EDISON DOESN'T LIKE WAR

He Says That the Mexicans Ought to Behave Themselves. West Orange, N.J., April 22.—It is too bad those Mexicans don't know how to conduct themselves and haven't respect for a superior nation and its honor," said Thomas A. Edison in his laboratory here this afternoon. "Of course, I think it's bad business for a nation to march around with a chip on its shoulder during the other fellows to knock it off and I would be inclined to let my pride suffer a little before I would plunge our country into war. Why, I wouldn't sacrifice the life of one brave American lad for all the gold there is in Mexico." Mr. Edison also said that he believed that the United States should repeal the tolls clause in the Panama canal controversy. "The earlier administration probably made a mistake," he added, "and our word should be considered binding—just as good as a government bond. We cannot expect to win profits out of all bargains and, if a mistake was made in that treaty let us take our medicine like men."

Why that Corn?

Why that pain, when Blue-jay would stop it instantly? Why have a corn, when Blue-jay would remove it in two days? Why that discomfort, when millions of people could tell you a way to get rid of it? These are the facts: Blue-jay is applied in a jiffy. And from that instant all pain is stopped. Then, while you work or sleep or play, Blue-jay undermines the corn. In two days you can lift it out, without any pain or soreness. Think how easy, how simple. While you pare corns, or doctor them in other petty ways, Blue-jay is taking out a million corns a month. It is simply folly, in these modern days, to suffer from a corn. A single test will prove this.

NEARLY IN CONVULSIONS

With Acute Indigestion. "Fruit-a-lives" Cured Me.

NEWBURY, ONT., MAY 29th, 1913. "I am not a strenuous user of medicines or patent medicines, but I have taken nearly everything recommended for Indigestion and Constipation. I have been so bad with Acute Indigestion that I was nearly in convulsions and had to be held. I have used "Fruit-a-lives" and I have not had another attack nor suffered at all with indigestion since taking them. "Fruit-a-lives" is the only remedy I ever used that did me any good, and I am grateful to "Fruit-a-lives" for making me as well as I am today, and everyone agrees that I look in first-class health. My husband likes "Fruit-a-lives" very much and they themselves recommend he has occasion to use a remedy for Constipation." Mrs. D. McRAE. "Fruit-a-lives" are sold by all dealers at a box, 6 for \$2.50, trial size, 25c, or will be sent to any address on receipt of price by "Fruit-a-lives" Limited, Ottawa.

Sees Menace In White Bread

The eminent scientist—Prof. Le Tulle, of Paris, recently made a remarkable statement regarding food conditions in France. It is even more applicable to this country—he said:

"France has changed an essential of her nourishment. White bread is made more and more starchy, and is less and less nourishing. The rich products which are extracted go to feed the pigs. The baker now utilizes only fifty per cent. of the wheat elements, whereas fifty years ago he utilized eighty-five per cent.

The "rich products" referred to, which are "extracted" from wheat, are the mineral element—phosphate of potash, iron, sodium, etc. These elements are absolutely essential to proper nutrition of body, nerves and brain, yet they are nearly all thrown out by millers just to make the flour look white and pretty!

The lack of these invaluable phosphates is one of the chief causes of nervous prostration, dullness, languor, constipation and other ills—big and little. In the making of

Grape-Nuts

all the "rich products" of wheat and barley, from which the food is made, are retained.

A regular ration of Grape-Nuts is not only a delicious part of the meal, but admirably supplies the mineral salts which the ordinary diet often lacks.
