KINGSTON, ONTARIO, WEDNESDAY, JUNE 24, 1914

LAST EDITION

WHILE FATHER BUYS WET GOODS, MOTHER CAN'T BUY DRY GOODS

ONTARIO'S GOVERNOR FAVORS MILITARISM

Speaks At Military College Closing Exercises

THREE OF HIS SONS

HAVE GRADUATED FROM THIS NOTED INSTITUTION.

Col. L. R. Carleton Presents His Report and Announces the Commissions Won by Members of the Graduating Class.

"I am sure that it has been a great pleasure for me to have visited the Royal Military College, to see what I have seen, and to take such a prominent part in the ceremonies," said Sir John Gibson, lieutenant-governor of Ontario, addressing the cadets of the college at the closing exercises held in the gymnasium Wednesday at noon, after he had presented the diplomas and prizes.

His honor was accompanied by Lady Gibson, Miss Gibson and Major Caldwell, A.D.C. The latter is a graduate of the college. The visitors were taken over to the college in Prof. Iva Martin's car, at 10:30 o'clock, they having been met by Col. Carleton, the commandant, whose guest they were during their stay in the city.

When the party arrived at the college, the cadets were lined up in charge of Battalion Sergeant-Major Macdonald. The party was received with the royal salute and then the battalion marched past in column and quarter column. Afterwards the cadets advanced in review order and did their rifle drill.

The other portion of the programme consisted of an inspection of drawings, a gymnastic exhibition, artillery drill and inspection of the gun-mount and the new dormitory, and the presentation of diplomas and prizes. His honor, the lieutenant-governor took a great interest in the proceedings, as did all the other members of the party. The day was an ideal one for the exercises, and Kingston society turned out in large numbers for the occasion.

The work of the cadets throughout was excellent and warm words of praise were bestowed upon them. In the gymnasium they excelled themselves, going through a number of most difficult feats.

Before the presentation of prizes the commandant, Col. Carleton, read his annual report, as follows:

The Commandant's Report.

The commandant, Col. L. R. Carleton, presented the following as follows on the result of the past college year:

There were 129 cadets at the college at the beginning of the year. Four casualties have occurred. One cadet was removed for misconduct, one was discharged as medically unfit, one left at the request of his parents, and one, I deeply regret to say, was killed by an accident. This leaves a total at the college now of 125.

By the death by accident of Gentleman Cadet G. S. Fry, on March 29th last, a young life was cut off which was greatly respected and loved by all those who knew him. I take the opportunity of again expressing the deep sympathy of the whole college with his family.

With one individual exception the conduct and discipline of the cadets has been highly satisfactory. I am much pleased with their general tone and the assistance which they all, and the first class in particular, have given me and the rest of the staff in maintaining the high standard of the college.

The health of the cadets has been very good. There have been only six cases of infectious disease, viz. five chicken-pox and one measles.

Col. Crowe, the late commandant, left the college on July 2nd, 1913, at the expiration of his term of service. I succeeded him as commandant on August 1st.

DAILY MEMORANDA

See top of page 3, right hand corner for probabilities.

The Vital Link In The Chain

Many advertising campaigns have failed in adequate results because of lack of connection between the advertising and the distributors.

The news paper is the link that binds the manufacturer and the distributor together. The local dealer knows the newspaper as a definite force.

He knows that advertising in newspapers brings results that he can see and feel. He cannot overlook what the manufacturer is doing to make a market at his doorstep.

SIR JOHN GIBSON, Lieutenant-Governor of Ontario, who presented the diplomas and prizes at the closing exercises of the Royal Military College Wednesday.

December 12th, 1913, Lieut.-Col. T. Birchall Wood having acted as commandant during the interval.

At the close of this term, I regret to say, the college will lose the specially valuable services as professor of survey, of Major A. J. Wolff, R.E., the period of his appointment having expired.

During the past college year a new gun and model shed has been taken into use, and the old gun shed has been removed, to the great improvement of the college. The new dormitory has been completed except the furnishing, and some minor fittings, these are now in hand and it is hoped it will be occupied next term.

The building of the new drill hall is to begin shortly.

