

Mother's Day, Sunday May 10

It is a wonderful thing, a mother. Other folks can love you, but only your mother understands. She works for you, looks after you, loves you, forgives you anything you may do, understands you; and then the only thing bad she ever does to you is to die and leave you.

Suitable gifts and books have been specially prepared for this occasion.

To My Mother, bound in green suede, price, \$1.25.

Glorious Mother Mine, in vellum, 50c.

Also pictures and cards for mother, for sale at

R. UGLOW & CO. 141 Princess Street

ALLAN M. REID

CONTRACT IS AWARDED

FOR IMPROVEMENTS TO THE MARKET BUILDING

Elliott Bros' Tender of \$1,270 Was Lowest—City Property Committee Already Preparing for Next Winter's Public Rinks

At a meeting of the City Property Committee held on Wednesday afternoon the tender of Elliott Bros. of \$1,270, for the improvements to the market building was accepted, being lowest. At a recent meeting, when the tenders were opened, it was found that the cost was somewhat more than was expected, so it was decided to ask W. Newlands, the architect, to make some changes in the plans which he did, thereby lowering the cost by \$145.

Ald. Harrison, the chairman of the committee, reported that he had rented some of the horse stalls at the fair grounds.

He also reported that nothing had been done in connection with securing a suitable place for an isolation hospital. It is very difficult to get a suitable location near the city. Ald. Harrison stated that he had taken the matter up with the medical health officer.

The city auditor reported that there were extras on the contract for the heating of the city buildings amounting to \$344.66 more than the appropriation.

The request of R. H. Treener, secretary of the Bethel Sunday school baseball team, for the use of fair grounds diamond for practice purposes, was granted.

The committee decided to ask the finance committee to provide funds for the care of the bathing houses near the Grove Inn, which were built last summer.

T. F. Harrison brought to the attention of the committee the need of having some definite plan in connection with the public skating rinks for the children, next winter. Last winter there was some difficulty in flooding the rinks on account of the long distance which the hose had to run.

In one case it had to be run across the street car track. Pipes should be laid so that the hose could be attached. The matter was left in the hands of the chairman, Ald. White, the chairman of the Parks committee, and the city engineer, with power to act.

It was decided to ask the City Council to appropriate certain lots in the vicinity of Frontenac school for a park.

Those present at the meeting were Ald. Harrison (chairman), Alds. White, Gillespie and McCann.

THE LATE ADMIRAL STOKES

Letter Setting Forth Good Qualities of Deceased.

W. R. Field, writing in the Toronto Star, says:

"I noticed with regret the announcement of the death of the late Admiral Stokes, I having served thirty-four years under him on H.M.S. Eclipse in China.

"He was a father to his men and was loved and honored by them. One thing he did when he became commodore of Hong Kong dockyards and prison was to abolish the inhuman punishment meted out to the prisoners on the prison ship, namely 'The Lamer.' Every morning the prisoners would march around the deck for one hour in 100 degrees in the shade, with their heads bent down. If anyone was caught looking up or to one side, or speaking, it was bread and water and dark cells.

"Admiral Stokes had this altered so that the prisoners could walk with leisure and look where they liked. His wife also was loved and honored by the sailors, and to her some of the credit is due for the reform of the punishment for sailors in China stations."

"The sailors have now lost one of the kindest men known among them."

THE CADET CORPS CAMP.

Major G. H. Gillespie is Making All Arrangements.

It is expected that about three hundred cadets, representing the cadet corps of the city, will attend the 3rd divisional area camp at Barfield Heights during the second week in July. This camp promises to be the largest and best managed cadet camp ever held here.

Major G. H. Gillespie, organizer of the 3rd divisional area, is making an inspection of numbers of corps during the present week for the purpose of bringing the matter of the camp before the boys. On Wednesday he was at Newburgh, Camden East, Yarker and Odessa and brought the matter before the four corps.

The boys of the city who have enlisted are taking a keen interest in the training they are receiving. A large number of them are pleased with the rifle practice at the armories during the evenings and on Saturday mornings. Unless something unforeseen happens there appears to be no doubt that Kingston will have more than one cadet representative on the Bisley team which shoots each year in England.

Not Place to Discuss Issues

Rev. T. J. Thompson, of the Globe Presbyterian church, Toronto, with several other clergymen, left the presbytery meeting as a protest against the question of single tax being discussed at the gathering. Mr. Thompson, when seen after the meeting, stated he was most decidedly opposed to such questions as single tax, woman suffrage, mechanical filtration, etc., coming into the business of the church, and stated the church had other things to do besides discussing these questions.

Aluminum is being used in a great variety of ways nowadays but among the latest users are the Salsola Tea Co., who are now making their well-known packets from thin sheets of this metal. It has been found to preserve the freshness of the tea leaves better even than lead.

White Rose flour for all purposes.

CITY AND VICINITY.

Married in Ogdensburg, N.Y.

Harold Rutter, Kingston, Ont., and Lillian Beatrice Norris, Prescott, Ont., were united in marriage at the Methodist parsonage at Ogdensburg, N.Y., on May 4th, by Rev. I. E. Wilds.

Very Fine Workmanship.

Smith Bros., jewellers, have just received the gold and silver medals to be given to the successful graduates in the Kingston School of Nursing at the general hospital. They are very handsome and are gifts of the Dominion and Ontario members of parliament.

Made a Good Sale.

To show that money in Kingston is not as hard to get as is popularly believed a local dealer told the Whig that just a few minutes before he had sold three lots in Battleford, Sask., for over \$1,100 cash to a man who wanted a good speculation.

Laying Off the Staff.

The C.P.R. is now laying off nearly all of their staff on the new line—the C.L.O. & W. railway. This railway has been under construction since May, 1913, and is considered a record for the time taken. Mr. McGaan, of Belleville, has been promoted to division engineer, and has now control of all work from Glen Tay to Agincourt.

