

THE AMENDING BILL GOES TO THE COMMONS

Passed By Lords After A Spirited Debate

LANSDOWNE DECLARES

THE GOVERNMENT HAS REFUSED ASSISTANCE

In the Task of Preventing Civil War—The Marquis of Crewe Asks for Exercise of Patience and Forbearance.

London, July 15.—The House of Lords yesterday passed the third reading of the bill to amend the Irish home rule bill and sent it across to the House of Commons for consideration.

In its closing stage in the upper house the Marquis of Crewe, the liberal leader, took part in the debate on the bill and indirectly promised that the attainment of an agreement in regard to the elimination of the time limit by which the counties of Ulster were allowed to vote on the question of their exclusion for a period of six years from the operation of the home rule bill would not prove difficult. He said, however, that the area of the province of Ireland to be excluded had been so greatly enlarged by the unionists that it would be a vexed and critical question. The unionists, he argued, had failed to explain how they proposed to meet the inevitable objection of exclusion of the Roman Catholic countries of Ulster and their friends elsewhere in Ireland. The Marquis of Crewe concluded by asking for the exercise of patience and forbearance and firmly hoping for a successful solution.

Seeks Ulster Exclusion.

The Marquis of Lansdowne, the unionist leader, reiterated that nothing short of the unionist amendments could avert the imminent peril that was threatening. He said this was his explanation of the demand for the total exclusion of the province of Ulster, and he complained that the government had given the unionists no assistance whatever in the task of averting civil war.

At the suggestion of the Marquis of Crewe, the bill was read a third time without a vote being taken. Before the passage of the third reading of the bill the Earl of Dufferin moved the insertion of a new clause providing that the king might, by an order in council, suspend the operations of the home rule act until a commission should have reported on the constitutional relations of Ireland to the other parts of the United Kingdom. He argued that by means of such a commission there would be hopes of creating a situation that might lead some day to a satisfactory final settlement of the whole problem and that peace might be achieved without dismemberment.

Motion Is Adopted.

Lord Dufferin's motion was adopted without division, though it aroused no enthusiasm. The Marquis of Lansdowne said it was vague and open to the objection of putting the whole empire into the melting pot on the chance of getting the government out of a purely domestic difficulty. Affairs in Ulster, he continued, brooked no delay and under no circumstances would his side of the house accept the clause as a substitute for its own amendments. But if these were accepted and incorporated in the act there might be considerable advantage in the proposed inquiry.

Lord Morley, of Blackburn, in behalf of the government, described it as a purely academic proposition brought forward at the moment of the crisis, for which there was no precedent. With regard to the other amendments adopted by the House of Lords he said their effect would be to embitter relations and increase the difficulties of a settlement. They amounted virtually to an elaborate method of rejecting the bill. It would have been far more straightforward, he declared, if they had voted for Lord Willoughby de

YOUNG LADY DISAPPEARS

Anxiety at Tamworth for Miss Blanche York.

Tamworth, July 15.—Quite a sensation has been created in the neighborhood of Tamworth, by the sudden disappearance of Miss Blanche York. Leaving the home of Mrs. T. Walsh, where she had been engaged in sewing, about nine o'clock on Wednesday evening, for her home, a mile and a half or so out of Tamworth, she has not been seen or heard of since. As her people thought she was in the village, no inquiries were made about her till Saturday evening. Since then a diligent search has been made to ascertain her whereabouts, but without avail thus far, nor can any satisfactory explanation of her mysterious disappearance be given.

Tindieu, merchant of Stoco, has been in Kingston during the past week. G. Tindieu, with a cancer. Mrs. Tindieu is erecting a large brick residence on Victoria street, adjoining the property of Mr. O'Keefe. The Gem Theatre is fast approaching completion. F. Donahoe, proprietor, expects to open up any day now. Rain is much needed in this district.

The cottages on the south shore of Stoco lake are all being occupied by villagers and others. The lady teachers and other young ladies of the district, who have been camping in this vicinity for the past couple of weeks, are quitting the cottage occupied by them in a day or two. George Way has been seriously indisposed during the past week or so. Albert Genore made a business trip to Belleville, Saturday. He is president of Otter Creek cheese factory. Quite a number of the Orange order brethren left town on Saturday morning. They went in procession, on Sunday, from their hall to the church.

LIBERAL WINS

In The Recount In East Lambton Riding.

MCCORMICK'S MAJORITY

HAS BEEN ANNOUNCED AS TWENTY-SIX.

There Were 123 Ballots in Dispute Because of Counterfoil—Report That Conservatives Will Go to Court of Appeal.

Sarnia, July 15.—By the decision of Judge MacWatt, rendered at the close of the recount proceedings late last night, the East Lambton seat in the recent Ontario contest has been awarded to Robert John McCormick, the liberal candidate. Conservatives say they will carry the decision to the Court of Appeal. No less than 123 ballots were found in the ballot box with the counterfoil and printed numbers attached, which has been held to be against the law in a number of previous election cases. Of those, 77 ballots are marked for Martyn, and 46 are marked for McCormick. The 23 ballots with the counterfoil attached are from the polling subdivisions of Theford. If these ballots were counted, they would give Dr. Martyn a majority of 31 in that polling subdivision. If, however, on the other hand, they were declared illegal, it would give Robert McCormick, the liberal candidate, a majority in the riding of about 25. Then again, if these disputed ballots are allowed, Dr. Martyn, the conservative member-elect, will have a majority of nine or eleven in the riding.

Judge MacWatt held a count at his chambers last night, when the case was argued by the legal representatives of the respective candidates, and decided in favor of Mr. McCormick.

The liberals now hold 26 seats in the legislature.

