

WHAT WILL HAPPEN NEXT OVER IRISH HOME RULE?

The Amending Bill Is Anxiously Being Awaited

NOTHING WILL DEVELOP UNTIL THIS BILL IS BROUGHT BEFORE THE LORDS.

The Unionist Papers Advise the Antis to Stay From All Conciliation Conferences — The Liberals Maintain a Very Optimistic Attitude.

London, May 26.—Now that the Home Rule bill has passed the commons what will happen? That is the question asked all over the united kingdom this morning as the people scan over the morning papers. Few people of independent mind venture to prophesy anything to-day. The general impression is that nothing will develop seriously any way until after the amending bill has been brought into the lords. Just what that bill will provide, nobody but liberal leaders know. Unionists shake their heads dubiously and say it is like a "mockery-farce-sham," and their newspapers are advising them to stay away from all conciliation conferences. Liberals maintain an optimistic attitude.

Salient Features of Bill.

The Irish home rule bill, which passed the House of Commons for the third time yesterday, and which will become law whether the House of Lords assents or not, contains the following provisions:

A senate of forty members, a house of commons of 164 members.

Irish parliament cannot legislate on peace or war, navy, army or any naval or military force, foreign relations, trade outside Ireland, except certain defined taxation, coinage or legal tender.

It cannot impose any disability or disadvantage on account of religious belief or make any religious belief or religious ceremony a condition of the validity of any marriage.

Temporary restrictions are placed on legislation on land purchase, old age pensions, national insurance, labor exchanges, royal Irish constabulary, post office and other savings banks and friendly societies.

The executive remains invested in the sovereign or in his representative.

Forty-two members still will be sent from Ireland to the House of Commons.

The judicial committee of the privy council to give the final decision as to the constitutional validity of any act passed by the Irish parliament.

The Irish exchequer to defray the cost of the Irish administration except for reserved services mentioned above.

The imperial exchequer to pay an annual sum to the Irish exchequer, starting at \$2,500,000 and eventually, after six years, becoming a permanent payment of \$1,000,000 annually.

People Whipped for Cheers.

Helsingfors, Finland, May 25.—After serving eight months imprisonment for refusing to enforce a law conferring equal rights on Russians with Finlanders in Finland, which passed the duma, but not the Finnish senate, the entire high court of Viborg, consisting of sixteen judges, returned here yesterday.

An immense crowd assembled to welcome the judges and cheered enthusiastically. Mounted gendarmes riding on the sidewalks, used their whips on the people for "unlawful cheering." The judges were confined in the Kresty prison at St. Petersburg.

Elections Made No Change.

Brussels, May 26.—Elections for eighty-eight members of the Chamber of Deputies were held, Sunday, in the provinces of Liege, Limbourg, Hainaut and Eastern Flanders, but no changes were effected in the state of the parties, the clerical majority being still maintained.

DAILY MEMORANDA

City Council, 8 p.m.

See top of page 3, right hand corner for probabilities.

The Orphans Of Merchandising

The public likes to know the percentage of the things for which it is asked to spend its good money.

A name made familiar through advertising carries with it a certain pedigree. It breathes respectability and responsibility.

Dealers find that they are moving with the popular current when they display goods of known make and name.

When those goods have been made known through the columns of their home newspapers the dealers know they are carrying wares that have been introduced to their customers, and that are desired by their customers.

The logic of good merchandising is to give the people what they want.

JOHN REDMOND
Nationalist leader who sees a new and happier Ireland.

KEEP OUT IMMIGRANTS Who Are Not Prepared to Settle on Land.

Ottawa, May 26.—Before getting back to the Canadian Northern debate in the commons this morning, Hon. Dr. Roche said that the government certainly intended to enforce the provisions of the new regulations, and the Hindus now in port of Victoria, B. C., would be kept out unless they could show that they were neither arisans nor laborers. The minister further stated that strict orders had been given to all immigration agents as well as to steamship companies that only immigrants who were prepared to settle on land were to be allowed to come to Canada at present. This refers to those from the United Kingdom also.

Use of Liquors in Navy.

Washington, May 26.—It is said in naval circles with much glee that the anti-wine mess order of the secretary of the navy, which is to take effect on July 1st, after which wine messes aboard ships of the navy must be abolished, under his order, will not go into effect after all. The president, it is asserted, in certain quarters refuses to approve of it.

