

GANANOQUE LOCKOUT

OF HARNESS MAKERS HAS BEEN SETTLED.

And the Men Will Resume Work on Tuesday. — A Motor League Formed—Evangelistic Services End.

Gananoque, April 13.—After a lock-out extending over a period of six weeks the local harness-makers are expected to resume work on Tuesday morning, at seven o'clock. The settlement of the difficulty is attributable to the efforts of the local Board of Trade, which at its last regular session, offered its services kindly to secure a settlement of the conditions existing between W. J. Gibson and Mrs. W. E. Acton on the one side, and the employees of these two manufacturers on the other. The board favored the men to the limit of suggesting that they select from the membership of the board an arbitration committee. This was accepted, and Messrs. A. W. Taylor, F. J. Skinner, D. Ford Jones, W. T. Sampson, David Darling, N. H. Gardner, and Charles A. Watt were named for that purpose. On Saturday, after a week of negotiation between the interested parties, satisfactory terms of agreement were arrived at, and verbally agreed to by both employers and employees. The terms of settlement have not as yet been made public, merely that they are perfectly satisfactory to all concerned. A meeting will be held to-day to ratify the terms of agreement, and at each their signatures, when every man affected by the lockout who so desires will resume his work just as if no such weeks' trouble had intervened.

One phase of the strained labor conditions here which is to be greatly commended is that the workmen affected by the lockout have behaved throughout in a very gentlemanly manner, no harsh measures, and no rowdiness having been resorted to, and in consequence they have had the sympathy and support of all the better element of the entire community. It is confidently expected that this amicable settlement will clear the labor atmosphere here for some time to come. The efforts of the Board of Trade are also deserving of the commendation of every working man in this section.

In the office of ex-Mayor W. J. Wilson, on Saturday evening, Dr. Doollittle of Toronto president of the Canadian Motor League, organized a local branch of that organization under the name of the "Thousand Islands Motor League," with a

membership of twenty-five. Dr. C. H. Bird was chosen as chairman of the organization meeting and George Webb, as secretary. The constitution and by-law of the Canadian Motor League were adopted and these officers elected: Honorary president, Senator George Taylor; president, Dr. C. H. Bird; vice president, W. J. Wilson; secretary, treasurer, George Webb; directors, J. Frank Chapman and Dr. J. J. Davis.

William E. Rees was selected for recommendation for the position of examiner of chauffeurs for this section. Efforts will at once be made for the necessary legislation to make Gananoque a port of entry for automobiles from the American side. The local branch sets out under very favorable auspices, and the present membership of twenty-five will probably be doubled before the end of the year.

The funeral of the late A. B. Carnegie took place yesterday afternoon from the family residence, Tychem street, to Gananoque cemetery, and was conducted with Masonic honors. Rev. Henry Gracey, pastor of St. Andrew's church conducted the last rites of that church, while his brethren of Leeds Lodge, No. 201 A. F. & A. M. conducted the interesting rites of that organization at the grave. The funeral was quite largely attended.

At the residence of Rev. Albert R. Orser, superannuated Methodist minister, on Thursday evening last, April 9th, Miss Theo Flaherty and William V. Battams, both residents of the town, were quietly united in marriage by Mr. Orser.

Fish and Game Overseer George Toner, on Saturday, had Thomas Shipman, residing near Rockport, arraigned before Police Magistrate Carroll on a charge of "illegal netting of fish. James Hutcheson, K. C. of Brockville, acted for the defendant and after hearing the evidence in full his honor reserved judgment.

The closing services of the three weeks series of Union Evangelistic services of the congregations of Grace and St. Andrew's churches were held yesterday. The morning service in St. Andrew's, and the evening service in Grace church. A special thank offering was taken during the day as a free-will token of appreciation of the work of the veteran evangelist, Rev. Mr. Crossley leaves at noon to-day for his home in Toronto for a week's rest prior to opening up another three weeks' series in Galedonia.

Quarterly services of the Free Methodist congregations of this district have been in progress since Thursday evening, continuing Friday, Saturday and all day Sunday. On Friday an Saturday afternoon a Sunday school convention was also held. Rev. W. H. Reynolds, of Kingston, district elder, was in charge.

The Misses Edith McCannan and Edith Wilson, of Ottawa Normal school, are holidaying at their homes, Messrs. Gordon Wilson and Douglas Peck, of Varsity, are holidaying here with their parents.