NINETY PER CENT OF MEN FAVOR STRIKE

That Will Tie Up 150,000 Miles of Railroad In The West

Chicago, Ill., July 15.—With ninety-nine per cent. of the trainmen in favor of a strike unless their demands are granted day with the same pay for shorter days with the same strike that will tie up a hundred and fifty thousand miles of railroad, some of it extending into western Ontario, loomed large to-day. Conference between men and managers were resumed to-day. Both sides firmly resolved to stand to their guns.

Bond Negotiations.

Ottawa, Ont., July 15.—Negotiations in connection with the closing up of the Canadian Northern forty-five million bond guarantee are being continued. Sir William Mackenzie, Z. Lash and Hon. P. H. Phippen are here, and conferred with the officials of the department of finance. It is stated that the trust company which will act as trustee for the Canadian Northern bondholders has been named, but the order in council has not been passed. It is believed in some quarters that the National Trust company of Toronto has been chosen.

ENGLISH PRECEDENT

PRISONERS SERVE LESS TIME FOR SIMILAR OFFENCES

Dillon Broken in Health—Welland Canal Dynamiter Was Kingston's Oldest Same Prisoner.

Ottawa, July 15.—Facts have become known here bearing upon the circumstances leading up to the release from Portland penitentiary of Luke Dillon, the Welland canal dynamiter. It is pointed out that Dillon's record in the prison was irreproachable, the officials reporting him as a model prisoner. Serving a life sentence for good conduct, and which in his fourteen years would have amounted to four years. With good conduct allowance he had served in thirteen years. He had had a clean record so far as crime is concerned up to the time of the Welland outrage.

In Great Britain there have been some fifteen sentences since 1882 for similar offences, in some cases there having been treason and felony as well as destruction of property, and the sentences in these cases were commuted to less than the term served by Dillon. The latter was the oldest same prisoner in Portmouth penitentiary at the time of his release, being sixty-four years of age, and is described as broken in health after his long confinement.

STEAMER PIERREPONT'S TRIP

Capt. Putnam Takes Boat From Prescott to Montreal.

A despatch from Montreal says: By bringing the steamer Pierrepont safely through all the series of rapids between Prescott and Montreal, Sunday, Capt. Samuel Putnam demonstrated his fitness to be added to the small list of four or five men capable of navigating these swift running waters. Capt. Putnam, who is first officer on the steamer Rapids Prince, though the holder of a master's certificate, has been in the employ of the Richelieu and Ontario Navigation company, now amalgamated in the Canada Steamship Lines, for twelve years, and whilst he has been in the pilot house practically daily, has never before been in sole charge. Receiving orders to bring the steamer Pierrepont, which had been on the Gananoque-Kingston service, but has now been chartered by the town of Maisonneuve for service between Maisonneuve and Longueuil, down from Kingston either by way of the rapids or through the rapids, he chose the latter and though never previously actually steering or taking a boat down by himself, accomplished the difficult and, he it added, somewhat risky feat without the slightest mishap, handling the steamer with the coolness born of experience.

The discovery of another pilot thoroughly capable of running these rapids is a distinct asset to the Canada Steamship Lines, who now have the services of four men able to navigate the seven rapids. Capt. Putnam, Sunday, demonstrated that he was as familiar with the rapids route as any of the experienced pilots now employed on this service.

EARLY MORNING FIRE.

Deseronto Merchant Suffers \$1,600 Loss—Partly Insured.

Deseronto, July 15.—On Tuesday morning fire broke out in the repair shop of the boat and shoe store occupied by Edward Levesque, Market street. The flames had made great headway before the fire was discovered.

Before the brigade reached the scene of the fire both repair-shop and store were completely gutted. The entire stock being destroyed the firemen concentrated their efforts upon the adjoining buildings. There was no wind to spread the flames. The building to the east, which is used by George Pierson as a butcher shop, was badly damaged by the water and the outside was charred. Both premises are owned by the estate of the late John McLaughlin, Toronto. The loss is estimated at about \$1,600 and is partly covered by insurance.

MASONIC GATHERING AT NIAGARA FALLS

Is An International Peace "Communication"

MASONS ARE PRESENT

FROM GREAT BRITAIN AND THE UNITED STATES

There Are 1,000 Delegates in Attendance—Century of Harmony Is Receiving Recognition in a Masonic Way.

Niagara Falls, Ont., July 15.—With welcoming street streamers assuring them: "Masons, the place is yours; everything is yours but the key," the blue lodge Masonic brethren of Ontario opened their fifty-ninth communication, which will probably go down into history as the international peace communication, here this morning. One thousand delegates attended to-day's inaugural, and some thirty outside jurisdictions in the United States and Great Britain were represented.

The century of harmony between two great countries was receiving recognition in a Masonic way, hence the euphemistic international character of to-day's proceedings. M. W. Bro. W. D. McPherson, of Toronto, presided as grand master. He will tender a banquet to-night to the craft rulers.

Mayor Doves formally conferred on the visitors the freedom of the city. It is expected that the grand lodge business will be finished by noon tomorrow, and peace will be the theme of addresses to great gatherings on Thursday afternoon and evening.

In his address Grand Master McPherson pleaded for a "happy medium" in initiation fees. He did not believe in "cheap masonry," neither did he think lodges should fix the fees so high as to exclude deserving men who could not afford it. The treasurer's and other reports were satisfactory.

CONSIDERABLE ALARM OVER DEPORTATION

Of So Many Men Who Are Out of Employment In Canada

Ottawa, July 15.—The government is being inundated with applications for deportation of stalwart men who are without employment. Now the movement has become most popular. Every place which has idle men wants to get rid of them. To-day there are thousands of such men in the country. The men themselves want to leave for their homes in Europe. It has been semi-officially stated that the exodus of people from Canada would be greater this year than the influx. There is considerable alarm over the number leaving Canada.