VOTE MARKS DEATH OF INGLOURIOUS HISTORY

Of Pitt's Union of England and Ireland—John Redmond Sees a Happier Ireland

London, May 26.—John Redmond, the nationalist leader, in a signed statement in the Freeman's Journal says: "To-day's division marks the death, after an inglorious history of 114 years, of the parliamentary union of England and Ireland negotiated by Pitt and Castlereagh. That union, the cause of Ireland's poverty, misery, depopulation and demoralization, the cause of famine, insurrection and bloodshed, and of the disloyalty of the Irish people throughout the whole world, is dead, and its place is to be taken by a new union, founded on mutual respect and good-will between the two islands, and to be followed, I firmly believe, by a history of peace, prosperity and loyalty."

Mr. Redmond continues: "I say, on behalf of the nationalists of Ireland, that we desire the Ulsterites co-operation and friendship, and I appeal to them to join hands with us in making the home settlement one to insure the prosperity of all classes in the country."

CANADA FIVE YEARS AHEAD

Of the United States in Controlling Residential Districts.

Toronto, May 26.—That Canada was five years ahead of the United States in controlling residential districts and restricting certain neighborhoods to a certain class of buildings was the statement made to-day to the city planning convention by Lawrence Veiler, secretary and director of the National Housing Association, of New York City. He said that laws enacted in this direction in Los Angeles, in 1909, and taken up by other United States cities later, had been in operation since 1904, under the direction of the Ontario legislature.

Visited Their Aged Mother

Mrs. Robert Thomson, clergy street, on Thursday last, celebrated her eighty-third birthday in the very best of health and spirits. Her three sons came to the city from their respective homes for the week-end to congratulate her. The three sons are William F., of Ottawa, who was, while in the city, freight agent for the Grand Strand Trunk; G. F., of Toronto, and Donald, of Chicago.

Twenty-five Miners Killed.

Mexico City, May 26.—While a heavy pile of machinery was being lowered into a shaft at the Santa Gertrudis mine at Pachuca yesterday, it fell, killing twenty-five miners who were working below. All were Mexicans. Several of the mine bosses were arrested.

TO STUDY COAL FIELDS Expedition Going to China to Make Investigation

London, May 26.—With the approval of the foreign office arrangements are being made for the dispatch of an expedition to the Chinese province of Shan-ai to investigate and report upon the newly discovered coal fields there.

If the reports received in official quarters are borne out, the coal fields are probably the most extensive in the world, and the deposits are of the greatest moment because of their proximity to oil wells which have scarcely been exploited, even by the natives, owing to the absence of suitable machinery.

The Chinese government has promised all necessary facilities for the proposed expedition.

A BIG FALLING OFF In Immigration Into Canada During Month of April

Ottawa, May 26.—A tremendous dropping off in immigration into Canada is told by statistics of the department. The decrease is shown in the arrivals from all countries. The total immigration to the dominion for April last was 35,432 as against 73,285 for April of 1913, or a decrease of about 52 per cent.

REDISTRIBUTION BILL MAY BE HELD OVER

Bill Will Not Be Presented Until The Committee is Unanimous

Ottawa, May 26.—It is learned that no redistribution bill will be introduced in the House of Commons until there has been unanimity in the committee. As a result of much give-and-take on the part of members of both sides there are now very few points of difference.

Montreal is accepted as recently amended, and, indeed, the only serious objections raised are to Essex county and Brockville, in Ontario. It is not yet definitely decided whether these will remain or be wiped out. There is just a possibility that the bill may be held over until next session.

FOREMAN WAS LET OUT.

Question of Foreign Labor May Come Before City Council

M. Lowry, who has been employed as a foreman for the excavation work going on for the business street pavement, was given notice on Tuesday that he would be relieved from duty and it was stated that a foreigner was put in his place.

The matter will likely come up for discussion at the meeting of the City Council to-night, as it is stated that at the time the contract was signed it was stated that the contractors, Messrs. Foley & Gleason, would give Kingstonians the preference. Mr. Lowry was on Princess street Tuesday afternoon but was not working. He was approached by the Whig for a statement, but stated that he had nothing to say just yet.

"I may have something to say later on," he said.

One alderman stated that if he could be at the council meeting to-night he would certainly bring the matter up.

It was stated to the Whig Tuesday afternoon that practically every man at the present time working on the job is a foreigner.

A few days ago a Kingston laborer called at the Whig office to complain that he could not get work as that foreigners had been taken on and that he had been given the "cold shoulder."

