophy by the two
 big leagues, and I understand that
 they have arranged everything amicably.
 We will not forbid any team de-
 pending the trophy wherever they will,
 providing it is on Canadian soil. The
 N.H.A. champions are quite at liberty
 to defend it at the coast."

Mr. Foran further stated that Mr.
 Quinn had agreed that the N.H.A.
 would abide by the rules of the trust-
 ees in regard to defending the cup.
 This means that the Toronto would
 have been required to defend the sil-
 verware if the challenge of the Sydney
 Maritime League champions had been
 pressed.

Stanley Cup Money
 Each member of the Toronto hockey
 team will receive \$297 as his share of
 the gate receipts at the three Stanley
 cup games played at the Arena during
 the past week.

The Victoria share will be less than
 this, as they received only forty per
 cent of the receipts, while Toronto
 receive sixty per cent. The total re-
 ceipts for the three games were \$13,
 000.

Belleville Defeated
 The 13th Regiment of Hamilton,
 winners of the Western Ontario section
 of the Officers' Baseball League, and
 the 15th Regiment of Belleville, win-
 ners of the Eastern Ontario section,
 played at Hamilton to decide which
 team should represent Ontario in the
 play-off with Montreal for the cham-
 pionship. Hamilton won the game by
 the one-sided score of 31 to 7, and
 that just marks the difference between
 the two teams. Belleville were out-
 classed in every department, being
 especially weak in fielding.

Referee Has No Control
 Toronto News.

Russell Bowie, one of the best offi-
 cials that ever stepped on the ice,
 quit refereeing in the N.H.A. because
 he had no control over the players
 under the lining system. The N.H.A.
 system of lining a player is one huge
 joke, because the players do not pay
 their fines, and no rules in the world
 can be made that cannot be evaded
 by the clubs in the matter of lines.

BACHELOR TAX ADVOCATED
 Clergyman Suggests Federal Levy for
 Support of a Wife

Pittsburgh, Penn., March 24.—"I
 want to see a law passed that would
 compel every man more than 25,
 who is not married, to pay a tax to
 the government for the support of a
 wife," declared the Rev. Dr. Cam-
 den M. Coburn of Allegheny college,
 Meadville, Penn., at to-night's ses-
 sion of the Midwinter Bible confer-
 ence in Memorial Hall here.

Dr. Coburn advocated advanced
 bachelorhood, and urged young men
 to marry young.

The Genius of Dr. James
 Edmonton Journal.

If more of those who discuss farm-
 ing topics had the faculty of putting
 these attractively that is possessed by
 Dr. C. C. James, of the dominion de-
 partment of agriculture, the back-to-
 the-land movement would make
 greater headway. Farming, he de-
 clared the other day, is simply a con-
 quest of the air, that means more
 than any aerial flight. "Do you ever
 stop to realize," he asked, "that in
 eating the flesh of animals we are sim-
 ply absorbing element of the air which
 the animals have taken in with their
 daily food? The most important prob-
 lem of the agricultural world to-day
 is that of putting nitrogen into grow-
 ing plants. The man who fully solves
 that problem has found the key to
 perfect farming. We should stop min-
 ing our soil that Europe may have
 cheap bread, and we should start us-
 ing the inexhaustible resources of the
 air that we ourselves might be cheap-
 ly fed."

Cruisers Wanted
 Canadian Courier.

Hon. W. T. White should put an
 item of ten millions in the budget for
 two or three cruisers to be built at
 once in Britain. Later it can be decid-
 ed whether these shall be part of a
 Canadian navy or not. But the equi-
 pment are needed now to represent Cana-
 da on the coasts of Mexico and other
 American countries where Canada has
 citizens and investments. They are
 also needed on our own coasts.

A ten million item in the budget
 could not be voted down by the Sen-
 ate, which has no power over the
 budget. If the liberals in the house
 were appealed to in a nice spirit, the
 item would pass without opposition.

If Mr. White refuses to take this
 easy course, the country will remember
 it against him and his colleagues. If
 he takes it, Canada's good name will
 be preserved among the Britanic peo-
 ples. This is a simple way out.

J. C. Sullivan, harbormaster at
 Quebec, is dead.

"Ice cream bricks," Gibson's.

 Map showing the points mentioned in the despatches from Ireland.

WHAT WILL BE DONE

**WITH BILL TO GIVE VOTES TO
 MARRIED WOMEN?**

Matter Before Ontario Legislature
 — Resolution to Give Hydro Radicals
 Same Subsidy as Steam Rail-
 ways.

Toronto, March 24.—When the Wo-
 men's Franchise bill comes up in the
 legislature to-day what will happen
 to them? This is the most interest-
 ing question for the moment in
 provincial politics.

