Health and Beauty Hints By Mrs. Mae Martyn

Mrs. A. T. B. You are not shampooing often enough and may not use the best shampoo. Try my favorite, which is canthrox-just dissolve a teaspoonful in a cup of hot water and rub briskly as you pour it on the hair and scalp. This makes an abundance of rich, cleansing lather that is very soothing to tender, itchy scalps. Rinsing leaves the scalp immaculately clean, and each strand of hair will be soft, shimmery and full of health. Canthrox shampoos are splendid for correcting unnatural conditions, such as excessive oiliness, dryness or profuse dandruff. I like its drying qualities, too.

Mrs. G. The symptoms you describe, pains and aches in the limbs and small of back, loss of appetite, lack of strength and ambition are danger signals—warnings your blood is laden with poisons which will cause serious sickness if not eliminated from the system. The kardene tonic of grandmother's day is excellent to use and can be prepared at Ringling Bros., Story of "Solomon & home at little cost by dissolving 1-2 cupfful sugar and I ounce kardene (which you can get at your drug store) in 1-2 pint alcohol (not whiskey) to which is then added hot water to make a full quart. Girlie. It is easy to make an inexpensive hair tenic at home by mixing 1 ounce quinzoin with 1-2 pint alcohol, then adding 1-2 pint wat er. The scalp should be massaged once or twice a week with this quin zoin tonic. Its regular use will quickly bansh the dry, scalp condition and correct excessive oiliness, and when this is done the natural color and silky softness returns and the hair will grow in long and thick and have a beautiful sheen.

Marge. Friends tell me I have every reason to be proud of in complexion, which is the result of discarding powder and using spurmax lotion. This is inexpensive and easily made at home. I just dissolve 4 ounces spurmax in 1-2 pint witch hazel or hot water, then add 2 teaspoonfuls glycerine, and it is ready. I apply this lotion sparingly and rub lightly for a moment-until it dries and seems to become a part of the skin, to which it gives a velvety smoothness and refined color that is

The last address of the evening was given by Dr. E. J. Lake, who in an able manner described "How to use the Stereoptician in Church Work." Dr. Lake by the splendid slides which he threw upon the screen, made it clear how much easier it would be to teach the Bible by the use of the antern. Dr. Lake also displayed some of his fine work in lantern slide-making and those shown were a credit to the art. Some of them were pictures taken at last year's picnic of the First Baptist Bible school and were very amusing. Rev. P.K.Dayfoot was to have giv-

en an address but owing to the lateness of the hour, his discourse was held over until Tuesday morning. At the meeting on Monday evening the following committees were appointed by the moderator