On June 2nd last the college was honored by a visit by his royal highness the governor-general, who was accompanied by their royal highnesses, the Duchess of Connaught and Princess Patricia.

In the cricket week last year the cadets were successful in all matches except one.

The college entered last year the senior league of the Intercollegiate football, and were successful in two games. The college again won the championship of the intermediate hockey series.

Gentleman Cadet Morris was first home in the harrier intercollegiate meeting.

Of the eighty-nine candidates who competed at the entrance examination this year fifty-six qualified. The number that can be admitted has not yet been decided.

The following gentlemen cadets have been recommended for commission: Gentleman Cadet C. V. Strong, Montreal, Royal Engineers.

REBELS DEMAND \$100,000.

Property of American and French Investors Confiscated.

Eagle Pass, Tex., June 24.—A demand for the payment of \$100,000 gold by the Aguila Coal company near Piedras Negras has been made by constitutionalists officials. If the money is paid, it was announced today, threatened confiscation of the property will be temporarily deferred.

All efforts of American and French stockholders, owners of coal mines confiscated a month ago, to recover their property have failed.

The constitutionalists continue selling from the mine.

Secretary Bryan has instructed Consul General Hanna and other American consuls to use every effort to have possession of the mines returned, but their demands have been ignored.

Ottawa Produce Market Prices.

Ottawa, June 24.—On the street market. Pork was 11 and 12 cents a pound; mutton 10 to 14 cents; veal, 12 to 14 cents; and beef, 12 cents a pound by the carcass. Eggs were 25 cents a dozen. Hides were very plentiful, and was offered at \$18 to \$18 a ton. Strawberries are 15 cents a box.

HUNDREDS IMPERIL AS STEAMERS COLLIDE

Koenigin Luise And Cobra In Crash At Regatta—Canadian Summer Aground

Hamburg, June 24.—The Hamburg-American tourist steamer Koenigin Luise and the passenger steamer Cobra were in collision yesterday. Both were damaged. The passengers were landed safely.

The stem of the Koenigin Luise was stove in and her foremast was leaning. The Cobra, which is a smaller steamer of 412 tons, belonging to the Hamburg-American line, was badly damaged amidships. The collision occurred during the regatta at Cuxhaven. Both vessels had on board a large number of people who had come out to watch the regatta and a catastrophe was narrowly averted.

The shock of the collision was so severe that several of the passengers on the Cobra were thrown on to the deck of the Koenigin Luise.

Hits Rocks During Fog.

Lands End, Eng., June 21.—The Belgian steamer Gothland, from Montreal for Rotterdam, went aground yesterday, on the rocks two miles to the north-east of the Bishop Rock, Scilly Islands.

Two steamers went at once to the assistance of the Gothland, which belonged to the Red Star line, but were unable to get her off. She left Montreal June 12th, with thirty-four third class passengers on board. She does not carry cabin passengers. The Gothland struck during a dense fog.

Prof. Robertson, Toronto Shows Up The Hypocrisy Of The Whitney Party—Premier Whitney Praised The Preachers of Ontario For Helping to Put Out the Ross Government in 1905.

To the Editor of The Toronto Globe.—Surely the government cannot dictate and newspapers that are objecting so strenuously to ministers of the Gospel taking a strong stand in favor of the speediest possible abolition of the bar have very short memories; or it is that they merely conveniently "reminde" us of the time when the Ross government was displaced from power in 1905 by Mr. Whitney, as he then was. Have they forgotten how during that campaign Mr. Whitney appealed to the clergy of Ontario to assist him in arousing the people, and how, immediately after the election, he publicly thanked them for their assistance? "As you all know," he said, "the clergy have done their duty. They deserve the thanks of their men."

PRESSURE PUT

On Borden Cabinet By The Imperial Government

TO ALLOW THE HINDUS

IN VANCOUVER HARBOR TO ENTER CANADA.

It is feared the return of the Asiatics to India would cause violent demonstrations against British rule.

Ottawa, June 24.—It is understood that the shipment of Hindus anchored in Vancouver harbor, will be allowed to enter Canada pending legal proceedings.

The imperial government is known to have been putting pressure upon the Borden administration. It is feared that should the Hindus return to India there would be violent demonstrations against British rule and the consequence would be serious.

