Stomach Troubles

Due to Acidity

SO SAYS EMINENT SPECIALIST

So-called stomach troubles, such as indigestion, wind, stomach-ache and inability to retain food are in probably nine cases out of ten simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural and acid formation is not only unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid, and such and to neutralize the acid, and render it bland and harmless, a teaspoonful of bisulphate of magnesia, probably the best and most effective corrector of acid stomach known should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper corrector, such as bisulphate of magnesia, which can be obtained from any druggist and thus enable the stomach to digest its work properly without being hindered by poisonous gas and dangerous acids.—M. F. F.

Why Pay High Prices?

I Will Give You FIRST CLASS GOODS The Style and Fitting will be Faultless The Finish and Workmanship will be perfect. The price will be from \$2.00 to \$7.00 LOWER than you have been paying

COMPLETELY CURED OF DYSPEPSIA

By Na-Dru-Co Dyspepsia Tablets

We are continually hearing from grateful people who have had experiences like that of Miss Alice E. Cooper, of Niagara Falls, Ont., who writes: "I wish to express my gratitude to you for the benefit I received from your most wonderful Dyspepsia Tablets. Having taken other medicines without having received the slightest relief, I heard of your Na-Dru-Co Dyspepsia Tablets and thought I would give them a trial. I have been completely cured of dyspepsia. I will be only too pleased to advise any one troubled with dyspepsia to give them a fair trial."

Na-Dru-Co Dyspepsia Tablets not only give the immediate relief from heartburn, flatulence, acidity of the stomach and biliousness, which is so much needed, but if taken regularly for a few days or weeks they completely cure the most aggravated cases of stomach trouble. When for 50c. you can get a box from your druggist, why go on suffering? National Drug and Chemical Co. of Canada, Limited, Montreal.

EXCITEMENT REIGNED

AT THE METHODIST DISTRICT MEETING, THURSDAY.

When Verona Pastor Tendered the Amount Owed by His Congregation to the Superannuation Fund.

Excitement reigned high for a time at the afternoon session of the Methodist district meeting held in St. Andrew's street Methodist church on Thursday. The excitement arose in connection with a statement which was made while Rev. John Webster was presenting his report in connection with the superannuation fund. When the gathering was informed that there was \$67, owing by the Verona charge towards this fund the fun started. Rev. Mr. Bell made a statement to the effect that he believed Rev. Mr. Crane, former pastor at the Verona charge, and Rev. Mr. Perley, the present minister, should pay the amount. Other members of the conference claimed that such a statement was unavailing for. After a few minutes' hesitation Mr. Perley took the required amount from his pocket and placed it in the hands of the financial secretary. When Mr. Perley made this move there was a regular "blow-up," which resulted in a resolution being moved that the sum be handed back to Mr. Perley. The required sum will be made up at an early date by some other means.

The reports of the different committees were presented. Rev. J. A. Waddell, superintendent of the Sunday school work of the district, reported very good work done during the year. He reported an increase in adult and home departments of the church. The teachers' training course had almost doubled in numbers. He also reported that only five of twenty of the schools were teaching the catechism. The givings of the missionary departments had increased by a small sum. A resolution of appreciation was moved to Mr. Waddell for his efficient work during the year.

Mr. Waddell was elected as church delegate for Sunday school department and T. F. Harrison as lay delegate for the district to the Methodist conference.

Mrs. William Craig, presented the report of the Woman's Missionary society in the absence of Mrs. M. Taylor, of Gananoque. A note of warning was sounded through the ranks on March 1st, when it was found that there was a deficit of \$5,000. The deficit was found in the income of seven out of eleven branches, but the ladies are pleased to note that the income of the Kingston branch, when the treasurer closed her books on May 10th exceeded that of last year by \$1,200, and all returns were not sent in that time.

The following committees were appointed:

Class leaders—C. J. Curtis and A. B. Cowan.

Epworth league—Rev. A. Waddell and Dr. C. C. Nash.

Sustentation fund—Rev. G. I. Campbell and Elmer Davis.

Temperance—Rev. John Webster and Frank R. Anglin.

Memorials—Rev. John Webster and W. J. Crothers.

Sabbath observance—Rev. W. K. Short and Frank L. Anglin, Pittsburg.

Church property—Rev. William Craig and W. H. Mack.

State of work—Rev. Alfred Brown and A. Shaw.

Nominating—F. Tripp and Dr. R. E. Sparks.

Educational—Rev. Dr. E. B. Ryckman and A. Sine.

Sympathetic benevolence—Rev. H. J. Sheridan and T. F. Harrison.

Rev. John Webster, pastor of Brock street church was elected as district delegate to the Montreal conference meeting in June. Rev. G. I. Campbell was elected a reserve delegate to the conference.

A letter received from the Epworth League headquarters told of the conditions which existed in the district at present, and asked that more interest be taken in the work. The communication was handed over to the Epworth League committee for consideration.

