HALF INCH SHORT IN HEIGHT.  
And as Result Penitentiary Guard Was Not Accepted.

Evidently the authorities at the Portsmouth penitentiary intend to pay very strict attention to the rules and regulations regarding the taking on of men to serve as guards, owing to the fuss made over the guards who were found to be over age at the recent investigation.

There is a regulation which states that all men taken on as guards shall be five feet nine inches in height. A few days ago a young man was taken on the staff but when he was lined up for his measurement it was found that he was shy one inch and as a result he could not hold the position. He just made five feet eight and a half, and as he has passed his growing time he will not have a chance to fill the position of guard.

Played Part of Chauffeur.  
Geneva, July 17.—The king of the Belgians, one of the most democratic of European monarchs, who has been spending the last three weeks in Switzerland, tells the following story:

At Territet the king and queen were motoring. His majesty was driving and there were no attendants. The queen went into a shop to make some purchases. The king was standing near the car, reading a newspaper, when an American woman came out of the shop, jumped into the conveyance and bade the driver to drive her to her hotel. "Certainly, madam," replied the king, complying with the lady's instructions. In the meantime the queen came out of the store and was surprised to find her husband and the car had disappeared. Both quickly reappeared, however, and their majesties laughed heartily over the occurrence. Enquiries as to the identity of the American woman were fruitless.

1000 Islands-Rochester.  
88. Caspian and North King leave at 10.15 a. m. daily except Monday for Thousand Islands, and at 5 p. m. for Rochester.

The stage drivers who traverse Montreal Road are up in arms over the state of condition of that thoroughfare. The dust is almost eight inches deep in some places and the result of this is due to the heavy sand vehicles that travel over it from the sand pit to the city. A good rain would be welcomed.

## MONTREAL OLD BOYS.

Arranging For An Excursion Here For Reunion.

The Kingston old boys at Montreal are arranging for an excursion to Kingston for the Old Boys' reunion. The secretary, Hugh C. Walker, is sending out letters to all the members of the association to ascertain just how many will take in the trip. If a sufficient number can be secured, a special rate will be secured over the Grand Trunk railway and the Richelieu and Ontario Navigation company line.

The graduates of Queen's university in Montreal have formed an association and are contemplating taking in the trip to Kingston on July 27th.

## TO REDUCE THE STRENGTH

Of the Army Service and the Engineering Corps.

Ottawa, July 17.—The present strength of two units of the permanent force, the engineer corps and the army service corps is to be reduced by the minister of militia, it is announced.

The numbers of both units as at present constituted are considered too great, and Col. Sam Hughes intends to reduce both of them to a workable size. The Canadian army service corps is now one-third as great numerically as that for the whole British army, in spite of the great disparity in the size of the Canadian and British forces. These units were constituted in their present strength ten years ago.

## LETTERS TO THE EDITOR.

T. C. Carey Suggested as Bandmaster For 14th.

Kingston, July 17.—(To the Editor): In view of there being a vacancy in the bandmastership of the 14th regiment, why do the officers not try to secure the services of T. C. Carey, a former bandmaster of both the R. C. H. A. and the 14th. Mr. Carey is again residing in Kingston. He is the son of one of the best British bandmasters ever sent to Canada, and did splendid work himself as an instructor in years past.

## TENDERLOIN FILMS DENOUNCED.

Erie, Pa., July 17.—Plays having their scenes laid in the Tenderloin regions of large cities and indulging in muck-raking were handed a solar plexus at the session of the State Catholic Federation. A resolution was adopted in part as follows: "We insist that Catholics shall not support by their attendance at such theatricals as would expose crime, even though the aim is well meaning. We believe that such plays have a tendency to arouse the hidden depravity of the people."

## DUKE WILL START WEST

## INFORMED A POLICEMAN

THAT HE THOUGHT HE HAD KILLED A MAN.

But Investigation Showed That Man Did Not Suffer Much From Blow He Received From Baseball Bat—Cases in Police Court Friday.

"Come over to the house here on Ontario street. I struck a fellow with a baseball bat, and I think that I must have killed him."

This was the startling statement William Chatfield, a young man, made to Constable Samuel Arnie, when he met the latter on King street near Johnson about nine o'clock on Thursday night. Chatfield was minus his coat, collar, tie and boots. He was under the influence of liquor, and very much excited. He was taken in charge and Constables Arnie and Mullinger then made a visit to his home on Ontario street, and here the constables placed under arrest a woman named Matilda Kukin who was also under the influence of liquor. A man was lying on the floor in a dazed condition, and he was the person who evidently had come in contact with the baseball bat.

He had a wound on the side of his head and appeared to be unconscious but when Constable Arnie told him to get up he did so and appeared none the worse for his experience. He was not drunk so the police did not take him in charge.

In the police court on Friday morning, Chatfield and the woman were charged with being drunk and disorderly. Both pleaded guilty and a fine of \$3 and costs, with the option of fifteen days, was imposed upon each.

The scene at the Ontario street house showed every evidence of a lively row having occurred there. Several windows were smashed and when the constables arrived they found a woman sweeping up the broken glass. It is stated that the woman and two men also had a lively fight on the road in front of the house.

"Your worship, I will do anything this morning to get my freedom."

This statement came from Cornelious McMahon, who has been coming on before the court from time to time during the last fifteen years.

"How about putting yourself on the 'prohibited list'?" asked the magistrate.

"I'll do it," replied McMahon. "And I'll trust you to put yourself on the list," replied the court.

The hot weather of Thursday was too much for Cornelious and he took more than his share of liquor. A police constable found him stretched out in a vacant lot on King street.

Douglas Campbell arrested for being drunk said he would leave the city if given his liberty. He dropped in here on a boat and was not anxious to stay. He was given till noon to pack his baggage and say good-bye to his friends.

## HOGAN-KEMP WEDDING.

A quiet wedding was solemnized at the residence of Rev. A. P. Mer-shon, University avenue on Thursday evening, when that minister united William Henry Hogan, son of George Hogan, and Ada May Kemp, daughter of Monty James Kemp, all of this city. The bridesmaid was Miss Ruby Martin, and the groomsmen were John Howard. The groom's gift to the bride was a necklace; to the bridesmaid a pendant and to the groomsmen a scarf pin. Mr. and Mrs. Hogan will take up their residence at the home of the groom's father, 218 Sydenham street.

## PRISONER IS DYING.