Will the government accept the El-
 liott bill, which grants the municipal
 franchise to married women, other-
 wise qualified, i.e., by owning prop-
 erty, by paying income tax etc.,
 and the Johnston bill, which merely
 includes married women owning
 property, or will they reject the for-
 mer more comprehensive bill and ac-
 cept the latter and more restricted
 one, or will they reject both? It is
 the principle of the Elliott bill that
 the voters of Toronto adopted with
 such an overwhelming majority at the
 recent municipal elections and which
 has been endorsed throughout the
 province.

All sorts of rumors are current. It
 is generally believed that the opposi-
 tion (Elliott) bill will be thrown out.
 There seems to be considerable doubt
 as to the Johnston bill, which is in-
 troduced by a private conservative
 member.

This much is certain. The liquor
 interests are opposing both bills,
 or, if they pass, local option, with
 so many women's votes added, could
 be carried in a considerable number
 of additional municipalities. The li-
 quor men are more afraid of Elliott's
 bill than of Johnston's, since the
 latter would probably enfranchise
 only about half as many of the for-
 mer.

What will the government do with
 the resolution of Thomas Marshall,
 liberal member for Monck, asking the
 house to memorialize the dominion
 government to grant hydro radicals
 the same subsidy as those given to
 steam railways?

A deputation from Ontario municipali-
 ties will wait upon the federal
 government this week with a similar
 request and the government, there-
 fore, will likely take some action
 within a day or two.

If Mr. Marshall, supported by the
 liberals in the house, force the hands
 of the local government this time,
 he will merely be repeating what he
 did last session. On April 8th he
 moved a resolution emphasizing the
 need of cheap and convenient elec-
 tric transportation and urging the
 government and the hydro-electric
 commission to take up the project.
 The government did not accept the
 resolution at the time, but later, just
 before the close of the session, passed
 a bill giving the Hydro-Electric com-
 mission power to proceed with the
 radial railway proposition in con-
 junction with municipalities.

Mr. Proudfoot is another member
 of the opposition who has given spec-
 ial attention to the power problem.
 More than a year ago he urged the
 construction of radials by the Hydro-
 Commission. All these measures
 have been supported by the liberal
 members both in and out of the
 house.

MORE DECENT FASHIONS

No Silt Skirt Are Now Made by Minc.
 Paquin.

Paris, March 24.—The appeal to
 the women of France protesting
 against the "immoral tendency" of
 modern feminine fashions issued yester-
 day by a number of Paris ladies
 has split the Rue de la Paix, which
 is the birthplace of Paris fashions,
 into two hostile camps.

The question of the hour is wheth-
 er the silt skirt and the decollete
 corsage are to be banished from the
 fashionable Paris salon. The move-
 ment, set on foot by the Women's
 Patriotic league is meeting with con-
 siderable support in the Faubourg
 street Germaine, and to-day many
 women bearing names illustrious in
 the old French nobility give their ad-
 hesion to the "decent fashions" cam-
 paign. The Comtesse de la Tour
 du Pin, Baronne Segur, Comtesse
 Guy de la Rochefoucauld were
 among those who signed the protest.

In the Rue de la Paix itself the
 new movement has gained one very
 notable adherent in Mme. Paquin.
 The great dressmaker says that she
 will make no more silt skirts. Look-
 ing at the matter simply from the
 artistic view, she says, the fashion
 has gone too far. "For one leg that
 detracts from the beauty of the
 silt skirt costume there are ten that
 detract from it. We shall continue
 to give the freedom which the silt
 skirt was devised to afford by mak-
 ing the skirt fuller at the end."

JUST HARD TO SAY

**When Navigation Will be Opened in
 Kingston Harbor**

Owing to the continued cold weather
 the marine men are wondering
 just when the navigation will be open.
 With the weather prevailing, the ice
 will hold good for some time yet
 and mariners were saying, on Tuesday
 morning, that there was no chance of
 anything moving this month.
 It will be the first or second week
 in April at any rate before naviga-
 tion opens," said one old timer when
 asked for an opinion by the Whig on
 Tuesday morning.

Local coal merchants have had their
 supply pretty well used up during
 the winter, and just as soon as the
 ice moves out the coal schooners will
 start out for Oswego and Sudus.

No Provision Made for Medical Men

Toronto, March 24.—The medical
 men of the province are out demand-
 ing a radical amendment to the
 workmen's compensation bill as it
 stands at present. The chief bur-
 den of their request is that the meas-
 ure as it stands makes absolutely no
 provision for the medical man who
 carries one of the most important
 parts of the new bill. No clause is
 found which arranges for the doctor
 who renders first aid to the injured
 party, since the rate of compensation
 is only 55 per cent. It is claimed
 that all hope of collecting a fee from
 the workmen must be abandoned.