Adam the Trust Maker

Ontario has the greatest trust maker in Canada. Sir Max Aitken, W. Grant Morden and all the other high financiers must take off their hats to Adam Beck. He has made the Ontario Hydro-Electric the greatest trust in that province. It crushes out opposition with ruthless precision. Now he proposes a Hydro-Electric Railway, trust with electric railways all over Ontario, financed with bonuses from the Ontario and Dominion governments. Aided by Controller Tommy Church, of Toronto, and J. W. Lyon, of Guelph, he has been bombarding both governments—not asking, but demanding support.

Those who know the Hon. Adam claim that this is but the beginning. The latest rumor says that he has found W. E. McNaught, M.P., and the Hon. J. S. Hendrie, M.P., too slow for him, and there is a proposition afoot to make him the sole dictator, or to give him two men who will be more subservient. He will then proceed with his new plans. One of them is thought to be a merger of all the newspapers of Ontario, and the passing of a law that every newspaper which does not support Adam, the trust maker, shall not be allowed to exist. The Hon. Adam will then be greater than Sir Hugh Graham or Lord Northcliffe, and be on a par with Kaiser William and Czar Nicholas.

Once he has full control of the newspapers, he will refuse to let any merchant or manufacturer advertise in them who doesn't use Hydro power and ship freight over the Hydro-Electrics. This will ensure the success of both these undertakings. He will then have the Canadian Manufacturers' Association eating out of his hand.

Later he may raise a million dollars on the credit of the province of Ontario and take over all the banks. This will enable him to refuse loans to any one who doesn't use Hydro power, travel only over Hydro railways and advertise only in Hydro newspapers. Then Adam, the trust-maker, will be supreme. He will have outdistanced Alexander, Charlemagne and Napoleon, and will go down in history as the greatest conqueror the world has ever produced.

How the Tariff Works

Montreal Herald. The people of the United States have free food, the same as the banks, many important building materials that are free (including cement), and a vast variety of miscellaneous commodities absolutely free of duty. Everything of importance on our neighbor's free list has to pay a heavy duty in Canada—an average duty, as Mr. White says, of twenty-six per cent. Bread, meat, fish, milk, cream, eggs, potatoes, fruit, coal—these are the principal things that enter into the high cost of living. Every one of them is free of duty in the United States, and every one of them has to pay heavy duty in Canada.

The average duty in the United States may be the same as the average duty in Canada—for those things to which duty is applied. The difference is that Canada applies "the average duty" to everything, while the new Underwood tariff has taken it off the necessities of life.

Mrs. William W. Percy, wife of Dr. Percy, one of Rochester's prominent surgeons, died Saturday after her husband and a brother had given nearly two quarts of their blood in an effort to save her life.

"The Tenderfoot" will be the Whig's new story. We will begin its publication on Wednesday.

A special session of the New York legislature, to convene on Monday, May 4th, will be called soon by Governor Glynn.

Ladies' up-to-date dressmaking. Terms moderate. Miss A. Reynolds, 221 Princess street.

TORONTO'S FALLING WALL CATASTROPHE. The above picture shows where the bodies of Sadersky and Cohen were taken from the ruins of the wall of the Independent Cloak Company, the ruins of which, after being gutted by fire last January, were left standing. By instructions from the City Architect, Albert Strong, an expert wrecker, was given the job of demolishing the building, shortly after the fire. When the building was in a safe condition, it was turned over to Weinerman, the owner of the building, and also a wrecker. He discharged Strong and employed a number of foreigners. The men were poorly paid, and totally ignorant of their work, and this is held responsible for the collapse. Two killed and six injured is the toll of the disaster.

WHEREABOUTS UNKNOWN

Was Last Seen by Relatives at Morrisburg, Ont., April 13.—The disappearance of Miss May Petterley, whose home was in Williamsburg township, three miles from Morrisburg, and who was last seen by her relatives in that town on February 10th, still remains one of Eastern Ontario's mysteries. Two months have passed, and not the slightest clue as to her whereabouts has been secured, though the search has been persistent and systematic. The reward first offered for information which might lead to her discovery, dead or alive, has been doubled.

HISTORICAL PARK

The Landing Place of the U. E. Loyalists in 1783. Ottawa, April 13.—An order-in-council has been passed setting aside old Fort Howe in St. John, N.B., as a historical park. Upon this site the United Empire Loyalists landed in 1783, and the fort is described as having "played an important part in detaching British settlers and British territory from the hands of the Americans during the Revolution."

