THE BOARD OF WORKS

SANITARY INSPECTOR

Wants Police Constable N. Timmerman to do the Work-It Will Not Appoint a Permanent Plumbing Inspector This Year

The Board of Works will recommend to the City Council that the scheme proposed by the Board of Health to have Police Constable Timmerman appointed as sanitary in spector, at no additional expense to the city, be adopted. A letter of the medical health officer, setting forth fully the proposal, was read at yesterday afternoon's meeting of the board, whose members were all in town from Toronto for the week-end. favor of it. The board came to the conclusion that it could not recommend the appointment of a permanent plumbing inspector this year, as it did not have the funds. The city engineer said he was willing to continue the inspection this year, but he pointed out that inspection through his office was not as satisfactory as what could be done by a plumber who could watch work in houses day by day. Furthermore, the inspection interfered

with his office work. The opinion of the members was that there should be a plumbing inspector and will recommend that one

Ald. O'Connor supported Mr. Lipman by saying that the conditions there were very bad, and that something should be done to improve them. On motion of Ald. Couper, the matter was referred to the engineer, the chairman and Ald. O'Connor for consideration.

The clerk reported that he coul find nothing in the minutes of 1915 and 1913 to show that the board had approved of extending Cherry and Cowdy streets to Stephen street.