Hon. I. B. Lucas, on behalf of the
 government, acknowledged that the
 claim made was a very important
 one. He realized that a "first aid"
 provision was a vital part of the bill,
 and that something should be done
 to make it work out properly.

One of the suggestions advanced
 was that the commission assume re-
 sponsibility for remunerating medi-
 cal men. This could be done by ar-
 ranging a sliding scale of fees ac-
 cording to the nature of the accident.
 At the same time the difficulty of the
 government apportioning in such
 cases was not minimized. Hugo
 fees were bound to be asked for by
 men who considered an administra-
 tion something to be taxed as heavily
 as possible.

Weather Notes

A pronounced area of high pressure
 covers the eastern half of the contin-
 ent, and another, accompanied by low
 temperature, is coming in rapidly
 from the north over the western provinces,
 while over the western states there is
 a disturbance moving eastward. The
 weather is fine with a tendency to-
 wards higher temperature from Onta-
 rio eastward.

Be a live wire. No matter how
 small your business is it will be bene-
 fitted by a small classified advert. in
 the Whig. The rates are reasonable.
 One week, \$1; one month, \$2. Get
 your name before the people.

Vice-Admiral Faravelli, who was
 in command of the Italian warships
 at the bombardment of Tripoli in Oc-
 tober, 1911, died at Rome on Sunday.
 Louis Hilliard, whose hotel at
 Kenora was burned six weeks ago,
 is dead, aged 62.

THE BOARD OF HEALTH
 WANTS SANITARY AND PLUMB-
 ING INSPECTORS

Appointed by the City Council—The
 Sanitary Inspector Should Always
 be in Uniform

At a meeting of the Board of
 Health held on Monday afternoon, it
 was decided to ask the City Council
 to appoint a permanent sanitary in-
 spector and also a plumbing inspector.
 It is the feeling of the members of
 the board that something must be
 done to improve the conditions which
 exist in Kingston at the present time.

When Dr. P. Maloney, district
 medical health officer, paid a visit to
 Kingston recently, he was in consulta-
 tion with Dr. A. B. Williamson,
 the local health officer. Dr. Maloney
 was far from being pleased with the
 conditions in Kingston, and urged
 that a permanent sanitary inspector
 be appointed. This had been recom-
 mended by the Board of Health more
 than a year ago.

Dr. Williamson stated that the
 plan which he proposed would neces-
 sitate a man being on the job eight
 hours a day and six days a week.
 The milk supply would come under
 the inspection of the officer appointed
 by the city. The milk supply in
 Kingston is badly in need of constant
 inspection. If an inspector is ap-
 pointed it will be his duty to make
 an inspection of the milk supply at
 least once a month. The local medi-
 cal officer cited many instances
 where a permanent sanitary officer
 would be of a great benefit to the
 city. It is the desire of the members
 of the board that the man who is ap-
 pointed be uniformed, as they feel
 that the uniform would carry consid-
 erable weight.

On the motion of H. McBratney, it
 was decided to ask the council to
 appoint a man who has practical
 knowledge of the plumbing business
 to be the city inspector. For some
 time the inspection has been under
 the supervision of the city engineer.
 The members feel that the engineer
 has done faithful work, but he has
 too much to do, and besides, it is
 the desire of the board that a man
 of plumbing experience should hold
 that office.

The matter of the appointment of
 a plumbing inspector was brought be-
 fore the board as a result of a let-
 ter received from the plumbers'
 union asking that action be taken at
 once.

On the motion of Dr. McCarthy it
 was decided to ask the city council
 to appoint six men to make the an-
 nual spring inspection of yards. This
 resolution was brought as a result of
 a resolution moved in the City Coun-
 cil by Ald. T. F. Harrison, that the
 spring inspection be completed in
 one week or ten days. Dr. William-
 son stated that if six men were ap-
 pointed, the work could be completed
 in ten days or two weeks. One man
 could inspect sixty-four places in one
 day.

Rev. A. P. Mershon wrote asking
 that the board do something about
 improving the condition of the cellar
 at his home, which he claimed to be
 in a very unsanitary state, due to the
 landlord's neglect. The matter was
 referred to the medical health officer
 and city engineer with power to act.

Those present at the meeting were
 Mayor Shaw (chairman), Hugh Mc-
 Bratney, B. Blackhall, Dr. McCarthy
 and the medical health officer.

