Novelty in Corporate Management

Wider Scope of Modern Life Insurance—Superintendent Emmet Warmly Commends Metropolitan Company.

The report of the New York state department of insurance on the triennial examination of the Metropolitan Life Insurance company has just been published by the state. Under the law, revised by Governor Hughes, this examination must be made every three years. About twenty examiners of the insurance department devoted nearly a year to the work, and Mr. Emmet, as superintendent of the department, wrote an extended review of the report. In this review Commissioner Emmet not only made an analysis of the company's condition as a business corporation, but of its activities along the broader lines of social service among industrial workers, health education and the conservation of human life. He points out that the company, now having more than thirteen million policies outstanding, has assumed such proportions that it is practically brought into immediate contact with approximately one-eighth of the population of the United States.

Here are extracts from Superintendent Emmet's report:
"The fact is, the history and achievements during the last decade of the Metropolitan Life Insurance company, and of one or two other of our large life insurance companies, present such shining examples of efficient and enlightened business management—with in some cases, a dash of statesmanship thrown in—that it seems to me to be quite as much the duty of a supervisory official, when an appropriate occasion arises, to comment favorably upon such cases of successful public service, by business corporations under private control, as it would be his duty under present conditions to administer sharp criticism of the tendency had been in the other direction. It is the fact that the percentage of lapses due to the abandonment of their insurance by policy-holders is constantly decreasing, speaks eloquently to the same effect. This last mentioned development is perhaps the most convincing evidence which could be shown that the company's policy-holders are, broadly speaking, very well satisfied indeed with what they get in return for the premiums they pay. A very remarkable showing, indeed."

"If the men in charge of such a company are really visionary in their tendencies, or blind to the social progress of the age, the movement toward an absorption of their powers by the state itself, will, as matters stand, proceed very rapidly. But the history of the company under consideration shows that such a frank and fearless recognition of its new responsibilities that it is easy

TORONTO STOCK MARKET.

The Prices Paid at the Union Stock Yards.
Union Stock Yards, Toronto, June 17.—Receipts were fair for Wednesday. 55 cars, 464 cattle, 1583 hogs, 706 sheep and lambs, 306 calves.
Cattle—Receipts of cattle being light caused the market to remain firm especially for best grades. Choice butcher's steers, \$3.25 to \$3.50; one load at \$3.60; good butcher's steers, \$3.25; medium butcher's steers, \$2.80 to \$3; common butcher's steers, \$2.30 to \$2.75; choice butcher's heifers, \$3.25 to \$3.50; choice heifers, \$2.75 to \$3; good cows, \$1.75 to \$2.25; canners, 3.75 to 4.75.
Feeders and stockers—The demand for feeders has fallen off and prices easier. Choice steers, \$3.25 to \$3.50; medium steers, \$2.75 to \$3.20; stockers, \$2.50 to \$2.75. Milkers and springers—Receipts light and prices easier at \$6 to \$90 each, bulk sold at \$70 to \$90 each.
Calves—The calf market was very firm. The quality was better, some of the best we have seen this year. Choice veals, \$10 to \$11; common to good, \$7 to \$9.50.
Sheep and lambs—Receipts were larger, and prices a little easier for spring lambs. The average, \$3.50 to \$4.25; culls and rams, \$3.50 to \$4.50; spring lambs, \$4.50 to \$7.50 with a few at \$8.
Hogs—The run of hogs was moderately large, 1,000 of which came from the northwest. Prices remained steady. Selected, \$7.50, fed and watered, \$7.85 and \$7.50, a. b. cars, and \$8.10 weighed off cars.

CROPS UP IN THE AIR NEXT.

Latest Development, Says the Police Chiefs' Convention.
Grand Rapids, Mich., June 19.—The international association of Chiefs of Police, in annual convention here, expected to decide to-day upon the 1915 meeting place. Cincinnati, La. Angeles and Oakland, Cal., were candidates for the next convention, with most of the delegates favoring one or the other of the coast cities. A parade of the fire-fighting apparatus and a sight-seeing trip around the city were arranged for the entertainment of the visitors in the afternoon. The election of officers is to be held Friday.
Uniform automobile traffic regulations for all the cities of Canada and the United States and the consideration of moving pictures in their relation to crime were among the leading matters considered at yesterday's session. The matter of regulating automobile traffic came up in the form of a motion at the afternoon session. It was proposed that the association seek to secure in all the cities of the United States and Canada action for uniform rules and signals for regulating automobile traffic.

Relief at Once—Cure Certain

Conclusive Evidence That Dr. Chase's Ointment Cures Itching Piles.
Mr. John G. McDonald, Picton, N. S., writes: "I used Dr. Chase's Ointment for itching piles, and found that the first application gave relief. After using a few boxes of the ointment I was completely cured, and can recommend it highly to all sufferers from this disease. You have my permission to use this letter for the benefit of others."

Mr. James M. Douglas, Superior Junction, Ont., writes: "For about six years I suffered from piles, and often could not work for two or three days at a time, so great was the suffering from pain and itching. Doctors treated me in vain, and I tried many treatments before I came across Dr. Chase's Ointment. Two boxes of Dr. Chase's Ointment cured me, and for several months I have had no return of this annoying ailment."

There can be no doubt that Dr. Chase's Ointment is the most effective treatment obtainable for every form of piles. 60 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

WANT LOWER POSTAL RATES.

But British Postmaster Points to Existing Deficit.
London, June 19.—A British Empire League deputation urged Postmaster-General Hobhouse to not increase postage rates to Canada, and to change the rates to Australia, New Zealand and South Africa. Hon. George R. Perley, acting high commissioner, said that the use and sale of British magazines had been largely increased by the facilities given by Canada.

