### SPORTS ON HOLIDAY STEAMER CAME OVER

INCLUDED HOCKEY, BASEBALL, SOCCER AND CANOEING

Soccer Match on Queen's Campus Resulted in a Tie—The Gun Club Had a Shoot.

Kingston had a variety of sports on Good Friday. There was a game of hockey at Rockwood rink, skating was enjoyed by a few citizens at the covered rink. A soccer match was played on Queen's campus, a baseball match at the cricket field, while canoeing was indulged in on the Rideau river.

The steamer Wolfe Islander officially opened navigation by plowing her way from Wolfe Island through the ice. Quite a record has been established here this season for late hockey, several games having been played during this week. Some of the fans are now of the opinion that hockey will continue all summer.

The covered rink was not open for the public on the holiday but a few citizens enjoyed a spin around the ice. James Bews, physical instructor at Queen's and a Whig reporter, had the pleasure of establishing a record for late skating.

#### Gun Club Shoot

A successful gun shooting contest was held on Good Friday afternoon by the Kingston gun club, in which several outsiders partook. Six events were pulled off in which F. J. Todd, E. S. Webster, G. Laturney, N. Pappas, E. Rodwin, F. Clark, D. Fraser, R. Chadwick, W. Colburn, S. Cairns and A. B. Sherman and a few others entered. It is the intention of the club to hold a shoot every Wednesday afternoon.

#### Soccer Game on Friday

The first soccer match of the season was played on Friday afternoon, at Queen's lower campus, between a picked team comprised of players from last year's victorious Shipyard team and the C.L.C. aggregation, against a very strong garrison team, composed of the best players of the R.C.H.A. and Departmentals of last season. The result of the game, which was a very strenuous one, ended in a tie, 1 to 1, although at one time it looked as if the Shipyard-C.L.C. aggregation was going to emerge victorious, the score standing 1 to 0 in their favor up until about ten minutes to the finish. Neither team scored in the first half, but in the second period both teams started in at a furious pace, causing many a scramble, until, finally, Laferty, of the Shipyard-C.L.C. aggregation scored a goal on a mix-up in front of the garrison team's goal.

The game Norwood brought the ball down in front of the Shipyard-C.L.C. goal and in a mix-up Johnston, the outside left forward of the garrison team, landed the ball past Dunn.

Taking into consideration the fact that this was the first game since last December, the players all snored up well. There was a large crowd in attendance. The teams:

Shipyard-C.L.C. aggregation—Goal, Dunn; fullbacks, Boyd, Finney; halfbacks, Watt, Harrison; Morrie; forwards, Singleton, Montgomery, H. Brown, S. Brown, Laferty. Garrison aggregation—Goal, McCrea; fullbacks, Gilmour, Finney; halfbacks, Beckett, Carey, Harrison; forwards, Sawyer, Mansfield, Norwood, Macdonald, Johnston.

#### Lawn Bowling Tournament

Commencing July 13, a meeting of the lawn bowlers from all over eastern Ontario will take place on the beautiful greens of the Eastern hospital, Brock Street. A mess tent will be erected at the green, where meals will be served to the bowlers, and about three hundred yards from there and on the shore of the river St. Lawrence sleeping accommodation in tents will be supplied. Three handsome trophies are up for competition. The Wisler trophy, donated by Wisler & Co., Prescott; the Reid trophy, donated by Hon. J. D. Reid, minister of customs, and the Donovan trophy, donated by A. E. Donovan, M. P. P. Appropriate first and second prizes also go with the above cups. First, second and third prizes are also to be given for doubles and singles.

Kingston has won the Wisler trophy two years in succession, and becomes owner if it wins again this year. Victorias of Ottawa have won the Reid trophy once, and the Ottawa have one year on the Donovan trophy to their credit. Keen competition is assured for these trophies.

McGill Loses Championship. McTavish and Martin, of the McGill basketball team, were declared professionals for playing under assumed names with Ottawa at New York, at the annual meeting of the Intercollegiate basketball union in Toronto. They were not represented at the meeting, but letters were read in which they had been advertised under other names, and did not bother to make the necessary correction. As the offence, which resulted in the men being professionalized occurred last Christmas, the tie game which was played between Varsity and McGill will probably be thrown out, and the championship will be awarded to Varsity.

#### HAD LIVELY EXPERIENCE

Young Man Drove on Sidewalk on Raglan Road. A young man, whose name could not be ascertained, had quite an experience on Raglan Road late Friday night. Work on the construction of a drain is in progress on that road, so the young fellow drove on the walk, but here his outfit came to grief against a pile of stones and the driver was thrown out. A lady living nearby gave the alarm, and some of the people in the neighborhood rendered assistance. A man who was passing at the time is alleged to have ignored the young man's appeal for help. He was able to proceed on his way, but suffered from a severe shaking up.

#### Dry To-night

Easter hats: George Mills & Co.

### THE WOLFE ISLANDER CROSSED THE CHANNEL FRIDAY.

School Teachers Came Over on the First Trip—Jan From Wolfe Island in an Ice Boat—Two Weeks Later Than Last Year.

The steamer Wolfe Islander, in command of Captain Allan Macdonald, of Wolfe Island, opened navigation in the Kingston harbor on Friday morning. The trip from Garden Island to the city was made in an hour and five minutes, considered very good time. From the time that the steamer left the island there was open water for a distance of two miles. Considerable time was spent in breaking the ice for the rest of the distance. The steamer landed at Moores' elevator. The course was taken directly from Garden Island to Moores' wharf, following the crack in the ice, which stretched from the foot of Garden Island to the wharf of the Kingston Shipbuilding company. The steamer made the return trip to Garden Island, leaving the city at 11.30 o'clock.

The school teachers from Wolfe Island came over on the steamer. They made the trip from Wolfe Island to Garden Island in an ice punt and there boarded the ferry boat.

The opening of navigation is two weeks later than last spring. The steamer Pierrepont made the trip to Cape Vincent on March 26th 1913. She made an attempt on March 25th, but was forced to return to the wharf.

During the past fifty-six years navigation has opened on April 10th on five occasions, in 1867, 1893, 1899, 1905, and 1914.

#### Amendment to Navigation Law

Governor Glynn, of New York State signed an amendment to the navigation law which requires that all craft propelled by machinery and navigating waters not under federal jurisdiction, be equipped with safety devices, signals and lights in practically the same manner as are vessels subject to the United States steamboat inspection service. The bill affects all lands locked lakes and all state canals.

#### Boats to Call on Sunday

Sunday boat service is to be given to Thousand Island Park the coming season. This announcement, of interest to thousands of persons visiting that resort, was made by R. P. Grant of Clayton, president of the Thousand Island Park Association.

The down-river boat Sunday mornings will land at the park as well as the up-boat in the late afternoon. No landings will be made at Fine View dock by boats of the Canada Steamship Lines which absorbed the Thousand Island Steamboat company, because of litigation between Chester Pierce, owner of the dock, and the company over damages to the dock last season.

Almost from its earliest history Thousand Island park has been without a direct Sunday service. Sojourners at the resort, who desired to leave or land on the island on Sunday had to walk half a mile or more to Fine View. Private launches were not permitted to land at the park dock any more than the larger boats.

#### THE STOCK MARKET.