IS MOTHER OF 22

Only One Pair of Twins Among Her Progeny. Middletown, N.Y., April 13.—Race suicide seems to be far from the thoughts of Mr. and Mrs. Stephen Laforge, of Patuxent, near this city. Mrs. Laforge has given birth to her twenty-second child, a girl.

Mr. Laforge is seventy-two years old and Mrs. Laforge is forty-six. There was only one set of twins among the twenty-two children, fourteen of whom are living.

Mr. Laforge is the father of twenty-eight children, having been married twice, and had five children by his first wife.

"BILLY" BURKE WEDS

The Cast-off Husband of Another Actress. New York, April 13.—Miss "Billy" Burke has announced her marriage, on Saturday, to Florenz Ziegfeld, Jr., the noted impresario and divorced husband of Anna Held. He is twenty-three years her senior, and Mrs. Ziegfeld was spending her honeymoon at Miss Burke's beautiful place at Hastings, N.Y.

"The Lure" Too Wicked.

Montreal, April 13.—"The Lure" will not be seen in Montreal or Toronto. This play, which proved startling even for New York, was taken off by orders of the police until certain scenes were changed, had been booked for the Princess theatre here for the week of April 20, but Lol Soliman, who controls the lease of the local house and the Royal Alexandra in Toronto, saw the play and cancelled the booking for both cities.

Krupps Buy 60 Coal Mines

Berlin, April 13.—The Duke of Croyl has sold to the Krupps the exclusive right to work sixty coal mines in the southern section of the Croyl estates near Duclmen. The price exceeds \$5,000,000. This is regarded as the first fruit of the duke's declared intention on the occasion of his marriage to develop the neglected ancestral estates, to attend to which he resigned from the army.

Commemorate Titanic Hero

London, April 13.—The second anniversary of the loss of the Titanic, Tuesday, has been fixed for the formal opening of the Cloister, built at Godalming, in memory of her heroic wireless operator, "Jack" Phillips, who was a native of Godalming. The Cloister stands near the parish church and cost \$3,500.

Archbishop Prichest, who recently received an audience of the pope, and Archbishop Carr, of Melbourne, are named as the most likely recipients of the honor of cardinal.

Anzelo Sarto, the brother of Pope Pius, has abandoned his duties as postman for two weeks in order to spend them with the pontiff.

John Edgescombe, Walkerville, Ont., the oldest librarian in years of service is dead, aged seventy-seven. At Lethbridge, Alta., seeding operations have commenced.

THE GRAND OLD MAN OF ENGINEERING

Sir Sandford Fleming, Sole Survivor of Founders of Royal Canadian Institute. Toronto Weekly Star. In 1861 a little band of eighteen, surveyors and architects living in Toronto assembled and joined themselves into a society for the encouragement of the physical sciences, art and manufactures, and more particularly for promoting the acquisition of those branches of knowledge which are connected with the three professions named.

CHICKENS MADE HEAVY

Starve Them, Then Feed Them Sand to Add Weight. New York, April 13.—The Humane Society has appealed to U.S. District Attorney Marshall, and the department of agriculture at Washington to put a stop to "sanding" and "overcrowing" of live poultry.

The Greater New York Live Poultry Dealers' Protective association says chickens are starved for a day or more before the consignments arrive in Jersey City, and then fed on a paste composed of grain, pebbles and finely crushed stone.

This, it is said, often adds four ounces to a four-pound chicken, and results in large profits. It is said that from 10,000 to 30,000 pounds of sand is thus sold to consumers here each week at fancy prices.

The United States attorney is planning to bring both civil and criminal prosecutions.

WORK ON MANITOBA LAND

Will Begin the First of This Week After Broken Weather. Winnipeg, Man., April 13.—After several weeks of broken weather since the snow went away, farmers of Manitoba are busy cleaning up their seed grain, expecting an early spring. There were much warmer days this week, but the nights were cold.

If nothing unexpected happens, work on the land should begin about Tuesday. There will be smaller acreage in wheat this year on account of the early freeze-up last fall, causing a lot of plowing to be left over for the spring. Unless the weather is exceptionally favorable for spring work, more land will have to be left for course grain or summer fallow.

Wild geese and duck are coming over in considerable numbers, but no spring birds are to be seen.

Law-Breakers Fined

Belleville, April 13.—At the village of Coe Hill Magistrate Jarman tried a number of cases of infractions of the liquor act in a local option district. Ten or twelve men were summoned for being drunk, for selling or for allowing liquor to be sold on their premises. As a result nearly \$200 in fines were imposed.

You will never regret using White Rose flour.

