WOMAN DROWNED HERSELF

Despite the Attempt of Constable to Prevent Her.

Niagara Falls, N.Y., April 9.—An unidentified woman, successfully fought the efforts of a reservation constable, who endeavored, yesterday, to prevent her from taking her own life at the Third Sister Island.

One reservation constable, Charles Martin, pulled her from the water but she eluded him and waded in again. This time Martin got a pike-pole, caught her clothing, and then followed a struggle in which she fought desperately, sinking time and time again under the rapidly moving water.

Help arrived from the mainland in about ten minutes and the body was brought to shore, and a physician was summoned, but the woman was dead. The body awaits identification at a local undertaker and Coroner Walter A. Scott is in charge.

The woman is described as being about ten years old, possibly of Jewish parentage, dressed entirely in black, and weighing 135 to 140 pounds. She was about five feet four inches tall. A plain gold band ring on the third finger of the left hand was the only jewelry found.

SEGREGATE ORIENTALS

VANCOUVER COUNCIL ORDERS A SEPARATE SCHOOL

The Chinese and Japanese Residents Have Raised a Big Howl — Mrs. Millard's Murder Caused Council's Action.

Vancouver, B.C., April 9.—The prevailing feeling against Orientals resulting from the murder of Mrs. Charles Millard caused the City Council to take action. According to resolutions unanimously adopted by the board of school trustees he is instructed to make provision for the erection of a new school house for Oriental children, so as to obviate the necessity of whites coming into contact with them and learning evil habits.

The case of the boy King, alleged murderer of Mrs. Millard, was given as an instance of a Chinese pupil attending one of the public schools and daily coming in contact with white children to their detriment.

At the same time, a resolution was adopted pledging the City Council to give contracts for supplies only to those firms who employed white men, provided their terms were on a level with those of firms who employed Oriental labor. The police have information that King is near or 20 years of age, and reported and it has been learned that while attending public school he was already one of the most active members in a secret organization of Chinese, the objects of which were to promote anarchy and teach communism. He is said to have been a great admirer of the exploits of White Wolf, the famous Chinese brigand.

The proposed segregation of the Oriental children in the public schools has raised a storm of protest from both the Chinese and Japanese residents, particularly the Japs. Consul Hori, representing Japan, and Rev. J. Kaburagi, warden of Acting-Mayor Hepburn today and made a strong protest on the resolution of the council advocating that a school should be set apart in some quarter of the city for Chinese and Japanese so as to remove white children from their influence.

The Japanese representatives stated that it was an insult to their nation to include the Japanese with the Chinese, and they intimated that it was their intention to take other steps to bring the matter to the attention of the British, the dominion and the Japanese governments. As a matter of fact Consul Hori has cabled a lengthy despatch to his government in Tokio setting forth the full facts of the murder of Mrs. Millard by a Chinese boy that has led to the proposed action on the part of the city council and asking for advice as to how he shall act.

Meantime, the city solicitor has, according to the resolution of the council, formed his opinion, as to the legality of the course suggested, and he informed the acting mayor that the city council had no power to pass such a resolution.

WILL HAVE TO ANSWER

Question as to Anti-Liquor Legislation.

Toronto, April 9.—C. M. Bowman, Liberal member for North Bruce, wins, earlier in the session he put on the order paper the following question: "Does the government intend to introduce any anti-treating legislation this session?" Objection was taken by the government to the form of the question and the speaker ruled it out of order. Mr. Bowman, however, presented a long list of similar questions asked in previous years and gave notice of motion protesting against the decision to have his question withdrawn.

The matter hung fire for several days with the Hon. W. J. Hanna obviously unwilling to answer the question. However, the government had to give in and it was agreed that the question was to go back on the order paper. The government, therefore, either will have to answer yes or no to the enquiry as to whether it intends to introduce any anti-treating legislation this session, or will have to evade the interrogation.

MRS. KIN SEXO

Has Distinction of Being First Bank Head in Japan.

Tokio, April 9.—The first woman bank president in Japan has established herself in Tokyo. Mrs. Kin Sexo, who, although seventy years of age, is in every sense the executive head of the Sanyo Commercial Bank of Tokyo and is rapidly acquiring a reputation for efficiency among Japanese bankers.

She inherited a fortune from her husband, whose death had terminated a plan to establish a bank. The widow decided to carry out her husband's intentions, and after carefully training her sons in financial institutions so they might serve as able assistants in her work, she opened her bank here.

She arrives at her office at eight o'clock sharp every morning and puts in a long business day. She is modest and simple in her tastes, with "Sincerity" as her life motto. Although thrifty, she makes liberal contributions to charity, and is pointed out by her friends as a model of Japanese womanhood.
