GARDEN PARTY GIVEN

BY ORPHANS' GUILD OF ST. MARY'S-OF-THE-LAKE.

On Wednesday Afternoon and Evening—Those Who Took Part—The Event a Big Success.

The garden party given by the members of the Orphans' Guild of St. Mary's-of-the-Lake, on the orphanage grounds, on Wednesday afternoon and evening, was a grand success. Ideal weather greeted the ladies who had worked so hard to make the event a success.

During the afternoon a number of the children in the home gave a very interesting programme on a platform arranged on the grounds. The sisters, who trained the children, are certainly deserving of great credit for the splendid showing.

Hundreds of people visited the grounds and purchased many articles offered for sale. The booths, which were arranged on the grounds, were in charge of the following ladies:

Ice cream—Mrs. George Sullivan, Mrs. Peter Bird, Miss Mary McDonald, Miss M. Ryan and Miss C. Crawford.

Soft drinks—Mrs. William Cannon and Mrs. Beecher. Candy table—Miss L. Martin, Miss H. Ardagh, Miss M. Oldin and Miss Agnes McCormick.

The violola loaned by the C. V. Lindsay was in charge of Miss L. Doolan.

Fly Pest at Prescott. Prescott, June 11.—Although it is a common occurrence at this time of the year for this district to be pestered with gad flies, it appears to be an exceptional pest this year. When the wind is from the east, it is almost impossible to see across the streets. For some mornings past it has been necessary to sweep the flies from the sidewalks, otherwise it would be dangerous to pedestrians on account of the millions of flies having been crushed and forming a regular slippery path.

Attorney-General to Stay. Halifax, N.S., June 11.—In the House of Assembly Mr. Tanner's resolution demanding the resignation of the attorney-general was defeated. Premier Murray said that a thorough investigation by impartial judges, who had the confidence of the legislature and the people, could not but appeal to all fair-minded persons who wished to know the facts of the case.

THE MOUNTED SPORTS

OF ROYAL MILITARY COLLEGE WEDNESDAY AFTERNOON

And Were Witnessed by a Large Crowd of Spectators—The Cadets, Acquitted Themselves Splendidly.

The mounted sports of the Royal Military College were held in the college grounds on Wednesday afternoon, with ideal weather. There was a large gathering of people to watch the cadets handle their ponies, and their work was indeed surprising.

The first event was for the cup presented by Lieut. H. P. Hald, 3rd D.G's. The course was over six hurdles, complete saddles being used. This event was won by Cadets McDonald, Innes and Smythe.

The second event was entitled, "dummy" "trailing" "best class," and was for the championship cup presented by Capt. E. C. Hamilton, late of the 3rd Hussars. There were nine entries. The course was over one hurdle, then two dummies, over one hurdle, one dummy, one of them on the ground and one hurdle before the finish. This was won by Cadets McDonald, Roberts and Rogers.

No. 4 on the programme was put on next, a "tag," second class, between "C" and "D" companies, each side using eight horses. This event was won by "D" company. No saddles were used, only the saddle pads.

No. 3 event was entitled "jumping numnahs," second class, with nine horses and six hurdles in use. This was won by Cadets Crawford, Lethbridge and Bishop. Refreshments were served to the visitors between the fourth and fifth events.

No. 5 event was a bareback wrestling match between "B" and "C" companies. This was won when "C" company succeeded in dismounting all of "B" company's men and three of their men still mounted. This event was the finals of the inter-company team, third class.

The last event was the most interesting of the programme, the inter-company teams competing for the Dundonald cup, a trophy presented by Lieutenant-General the Earl of Dundonald. Sixteen horses were used, four for each section, representing "A," "B," "C" and "D" companies.

The course was over two hurdles through the gate and along the road to the ranges; three men dismounting and firing at the 300 yards distance, and again at the 100 yards distance, finishing at the starting point by jumping two hurdles and the water jump. The points were forty per cent. for shooting, forty per cent. for style and twenty per cent. for time. The event was won by "C" company section under Cadet Roberts, making seventy-three per cent. McDonald's team was a close second, its mark being seventy-two per cent.

The horses used will be shipped to Petawawa Thursday for use by the headquarters staff.