Quite an Oddity.

An oddity was seen on Thursday morning as the C.P.R. train pulled in shortly after eight o'clock. One of the passengers presented a strange sight as he stepped from the train, dressed in a peculiar garb. On his head he wore a straw hat emblematic of summer and on his feet, were heavy rubber gaiters and woolen socks rolled up over his trouser legs.

Permanent Walk Needed.

There is need for a cinder path or cement walk through the City Park, from Wellington street to Park avenue, where it meets the cement walk across the cricket field to Deacon street. At present there is simply a mud path, across the rainy weather, in the spring and fall, it is not passable. The path is one of the most extensively used of any of the routes through the park. The Parks committee should see that the walk is laid at once.

Stopped Runaway Horse

J. Roberts, a carter, is getting a reputation for stopping runaway horses. The second he has caught this week was a horse belonging to D. Campbell. The horse was standing near the corner of Bagot and Ordnance streets when it suddenly took fright at a passing street car. Mr. Roberts was on Montreal street when he saw the horse coming at a fast gait up the hill. Though the horse took a sudden turn towards him he jumped in such a way as to get a strong hold on the horse's bridle.

It was a very dangerous thing for him to do and many people remarked afterwards that very few people would have nerve enough to do what Mr. Roberts did.

St. Luke's Laymen's Mission Meeting

St. Luke's Laymen's Missionary Society met on Wednesday evening. An excellent and good attendance of the young men of the congregation was present and took a deep interest in an address given by Frederick Welch, who enlightened them upon the work being done by the secretary of the missionary movement. The president, W. J. Saunders, M.A., afterwards gave a very instructive and interesting talk on any work. A sociable evening was enjoyed by the members. Violin solos were given by Mr. Dudley. Light refreshments were served, after which the society adjourned, not to meet again until the second week in October.

"Within the Law."

As the attraction at the Grand Opera House on Tuesday, May 12th, Selwyn and company will present Bayard Veiller's thrilling new American drama, "Within the Law," of which local theatregoers have heard and read a great deal recently because of the sensational success scored by this play in New York, Chicago, London, Eng., Toronto, Buffalo, Montreal and all of the larger American cities in which it was labelled by the critics as the "real dramatic triumph of the year." Its local engagement will bring here an acting organization of real strength, while the elaborate scenic adornment of "Within the Law," amply maintains the high standard of artistic excellence of Selwyn and company, "the producers."

CAUSE AND EFFECT

Good Digestion Follows Right Food.

Indigestion and the attendant discomforts of mind and body are certain to follow continued use of improper food.

Those who are still young and robust are likely to overlook the fact that, as drooping water will wear a stone away alike, so will the use of heavy, greasy, rich food, finally cause loss of appetite and indigestion.

Fortunately many are thoughtful enough to study themselves and note the principle of cause and effect in their daily food. A young woman writes her experience thus:

"Some time ago I had a lot of trouble from indigestion, caused by too rich food. I got so I was unable to digest scarcely anything, and medicines seemed useless.

"A friend advised me to try Grape-Nuts food, praising it highly and as a last resort I tried it. I am thankful to say that Grape-Nuts not only relieved me of my trouble, but built me up and strengthened my digestive organs, so that I can now eat anything I desire. But I stick to Grape-Nuts."

Name given by Canadian Postum Co., Windsor, Ont. Read "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

SIXTY YEARS MARRIED

MR. AND MRS. J. W. HENSTRIDGE OF PORTSMOUTH

Celebrated Their Diamond Jubilee Wedding Anniversary on Thursday the 7th of May.

The sixtieth anniversary of the wedding of J.W. and Mrs. Henstridge, Portsmouth, took place on Thursday, May 7th. Mr. and Mrs. Henstridge were born in London, Eng., January 1832 and married in 1854. In 1855 they came to Canada and have resided nearly all the time in Frontenac county where Mr. Henstridge taught school for thirty-five years, being principal at Portsmouth, eighteen years. He was secretary-treasurer of the County Teachers' association for over twenty years. On giving up teaching he was elected trustee, and was eight years chairman of the board, and resigned to become village clerk, a position he still holds as well as the trusteeship.

Mr. and Mrs. Henstridge are members of St. John's church, Mr. Henstridge being the vestry clerk. The old couple have quite a number of descendants living—six children, sixteen grandchildren, fifteen great-grandchildren, "sprinkled over the continent."

Their many friends in Portsmouth and Kingston unite in wishing this aged and worthy couple many more years of happy life.

Representatives to Board.

At the mid-week service held on Wednesday evening, the following were elected as society representatives to the quarterly board of Sydenham Street Methodist church: Percy B. Chown, H. E. Flynn, F. R. Anglin, R. H. Ward, S. R. Bailey, Dr. A. E. Knapp, John Ashley, R. G. Andrews, Douglas G. Chown and H. E. Pense.

St. Luke's Guild Elected Officers.

St. Luke's Guild of St. Luke's church met, on Wednesday evening, and elected these officers: Supervisors, Mrs. John Scrivens and Mrs. William Carroll; president, Miss B. Wiltshire; vice-president, Miss Constance Fornari; secretary-treasurer, Miss Nellie Scrivens.

Weather Notes.

An area of high pressure covers the western and north western portion of the continent while a shallow depression is situated in Wisconsin. A few scattered showers have occurred in Ontario, and rain has fallen heavily in eastern Nova Scotia.

Dr. J. P. Sweeney, practising about four years, has bought the property of Dr. McPhee, and will practise in Arranprie.

Eliminate kitchen worries, use White Rose flour.

W. W. Allison has accepted the Boys' secretaryship of the Belleville Y. M. C. A.
