NATIONALISTS RECRUIT IN HOTBED OF ORANGEISM

Notice Says English Army and Navy Corrupted

A RECRUITING MEETING

CALLED AT CRUCKAUGHTRIM FOR APRIL THE 19th

Young Nationalists Called Upon to Join the Irish National Volunteer Force for Self-Defence of Lives and Property.

Londonderry, Ireland, April 11.—While the nationalist volunteers here are not drilling so regularly as the Ulsterites, they undoubtedly are recruiting right in this hotbed of Orangeism. A meeting for this purpose is called for Sunday the 19th on the heights of Cruckaughtrim, by a circular, which says:

"Come in your thousands, show by your presence you are prepared to protect and defend your lives and property against aggression. There is not a man in all our land our country now can spare. Strong man with sinewy hand, weak man with his prayer. God save Ireland."

"Above the notice was written by a member of the Inishowen board of guardians, before which body on Tuesday he will support the following resolution:

"That the English army and navy have become corrupted by Carsonism and can no longer be relied on to protect the lives and property of the people. We earnestly call the young men of Inishowen to get enrolled immediately in the Irish national volunteer force for self defence of our lives and property."

TWO ADDITIONAL SEATS FOR ONTARIO HOUSE

To Be One Less Member For Counties of Lennox, Addington and Frontenac

Toronto, April 11.—From indications at the first meeting of the Select committee of the legislature to draft the schedules for the redistribution bill, there will probably be a net gain of two seats in the next house, brought about by the elimination of four present seats and the creation of six new ridings.

Hon. W. J. Hanna was elected chairman. Mr. Hanna was also chairman of the last redistribution committee in 1908.

Mr. Hanna briefly outlined the scope of the proposed changes, with the statement that there would be one new riding in Northern Ontario, one in North Simcoe. The only change east of Toronto, he thought, would be in the riding of Lennox, Addington and Frontenac. There were three members for that section at present, and he admitted there would be difficulty in making two ridings and adhering to county boundaries. The three ridings had a combined population of about 42,000, although they covered a considerable area.

Who will yield in the east is an open question. T. G. Carscallen is the member for Lennox, W. B. Black for Addington, A. M. Rankin for Frontenac. Mr. Rankin's work on the public roads and highways commission suggests that he has the inner ear of the government, and he is the least likely of the three to drop out.

Gladstone and Advertising

Gladstone once defined advertising as the marvelous power of constant reiteration. That happy phrase offers an explanation of the wonderful power of the newspaper as a business-builder. The power of reiteration continued from day to day is possessed by the newspaper alone among advertising media.

The newspaper enters the home as a friend every day. It is read by every member of the family. It is possible for a business to have its name and its appeal before the people all the time.

They grow to know it. Whenever they have a want to be supplied they turn to the headed article which they have known through newspaper advertising as naturally as they would turn to an old friend.

Women in all parts of the country are said to be enumerated in the indictment as his victims.

TO LEASE WESTERN LAND

To Company to Breed Horses for Military Purposes

Ottawa, April 11.—Col. the Hon. Sam Hughes has been empowered by the government to lease to the National Live Stock Exchange, Limited, sixty-five thousand acres of land sixty miles north of Medicine Hat and south of the Red Deer river, for the purpose of collecting and producing thereon half bred cavalry and artillery mounts for the Canadian militia and the British army. The company will pay an annual rental of two cents an acre for the land.

Order Suspended

Ottawa, April 11.—The recently issued order by the postoffice department that all letters containing coin which were transmitted through the mails were to be sent to the dead letter office unless registered, has been suspended.

The new regulation caused much adverse criticism throughout the country, and a day or two ago the deputy minister, Dr. Coulter, stated that amounts up to one dollar would be accepted unregistered. An order has now been given out that letters containing coin are to be forwarded in the regular manner.

ONTARIO GOVERNMENT MAKES \$10,000 GRANT

To Queen's Medical College, in the Supplementary Estimates Just Submitted

Toronto, April 11.—A generous appropriation of money for public works is any indication of the approach of a general election the estimates of the province for the current year may be taken as an accurate guide. Hon. J. B. Lucas introduced into the legislature on Thursday his supplementary estimates to the amount of \$6,174,027, which, with the main estimates, passed last session, and the supplementary estimates now before the house, make a total of estimated expenditure to be voted by the house (and exclusive of statutory payments) of \$17,437,738.