TO BUILD \$1,000,000 SKYSCRAPER

Building in Chicago to Contain Church and Offices. Chicago, June 11.—The Methodist Episcopal church will build a million dollar skyscraper at Washington and Clark street, in the heart of the downtown business district here, it was made known to-day. The building will be on the site of the historic First M. E. church and will contain a new First church, a book store and offices of the Methodist book concern. Two hundred thousand dollars additional will be expended in the erection of a printing plant in one of the manufacturing districts of the city.

Trace of White Makes "Mixed Blood." Washington, June 11.—The supreme court refused to set aside sales of Indian lands on the White Earth (Minnesota) reservation to whites on the government's plea that Indians with less than fifty per cent. white blood were not "mixed bloods" within the meaning of the law which permits mixed bloods to sell their holdings. The court held that an Indian with any white blood at all was a "mixed blood."

Cheese Exports. Montreal, June 11.—The exports of cheese from the ports of Montreal and Quebec for the week ending June 8, 1914, were 33,676 boxes, as compared with 28,704 boxes for the same week last year and 28,922 in 1912. The total shipments since May 1st to date, for 1914, have been 72,846 boxes; for 1913, 124,649 boxes and for 1912 they were 124,115 boxes.

Cured of Piles and Eczema. By Using Three Boxes of Dr. Chase's Ointment. Mr. Abram Bahr, Herbert, Sask., writes:—"I wanted to say that I was troubled with eczema and piles and suffered greatly from the itching, burning sensations caused by these annoying ailments. I sent for a free sample of Dr. Chase's Ointment, and this did me so much good that I bought three boxes more, and after using same was cured of both eczema and piles."

This is the kind of letters we receive daily from people who have been cured of these distressing skin diseases by the use of Dr. Chase's Ointment. No matter how skeptical you might be, you could not read these letters for many days without concluding that Dr. Chase's Ointment is undoubtedly the most prompt relief and certain cure for these ailments.

If you have doubts send for a free sample box and be convinced. It was by use of a free sample that Mr. Bahr was cured of the merits of this treatment. For sale at all dealers, or Edmondson, Bates & Co., Limited, Toronto.

CHAMPION FIELD OF WHEAT. Kansas County Believes it has a World Beater. Cimarron, Kan., June 11.—Gray county claims the best large field of wheat in the world. The Cimarron Commercial Club has offered a gold watch to the first man in America submitting absolute proof of a greater yield on the same number of acres, in a single field, than that which will be produced on the 500-acre field of Kendall Brothers, northwest of Cimarron.

Experts who have examined this wheat say that it is the finest they have ever seen anywhere. Gray county has received one or two rains that some of the Eastern counties missed, and predictions of a forty to fifty-bushel yield on a number of fields are common. The acreage is about 70,000 and the total production is estimated at 2,000,000 bushels.

PRINCE ARTHUR AND THE COUNTESS HE IS TO MARRY. Prince Oscar of Prussia, fifth son of the kaiser and the Countess Ina Marie von Basswitz, with whom he is about to contract a morganatic marriage.

The bridegroom's three married daughters attended the wedding. There were many guests.

5,500 Head Cattle Seized.

Swift Current, Sask., June 11.—Five thousand five hundred head of cattle, the property of the Matador Ranch company, north of Swift Current, were seized by Special Officer G. M. Hughes, of the Canadian customs department, for alleged undervaluation to the amount of \$32,565. The cattle are placed in the charge of special officers, and will be held pending the action of the company's officers. Hughes came to Swift Current two weeks ago and looked into the matter, and the seizure is the result of his investigations. The Matador company has ranches in Mexico, Texas, Arizona and Colorado. To Help Nature Shed A Bad Complexion

Beauty devotees are enthusiastic over the beautifying qualities of new-cold-wax. Nothing discovered within recent years accomplishes so much so quickly, without harm, at such small expense. The principal reason for its wonderful merit is that it works in harmony with physiological laws, instead of being a complexion defect, it removes them. It actually takes off the old, faded, sallow, freckled or blotchy complexion, gradually causing the new, glowing complexion. When the natural complexion is retained because of deficient circulation or nerve tone, James Nelson's comes to the rescue and hastens the skin shedding. The new complexion which appears is a natural, healthy, exquisitely beautiful. If you've never tried new-cold-wax, get an ounce of it at the drug store, use at night like cold cream, washing it off in the morning. Another natural beautifying treatment for wrinkled skin—is to bathe the face in a lotion made by dissolving an ounce of exfolite in a half-pint witch hazel. This is remarkably and instantaneously effective.