Mr. Hobhouse, in reply, pointed out that the whole rate of a penny per pound, now charged for postage, was absorbed by the cost of transmission from the office of posting to the port of departure. Extending the existing rate to Australia, New Zealand and South Africa would mean a loss of revenue of £27,000 per year, with an extra expenditure of £20,000. The charges of the shipping companies were also going up in all directions. Mr. Hobhouse, therefore, feared that he could not at the moment hold out much hope that he would adopt the proposals of the deputation.

POOR YOUNG MAN'S FATE.

Seven Women After Him. In All 41 Y.P.S. Says Preacher.
Chicago, June 19.—The Christian Endeavor society, with its four million members and other young people's church societies defeat their purpose by drawing young men and women away from the Sunday schools, declared Rev. H. H. Ham- mill of Nashville, Tenn., at the Sunday school convention to-day. "The time has come when all the young people's societies in the churches ought to turn back into the Sunday schools. The Sunday school and the societies have nearly all things in common, and the school being more fundamental ought to absorb the societies. "One young people's societies remind one of a Scriptural saying, "Seven women shall lay hold upon one man." In man of them seven young women lay hold upon one scared young man." After some discussion of the subject the convention voted in favor of a resolution of the young people's societies as against abandoning them.

TAKE OVER GREENFELL SITE.

But Union Bank Has No Concern in the Crash.
London, June 19.—That the acquisition by the Union bank of Canada of the premises lately occupied by Chap- man & Grenfell in no way implies any concern by the bank in the affairs of the wrecked firm, was the statement made yesterday by temporary Manager Hamilton on behalf of the bank. That institution, he explained, has found its three-story street offices too restricted, and now means to occupy the entire ground floor of the Princess street site, subletting the rest. As the bank has recently opened a West End branch, this fact, coupled with the new move early in July, indicates an increasing business.

ALL CROPS HEALTHY.

Hot Weather of Past Week Has Brought Along Growing Grain.
Regina, Sask., June 19.—According to the report of the statistics branch of the department of agriculture, seeding in Saskatchewan is fully completed, and all crops are making a good showing. Wheat is from ten to twelve inches above the ground, oats six to eight inches, barley four to six inches, and flax two inches. The hot weather of the past week has brought along the growing grain to a marked extent and crops appear to be healthy and of good steady growth.

STOP INFANT MURDERS

By Opening Orphan Asylums, Says London Cleric.
London, Ont., June 18.—Rev. T. B. Larke, who is organizing an orphan- age in connection with the Anglican church here, started the synod yesterday by quoting a prominent medical man to the effect that 200 infant murders could be anticipated annually if such an institution were established. It is proposed that the moral reform branch will take up the matter as it was the impression of the ministers here that immorality was not so widespread.

LOAN BEING TAKEN UP

But Two Western Canadian Land Company Stocks Falling Fast.
London, June 19.—The new dominion loan, as was anticipated, met an improved demand yesterday. The scrip quoted at consecutive discount. The Canadian land group continues weak. Southern Alberta and Western Canada Land securities experienced a further fall of two shillings five pence, and three shillings six pence respectively, while the former company's debentures declined from 44 to 42.

FROM SCOTIA TO NORWAY.

Aviator Plans to Fly in Cushioned Blister.
London, June 18.—Lieut. Gran, late of the Norwegian navy, and a member of Scott's Antarctic expedition, is planning to fly from Scotland to Norway, over more than three hundred miles of the North Sea, in an ordinary Blister monoplane, fitted with air cushions, which will keep the ship aloft twenty-four hours if it drops into the sea. As the wind often drops down in the evening Gran may fly at night.

WEDS HIS OWN DOMESTIC.

Octogenarian Artist Marries Smiling Miss of 23.
London, June 18.—Sir Francis Powell, the distinguished water color painter, and president of the Royal Scottish Society of Painters, married, before the sheriff in Glasgow on Tuesday, Annie McNab, a servant in his household and the daughter of a gardener. The bridegroom's age is eighty-one, the bride's twenty-three.

Keep The SINK Clean!

It's so important!—yet easy and simple when you use Panshine. Removes all grease and grime. Works like magic—quickly, easily, thoroughly. Panshine is a pure, white, clean powder without any disagreeable smell. Does not hurt the hands.

THE HOME OF GOOD SHOES

A Leaf From a Woman's Diary

Tuesday, June 9th.—A very warm day, but a pleasant one for me. Scarcely stirred from the cool, shady porch all day. Was to have gone shopping—principally to get Marie a new dress for her school closing. Happened to see an advertisement in the newspaper of the best little frock that just looked like Marie's. Instead of going down to Brown's as I had intended, I just phoned Smith's and had them send up one of those dresses on approval. And while I was inside of the Gump's, so I had it sent up—cool, too, thanks to the new porch shades and the electric fan John brought home last week. The dress came in the evening. She looks sweet to it and said "Mummy won't you please get all my clothes at Smith's." And I think I will just have it sent up with no more trouble than phoning.

Just a few days previous, Brown had said to his business manager of his local paper: "You can't get people to pay attention to ads. in such hot weather—no more advertising for me until it gets cooler."

About the same time Smith was arranging a splendid new series of ads. for this very paper designed to appeal especially to the women who find it too hot to shop in the ordinary way, but who will phone their orders. Brown doesn't know yet that he has lost a customer. Smith knows he's gained one—for the lady on the cool, shady porch has some mention of a purchase at Smith's store in her little book almost every week now.

Does it pay to advertise in the warm weather? Ask Smith.

You can obtain helpful advice on advertising free of cost and without obligation by consulting the Business Department of the British Whig.