Left \$200,000.00 Estate

Washington, May 26.—The will of Charles W. Post, of Battle Creek, Mich., who died at Santa Barbara, Cal., on May 5th, filed for probate, leaves the bulk of an estate estimated at \$200,000 to the widow, Mrs. Lela Y. Post, and a daughter, Marjorie Post Close.

BEACHEY, IN AEROPLANE, RACES WITH AUTOMOBILE

Aviator Reaches Height of 2,500 Feet in Flights at Ogdensburg.

Ogdensburg, N.Y., May 26.—Several thousand persons at the fair grounds, yesterday afternoon, saw Lincoln Beachey "loop the loop" and twice fly with his airship inverted. He ascended to an altitude of 2,500 feet where he went through the gyrations.

In his second flight he raced with an automobile driven by Stillman Rowell, of this city, encircling the small track with perfect ease. He was in the air eight minutes in his first flight and five minutes in his second ascension.

The Kitties pipers, of Ottawa, and a Scottish dancer were among the attractions. A large number from surrounding towns and from Canada were in attendance.

Sailors Drown at Regatta.

Kiel, May 26.—A fierce north-wester broke over Kiel during the Imperial Yacht Club regatta, for warships' boats. Two gutters were capsized and five sailors were drowned.

There was a very small market Tuesday morning. Eggs and butter were the principal commodities offered. The prices are about the same as of Saturday. The price of eggs remaining at 22 cents and of butter 25 cents a pound.

FAMILY DROWN

Craft Overtaken When On A Holiday Outing

A NORTH BAY TRAGEDY

BODIES OF HUSBAND, WIFE AND TWO CHILDREN

Found Near Shore on Lake Nipissing. In a Few Feet of Water — Collie Dog Tried to Help and Then Sought Aid.

North Bay, May 26.—Attracted by a collie dog, which came whining and barking to camp, and led searchers back to an inlet on Lake Nipissing, the searchers found the body of Mrs. A. Mainsbridge, of this town, with her two children clasped to her breast, all dead, in a few feet of water near shore. On further investigation the body of her husband was also found further out, and an upturned boat not far away indicated that they had all been turned out of the frail craft and drowned. The dog had apparently done its best to help his mistress to shore and then had gone to call help. The family were very popular in the community. They were on a holiday outing when death overtook them.

Killed by Lightning.

Saskatoon, Sask., May 26.—J. F. Calder, aged thirty-four, manager of the Standard Trust company, was struck by lightning and killed while on a holiday automobile trip.

Col. John Tilton Dead.

Ottawa, May 26.—Col. John Tilton, general agent in Canada for the Metropolitan Life Insurance company, chairman of the executive of the Dominion Rifle Association, and a former commander of the Governor-General's Foot Guards, died, Sunday. He was commander of the Canadian Rifle team at Wimbledon in 1892 and at Bisley in 1901. He was in his seventy-seventh year, and was a native of Lancaster, N.B.

Contractors Must Suffer Loss.

Ottawa, May 26.—The contractors for the lightship Halifax No. 19, will bear the loss of the vessel, they have contracted with the marine department to deliver her complete at Halifax. The vessel cost \$175,000 and was built by Bow, McLaughlin & Co., of Glasgow.

THE LATEST TIDINGS

PRESENTED IN THE BRIEFEST POSSIBLE FORM

The Whig's Daily Condensation of the News of the World From Telegraph Service and Newspaper Exchanges.

Robert Boyce, aged six, was drowned off the pier at Ward's Island, Toronto.

The British government finally decided not to participate at the Panama-Pacific exposition.

After acting as postmaster of Tiverton for forty years, J. C. McArthur has been formally appointed to the position.

Aviator Macaulay was badly shaken up and bruised when his aeroplane crashed into a fence at Mitchell and was wrecked.

Western states' trainmen are expected to break off the four-months' negotiations with railroads and order a strike.

The toll of dead recovered from the lightship Halifax No. 19 totals seven. The bodies were buried in the little Methodist cemetery at Liscomb, N.S.

Francis Kosuth, son of the great Hungarian patriot, died at Buda Pest, aged seventy-three, on Monday. He had been an invalid for many months.

Out of a class of fifty-one students in their final year at the Ontario Agricultural College no less than thirty-two of them have already received positions.

Colonel Roosevelt is in Washington on one of the few visits he has made since he left the White House. He will spend nine hours in the capital and leaves at midnight for Oyster Bay.

