FEAR OF BAPTISM FATAL
Kills Girl on Day Set for Sacrament.
Pittsfield, Mass., May 6.—Miss Grace MacArthur, fifteen years old, died suddenly a few minutes before she was to have been baptized in the Pilgrim Memorial Congregational church. Miss MacArthur, who was dressed to go to the church, was nervous over the approaching sacrament. She complained of darkness, became unconscious and died before a physician arrived at her father's house. Her death was caused by a hemorrhage of the brain, due to excitement.
Iroquois Hotel Changes Name.
The Iroquois hotel, which has borne that name for some twenty odd years, is now going to have another change in name. It will henceforth be known as the "Prince George." This hotel is one of the oldest in the limestone city and previous to Con. Millan's period of occupation it was known as the Stanley House. Mr. Millan, renamed it the Iroquois. The present proprietor, J. M. Theriault, has had the hotel under his management for almost four years. Alterations and improvements owing to increased business prompts the present proprietor to withdraw the old Indian name and take a more modern one.
His Life to Save Hired Man
Danville, Que., May 6.—Joseph Frechette of St. George de Windsor met his death while trying to save his hired man from the dwelling house which was on fire. Frechette saved his wife and daughter, and thinking his man had not escaped went back into the building and was overcome by the smoke. After the fire was subdued the charred remains were found in the ruins. The man whom Frechette went to rescue escaped by jumping from a window.

ATTACK ON DR. SEATH.
Former Principal of Almonte Issues Another Statement.
R. S. Jenkins, former principal of the high school at Almonte, has issued another statement, in which he says:
"The Ontario department of education has sunk so low that a teacher, no matter what may be his standing or length of service, may at any time have his certificate cancelled, and his means of livelihood taken from him at the whim of an official such as Mr. Seath. The letters bear strong testimony against him. A high school principal says: 'It is a well-known fact that any teacher who offends Mr. Seath will have to give up teaching.'"
MARKET HOUSE CLEANED
Firemen Were Put On the Job On Wednesday.
No, there was no fire in the market house on Wednesday morning. True, Chief Armstrong and a couple of his firemen were on the job, but they were there for the purpose of giving the building a cleaning, and after they had used the hose on the floor and walls for a time it worked wonders. The building was in a very unsanitary condition, and needed the housecleaning it received all right.
CHILD MAY DIE.
As Result of Falling Into Pail of Boiling Water.

Why Advertised Goods are Better.
A manufacturer who spends a great sum of money in making his trademark known is building for the future. That trademark is valuable to him only so long as he makes good. His investment in good will pays him dividends only so long as he retains that good will. He has set a high mark and must live up to it. Manufacturers are turning to-day to the daily newspapers for their advertising campaigns, because they find that through them the "Good Will" they value so highly can be built up at less expense to themselves than in any other way.
Must Pay for Cattle
Toronto, May 6.—Judge Coatsworth has awarded H. A. Jirins \$240.10 in his suit to recover \$272.50 from the C.P.R. for stock killed and injured. The car was loaded at Tweed to be sent to Pickering. The engine bumped into the car with such force on the siding at Tweed that a cow valued at \$100 and two head of cattle valued at \$75 were killed and a cow worth \$37.50 was injured.

MINISTERS TO BE ASKED TO ANNOUNCE THE CLEANING-UP CAMPAIGN FROM THE PULPITS — COMMITTEE MAKES FURTHER PREPARATIONS.
There was, at the city buildings, last evening an enthusiastic meeting of the "Cleaning-up Day" committee. The aim of this committee is to teach the citizens of Kingston to clean their yards and cellars every spring while the inside house-cleaning is going on. The committee wants the people of Kingston to get the habit of making the city as clean and as spick and span as it is possible to make it.
There were present at the meeting Mayor Shaw (chairman), Dr. W. W. Sands, T. F. Harrison, Dr. A. P. Chown, Ald. R. D. Sutherland, J. M. Farrell, Ald. H. W. the armstrong, J. M. Baxter, and Fire Chief Armstrong.
Ald. Sutherland started a discussion by his suggestion to appoint a man who would periodically go over the city picking up all the waste paper. This paper could be sold to a local firm for four dollars a ton. After a great deal of talk, this matter was set aside for the present.
Ald. Sutherland then moved that "the citizens be requested to have their yards and cellars all cleaned up on May 14th, 15th and 16th. This motion was carried, after which it was decided that it would be useless to try and hire carters to move the refuse (excluding the city's own) from the houses in the city on the appropriation of one hundred dollars.
Dr. Chown suggested that the hundred dollars be used for advertising purposes. On this topic, Chief Armstrong informed the committee that the circular his department had recently issued, cost \$2.50 a thousand for distribution. There were 4,500 issued.
Ald. Newman moved that circulars prepared by the mayor and the city clerk, be printed and distributed by no later than next Monday.
Chief Armstrong said that there were three places that the city owned which papers might be burned, but only one place, namely the Bagot street dump, where refuse could be carted to.
Ald. Harrison moved that the location of the dumping ground be left to the mayor and fire chief, who, with the help of the city engineer, would sub-divide the city and show the people which of them was most convenient.
Chief Armstrong said that by "doubling up" he could be able to let the committee have three men on the day most convenient for it.
Ald. Sutherland suggested that the names of any one having papers to be removed be left at the police station.
It was decided finally that three men be appointed to have full control of the dumps on those days that the citizens be requested to see that no more tin cans be allowed on the roads that the citizens be asked to announce from the pulpits the object of "Clean-up Day," and that the Sunday-school superintendents tell the children. Mr. Farrell will make arrangements that the school children are instructed.
Ald. Harrison moved, seconded by Dr. Chown, that the civic finance committee be asked for \$100 for general expenses for "Cleaning-up Day." This was carried.
Every citizen should work hard and see that Kingston is cleaned up on these days.
Mayor Shaw requests citizens to remember the date Thursday, Friday and Saturday of next week, and clean up Kingston so that later it will not be necessary to "saw the fly."
ARCHDEACON CAREY SEEKS
Street Scrapings for Lots — Addressed Board of Works.
Archdeacon Carey paid a visit to the Board of Works meeting on Tuesday afternoon, and addressed the members with reference to being supplied with street scrapings to fill in lots he had purchased on Alice street when the snow was deep, and which, when earth's white mantle had disappeared, were found to be far below the level of the roadway. The archdeacon laughed, he told the board of how he had been deceived by the snow. However, he wanted a fair share of the street scrapings of the district. He had been a taxpayer in Kingston for thirty-seven years, and thought he had prior claims as compared to some residents who were getting scrapings. Some professors out that way had been getting more than their share, he thought.
The archdeacon put it up to the chairman if the city should not first see that the sidewalk and private property between the sidewalk and private property. The chairman replied that the scrapings were carted on the shortest haul possible, and that was likely why other persons were getting them.
The archdeacon, however, did not "take the cost" on that argument. "But why is it," he asked, "that they have actually been carting the scrapings over my property?"
That was a poser for the chairman, who sent the archdeacon away happy when he told him that on the morning he and the city engineer would pay a visit to the place and see what could be done for him.
Put Pickering in Bass Lake.
