COMING OF OLD BOYS

CIVIC FINANCE COMMITTEE ARRANGING A PROGRAMME.

Farari Shows Will be the Big Feature of the Events—Band Concert, Baseball Matches and Dog Shows Will be Provided.

Preliminary arrangements for the programme for the Old Boys' home coming on Civic holiday, (July 27th) were made at a meeting of the Civic Finance committee held on Thursday evening.

The Farari Shows which have been arranged for will take the main part of the programme. These shows were put on in Watertown last week, and were highly recommended by members of the 14th regiment who were in Watertown.

In addition to these shows the programme will consist of band concerts and baseball games, and a Dog Show at Macdonald Park, to be put on by the Kingston Kennel Club, which was recently re-organized. This promises to be a special feature of the programme.

The baseball games to be arranged for will be between local teams. The band concerts will be given by the R.C.H.A. band, which will be home from Petawawa camp, by that time.

It is expected that this year one of the largest crowds that ever left Toronto on this annual excursion will take in the trip to Kingston. The Toronto old boys have had several meetings and are making all the arrangements for their monster excursion.

The excursion trains will arrive in the city on the Saturday previous to Civic holiday as usual and Mayor Shaw and members of the City Council will be on hand to extend them a welcome.

WATERTOWN BOAT WON

The Second Race of the George Cup Series.

Pictou, July 10.—The Neagha, American challenger for the George cup, Thursday afternoon won from the Nirwana, of the R.C.A., Toronto, and so tied the battle for the trophy. The deciding race takes place to-day outside Prinyer's Cove, where the L.V. R.A. regatta is being held.

Conditions were on Thursday changed. Instead of triangular the course was three miles to windward and back, twice over. The wind was almost due southeast and light though steady.

On the first leg to windward the Watertown challenger took the lead and lost little while bearing down the wind. The start was at 12.30. The winner finished at 3.55.51 and the Nirwana at 3.58.40. At rounding the finishing buoy the first times were:

Neagha..... 2.30.20
Nirwana..... 2.25.40
This shows that in the second round, the winner's lead was decreased.

The Kingston yachts stood thus: Iris and Heather, second and third in Class C; Chiriya and Kathleen second and third in Class D; Little Nell and Tespi first and second in Class E.

MAKING INVESTIGATION

Into Theft of Goods From Cars on the Grand Trunk Railway.

The Grand Trunk railway company has had a great deal of trouble of late with car thieves. On Friday a G.T.R. official was in the city making an investigation into a report that goods had been stolen from a car ready for shipment. All over the line the company has had many cases of theft to contend with. Hard times is given as the cause of all the trouble.

A couple of Grand Trunk officials arrived in the city on Friday morning to attend the trial of William Devlin, charged with the theft of five bottles of whiskey and two sides of bacon from a G.T.R. car. This case came before Judge Lavell at a special session at four o'clock this (Friday) afternoon.

MRS GOULD MEETS OWN BILLS, But She Declares She is Not Divorced.

Paris, July 10.—Newspapers here contain an advertisement to the effect that Mrs. Katherine Gould, who some time ago obtained a decree of separation in the supreme court of New York from Howard Gould, but from whom she had not been divorced, is discharging her own obligations. She desires to warn the public, particularly hotel keepers, against persons trying to contact debts in her name. She asserts that she is the only person who is legally entitled to bear the name of Mrs. Howard Gould in the United States.

Building Permits.

Two building permits were issued at the city engineer's office on Friday. One to George Canneer for a solid brick residence at the corner of Quebec and Cherry streets, and the other to J. W. Smith for a brick veneer dwelling on the south side of Ordance street, between Bagot and Rideau streets.

Sculptor's Wife Meets Death.

Rome, July 10.—The second wife of the distinguished Italian sculptor Filippo Caffariello, was accidentally burned to death through the explosion of a lamp.

Caffariello in August, 1905, shot and killed his first wife in a fit of jealousy. He was acquitted after a sensational trial.

The Fresh Fruit Train

Arrives at 9 a.m., full load for Caranovsky's Saturday sale. Blueberries, red raspberries, red currants, red cherries, black currants, gooseberries, Ox-heart cherries, Black Caps and strawberries.

United States Senator Elihu Root will be temporary chairman of the republican state convention at Saratoga Springs on August 15th.

PITH OF THE NEWS.

Tidings Told in Terse Measure For Busy Readers.

The Allan Line steamer Sicilian reached Queenstown with one of her pressure engines disabled.

While bathing on slippery rocks in Catskill creek, N.Y., Frederick Melvin, aged twenty-seven, a New York summer boarder here, was drowned on Friday. His body was recovered.

Charles Albert Lapp, for twenty-seven years publisher of the Bright on Ensign, passed away on Saturday morning last at his home in Midale, Sask., to which place he had removed four years ago.

County Judge McWatt has granted R. J. McCormick's application for a recount in connection with the East Lambton provincial election contest, and it will be held at Sarnia on Monday next.

Douglas Stewart, the 18-months old son of W. C. Stewart, Brockville who drank a quantity of lye which the parents left in a cup on the table in the kitchen, died in the general hospital from shock and the injuries received.

Dr. Donald M. McGallie, of Chicago, a former Canadian from Oakville, was, on Thursday, at Rochester, elected president of the National Dental Association, which has a membership of fifteen thousand.

