Capt James T. Borland was born in the village of Cape Vincent on ISAAC ZACKS August 16, 1823, and in August next will be 91 years old. All his life. with the exception of a few years of ais childhood, which was spent in fecumseh, Mich., and a short residence at Clayton, has been spent in this village, or at least he has always claimed this place as his home. At an early age he began sailing. and in 1848 became the captain of a schooner. He followed the river anlakes for many years, being master of various vessels and tugs. His pilot's license was good for the St. Lawrence River and all of the Great Lakes. In politics the captain has always been a democrat. He served the town of Capt Vincent as justice o the peace for 30 years, and was elected the last time to that position when

he was 86 years old. Captain Borland is an enthusiastic Mason, having been a member of that organization for over 62 years, and is, without any question, the oldest Mason of any degree in the state to-
