"I didn't know I needed an Elevator until I saw this Book." THAT'S what a merchant said in our office recently. We had just sold him an Elevator for use in his small, but growing factory in a little town in Western Ontario. He is enthusiastic over the economies he has been enabled to effect through the installation of a small hand-power Elevator costing but \$70.00. He has discovered the secret of efficiency in handling goods and filling orders. He has learned how to cut out unprofitable methods and reduce the cost of labor by eliminating waste time and needless effort. Perhaps you may find in this Book the solution of your most difficult problem. Isn't it worth writing for? OTIS-FENSOM ELEVATOR COMPANY LIMITED 50 BAY ST., TORONTO