Dr. H. R. McLaughlin succeeds Dr. S. M. Henry, elected mayor of Hamilton, as medical health officer, and John Meiklejohn takes his place as a member of the Board of Education.

Two of the three bandits who held up, robbed and murdered John Wilson, paymaster of the Canada Cement company at Exshaw, Alta., have been arrested, and the money taken recovered.

David Orr, a prosperous farmer of Ringold, was caught under his automobile when he lost control of it at Chatham and it overturned, and he was drowned in two feet of water in the ditch.

Word was received from Toronto to the Montreal Jockey Club that Beehive, the winner of the spring's king's plate, and Hearts of Oak, which was also a winner on opening day, will be sent to Montreal to race.

Albert F. Deane, a veteran of the civil war, editor and politician, died at Baldwinville, N.Y., on Sunday's after being ill a week with pneumonia. He had suffered from bronchial trouble for the past three years. Mr. Deane was eighty-six years old.

F. Bird of Stirling, addressed a public meeting of International Bible students at 73 William street Sunday afternoon. His text was taken from Judges XII.

YOUNG LADY BADLY INJURED

In Runaway Accident — Her Spine Was Injured

While out driving on Sunday afternoon four young people, two girls and two men, were thrown out of the buggy in which they were driving and received a bad sharking up. One of the party, Miss Martha Pardo, of this city, had her spine injured. It appears while rounding the corner of Bay and Wellington streets, near Anglin's lumber yard, the horse became unmanageable and started to run away at a pretty good rate. The rest of the party outside of Miss Pardo received only a few scratches and bruises, but the former had to be carried into Anthon's office and medical aid summoned. Dr. McArthur responded and called up McArthur's ambulance, which removed the injured lady to the Hotel Dieu.

City Hall "Shocked."

During the electrical storm on Tuesday morning electrical wires running into the city hall were struck and made things lively for a time, but did no damage. City officials and police constables, who happened to be in at the time, were given quite a shock.

PRISON SENTENCES FOR 19 ROWDY WOMEN

Terms Of Five And Six Months Given Art Destroyers And Window Smashers

London, May 26.—Freda Graham, suffragette who last week smashed the Bellini painting and others in the National gallery, to-day in the London sessions was sentenced to six months in prison, and Mary Spencer, a militant, who mutilated a picture in the Royal Academy, received a like sentence.

Miss Graham acted as her own counsel, and argued that she was justified in damaging works of art or committing any other act of vandalism by the refusal of King George to receive the suffragettes.

Seventeen militants charged with window smashing in connection with the Constitution bill melee were tried to-day and each sent to prison for four months.

To Restrain Militants

London, May 26.—Special precautions have been taken to prevent the "wild women" from repeating at Epsom Downs, on Wednesday, the tragedy of last year's Derby race, when a militant suffragette threw herself in front of the king's horse and received injuries from which she died a few days later. Instead of a single rail on the posts, under which anyone would be able to climb, there will be a triple barrier all the way around from Tottenham Corner to the starting post. The first two rails will be four feet apart, with stout perpendicular bars five inches apart. The third rail will have horizontal wooden bars.

Motorcycle Races For June 3rd

H. Milne has received word from the Canada Motorcyclists' Association its sanction for holding the 3rd motorcycle races here on the 3rd of June. There are to be two races one of five miles and one of ten miles, both being four laps. The sanction is signed by E. O. V. Thurston, of the association.

Lamour, of Belleville, who is competing here to race in the Toronto exhibition of last year beat all the other contestants by five seconds in ten miles. Cole has the record of having won all the hill climbing and slow races in Toronto, and Morrison, who is an expert long distance racer, especially of 100-mile races, is also well known in this line of sport. Morrison is known as the "boy singer," as being a beautiful soprano as well as a motorcycle enthusiast. He has been all around the world on his machine.

Either Cole or Morrison are sure of coming here on the third of June and possibly the both of them will be able to come.

EXPECT A TREATY TO SAVE THE BIRDS

Game Protectors Good Results in Legislation—Canada To Help

Washington, May 26.—The early consummation of the proposed treaty for the protection of all birds that migrate between this country and Canada is seen by John B. Burnham, president of the American Game Protective Association, in the adoption by the United States senate of a \$50,000 appropriation for the enforcement of the new federal law for the protection of migratory birds.

No Points Yet Decided

Consideration of the agrarian problem has consumed much time, but other aspects of the Mexican question have been by no means ignored. The relative importance which should be attached in the parlors to the Tampico incident, the personnel of the new provisional government and kindred questions incident to the transition from the Huerta regime to another administration, has been talked over in detail.