Of the larger items \$125,000 is provided for the completion of new government works. There is a grant of \$80,000 to Toronto university. Queen's gets \$10,000 and Western university a similar sum.

For the public roads and highways commission there is a vote of \$75,000. The grant to Queen's in an increase of \$8,000 a year. For some time the government have prevailed upon it to increase this amount to \$10,000.

MAY ABANDON COURTS.

King and Queen Do Not Care For Ceremonial

New York, April 11.—A London cable to the American says: It is an open secret that next year the court receptions will be abolished, for even the formal and strict stickler for etiquette, Queen Victoria, suffered severely through the court ceremonies, and she often left early, commissioning the then Princess of Wales (now Queen Alexandra) to take the general presentations. Next year the old practice of afternoon drawing-rooms is likely to be substituted for the present supper.

Indicted for Fraud

Tacoma, Wash., April 11.—Everett K. Ellis was indicted for alleged fraudulent use of the mails in sending from Canada, Wash., to women throughout the United States a circular in which he offered them a chance to obtain a diamond ring and a trip to the Panama Pacific exposition at his expense if they would aid him in finding a wife. He promised to give business, bank and social references and enlighten them further on receipt of a postal money order for twenty-five cents.

Women in all parts of the country are said to be enumerated in the indictment as his victims.

HUSBAND GAVE SKIN And Saved Wife Who Seeks Divorce From Him.

Pittsburgh, Pa., April 11.—Although Dr. S. A. Cunningham, a surgeon of this city, sacrificed his own skin, thereby saving the life of his wife, he was yesterday made the defendant in a divorce case brought by Mrs. Cunningham, on the grounds of cruelty.

Mrs. Cunningham charges her husband with extreme cruelty and neglect of duty. She alleges that he has made life unbearable for her for several years and has otherwise abused her.

It was only a few days ago that Dr. Cunningham started the medical world by his skin-grafting operation. Burned about the body, Mrs. Cunningham was near death's door when her husband decided that heroic measures were necessary. Taking many inches from his own side, he quickly completed the skin-grafting operation on the burned part of his wife's body. She is said to be rapidly recovering.

In Newfoundland Cabinet

London, April 11.—The colonial office has been notified that Hon. Sydney D. Blandford has been made minister of Agriculture and mines; Hon. W. A. Squires, minister of justice and attorney-general, and W. J. Carew, secretary in the department of the prime minister of Newfoundland.

A. B. CARNEGIE DEAD

GANANQUE RESIDENT PASSES AWAY IN KINGSTON

Had Been Operated Upon in the General Hospital — I.O.O.F. Degree, Teams Visited Kingston Lodge.

Gananque, April 11.—A. B. Carnegie, one of Gananque's former merchants, and also public servant in various branches of municipal work, passed away at Kingston General hospital yesterday in the 73rd year of his age. Deceased came to this section from the American side some half century ago and located near Rockport, where he resided for a number of years before coming to Gananque. Here for a number of years he conducted a grocery business, which he disposed of later on, and engaged in municipal work. Some time ago he was removed to Kingston for treatment, followed by a serious operation, from which he gradually sank. Besides his wife, he leaves one daughter, Mrs. E. H. Spencer, of this town. The remains were forwarded here for interment.

The two-degree teams of Gananque Lodge No. 114 I. O. O. F. went up to Kingston on Thursday evening and examined the first and second degree for their city brethren, gaining great praise for their excellent floor work.

Mrs. Adam Brown and Mrs. W. J. McDonald were summoned to Fort James the latter part of the week by the death of their sister, Mrs. Morris.

Miss Janet Crouch, teacher of the public school at Midland is spending her Easter vacation here with her mother, Mrs. William Crouch. Mrs. Hugh Wilson has gone to Pelican Rapids, Wis., to spend the summer with her daughter, Mrs. Cecil W. Sherrin. Somers O'Connor, pupil of St. Michael's school, Toronto, is holidaying here with his father T. D. O'Connor.

DEPOSITORS AWAIT DALE BANK REPORT

Village and Township Councils, and Churches Had Funds On Deposit.

Madoc, April 11.—According to a statement made by a director of J. C. Dale & Company's private bank, the affairs of which are being investigated by two expert accountants, a report of the financial position of the bank will not be ready for at least two weeks. A placard bearing a notice to this effect has also been pasted on the door of the bank. The information was a disappointment to a number of farmers and others who came to the village expecting to obtain definite news with respect to their deposits, as well as to local depositors.

