Lost Athletic Stick is in Possession of R. Fisher, Now in Manitoba — Alma Mater Society News

Word has at last reached the Alma Mater society concerning the long-lost athletic stick. R. Fisher, who is at present in Manitoba, and who was elected last year the one to carry the stick, writes that he has it in his possession and was informed last year by the donors, Kinnear & d'Esteiro, that the stick was to be the personal property of the man elected to carry it. Under that impression he had taken the stick west to his home in Portage la Prairie and had not thought of returning it. It is not decided that the stick was to remain at the college he was willing to return it. The matter now rests with the donors to say whether the stick was intended to remain at the college or to be the property of the first possessor, and the society will look into the matter.

Acknowledgments of the letter of condolence sent to the R.M.C. last week was received from the staff-adjutant and the commandant.

The society was disappointed in regards to the report of the social function committee which met the members of the senate on the question of the extension of the hours for dances. No definite settlement was arrived at and the only result of the meeting was that the senate would let the society know by letter what decision they might reach. If the regulations are not changed this season the farewell dance, which is to be held on April 28th, will have to abide by the new rules.

Although the music and dance committee has been very successful in most sub-divisions of its club and although the choral society had a very successful concert last February, yet there is a deficit of \$41. This deficit is due to expenditures of the choral society and it was proposed that that body be reimbursed. The society required to grant the required amount without loaning.

Athletic matters which have been arousing much interest in the Alma Mater meetings were again the front Saturday night. The Q's were given to the president for distribution to the members of the 1st and 2nd Rugby team, Association football, basketball and boxing, wrestling and fencing teams. The crests and Q's were presented to the members of the victorious hockey team who were present and also to the three victors in the intercollegiate assault-arms and A. D. Carmichael.

Five additional members were added to the athletic committee, being Professors Macdonald, MacClement, Matheson, Messrs E. O. Sitter and J. P. McLeod.

In regard to the relation between the athletic committee and the senate concerning the management of the rink, the secretary of the athletic committee brought a motion that the Alma Mater should make an agreement with the senate that (1) the athletic committee should have control of the rink; (2) that the college should rebuild and remodel the rink and the athletic committee should pay rent according to the money invested. As there is a little danger of a new rink being built in Kingston or being supported without the students, who are the backbone of the present rink, no objection was raised to ratifying this agreement by

THE SPORT REVIEW

KINGSTON BADMINTON TEAMS AGAIN VICTORIOUS

Defeated Toronto Garrison Players Here on Saturday — Frontenac Hockey Club Dinner on Thursday Night.

The Kingston Badminton players scored a victory over the Toronto Garrison representatives at the armouree on Saturday. The players were: Kingston—Mrs. P. G. Stevenson, Miss I. Rogers, Miss Dorothy Caruthers, Miss Marie Caruthers, Miss Kathleen Caruthers, Miss P. Shortt, Mrs. G. O. Wagner, Miss M. Brownfield, Capt. Cook, Capt. Constantine, Prof. P. G. C. Campbell, Capt. Plummer, E. V. Leslie, H. Lafferty, G. O. Wagner and S. M. Benson.

Toronto Garrison—Mr. and Mrs. Roy Buchanan, Mrs. Cassels, Mrs. Norman Scragam, Miss Pollie Plummer, Miss Jeanette Rathbun, Miss Dorothy Kingsford, Miss W. Brough, Mrs. C. A. Boom, Miss M. Shoenberger, Miss Helen Scott, Major and Mrs. de Mowbray, Mrs. George Mitchell, J. H. Gooderham, Stewart Walker, Mrs. M. Garden, Capt. R. Hale and H. G. Ardagh.

The scheduled report of the business manager of the journal was not heard on account of the manager being absent. A committee was appointed by J. Dawson and the trustees of the alma mater to look into the matter and see that the books were properly balanced.

The rush between arts and science freshmen was not brought before the Alma Mater society but there is a rumor around the college that a special, high-court will be held very shortly to deal with the offenders. Some names have been mentioned of students who are likely to be expelled by the authorities. The actions of the students were aggravated by some of the professors interfering without being able to exert any control. It is to be hoped that nothing will be done at this late hour and that the remedy of such rushes will be in not allowing the science students to take classes in the arts building where they are continually causing friction.

A professor at Queen's was the unfortunate victim of the rash on Friday last. It appears that seeing what was in line in regard to the water service, he ran to a hydrant outside, to turn it off, and the arts men, who were soon on top of him and punning him good and stiff. He told them he was a professor, but they laughed at his statements and chucked him once or twice afterwards. The denouement was quite interesting. He took some of the names, and it is said they will hear about it within the next few days. The professor did not enjoy the attack a little bit.

A HUNDRED YEARS AGO

One hundred years ago the Americans were expecting their fleet at Sackett's Harbor to be attacked by the British. They reinforced their navy yard there and by March 28th, 1814, they had gathered at this point 5,500 troops, including 1,500 marines to be employed on Chauncey's ships. Provost, however, did not have the courage or the energy to attack the place.

