WORK AT THE PARKS JURY WAS DISMISSED

COMMITTEE WILL ASK COUNCIL FOR SUM OF \$2,475

To Carry on the Necessary Work This Summer—Suggestion to Place Ring in City Park in Better Condition

The Civic Parks Committee, of which Ald. Kent is the chairman, held its first meeting of the year on Tuesday afternoon, in the mayor's office, and prepared estimates for the summer's work.

The committee decided to ask the council for the sum of \$2,475. Last year the committee expended the sum of \$2,307.21 outside of the amount paid out in salaries.

On motion of Ald. Newman, the chairman and the superintendent of parks, W. H. Phillips, were instructed to make the necessary purchases of trees, plants and bulbs; a motion of Ald. White also being passed granting the chairman to make an expenditure up to \$60.

The chairman brought a new and most important matter before the committee in regard to the outer ring at the City park. He said that in view of the fact that there were now so many citizens using automobiles which cut up this roadway, that the city should do something towards putting it in better shape.

He suggested that the council be asked to have it similar to Barrie street. It was decided to secure an estimate of the cost from the city engineer, and have the matter taken up again at a special meeting of the committee.

In addition to the chairman there were present Ald. Stroud, Ald. Bews, Ald. White and Ald. Newman.

During the course of discussion at the meeting Ald. Stroud became warm under the collar and had a few things to say about the Bagot street dump. Mention had been made about the Rideau street commons, secured by the city as a playground for the boys in that part of the town.

The chairman stated that he had been asked by the chairman of the Board of Works if the Parks Committee would have any objection to the Board of Works using the stone, and the chairman informed him that he did not believe that there would be any objection taken.

Ald. Stroud said that he would move that there be no blasting in this district to cause the residents of that neighborhood any trouble. Then his thoughts turned to the Bagot street dump, stating that it was a source of great nuisance, and was continually burning and people in that neighborhood had to suffer.

Ald. White stated that people should not build houses near a dump. This dump had been there for several years.

Ald. Stroud took strong objection to this, stating that every citizen was not in a position to build in other portions of the city, and for this reason they should receive just as much protection as other citizens.

Ald. Stroud declared that he would continue his protest to the City Council in regard to the matter. The firemen have been called a great many times to the Bagot street dump, as it is continually burning, even in the winter time. It was for this reason that Fire Chief Armstrong some time ago asked that a line of hose be kept at the dump permanently.

"Uncle Tom's Cabin" An event looked forward to with more than ordinary interest, that is, the coming of Kibble and Martin's world greatest revival of Harriet Beecher Stowe's lovable story of "Uncle Tom's Cabin." Kibble and Martin's reputation as a promoter of big productions is well known by theatregoers, but few are aware that the coming event is one of the most significant and elaborate that has ever been attempted in America. Not only does Mr. Martin promise to bring a company of over fifty people, but a carload of scenery, ponies, horses and bloodhounds in the piece.

"Uncle Tom's Cabin" will hold the boards at the Grand on Saturday, March 28th, matinee and night. Watch for the grand street parade at noon.

Only one "BROMO QUININE." To get the genuine, call for full names, LAXATIVE BROMO QUININE. Look for signature of F. W. GROVE. Cures a Cold in One Day. 25c.

Took a Fit on Street On Tuesday afternoon, about four o'clock, Thomas McCrow, of Sydenham, took suddenly ill at the corner of Princess and Wellington streets, and fell heavily to the road in a semi-conscious state. In falling he received some severe gashes on his face, which bled profusely. Corbett's ambulance was summoned. The unfortunate man when picked up was covered with mud and stiffened out as though he were dead. He was taken to the hospital.

DELICATE CHILD Made Strong and Healthy by Vinol. Growing children play hard and work hard at school, which with rapid growth uses up an enormous amount of energy and vitality, that must be replaced.

When a child is tired all the time, no appetite, weak, delicate and sickly we guarantee Vinol, our delicious cod liver and iron tonic, will build them up, create a hearty appetite, sound flesh and muscle tissue, pure, healthy blood and make them strong.

Mrs. L. L. Bertrand, New Iberia, La., says: "My little one was weak and run-down in health, and was continually taking cold. Different medicines failed to help, but when Vinol was recommended I found it a wonderful help to my child. It broke up the cold and quickly restored health and strength. Vinol is a most excellent tonic for children."

If Vinol fails to do just what we say we will give back your money. Geo. W. Mahood, druggist, Kingston, Ont.

THERE WERE NO CRIMINAL CASES AT SPRING ASSIZES

Judge Price Opened the Court in the Absence of Chief Justice Meredith, Who Was Ill—Petit Jury Was Sworn for One Case to be Heard on Wednesday

Lawyers in Kingston are not at all burdened with criminal work. Frontenac county holds a record when it comes to criminal cases entered, and the same condition prevailed at the spring assizes which were opened on Tuesday afternoon at two o'clock.

As a result, the grand jury, which was summoned, was discharged immediately after being sworn in. Owing to the fact that the last grand jury made a tour of the different institutions receiving government aid, this grand jury was not asked to visit these places and submit a report.

Chief Justice R. M. Meredith was ill, suffering from a severe cold, and could not come to Kingston. Judge Price opened the court and had the grand jury and petit jury sworn in for the one jury case which is on the docket. The other petit jurors were discharged.