Since the investigation was instituted it has developed that nearly ninety-five per cent. of the population of the village and the surrounding district had deposits in the Dale bank.

The bank had also been entrusted with the funds of village and township councils, seven churches of all denominations in the village, all the local lodges of various fraternal organizations, eighteen cheese factories and the Madoc electric lighting system.

Until Mr. Dale returns to the village no formal assignment of the bank can be registered, should that be found necessary, as his signature must be attached to the document before such proceedings can be taken.

TO FIND A REMEDY FOR WATER POLLUTION

The International Commission Will Hold On of Its Hearings in Kingston

Washington, D.C., April 11.—With the extent of pollution in international waters along the boundary between the United States and Canada established, the international joint commission has undertaken to find and apply a remedy.

Chairman Taft said, yesterday that at the conference just concluded the commission decided first to study the problem, then to give them a hearing, which will be about the middle of May. After that, hearings will be held in various cities and towns affected, including Kingston.

GENERAL VILLA AND HIS GASOLINE CHARGER

The little Napoleon of the Mexican republic, the acclaimed hero and man of the hour, whose fearlessness has aided him in driving the federalists from Torreon, their last stronghold, is a motorist in the true sense of the word. Acknowledging the supremacy of motor-driven method of transportation, he has deserted the four-footed, snorting charger for the gasoline charger. During the hammering away at Torreon, his motorcycle couriers covered the distances with glory. This photo was taken at Villa's headquarters at Juarez just before his successful advance on Torreon.

ASKING FOR FUNDS

For the Purchase of a Famous Battleground

This year is the sixth hundredth anniversary of the battle of Bannockburn and Scotsmen the world over are preparing to celebrate it. In Scotland the attempt is being made to collect enough money to purchase the site of the battle, and to make it a public park. The St. Andrew's society of this city has been approached with a view to giving a subscription. This the society has been unable to do, and its funds are restricted by its charter to charitable purposes, but James Stewart, its able and energetic secretary, will gladly forward to the Scotch committee any funds sent him by individuals.

During the present winter the St. Andrew's society has relieved a number of cases of destitution, and has aided a number of recently arrived Scotsmen to find employment. A few others, of less desirable character, have been aided in their endeavors to leave the city.

THE QUEEN'S ALUMNAE

MET AT THE UNIVERSITY ON GOOD FRIDAY

Mrs. John Macgillivray of Kingston, Was Re-Elected President—The Residence Fund Now Amounts to \$20,000.

The Alumnae association of Queen's University met in the English class room in the Arts building on Friday afternoon with the president, Mrs. John Macgillivray, of Kingston in the chair. The secretary reported that the association had 160 paid members and that efforts were being made to publish a proper directory. The reports of the treasurer, Miss M. Redden, and the convener of the residence committee, Miss A. E. Marty, showed that the total subscription to the residence fund had now reached \$20,000, and of this \$15,000 had already been paid. In the last year three large subscriptions had been received, \$2000 from Lord Strathcona, \$1,000 from Mrs. R. W. Leonard, of St. Catharines, and \$1,000 from Dr. Milton Hersey, of Montreal.

In the absence of Mrs. R. J. Hutchison, convener of the committee on household science, the report was read by Miss Della Stuart, of Ottawa. It showed that the majority of progressive universities had a faculty of household science, and closed with the recommendation that such a faculty be organized at Queen's and that the association keep the matter before it until it could be made a practical issue.

A solo was then given by Mrs. H. T. J. Coleman, after which an address on the "Value and Importance of Residential Life to University Students," was given by Mrs. M. E. F. Addison, B.A., dean of Annesley Hall, Victoria College, Toronto. She dealt with the subject from a practical standpoint drawing upon her years of experience and her many opportunities for observation both in Britain and the United States.

The meeting then adjourned to the "Red Room" where high tea was served, after which the election of the following officers for the ensuing year was announced: President, Mrs. John Macgillivray; vice-president, Mrs. J. C. Cooper, Toronto; Mrs. H. A. Lovell, Kingston; Miss M. Gordon, Kingston; secretary, Miss J. Muir, Ottawa; treasurer, Miss M. Redden, Kingston; councillors, Miss M. Robertson, Peterboro; Miss Etta Henderson, Kingston; Miss M. Short, Ottawa; Miss D. M. Stuart, Ottawa; Miss E. L. Nowat, Kingston; Miss H. McIntosh, Morrisburg; Mrs. S. Burns, Brockville.