The following resolutions were moved and carried, and will be sent on to the conference for consideration:

"Moved by Rev. G. I. Campbell, seconded by Rev. L. M. England, that it be recommended to conference that a minister might be appointed to one charge for the second term."

"Moved by Rev. G. I. Campbell, and seconded by Rev. L. M. England, that the members of district meeting elect the chairman of the district instead of the conference."

A letter received from the Epworth League headquarters told of the conditions which existed in the district at present, and asked that more interest be taken in the work. The communication was handed over to the Epworth League committee for consideration.

DEFAULTER SURRENDERS

Gives Himself Up After Hiding Seven Years.

Garner, Iowa, May 22.—After seven years of hiding in Texas, John H. Standing, defaulting cashier of the First State bank at Corwith, Iowa, walked into the district court here yesterday and pleaded guilty to fifteen indictments charging forgery, which were returned against him in the fall of 1907.

He threw himself on the mercy of the court and last night started for the penitentiary at Fort Madison to begin serving a fifteen-year term.

On the person of a man who looked like a prize hobo and who was living at a ten-cent lodging house, New York police found \$53,000 in bills and bankbooks.

N. D. Carter, Deseronto, became suddenly ill on Saturday, threatened with appendicitis. An operation has not yet been decided upon.

Mrs. J. R. Stainton, Deseronto, fell on Tuesday and broke her arm at the wrist.

TO ARREST W. J. BURNS.

Detective Will be Prosecuted for Work in Atlanta

Atlanta, Ga., May 21.—The special committee of police commissioners probing the work of Burns' detectives on the Phagan murder case have the names of those against whom cases will be made in the police court, according to a decision reached yesterday at a conference between the committee and City Attorney Mason.

Besides W. J. Burns, Dan. Lebon, and C. E. Sears, manager of the Burns agency here, the list includes seven Atlanta men who have been in Burns' employ. The city attorney decided that the evidence is ample to convict Burns and his operatives of violations of the city ordinances regulating private detective agencies.

The penalty for violation is fine or imprisonment or both in the discretion of the court. It is understood that Burns will be arrested when he returns to Atlanta.

The grand jury is also probing the methods of Burns and his agents, and Solicitor Dorney says that indictments will be returned. In addition Burns and Lebon are under charge of contempt of court. Manager Sears yesterday afternoon said the Burns' agency was being unfairly treated and that it was being "railroaded and steam rolled."

Judge Ross, who presided at the Frank trial, and Solicitor Dorney are to be used by Solicitor Dorney in opposing the motion to set aside the verdict in the Frank trial.

The affidavits deal with the absence of Frank from the court when the verdict was rendered. It is understood that the claim is made in the affidavits that Frank's attorneys waived his presence because of "hostile feeling against the prisoner."

DIED IN RIOT OVER GIRL

Jealousy Over Indian Beauty Leads to Slaughter.

Puerto Barrios, Guatemala, May 22.—Jealousy over a beautiful Indian girl led to a race riot in which sixty-four American negro employees of the United Fruit Co. were killed, more than that number wounded and many Indians slain.

The number of Indians dead is uncertain, as the redskins carried off the bodies of their slain.

The death among the blacks is based upon the number of corpses counted, although it is believed many lie in the jungles and were swept off by the river Mantagua.

The arrival of a large force of troops finally quelled the rioting after it had lasted three days.

The trouble started when Mazada, the Indian girl, was mutilated by Christoforo Zurell, owner of a neighboring ranch from that run by Clarence Williams, a New Orleans negro, who shot dice with the girl's father and won her. Williams killed Zurell and one of the men with him, also a half-breed. Then Indians and negroes, both armed and the fighting became furious. More than thirty were slain in one pitched battle.

YOUTH ON STAGE SHOT

William Tell Act May Result Fatal.

Boston, May 22.—While a big audience looked on, frozen with horror, nineteen-year-old Henry Garven, of Lynn, impersonating the son of William Tell, with a potato instead of an apple on his head, was shot through the head on the stage of the Central Square theatre, Lynn, by Mrs. Juanita Griffin, known professionally as Princess Neta.

Applause at the dramatic act, roughly based on Schiller's drama, was just breaking out at the report from the twenty-two calibre rifle used by Mrs. Griffin, when the Garven boy staggered behind the scenes.

He was hurried to a hospital where his recovery is doubtful. Mrs. Griffin was placed under arrest, and, if the boy should die, will be charged, the police say, with manslaughter.

DID THE WORK

Grew Strong on Light Food.

You can't grow strong by merely exercising. You must have food—the kind you can digest and assimilate.

Unless the food you eat is digested it adds to the burden the digestive organs have naturally to carry. This often means a nervous breakdown.

"About a year ago," writes an Eastern lady, "I had quite a serious nervous breakdown, caused, as I believed, by overwork and worry. I also suffered untold misery from dyspepsia."

"First, I gave up my position, then I tried to find a remedy for my troubles, something that would make me well and strong, something to rest my tired stomach and build up my worn-out nerves and brain."

"I tried one kind of medicine after another, but nothing seemed to help me."

