### WANT SHEET ASPHALT

LAI D ON THE RESIDENTIAL STREETS OF KINGSTON.

The Board of Works Adheres to Its Former Recommendation—It Will Advocate Nothing Else.

The Board of Works will recommend nothing but sheet asphalt pavement on a concrete base for the residential streets. Its former recommendation, which was referred back for further consideration, will again be presented to the City Council for adoption—viz.: that the tender of Foley and Gleason to construct 50,000 square yards of sheet asphalt, with curbing, gutters, etc., for \$125,063, be accepted, as much as possible of the work to be done before the cold weather sets in, and the balance next year.

The board convened on Tuesday afternoon, after its members had autoed over most of the streets that are in the paving schedule. It was a shirt sleeve meeting, all the members shedding their coats, with the exception of Ald. Couper, who remained fully dressed and at a cool looking as his five coatless conferees.

It did not take long for the board to come to a conclusion as to what kind of pavement should be laid. Now that the streets in the schedule were thoroughly worn out it was agreed that only a lasting pavement should be put down, even though the cost appeared large.

Sheet asphalt would cost \$2.00 a square yard; tarvis, \$1.46, and rockmac, \$1.94. These were the comparisons.

The city engineer was asked if sheet asphalt was worth 54c. a square yard more than tarvis, and he replied it was.

The engineer had a statement showing that it would cost \$17,200 to merely repair 37,155 square yards of the residential streets with macadam. It would cost \$25,000 to repair all the roadways in the schedule. When these are a potash and a hypodermic syringe repairs were made, there would be nothing permanent to show.

Ald. Couper agreed with Alds. Fair and Hughes that it would be wise to use a concrete base. The sum of \$125,000 looked like a large initial expenditure, but, it would be a big saving in years to come.

"Sheet asphalt should wear thirty years in Kingston," said Ald. Hughes.

"If the council is going to throw us down on sheet asphalt then I would favor going back to macadam," declared Ald. Couper.

Ald. Fair advised the Board to get together and agree on sheet asphalt. If they did, it would go through. He moved that the original report of the board on the residential paving should go back to council.

"In view of the information we have on paving, it would be foolish to do anything else than recommend sheet asphalt," remarked Ald. Hughes.

Ald. Litton asked what the Board thought of the city purchasing an asphalt plant. It was pointed out that sheet asphalt required expert knowledge in laying, and that it would cost the city a good deal of money to go into the business itself.

Alds. Sutherland and Peters expressed themselves in favor of putting down the pavement that would last the longest.

Ald. Fair's motion to again recommend sheet asphalt to council was carried unanimously.

The debentures will extend over a period of ten years, although the contractors guarantee is five years.

In attendance were Alds. Litton, (chairman), Fair Couper, Peters,

### INCIDENTS OF THE DAY.

**News Paragraphs Picked Up by Our Busy Reporters.**

Major W. J. Neill, Petawawa, was in the city on Wednesday morning.

Mr. and Mrs. A. E. Noonan, of Ottawa, passed through the city on Tuesday in their automobile.

"Banish Mosquitoes," with Jap sticks, sold at Gibson's Red Cross Drug store.

Joseph C. Greenfield and Joseph Greenfield, Jr., Atlanta, Ga., visited this city on Wednesday.

"Fly Poison Pads," at Gibson's.

W. A. Jarrell returned to Hamilton yesterday after a two weeks' visit in the city.

Mr. O'Connor and party from Peterboro, passed through the city on Tuesday in their automobile.

"Fly Pads," at Gibson's.

Mrs. W. F. Morgan, Mrs. F. N. Bacon, Mr. and Mrs. Frederick Pruyn, Tlayton, N.Y., are in the city on a fishing trip.

Mr. and Mrs. J. McAuley and daughter, Helen, are in Port Colborne at the funeral of Mrs. McAuley's brother, W. Scanlin.

"Fly Pads," at Gibson's.

Miss Margaret Black, accompanied by Miss Jean English, left, to-day, by steamer Toronto, for Montreal, en route to Halifax, N.S., where they will be the guests of Major and Mrs. Deane.

"Kodak Films," at Gibson's.

A tourist party, composed of John W. Copeland, Mrs. Helen Carter, John D. Tripp and wife, and Carl T. Wright, of Auburn, N.Y., came to Kingston on Tuesday afternoon, and spent the evening here.

### IN MARINE CIRCLES.

**Movements of Vessels Reported Along the Harbor.**

The schooner Abbie L. Andrews cleared for Fairhaven.

The schooner Charlie Marshall cleared for Jordan, near Port Dalhousie, to take on a cargo of saws.