QUEEN'S GIRL STUDENT MEETS A TRAGIC DEATH

Received Burns In Her Room At Y. W. C. A. Residence

OIL FROM HER LAMP SPILLED ON HER NIGHT DRESS AND IGNITED

Death Enacted in General Hospital Saturday Morning—Deceased Was Only Daughter of Rev. Dr. Smith of Glencoe, Former Presbyterian Missionary to China.

Miss Lulu Smith, aged twenty-one years, daughter of Rev. Dr. Smith, Presbyterian minister at Glencoe, Ont., died in the general hospital on Saturday morning as a result of burns which she received in her room at the Y.W.C.A. residence, Johnson street, Friday night, when some coal oil, which spilled out of a lamp, ignited and set fire to her night clothes.

Miss Smith was about to retire for the night when the accident occurred. It appears that the lamp which she was using for studying, gave some trouble and she shook it, thinking that it would stop the flickering. She had no sooner done this when some of the coal oil splattered out on her night clothes, which ignited immediately.

Her roommate, seeing the plight of her friend, came to her assistance and beat out the flames, but not before they had done their fatal work. R. J. Reid's ambulance was summoned and the young lady was removed to the general hospital, where she received medical attendance. From the time she reached the hospital, it was seen that her case was hopeless, as the burns had extended all over her body. While in hospital she suffered terrible pain. Death relieved her agony at 8.45 o'clock.

The late Miss Smith was a second-year arts student at Queen's University. She had finished some of her examinations, and had intended returning to her home some time next week. At the university she had made many friends.

The late Miss Smith was born in China where her father was a Presbyterian missionary for many years. It had been her intention to go to that country immediately after her graduation at Queen's university, and follow in her father's footsteps.

During the summer months Miss Smith had arranged to teach school in one of the western provinces. While in Kingston she attended Chalmers church.

Her father, Rev. Dr. J. F. Smith, graduated from Queen's University in 1888 and immediately went to China as a medical missionary. Deceased's mother and one brother, Dr. Cameron Smith, of Cochrane, Ont., who graduated from Queen's university last spring, also survive.

While in the hospital Miss Smith remained conscious. Although she was suffering awful pain she talked to those in attendance. On Saturday morning when the doctor who attended her arrived at the hospital, she asked that he see the registrar of Queen's and make some arrangement about her examinations.

The remains were sent on the noon train to Glencoe for burial.

THE HORRIBLE DEATH OF A TORONTO GIRL

Young Married Lady Thrown Off Motor Cycle And Mangled By Street Car

Toronto, April 11.—Mrs. Emma Briz, aged nineteen, met instant death early last evening, when she was either thrown off or fell from the seat at the rear of a motor cycle in front of a trolley car. The woman was frightfully mangled and was dragged one hundred feet before the car was brought to a stop by Motorman William Goodenough. Both legs were hanging by shreds, the arms were in similar condition, and part of the skull was four feet from the body. The motor cycle was in charge of William Thompson. Both the motorman and the motor cycle man were placed under arrest.

POLICE CAUGHT HEN

Eating a Chocolate Egg in a Shop Window

An amusing incident occurred on Friday. At Henderson's grocery store on Brock street a couple of hens were caged in as an Easter attraction. As Police Constable Nicholson was passing the store he noticed that one of the hens had succeeded in breaking out of the cage and was eating one of the Easter chocolate eggs on display in the window. The store was locked. Constable Nicholson telephoned the proprietor of the store and the hen was soon placed in the cage again.

DEMANDS OF THE C. N. R. TO BE MET IN NEW YORK

The Finances Will Be Arranged There Rather Than in London.

Montreal, April 11.—The forthcoming financing of the C.N.R., according to gossip in local financial circles, will be done through New York instead of London. It is understood here that Sir William Mackenzie has completed arrangements for the sale of a big bond issue to New York bankers, the arrangements of course, being conditional on securing the guarantee which the company is asking at Ottawa.

When this guarantee is granted the company will be able to announce immediately a comprehensive programme for the completion and equipment of the system.