Though the Japanese cruisers have reached Vancouver, they have as yet shown no inclination to take a hand in the matter. By the end of next week the population of Canada will be increased by a shipment of Asiatics, it is expected.

HOLD LIFE AS SACRED.

Charges Students to Have Positive Religious Convictions.

Princeton, N.J., June 24.—Said John Grier Hibben, president of Princeton university, in his baccalaureate address: "I would charge you not to lose deep sense of self-reverence which regards your life as a sacred thing, coming from God, and to God again returning." Doctor Hibben said: "Let the mystery of it both subdue and inspire you. I would not have you leave this place without some positive religious conviction. However slight it may be, cherish it as for your life."

"However slight and obscure the light of truth may appear to you, follow it with constant perseverance. Believe in something greater than yourselves and be not ashamed to preserve some shrine amidst the secular life of your being, some holy of holies where you keep perpetually burning a divine fire on the altar of your soul."

Forbids Funeral Flowers.

Vienna, June 24.—The late Baroness von Suttner, who did so much for world peace, expresses the wish that her funeral should be held in a simple manner, with no clergy, no speeches, no flowers at her funeral; if possible, no ceremony at all.

Rev. John McNeill, Toronto, says Canada lags behind other countries in abolishing the bar.

BOY IN WATER FLUME

For Twenty Minutes, But Taken Out and Revived.

Waddington, June 24.—Clarence Arno, the seven-year-old son of Mr. and Mrs. Hugh Arno, fell into the flume here yesterday afternoon and was carried by the swift water forty rods below.

After searching for some time he was located and taken from the water. He was revived after hard work. He was in the water twenty minutes.

John Sweet, who dove and brought the boy to the surface is being praised for his bravery.

HAYTI IS IN REVOLT.

Americans Are Preparing to Leave for New York.

Washington, June 24.—Hayti, as well as San Domingo, now is being torn asunder by revolution. Capt. Russell, in command of the American naval force of San Domingo, has informed the navy department that the minister of war of Hayti had been defeated near Port Au Prince by a force of revolutionists.

A number of Americans are preparing to leave this week for New York on the Clyde steamer Algonquin, because of the unsettled conditions.

PETAWAWA SOLDIERS GET LIQUOR OUTSIDE

Col. Sam Hughes' Orders No Use While Licensed Bars Are Close By

Ottawa, June 24.—The Free Press says: "The soldiers at Petawawa who are denied intoxicating liquors in camp are said to be able to procure these heady beverages from licensed hotels in the neighborhood of Petawawa. King Sam would be justified in carrying his campaign against the bar a little farther. He might, for instance, come out in support of N. W. Rowell's policy in the coming Ontario elections. If that be too much to expect of so strong a party man as King Sam, the least he can do is to insist that the provincial legislature pass laws withdrawing all liquor licenses in the neighborhood of militia camps during the period these camps are being held. It is far better that the soldiers be able to secure intoxicating liquors from well-regulated canteens in camp than that they should have the opportunity of frequenting drinking resorts outside the military jurisdiction. It is really up to King Sam now to tell us just what he has done in the direction of establishing 'dry' zones around militia camps."

GOVERNMENT TO RAISE

A Billion Dollars for Good Roads Work.

Washington, June 24.—A billion dollars for good roads was practically decided upon at a meeting of the senate post office committee today. The government will not spend that much money, but will issue bonds which will be guaranteed, to the extent of one billion dollars in all, by the federal government.

A state which does not wish to go any further into debt for its roads need not come into the scheme at all, and its only contribution to the national cause will be that it shares in the guarantee of the bonds, which practically amounts to nothing at all to the states, but a great deal to those who do the borrowing.

Fired on the Crowd.

Butte, Mont., June 24.—Crowds which pressed on Miners Hall last night in consequence of a meeting there at which President C. H. Meyer of the Western Federation of Miners was to outline a peace plan, were fired upon by sheriff's deputies stationed in the hall. Three men were shot—one killed and another believed to be mortally wounded.

