\$50 GROW TO MILLIONS Gift Cannot Be Touched for 340

Years. Berlin, July 21 .- Herr Seiterth mayor of the little Saxe-Weiner

city of Wieda, has made a donation to the city which has set mathamaticians to figuring compound interest problems of an unusual sort. The donation consists of \$50, and

it is to be invested and the interest compounded regularly for 340 years or until 2254. In May of that year 70 per cent. of the accumulated interest is to be at the untrammeled disposal of the municipality. The remaining 30 per cent. is to be similarly compounded for a further 100 years, when the total shall rest as an absolute gift in the city.

Estimates of the sum that will be available in 2254 vary from \$1. 250,000 to \$15,000,000, always assuming that financial conditions do not vary greatly from what they are

Forming Regular Habits. One of the most interesting se-Ottawa Journal: Albert Dade, the crets of success in life is the forminto a successful man, no matter what vocation or profession he may decide upon should begin early to form good habits that he must al-

low to become a regular part of his A boy should get up early in the morning and god out in the pure fresh air where he can see the works of his all-wise Father in hea-

The morning is the time to invigorate the lungs by inhaling the fresh atmosphere. It is the time to harden the muscles and toughen the nerves by a vigorous exercise. It is the hour to establish a good, healthy, boyish appetite, which will soon make a bright rosy complexion. is the time to study the birds and flowers. The birds are the happiest and sing the sweetest in the early morning. The flowers are the most beautiful, and the dewy perfume is the most delicate in the morning hours. The sun has the most influ-ence over a sickly or weakened con-titution in the morning, and if we "ise early and allow nature to assist, we can gain stength of body

Our morals will improve also for we will see the wisdom of the Lord in providing all the many blessings

The boy who determines to make useful man of himself will vfind much to assist him if he will only get but early in the morning and look for it. He will establish hathrough life and which will assist him in many wavs which are invist-The to the boy.-St. Paul Bulletin. Erected Natural Bridge,

Dr. Harvey W. Wiley, discussing a faked mineral water in Washington, smiled and said; "The manufacturer pretends h water gushes from a spring instead of from a factory., but in the long cun he gives himself away. "He reminds me of a western lake

that used to have for one of its attractions a small natural bridge.
"A winter storm carried the bridge away and two natives rebuilt it . The rebuilding was well done and perhaps would never have been suspected but for this sign up at the en-