After opening the court, Judge Price had the members of the grand jury sworn, and then informed the members that there was nothing for them to do, the crown attorney, J. L. Whiting, K.C., having informed him that there were no criminal cases on the docket. The members of the jury were then handed over to Sheriff Dawson to be paid off.

The following were sworn in as members of the grand jury: Melzar Avery, Oso township; James Baxter, Pittsburg township; Benson Coulter, Kingston; William Fairman, Howe Island; John Gray, Barrie township; William Guthrie, Loughboro township; Arthur Keyes, Kingston; John E. Kelly, Kingston; John Kingsley, Wolfe Island; William N. Linton, Kingston; Edward Lawrence, Loughboro township; Dennis J. Millan, Kingston.

There are one jury and three non-jury cases on the docket, so Judge Price had the petit jury for the one case sworn in and then adjourned the court until Wednesday afternoon at two o'clock, when the case will be proceeded with. The following were empanelled on the petit jury:

James Leslie, Kingston; Ambrose Patterson, Storrington township; Joseph Kelly, Bedford township; Russel Sands, Storrington township; Samuel Shanks, South Canotie; Walter Shibley, Portland township; Andrew Craig, Kingston; Reynold E. Brash, Bedford township; Timothy E. Steele, Kingston; Winthrop Sears, Kingston; Charles Potter, Kingston; Hiram Vannest, Portland township.

THE SCHOOL ESTIMATES Sum of \$85,660 Needed by Board of Education.

The Board of Education will meet this evening to pass the estimates for the year. The City Council will be asked for the sum of \$85,660, of which \$61,080 is for public schools and \$24,080 for the Collegiate Institute.

For the public schools, \$5,528 more than received last year is asked, and for the collegiate institute an increase of \$1,680 over last year; a total increase of \$7,208. Last year, the collegiate had a surplus of \$1,137, which reduces the amount that otherwise would have been necessary. The salary grant of \$700 from the Queen's faculty of education is dropped this year under the new agreement. Collegiate salary increases will amount to \$1,200; night classes, \$600.

The increase in the public school estimates is \$4,939 salary increases. Other increases are \$250 for fuel and \$300 for furniture.

WILL BE TRIED ON FRIDAY Three Men Under Arrest at Ottawa for Theft of Brass

W. N. Tisdale, special agent for the Grand Trunk railway company, was in the city on Wednesday morning arranging to have the stolen brass, located in a local junk shop, forwarded back to the company's headquarters.

As the result of the unearthing of the brass in Kingston and the information secured that it was shipped from Ottawa, three men, all employees of the company, so it is stated, have been placed under arrest in Ottawa, and will come before the magistrate in that city on Friday. The case was before the court and an adjournment was made.

It is expected that there will be interesting developments as a result of the arrests made in Ottawa. Very little time was lost in making arrests at Ottawa as soon as the authorities there received word that the stolen brass had been shipped out of the capital to Kingston.

Weather Notes The disturbance, which was centered in Colorado, yesterday, has moved to Wisconsin, and southerly gales with rain now prevail over the western portion of the great lakes. The weather continues fair and comparatively mild from Ontario eastward and very cold in the western provinces.

Naturalization Papers At the spring assizes, which opened on Tuesday afternoon, naturalization papers were taken out by Israel Kemaamin, formerly of Austria; Amker Olsen, Norway; George Lester Bliss, New York state; and Delbert Ames, Sandy Creek, Oswego county, N.Y.

First in Five Years "This is the first time I have been here in five years," remarked a young man as he was lined up in the police court on Wednesday morning on a charge of drunkenness. The magistrate evidently regarded this as a fair record, as he allowed the young man to go.

A LECTURE ON "WAR"

BY COL. L. R. CARLETON OF THE MILITARY COLLEGE

At Queen's University on Tuesday Afternoon—The Necessity of Always Being Prepared as Emphasized.

Lieut. Col. L. R. Carleton, D.S.O., Commandant of the Royal Military College gave a very interesting lecture on "War," on Tuesday afternoon in the history room at Queen's university.

The commandant explained that the machinery of modern warfare was very intricate. As an intimate knowledge of warfare is vital to the life of a modern nation, particularly a European nation, this knowledge becomes a personal matter for every citizen of a free state. Staff officers in Canada are here for educative purposes. They are missionaries of peace in the sense that they are to dispel, in some measure, that ignorance which has in the past brought on war unnecessarily.

Preparation for war is essential hostilities nowadays do not begin with a declaration of war, but with actual operations in the field. We must be ready to strike first and to keep on doing it. All great nations recognize the importance of being able to take the offensive. Turkey's awful disasters were due to a lack of preparation.

Co-operation is very important to us with our scattered empire. Owing to this scattered nature of the empire our War Office has the most difficult organization in the world to deal with, especially with our system of voluntary service.

Correct information and absolute secrecy with regard to operations are also essential in war. To this end it is important that we have a loyal press with good judgment in the matter of selecting publishable news.

Lastly there is the human factor. The moral of the whole nation, including the army must be kept up. Good leaders who can keep up the courage and good spirits of the people and the army are essential. The speaker concluded his lecture with the statement that the British military staff by very hard work was accomplishing wonders in the way of promoting military efficiency in the imperial forces.

Would Go to Ulster "We could get fifty men to go to Ulster if the word was just given in Kingston," remarked a prominent Kingstonian to the Whig on Wednesday morning. "If there was an organization and volunteers called for I do not think it would take very long for men to fall in line."

As far as can be learned, it is not expected that any Kingstonians will go.