LAW SHOULD STOP SALE OF ELASTIC AND SPRING TRUSSES

Such Misery-Causing Makenhite Are the Raptured Man's Worst Enemies. Instantly and automatically protects you against every strain, so your rupture can't possibly come out.

And in addition to constant holding—without which you can never get well or even get better—this truss holds the bone can't knit unless constantly held together. In addition to that the Clute Truss provides the only way ever discovered for overcoming the weakness which is the cause of rupture.

Just how it does this—entirely automatically—is explained in the free book which the coupon below will bring you.

Will Save You From Operation. The Clute Truss has such a remarkably strengthening and beneficial effect that it has completely cured hundreds and hundreds of people whose cases seemed almost hopeless.

It has so thoroughly proved its merits that many physicians in all parts of the country now recommend it instead of advising operation.

No Hets—No Springs—No Springs. Does away entirely with the cause of pain, leg-cramps, and sprains. People say it is as comfortable as your clothing. It is water-proof—will hold in the bath. Also perspiration-proof and easily kept clean.

Get World's Greatest Rupture Book. There are so many wrong ideas about rupture that we have taken the time to sum up in a book all we have learned during forty years of experience.

This remarkable book—cloth-bound, 55 pages—is full of facts never before put in print.

It shows why depending on elastic or spring trusses is about the worst thing you can do.

It exposes the humbug "appliances," "methods," "plasters," etc.

It explains the dangers of operation. And shows you why, if you manage to live through it, you may have to keep on wearing a truss.

And it tells all about the famous Clute's Automatic Massaging Truss—how simple it is—how it ends constant expense—how you can test it on sixty days' trial without having to risk a penny, and how little it costs if you keep it.

Also gives voluntary endorsements from over 5,000 benefited and cured people.

The minute it takes to write for this book may make a big difference in the rest of your life. Don't fail to get it—just use the coupon or simply say in a letter or postal "Send me your book."

AN HEIRESS MYSTERY

IS SAID TO BE NEAR A SOLUTION. Detective Says Dorothy Arnold was in Pittsburg Doctor's Maternity Hospital, and is Now Dying.

Pittsburg, Pa., April 13.—"Dorothy Arnold, the missing New York heiress, came to Pittsburg soon after her disappearance in 1910, and became a patient at Dr. C. C. Meredith's private maternity hospital at Bellevue, known as the 'house of mystery.' Miss Arnold never recovered from her illness, and is dying at her home in New York, where she has been for the last four months."

That was the positive declaration on Saturday of District Attorney R. H. Jackson, who, with Chief of Detectives, E. E. Clark, and a force of sleuths is prosecuting the case against Meredith and his associates, who are slated for hearing Tuesday afternoon on charges of malpractice and larceny. He would not say upon what he based his assertion.

Dr. H. E. Lutz, chief informant, against Meredith, said that many women—possibly a score—have been traced to Meredith's institution and there lost to their tracers. The district attorney hinted that the case of Meredith has now resolved itself into the question of "how many?"

A New York Denial. New York, April 13.—At the Arnold home here it was denied that Dorothy was there, as alleged by the district attorney at Pittsburg. Her father, Francis R. Arnold, reiterated his belief that his daughter is dead.

He invited reporters to accompany him to his home for yourself," Arnold said. "You may look over my home and question the servants as to whether my daughter has ever been there since her disappearance."

The reporters searched and found nothing.

Tugboat Sinks, Crew Safe. St. John, N.B., April 13.—The tugboat, Edward P., owned by the Partridge Pulp and Paper company, sank in Reversing Falls Saturday. Captain Jarvis and his two men got ashore in a small boat after a thrilling time in the eddys.

Building Healthy, Happy Youngsters. Thoughtful parents are finding out that a child's strongest hold on future success and usefulness is a strong body and healthy brain. Body and nerve tissue, as well as brain cells, are formed from the food one eats. It is clear, then, that to feed right generally means to be right.

Grape-Nuts FOOD

is made of selected wheat and malted barley, and contains all the rich nutriment of these greatest food grains, including the vital mineral salts (Phosphate of Potash, etc.) in just the right proportion, as grown in the grain.

When Grape-Nuts is selected, the greatest building food in the world is put to work, and the various parts of the body—bones, muscles, nerves and brain—can take up the particular kind of nourishment that each requires.

Grape-Nuts is an ideal food. It is scientifically baked, easy of digestion, and comes ready to eat direct from the tightly sealed package—fresh and crisp.

Children like the delicious flavour and thrive on Grape-Nuts.