The funeral of the late Hon. Mr. Emmerson will take place on Saturday. The body will be taken to Moncton on the Ocean Limited and a public funeral service conducted by Rev. G. A. Lawson, pastor of the First Moncton Baptist church, will be held.

The United States administration met defeat Thursday in the first stage of its fight to have the senate confirm the nominations of Thomas D. Jones, of Chicago, and Paul M. Warburg, of New York, as members of the Federal Reserve board.

The contract for the last section of the Trent Valley canal remaining to be placed under construction, from Lake Simcoe to Georgian Bay, is awarded to the Randolph Macdonald company, and the award involved is approximately \$900,000.

Steps are to be taken to have recent elections of conservatives in East Middlesex and London set aside. It is charged that the residents of the two constituencies voted illegally because the recently annexed districts of London were included in East Middlesex in the balloting.

Colebrook Reports
Colebrook, July 7.—The Ladies Aid of this place gave a very successful lawn social on the church grounds Saturday evening. The Newburgh brass band furnished music. The proceeds were over \$84. A good number attended the lawn social at Yarker on Tuesday evening. The road overseer is building a nice piece of sidewalk on Water street on the west side of the river. T. A. Keyes' store has been given a coat of paint. Miss Glossie Woodguff has been very ill but is slowly recovering. Harold Anderson his wife and infant daughter, and Miss May Warner and C. Windover, all of Napanee, came out in their auto car to the lawn social Saturday evening and spent over Sunday with A. C. Warner and family. Edgar Walker has put some repairs on his barn, and intends to drill a new well convenient to his barn.

My, But It's Warm.
This is first-class weather for the ice cream man and the fellow who runs the soda water fountain. At two o'clock on Friday afternoon the thermometer at the police station door registered ninety-eight degrees. People on the street felt as if it was about 198. Everyone on the street was talking about the warm weather. This has certainly been a severe week. It has been hot every day.

A good many Christians find it convenient to target the minister's advice after the Sabbath is over. It's mighty poor policy to kick a strange dog just to find out if he is good-natured or not. The cackle of the hen doesn't always insure an egg. Some people talk and—that's all.

WILL BUY PULMOTOR

CIVIC FINANCE COMMITTEE CONSIDERED THE MATTER.

Will be Placed in Police Station and Members of the Police Force and Fire Department Will be Instructed How to Use It.

Kingston is at last to have a pulmotor. The Civic Finance committee on Thursday night took up the matter and decided that one be purchased. It will cost about \$250 and will be money well spent.

The pulmotor will be kept at the police station and members of the police force and the fire department will be instructed how to use it. During the boating season it should be very valuable. The pulmotor is in use in many cities and towns and almost every day one reads in the newspapers about some person's life having been saved with it. Many drowning accidents occurred in Kingston last summer, and it is claimed that in two or three cases life might have been saved had their been a pulmotor at hand.

The question of purchasing a pulmotor has been under consideration for a year. The matter came up at a meeting of the Fire Committee. Fire Chief Armstrong made a strong recommendation to purchase one, and the committee after learning of the merits of the machine, placed a recommendation in its report asking that it be purchased. This report was brought before council and was passed, but at the time there were no finances to make the purchase and as a result the matter was allowed to drop. Early this summer the question was brought up again, and as it has now passed Finance committee, it will mean that the pulmotor will be secured without delay.

Pass Matriculation Examination.
The following Frontenac students passed the Matriculation examinations: M. Abbott, H. Brown, L. P. Black, M. C. Campbell, A. Fraser, V. Frink, M. M. Gibson, M. E. Garrah, N. Goodfriend, A. Giles, A. Grant, H. B. Gray, T. J. Johnston, M. Johnston, Maude Johnston, I. M. Lake, L. Lyon, C. P. Leahy, K. C. MacNamee, M. McKenna, W. A. McLean, M. Naylor, E. Quinn, E. C. Reid, I. Reynolds, M. Toppings, E. J. Veale, J. Varrett.

Automobile Parties Increase.
The number of touring motorists stopping in the city has increased exceedingly in the last few days with the advent of warmer weather and the resulting better road conditions. The warm days dry up the roads and the breeze created by the quickly moving automobile is certainly delightful. Some of the arrivals in the city Friday were Dr. Mrs. Hilyard and Miss Mitchell from Bowmanville; Mr. and Mrs. W. Hunter and E. B. Weese, of Napanee.

Ponies Praise Belleville
According to reports from those who witnessed the baseball game at Belleville Wednesday between the Ponies of Kingston and Ontarios of Belleville, there are still a few good players in Belleville. The score ended 5-3 in favor of Ontarios, after a good foot contest. The Ponies are high in their praise of the treatment received from the management of the Belleville team.

Orangemen Busy.
The Orangemen in Kingston are busy making arrangements for their trip to Deseronto on Monday. It is expected that a large crowd will take in the excursion. The members will meet at the Orange Hall at 7 a.m. Monday morning and march to the Grand Trunk station. The train leaves at 7:30.

Commencing To-night.
The American Press Association will exhibit at each change in the Cing Edward theatre, four stereoscopic photographs of the world's latest happenings. These alone are worth the price of admission.

The French line steamer Virgine was signalled Thursday night at 200 miles southwest of Beaufort in tow of the British freighter Etouan. Mrs. Philpott and children, of Cape Vincent, are visiting friends in the city.