As yet no points have been finally decided. Enough of the viewpoint of the American and Mexican delegates, however, has been revealed to the mediators to warrant them in expressing distinct encouragement over the outlook.

With a government established in Mexico City, the Mexican delegates here believe the constitutionalists would be compelled to accept it. If they refused, the belief prevails that a constituted government, duly recognized and able, therefore, to negotiate freely, would be strong enough to crush revolutions quickly.

Want Huerta Eliminated

Niagara Falls, Ont., May 26.—After almost continuous sessions with the Mexican representatives, the mediators to-day were interviewed by United States delegates who impressed upon them the great necessity for the elimination of the Huerta government as an actor in the situation.

It is stated unofficially that the Mexicans have taken a broad view of the situation in all things, except of that point, but they say some government must be recognized as existing in Mexico, and it can only be Huerta's. As the conditions are at present, from an independent source, it is believed that could this objection be passed over, prospects for a peaceful settlement are very bright.

Boy Choked to Death in Epileptic Convulsion

Withstood Operation For Gashes In Face, But Died In Operating Room

Chatham, May 26.—John Hoole, aged fourteen, was playing with other lads on Grand avenue and jumped in front of an auto driven by a merchant. The auto struck over him. He died in the hospital. It was found that no bones were broken, but his face was badly gashed. He was operated on for this, and the wounds were successfully closed. While still in the operating-room he choked to death in an epileptic convulsion, to which malady, according to the physicians, he was subject.

MEDIATORS HAVE NOT COME TO ANY DECISIONS

Place United States Views Before Huerta Envoys

THE AGRARIAN PROBLEM

MAY DEVELOP FRICTION IT IS FEARED.

Trouble Brews for the Mexican Rebels if Their Present Attitude Towards the Peace Conference is Maintained.

Niagara Falls, May 26.—Smooth progress toward a common agreement on all phases of the Mexican problem is being made by the mediators and the American and Mexican delegates. This was stated with emphasis by the mediators last night, after a day of conferences principally with the Mexican delegates.

The three South American diplomats made it plain that they every aspect of the Mexican situation both internal and international had been laid before the delegates from the United States and Mexico, no formal basis had yet been reached for the treatment in any specified order of the issues involved. Nor has the relative importance of the main issues been defined.

The discussion thus far has been of a general character. The mediators have taken the position that they are essentially counselors and not dictators of the destinies of the Mexican republic. They will not suggest names for the provisional presidency, nor will they recommend any form of government.

From the Mexican delegates themselves must originate proposals concerning the internal affairs of their country and these suggestions will be transmitted by the mediators to the American delegates for consideration.

Merely Suggest.

The mediators feel that the work of mediation properly began at the instant when it was important to avert war and that if by their work they shall have prevented bloodshed and can assist the people of Mexico to organize the machinery for producing a constitutional government, they will have fulfilled their mission.

They do not conceive it to be their duty to undertake to legislate upon questions which properly fall within the jurisdiction of the constitutional government when established. To do this would naturally evoke resentment at the hands of any self-respecting people. The most they can do in this direction would be in the line of suggestion or kindly recommendation.

The theory under which the internal questions are being brought into the discussion is that the United States has a right to say whom it will recognize as provisional president of Mexico and, therefore, can indicate in advance who will be acceptable.

Mexico's Land Problem

On the agrarian problem, too, suggestions must originate from the Mexican delegates. Thus far the talk on the land question has not reached the merits of the subject itself. The argument has been whether or not Mexico's land problem could be properly discussed in an international tribunal.

The Mexican delegates have shown a serious disinclination to have it included because they regard it as a purely internal question. The American delegates, on the other hand, have maintained that the land question has been a fundamental cause of unrest, breeding revolution after revolution, some programme should be considered and perhaps suggested with a view to influencing a gradual settlement of the question.

The purpose of the American delegates, it is said, is to place the problem so conspicuously before the world as an obligation of the future provisional government that no new administration could ignore it.

GEN. FELIX DIAZ

Rumor says Huerta is willing to turn over the presidency to him.

It is stated unofficially that the Huerta government as an actor in the situation.

It is stated unofficially that the Mexicans have taken a broad view of the situation in all things, except of that point, but they say some government must be recognized as existing in Mexico, and it can only be Huerta's. As the conditions are at present, from an independent source, it is believed that could this objection be passed over, prospects for a peaceful settlement are very bright.