"Finally a friend suggested change of food and recommended Grape-Nuts. With little or no faith in it, I tried a package. That was eight months ago and I have never been without it since."

"Grape-Nuts did the work. It helped me grow strong and well. Grape-Nuts put new life into me, built up my whole system and made another woman of me!"

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

THE LABOR BUREAUS

WILL LEGISLATE ON LINES FOR BENEFIT OF WORKERS

Protection From Fraud—Law to Prevent Men Being Duped by Misrepresenting Employment Agencies.

Ottawa, May 21.—Important legislation to deal with the employment question will be introduced by the government at the next session of parliament. Action will be taken by the Canadian government along the lines by which the Imperial government has solved the difficulty in Great Britain. It was for the purpose of studying the methods pursued in England that Hon. T. W. Crothers, minister of labor, visited the old country last year. Since his return he has been in consultation with representative men in the various portions of Canada, and he is convinced, he said in conversation, that he has evolved a scheme adaptable to the needs of this country, and which will be a great boon to employers and workmen alike.

In Great Britain the government has established a number of labor bureaus with a central office in London. All expenses are borne by the government, and Mr. Crothers found they were excellently managed and had proved beneficial. These bureaus supply workers for employers and work for those out of employment.

A system of information is maintained regarding the needs in the various parts of the country and the unemployed are therefore not subjected to misrepresentation of employment agents. Travelling expenses are advanced to those who travel a distance to obtain work and the experience is that 95 per cent of these have kept faith in refunding the expenses.

Mr. Crothers states that the distances in Canada will render it impossible for the government to advance travelling expenses, but he believes that he has arrived at a solution of the difficulty by getting employers to advance the money. The minister of labor has found that to allow persons out of work, especially immigrants, to get into the hands of employment agents, has not been in the best interests of workmen. He found after going carefully into the matter that one employment agent in Montreal had made \$10,000 in three months out of immigrants alone, charging them as high as \$15 and \$16 to get them a job. He has stopped this extortion by compelling agents to take out a government license and there is now a regular system of inspection.

Mr. Crothers intends to establish government bureaus at a number of centres of population. Accurate information regarding labor conditions in the various parts of the country will be available at each office and to these offices those who desire employment will go. Employers also will be able to secure information as to the ability and record of those whom the bureaus will recommend to them.

PREPARING FOR CAMPING

The Tent Lovers Are Already Making Arrangements

The time for camping is now approaching, and preparations are already under way by some parties to pitch their tents, Barker's Point, on the Rideau, which for the past two summers has been almost turned into a village at this particular time of the year, is again going to be an attraction for at least another season. Two or three parties have marked out sites so that when the time comes they will be sure of having a suitable position on this beautiful camping ground. If all reports be true, this coming camping season is going to attract still larger numbers than hitherto.

It has been the practice for the past few years of several Americans to camp further up the Rideau, near Cranberry Lake, and thereabouts, but they have been attracted by this point in close proximity to the city, causing some of them to figure upon choosing spots at this place. These artists like to be in touch with the city, and in summer many of them dwell at Marysville on Wolfe island.

Dr. Nicholas, of New York, who has a beautiful resort on Howe island, is now having his palatial yacht, the Nokomis, fitted up and repaired in Davis' yard. He expects to be in his summer home some time next month, and his houseboat and tug are also awaiting to enter the dock to have some repairs added.

Since and Amherst islands, where other campers spend the summer months, are also having improvements made to the various dwellings before being occupied by the owners.

In addition to the above, scores of other parties are already about, finding out prices for the rent of tents, canoes, etc., and having them reserved for a future date. These parties intend spending a few weeks this summer at Cedar Island, and other points down the St. Lawrence.

CAREFUL COUNSEL

Two old Scotchmen were discussing the domestic unhappiness of a mutual friend. "Aye, aye," said one. "Jamie Thompson has a sair time wi' that wife o' his. They say they're aye quarrelling."

"What else can ye expect?" said the other, scornfully. "The pair reckless creaturs marrit after courtin' for only seven year. Man, he had nae chance to ken the woman in what a short time. When I was courtin' I courted for twenty years!"

An amused listener to this dialogue ventured to ask if this long courtship had insured connubial bliss, whereupon the old Scotchman replied:

"I tell ye I courted for twenty year, and in that time I kent what woman was, and so I didna marry!" Exchange.

Anson Reynolds, Deseronto, well over eighty years of age, suffered a stroke last week, and has been in a precarious condition since.

COWAN'S CIRCUS

Ten Milk Chocolate Animals

10 CENTS

"Get a whole train of them."

"Some time ago I lost my appetite. Some one gave me WRIGLEY'S SPEARMINT."

I've been hungry at meals ever since. I'd give a lot rather than be without it. With all its benefits, its cost is ridiculously low.

The best way to get an appetite is Wrigley's SPEARMINT. It purifies breath—improves teeth and digestion besides.

Be sure it's clean, pure, healthful Wrigley's