Curling Meeting Tonight

The final meeting of the Kingston Curling Club will be held this evening, when the presentation of trophies will take place.

Queen's Rugby Meeting

Kenneth Mumbell, manager of Queen's senior rugby team, has called a meeting of the rugby players for Monday afternoon, for the purpose of making arrangements for next fall. It is very important that the students who intend playing on the rugby team should be here early if the team is to attain success. It is the intention to start training on September 20th. At the meeting it will be found out how many players can be back at college by that date.

Police Have No Clue

As to Woman Who Deserted Baby at Watertown, N. Y.

The local police have been unable to secure any information about the woman who left her three-month-old baby in the railroad station at Watertown, N.Y., last week. It is thought that the woman came from Kingston.

Another Snow Storm

Warm Weather is Not Yet in Sight Says the Weather Man

The weather man is certainly working overtime. Rain which continued all Monday morning was followed by a snowfall early in the afternoon. After the fine weather of Sunday citizens had an idea that spring had arrived, and some had even doffed their overcoats, but on Monday they were glad to put them on again. The weather man to-day predicted that it would be "fine and cool" on Tuesday, so this goes to show that spring has not yet arrived.

14th Regiment Parade

First of Season Will be Held on Monday May 4th

The first battalion parade of the 14th regiment for this season will be held on Monday evening, May 4th. Companies are commencing their regular drill this week.

Released from Jail

But Will be Deported as Soon as Papers Arrive

Michael O'Shay, who was arrested on a charge of vagrancy, having been caught begging on the street, and who was remanded to jail, was released on Saturday, arrangements having been made by Rev. A. E. Smart to have him stay with his wife until the deportation papers arrive, when both man and wife will be sent across the line, where they belong. The husband is over seventy years of age, and on this account, it was felt that it would be best not to send him to jail for another week.

Substitute Aerated Water

The enormous number of Brahmins and Mohammedans in India, whose regions strictly prohibit the drinking of alcoholic beverages, are finding in aerated water a substitute that violates no religious principles. Among natives of the strictest caste prejudices, who are ordinary careful not to eat or drink anything that has been prepared by persons of other castes, an objection seems to be raised to aerated waters, which being made by machinery are considered free from contamination.

Frontenac Hockey Dinner

On Thursday evening the Frontenac Hockey Club will give a dinner in the Royal hotel in honor of the members of the senior and junior hockey teams. At this gathering the players of both teams will be presented with gifts from the club. Some of the members will be given watches, while the players who already have watches will be given diamond rings.

City Baseball League

Stanley Trotter, president of the City Baseball League, has called a meeting of the league for Wednesday evening, April 1st, for the purpose of arranging matters for the coming season. It is very important that every team be represented at the meeting so that no time will be wasted in getting matters arranged.

Vermin Destroyer for horses and cattle. Sold at Gibson's.

The ladies of Queen street Methodist church, who conducted a rummage sale to furnish a room in the Empire wing of the general hospital, realized nearly \$125.

McFarland will temporarily occupy the premises on market square adjoining Gibson's Red Cross Drug Store, on or about April 6th. Phone 274. "Klovah Health Salt," 3 tins 25c. Gibson's.

Y.M.C.A. Financial Campaign

The men interested in the Y.M.C.A. financial campaign will gather at the building this evening for the purpose of making returns of the work done during the past week. It is expected that they will have almost reached the goal of \$4,600. There is a possibility that the campaign will be continued for a couple of days.

On or about April 6th James McFarland will temporarily remove to premises on market square adjoining Gibson's Red Cross Drug Store, which he will occupy during the rebuilding of his store and warehouse on King street.

BROKE THROUGH THE ICE

White Going to Wolfe Island to Preach on Sunday

On Sunday morning when two theological students of Queen's university were driving across the harbor to preach in the Presbyterian church on Wolfe Island, they had the misfortune to break through four times before reaching their destination. The unfortunate preachers of the gospel were J. P. McLeod and another student named Morrison. The two had a thrilling experience and were pretty well soaked and exhausted, but were not prevented delivering their message, although the service was delayed a little longer than usual.

The ice is now in a very bad condition as in many places ice helves are to be encountered which are gradually wearing larger. On Monday morning the only way to cross the ice was by means of an ice punt which was hauled over by eight men.

KINGSTON GIRL SANG

In Toronto Church at Request of Rev. T. W. Neal

A Toronto despatch says: Miss Irena Jenkins, of Kingston, distinguished herself at the Bathurst street Methodist church last Sunday night when she was asked, without notice, to sing, by Rev. T. W. Neal, who was formerly her pastor at St. deinhart street church, Kingston. Miss Jenkins responded and sang very effectively two or three verses of a gospel hymn, which Mr. Neal gave her. The church was crowded to the doors.

Y.M.C.A. Financial Campaign

The men interested in the Y.M.C.A. financial campaign will gather at the building this evening for the purpose of making returns of the work done during the past week. It is expected that they will have almost reached the goal of \$4,600. There is a possibility that the campaign will be continued for a couple of days.