WIDOW FINISHES TUNNEL STARTED BY HUSBAND

Completes \$1,000,000 Contract When Death Claims Contractor

Tacoma, Wash., June 24.—Mrs. Nelson Bennett has turned over to the Northern Pacific railroad, the completed Point Defiance tunnel, in the north end of this city, which is to shorten the Tacoma-Portland line and greatly reduce the grades.

LUKEWARM INTEREST

IN THE AMENDING BILL

Middle Group Is Still Working For Peace

LANSDOWNE'S SPEECH

IS REGARDED AS A HOPEFUL AUGURY

That Moderation Will Prevail—The Labor Party Will Abstain From Voting on the Finance Bill's Second Reading on Thursday.

London, June 24.—The introduction of the amending bill so fully discounted in advance created comparative lukewarm interests. The unionist press attempts to display indignation, declaring its profound disappointment, dissatisfaction and alarm, but these warnings are so familiar that the public treats them with indifference. There is growing evidence that a large middle group of liberals and unionists are again making their influence felt for peace.

Lord Lansdowne's speech is regarded as a hopeful augury that the policy of moderation may prevail in the unionist-liberal bill. The papers do not profess enthusiasm over the bill, but maintain that it makes utter nonsense of the plea of coercion.

The labor party in indignation over the budget surrender, has decided to abstain from voting in favor of the second reading of the finance bill to-morrow. It reported that the liberals have formed a permanent group to shape a liberal policy on financial questions.

PITH OF THE NEWS

Things Told in Terse Measure For Busy Readers.

King Peter of Serbia had abdicated his throne in favor of the crown prince.

E. W. Cox, the well-known Toronto financier, who has been ill in London for some weeks, is improving.

Thomas Taylor, a four-year-old resident of Shanly street, Toronto, was burned to death in a stable to which he set fire.

At Lenox, Mass., Mrs. George Westinghouse, widow of the famous electrical inventor, died following a long illness.

Trade unionists in Canada now number about 176,000, an increase of 16,000 during 1913, and of 40,000 in two years.

The withdrawal of Dr. D. Marshall from the field in Kenora leaves Capt. H. A. C. Machin, conservative, elected by acclamation.

Rev. E. J. Wollard, from the Montreal Presbyterian manse, has received a call to the pastorate of Norwood, Ont.

Joseph Swantz, Tavistock, was acquitted on the charge of supplying drugs to Lizzie Reid for illicit purposes. The girl died in Tavistock some time ago.

ROWELL'S PROMISE.

At the North Oxford nomination R. E. Rowell, the opponent of N. W. Rowell, made the statement that half the liberal candidates, if elected, would not vote for the abolition of the bar. Mr. Rowell in reply said: "THE LIBERAL NOMINEES IN THIS PROVINCE WOULD SUPPORT THAT POLICY, AND IF THE CONTRARY TURNED OUT TO BE THE CASE HE WOULD RESIGN HIS SEAT IN THAT RIDING AND HIS LEADERSHIP OF THE LIBERAL PARTY."

WILL VISIT CANADA.

Sir Edward and Lady French Return Home From India.

San Francisco, June 24.—Sir Edward French, accompanied by Lady French, arrived here from the Orient, last night, en route to England. Sir Edward has just retired as commissioner-general of the police in the Punjab district of India, after thirty-five years' service. He had charge of the Durbar when King George and Queen Mary visited in India. The couple will return to England by way of Canada.

Land Worth \$500,000,000.

Washington, June 24.—A decision favoring the title claimed by the Southern Pacific railway to 200,000 acres of California oil land worth \$500,000,000 was given by the supreme court in two test cases of Edmund Burke and J. J. Lamprecht.

Railroad ownership was disputed by California, Detroit and Cleveland citizens, who sought mineral patents upon the land claimed by the road.

A CRASH OF BOATS ON HUDSON RIVER

Three Thousand On The Vessels But All Reached Land Safely

New York, June 24.—Crashing together in a dense fog on the Hudson river, the steamer Taurus and ferry boat Red Bank met this morning. There was a suggestion of panic, but the quick work by the officers reassured all. On the two boats there were three thousand passengers. Fortunately the damage done was about the water line and both crafts reached shore safely. Forty people were seriously hurt in the shock of the collision.
