PONIES AND ATHLETICS PLAY ON SATURDAY AFTERNOON.

Changes in Sunday School Senior Schedule—Watertown Does Not Know Toronto George Cup Defender.

The senior city baseball league game Saturday afternoon will be between Ponies and Athletics and promises to be exciting. Although Ponies are expected to win, the Athletic manager is working hard on a combination to beat them. It is extremely important now that the Athletics get going or they may be out of the race. The weather man has been good at all the games so far and with a continued absence of rain the game will be worth going to see.

Changes in S.S.A.A.A. Schedule
 The president of the S.S.A.A.A. has made the following changes in the senior baseball series schedule: The junior game between St. George's and Cooke's which was slated for this evening at the cricket field has been called off on account of some of the players having to be on hand for the inspection of the 14th regiment.

The senior game between St. George's and St. Luke's for Wednesday evening, June 24th, has been postponed until a later date due to a number of the players being in camp at Petawawa.

The junior game between St. Paul's and Sydenham for Tuesday evening, June 23rd will be played as usual.

The games which have been postponed will be played at the call of the president.

The executive has definitely arranged with the management of Kingston's Only Fair for a game to be played during the fair days.

R.M.C. Cricketers Won Again
 At St. Catharines, on Thursday, the Royal Military College touring cricketers continued their successes by defeating Ridley College. Ridley batted first, and Mix was top score with 20. For the cadets Dobbie again was best scorer with 49, while Clark got 28 and Cassels 19. Dobbie took seven wickets for ten runs.

Dobbie, who has been starring throughout the tour, made a great score at Hamilton against Highfield school, when he hit up 228 not out. The cadets also defeated Upper Canada College at Toronto in the first game of the tour.

WORKED ON TRAINS.
 No Trouble With Pickpockets in Down Town Crush or at Grounds
 Everything goes to show that pickpockets who were on the job on circus day got their work in on the trains and not around the city or on the show grounds. The local police, as well as the show detectives, were on the alert all day and not one local case of pocket-picking was reported. The two cases which came under the notice of the police were referred to in Thursday night's Whig and in each case the man who was robbed missed his money when he got off the train, showing that he had been relieved of it while on his way home.

New Lake Shore Line.
 The new Lake Shore line of the C.P.R. will be in readiness for passenger traffic on June 29th. A freight business is being tentatively carried on.

This new line will give practically a new route between Montreal and Toronto, and will greatly facilitate in handling the enormous traffic, passenger and freight, which passes through this territory. The work was commenced about two years ago, and cost a total of nearly twelve millions of dollars. That it will create new business is confidently believed; but a consideration which is not directly associated with profits, yet is not alien thereto, is that by the duplication of the tracks there is set up a closer communication between the two great centres of population in the dominion.

Taken to the Jail.
 It was rather an odd sight to see two mere boys taken to the jail on Friday afternoon to serve a couple of weeks for vagrancy, and citizens who notice them on their way to the jail, handcuffed and in the custody of constables, wondered what they were being sent to jail for. These boys, both about seventeen years of age, were with another youth a little older, and were arrested for following Ringling's circus. The magistrate sent them to jail while the police are endeavoring to find out something about them. The trio claimed to belong to Toronto. It is believed that one, Elmer Watson, is the kid who was in the juvenile court in Toronto a short time ago for some misdemeanor.

Cars Run Easy on New Track.
 The old street car track on Princess street has been removed from the switch at Clergy street to Bagot street. A gang of sixty men are digging out the path where the old track was, and the roller is now working as far down as Sydenham street. Everyone remarks on the easy riding of the cars on the new track, and outside of it being a little noisier, it is all that could be desired.

Cadets Canoe Upset.

FOLLOWING A CIRCUS

THREE BOYS ROUNDED UP BY POLICE FOR VAGRANCY.

Magistrate Farrell Sent Them to Jail for Two Weeks—Circus Detectives Complained They Had Been Following Show From Place to Place.

Constables Cotter and McCarey rounded up three lads on Thursday afternoon who have been following up Ringling's circus, on a charge of vagrancy, and in the police court on Friday morning Magistrate Farrell gave each a term of two weeks in jail. They pleaded guilty to the charge.

Detectives employed by the circus reported that the lads had been following the circus from place to place, and asked that they be taken in charge.

The accused claimed to belong to Toronto and gave the names of Thomas Johnson, Elmer Watson and George Broome. Two were in short trousers. The police will endeavor to find out something about them. It is quite evident that the trio ran away from their homes to follow the circus.

The boys, apart from stating that they belonged to Toronto, would say nothing. They gave every appearance of having been loafing around the country. The circus detectives are keeping a close tab on all the followers and the suspicious characters are soon rounded up.

A drunk who made his first appearance in the court was given a chance. He hailed from the country, came in to town to see the circus, but instead got drunk and fell into the hands of the police.

A Nerry Umbrella Thief.
 On Thursday afternoon a man entered one of the houses in Vaughan street, near the corner of Division street, and was in the act of taking an umbrella. A lady, who was sitting on the front doorstep on the opposite side of the street, noticed the man. She crossed over and made him give up the umbrella.

Manufacturers for Rowell
 "I do not know of a conservative manufacturer in Stratford who is not going to vote for Rowell and the abolition of the bar at this election," said J. J. Mason, president of the Globe-Werkle company and of the Stratford Bank company, at Stratford, who spoke at a liberal meeting at Listowel.