EVANGELIZING GANANOQUE

**Rev. H. T. Crossley Has Started
 Three Weeks' Campaign**

Gananoque, March 24.—The series
 of union evangelistic services for the
 congregations of Grace Methodist
 church and St. Andrew's Presbyterian
 church opened up in the latter edifice
 last evening, and drew out quite a
 large attendance. Rev. Mr. Crossley,
 who was accompanied by his wife,
 opening up his campaign here on Sun-
 day, made the statement that such a
 thing had happened to him but once
 in his thirty years of evangelistic
 work. The services will be continued
 throughout the week and on Monday
 and Tuesday nights of next week in
 St. Andrew's church, and the balance
 of the three weeks in Grace church.

"Bobby" Geage, of the Victoria
 B.C. hockey team, which came east
 for a trial for the Stanley cup, has
 arrived here for a short visit with
 his grandparents, Mr. and Mrs. Ro-
 bert Bulloch, Princess street.

Work has been started on the new
 government wharf adjoining the club
 house of the Gananoque Canoe and
 Motor Boat Association. The con-
 struction work, it is understood, is in
 charge of an Ottawa firm.

Mrs. Alfred Green has been spend-
 ing some time with relatives in Lan-
 sdowne. R. C. Graham, principal of
 Gananoque high school, who repre-
 sents Gananoque lodge, No. 247, A.O.
 U.W., at the grand lodge sessions in
 Toronto last week, has returned.

Clerk Samuel McCammon has
 called for tenders for the purchase of
 abutments of the town of Gananoque
 to the amount of \$15,000, bearing in-
 terest at five per cent per annum,
 payable annually, and maturing in
 1923.

Miss Hilda Boucher, who has been
 located in Napanee for the past few
 months, has been summoned home on
 account of the illness of her mother,
 Mrs. Louis Peacor. Mrs. E. H. Hurd,
 Charles street, spending the past
 week in Kingston, guest of her son
 Frank H. Hurd, Stephen street, has
 returned home. Mrs. Cecil N. Palmer
 has returned to Brockville, after a
 short visit to town with relatives.
 Oscar W. Shotts has returned from
 Merrickville, where he was summoned
 by the death of Mrs. Shotts' father,
 the late N. Davis. Mrs. Shotts and
 children are remaining for some time
 longer.

Ask Your Doctor

No sense in running from one
 doctor to another! Select the
 best one, then stand by him.
 No sense in trying this thing,
 that thing, for your cough. Care-
 fully, deliberately select the best
 cough medicine, then stick to it.
 Ask your doctor about Ayer's
 Cherry Pectoral for throat and
 lung troubles.

**Hood's
 PILLS**

Best family physic.
 Do not grip or cause
 pain. Purely vegeta-
 ble, easy to take. 25c.

PROBS. Fine and a little milder to-day
 and most of Wednesday.

Grace, Beauty and Originality

**Characterize
 These Smart
 New
 Spring
 Coats**

Our present showing
 of Spring Suits is ex-
 tensive, embracing all
 of the newest fashions
 from the ultra-conserv-
 ative up to the most rad-
 ical. We invite com-
 parison, as for work-
 manship, quality and
 value our showing is re-
 markable.

**SUITS FROM \$12.50 to \$16.50, \$17.50 to \$22.00,
 \$23.50 to \$45.00**

We invite your early inspection of the styles we
 are now showing.

SPORT COATS
 Some very smart styles that cannot be procured
 elsewhere, and many styles with but one of each.
\$7.50 to \$35.00

STEACY'S

Old Abbey China

People of taste, refinement and good judgment
 cannot pass this line of China.

In open stock or sets as you wish.

You can have your monogram or crest put on any
 article at once without any delay whatever.

Let us show you the lines.

ROBERTSON'S, LIMITED
 Fine China. Crockery and Glass

**TAKE IT PURE OR MAKE INTO A
 PINT OF LAXATIVE COUGH SYRUP**

Mentho-Laxene and Sugar Syrup
 Make a Quick Effective Cough
 Syrup.

Best Thing in the Whole Universe
 to Banish Colds, Coughs and Ca-
 tarrh—Does It in a Hurry, Too.

If the above statement should
 prove untrue in your case, write us
 and back comes the money paid for
 it, but, we know that 9998 of you
 will prove it true.

You can take Mentho-Laxene pure
 and very strong in ten-drop doses—
 or make it into cough syrup with
 home-made sugar syrup. Contains
 no opiates.

At the first sneeze or cough, get a
 bottle off your druggist and check it
 quickly. You actually feel its soothing,
 beneficial effects in the nasal,
 throat and lung passages—there's
 nothing like it, nothing so helpful
 and sure.

Be sure to get Mentho-Laxene—
 for no remedy will help you so
 promptly and surely. Sold by all
 well-stocked druggists.

**Electric Chain
 Showers & Brackets**
