FOR COMMENCEMENT WEEK AT WEST POINT.

This lovely white frock has been added to a spring wardrobe with West Point in view. The skirt is of broadened Egyptian crepe, looped up at the back by a sash. The bodice of white nocturne satin is appliqued with pale lavender roses and the lavender shade is deepened in a corsage flower of purple. day and Saturday of last week. James and Maggie Leeman are at M. J. O'Neill's. Michael O'Neill is at Kirkpatrick's and William Kirkpatrick at James Moulton's.
A Wedding at Plevna
Plevna, May 15.—On Wednesday, May 13th, a pretty wedding was solemnized in Holy Trinity church, which was prettily decorated for the occasion, when Judd Tooley, eldest son of Mr. and Mrs. Luther Tooley, and Miss Louise Lemke, eldest daughter of Mr. and Mrs. Julius Lemke, all of Plevna, were united in marriage by Rev. Mr. Pringle, in the presence of a large congregation. The bride entered the church leaning on the arm of her father, to the strains of Mendelssohn's wedding march, played by Mrs. G. Oster. The bride wore a pretty suit of navy blue serge, with waist to match, and a white hat. She was assisted by her sister, Augusta, who wore a navy blue suit and white hat, while John Tooley, brother of the groom, acted as best man. During the signing of the register the congregation sang "The Voice That Breathed O'er Eden." After the ceremony about seventy-five guests repaired to the home of the bride's parents, where a reception was held, and a dainty lunch partaken of. In the evening a goodly number of young people associates of the bride and groom gathered and held a dance. At midnight lunch was served and shortly after the guests left for their homes, all wishing Mr. and Mrs. Tooley a long and happy life. The number of both handsome and useful presents received showed the high esteem in which the young couple are held. The bride and groom will reside on the Mountain.

At Bedford Mills
Bedford Mills, May 15.—One evening of the past week the young people of this vicinity were entertained right royally at the residence of Mr. and Mrs. James Foley. They gathered in large numbers from Westport, Chaffey's Locks and the neighbouring vicinity to celebrate Mrs. Foley's birthday. Dancing was the main amusement of the evening and the music was rendered in splendid style by the orchestra. At the close of the evening's entertainment, the merry makers wished Mrs. Foley many happy returns of the day, and all agreed that it was the best time that has been afforded them in a long time. Seeding is the order of the day. The employees of the C.N.R. are busy keeping the big trestle in good condition. This system is a great boon to the people of this vicinity. A gentleman passed through here buying pulp wood for the manufacture of paper. The rural telephone company are getting the poles up, and it is expected that all will be completed within a month. Miss Eliza O'Neill, Elgin, spent the week-end with her father, M. J. O'Neill. The Misses Margaret Moulton and Kay Enlow are visiting at Kirkpatrick's. Miss Anna O'Neill and Miss Nina Murphy visited with friends in Westport on Friday.

NOT "TIRED" OF FAIRS
No Fewer Than Four in Germany This Year.
Berlin, May 19.—When the semi-official German Exhibitions Commission frowned upon the San Francisco exposition and opposed German participation in it, one of its main alleged arguments was that Germany was "exhausted, tired." Germany herself, nevertheless, is breaking all records this year by holding no fewer than four big exhibitions, at least three of which have appealed for international participation. The Book Industry and Graphic Arts exhibition at Leipzig opened on May 6th. The German Arts and Crafts exhibition at Cologne opened yesterday. An electrical exhibition dealing with everything in the realm of applied electricity, including numerous foreign displays, will open its gates at Frankfurt-on-Main in June, and during July and August an exhibition called "Gas," dealing with electricity's great rival in the field of illumination and heating, will be held in Munich. Foreign exhibitors will be prominently represented at Munich. All these enterprises enjoy the support and backing of this exposition's direct government department at Berlin which boycotted the Panama-Pacific fair.

TOUCHED LIVE WIRE
Youth Had a Narrow Escape From Death.
Kingsville, Ont., May 17.—A young son of H. Govers had a narrow escape from death when his hand came in contact with a live wire which passed through a tree he was climbing on Main street. The wire carried 2,200 volts, and the shock made the child lose his hold and fall. The branches of the tree, however, broke his fall and he alighted on the pavement practically uninjured except from a bad burn on his hand where the wire had touched it.