The steamer Simla arrived in port on Wednesday with grain from Port Colborne, on the way to Montreal.

The steamer Northmount passed up at noon to-day, light, on her way to the Welland canal.

The steamer Kinnmount will pass down to-night loaded with grain from Port Colborne to Montreal.

The steamers Rosedale, Dundee and Deacons passed down to Montreal from the Welland canal on Tuesday night.

The steamer Rapids King went into the dry dock at the Kingston Shipbuilding company on Wednesday morning to have some new blades put on her wheels and some minor repairs made to her stern bearings. This will take possibly two days.

The steamer Nevada passed east at 8 a.m. Wednesday.

The steamer Robert Rhodes passed down to Montreal from the Welland canal at 7 a.m. Wednesday.

The steamer Julia B. Merrill cleared for Oswego to load coal for Swift's on Tuesday.

The steamer Belleville passed down to Montreal from Toronto at 7 a.m. Wednesday.

The steamers Kingston and Caspian passed down Wednesday.

The steamer Aletha from Picton, on Wednesday.

The steamer Rideau Queen cleared for Ottawa Wednesday morning.

The steamer Rideau King arrived from Ottawa and cleared for Clayton Tuesday night.

The steamer Lambton arrived at Swift's on Wednesday morning.

### At Lake Ontario Park.

The sweltering heat, no doubt, drew many people out to Lake Ontario Park last evening. The refreshing breeze off the lake was thoroughly enjoyed. The number of private picnics in the afternoon and evening was very large. When the vaudeville entertainment opened in the pavilion it was almost impossible to get near it, the crowd was so large. The work of Alaire, the club manipulator, and the DeLois novelty acrobats and contortionists, was watched with interest.

The pictures were very good. To-morrow evening there will be a change of programme, also new moving pictures. The management is using the utmost endeavors to put up good programmes to please the patrons.

### Horse Dropped Into Harbor.

The bathing houses on King street west are in great demand these fine nights. The water is particularly cool and enjoyable after being on the scorching hot cement walks during the day. On Tuesday night there was a little excitement for the people who spend the early part of the evenings in the water at this place. A man was leading a horse along the wharf east of the bathing houses when, with a splash, the animal went in the lake. There was about fifteen feet of water where the horse dropped in. The man, however, had kept a firm hold of the halter shank and without great difficulty the animal was towed to the end of the wharf and landed.

### Gasoline Wars On.

There is a gasoline war on in Watertown, N.Y. Because of the war, automobile owners of the city are saving hundreds of dollars every week on gasoline, as the price ranges from four to ten cents on a gallon less than it was last summer or early in this season.

There are gasoline wars on in Syracuse and Rochester, two rival companies trying to secure the patronage in these cities gasoline is selling around twelve cents a gallon.

Kingston auto men are praying for a war in this city, where the oil sells at twenty-five cents a gallon.

### Entertainment in Your Home.

You can have entertainment of your own selection in your home through the Victor Talking Machine. \$32.00 will buy you a Victrola and a selection of 12 double sided records. You only have to pay \$10.00 cash and \$1.25 per week, at C. W. Lindsay, Limited, 294 Princess street.

"Sedlitz Powders," in tin boxes for campers, sold at Gibson's Red Cross Drug store.

### KINGSTON THE GOOD.

But One Case in the Police Court on Wednesday.

Kingston is certainly deserving of the title, "Kingston the Good," these days, so far as police court business is concerned. For over a week now there has been very little business and on quite a few days there has been no session of the court.

Wednesday morning, one lone drunk made his appearance, and he had never been before the court before he was given a chance.

**A Kingston Boy's Success.**

The many friends of Dr. Vincent F. Lawler, formerly of Kingston, but now of Cleveland, Ohio, will be glad to learn that he has passed the Ohio medical state board examination recently held in Columbus, Ohio. Dr. Lawler is very creditable considering that there were 152 doctors writing, and Dr. Lawler was the only Canadian. Since going to Cleveland the doctor says he has established a fine practice and likes the United States very well. He often meets Queen's men in his travels and says they are doing well. Dr. Lawler is a son of James Lawler, Alfred street, and a graduate and gold medalist of Queen's.

**"The Fourth Estate."**

The Whig will begin, to-morrow, the publication of a new story, "The Fourth Estate," novelized by Frederick R. Toombs, from the great play of the same name by Joseph Meall Patterson and Harriet Ford. It is a newspaper story of a very great interest and has largely to do with an earnest young writer's battle with a United States judge, against big odds. It is a story of to-day's America and fearlessly exposes political and judicial corruption.

Gibson says, "The reason why our Chocolate Ice Cream Soda is so popular is quality, brings customers to the Red Cross Drug store.
