## PULLING OFF STUNTS CZAR TELLS KAISER

PORTSMOUTH LADS WERE CLEVER ON PRINCESS STREET.

Had They Struck a Street Car When It Was Going at Any Speed a Catastrophe Might Have Been Reported.

William Ewart and Arthur Gibson, two Portsmouth lads, found out on Tuesday evening that it was advisable to be very careful when riding a bicycle. Last evening the boys were pulling off "some stunts" on Princess on the new pavement.

When the two arrived at the corner of Bagot and Princess streets they had a slight collision with street car No. 20, and, as a result, the bicycle belonging to Gibson had the mud guard broken.

The car in charge of Motorman Reynolds and Conductor Shear, was hardly moving at the time, or else one of the boys might have been killed.

When the accident happened, the boys were riding along the street without holding on to the handle-bars.

This is a lesson to other lads to be very careful when riding a bicycle on the streets where the cars run.

HON. DAVID JAYNE HILL Said to be an ideal candidate for Senator for New York State.

### SEEK BURIED TREASURE

Said to Be Along Shores of Westminster Park.

For many years tradition of buried treasure has prevailed at Westminster Park, Thousand Islands, and on several different occasions reliable men, have attempted to locate it. One story is, that during the French and Indian wars a battle was fought at Poplar Bay, the present site of Hotel Westminster. In this engagement the French were defeated, left their vessel and sought refuge on the shores of the bay. They took from their vessels vast sums in gold and other priceless articles and buried them in some place near the shore line. Of this band of Frenchmen only two are supposed to have escaped and one returned to France, his comrade dying on the way. The survivor left a map to his grandson, showing the exact location of this buried treasure; this map is still in existence and is at present in the hands of a citizen of Alexandria Bay.

There is also a story that there is another treasure buried by Captain Kidd in the same locality. It is said by good authority that the two large poplar trees located at the corner of Hotel Westminster, mark the burial spot of this treasure. Many men in the past few years have sought this treasure, spending much money and energy in the search.

### Epworth League Open Air Meeting.

On Tuesday evening the members of Sydenham Street Methodist church Epworth League held an open air meeting at Lake Ontario park. Supper was served on the grounds, in vicinity of the pavilion. Afterwards Miss Florence Trotter who was a delegate to the Epworth League convention at Buffalo, N. Y., during the first week in July, gave a brief report of her visit to that convention. Miss Florence Valleau sang a solo. Rev. Mr. Currie, of Princess street, church, and Rev. John Webster, of Brock street also took part in the programme. The meeting was in charge of the citizenship committee.

Insist on White Rose flour.

WHAT RUSSIA WILL DO IF SERBIA IS INVADED.

A British Fleet Sails From Portland—Partial Mobilization of Russian Troops Takes Place.

London, July 29.—Czar Nicholas has personally communicated to the Kaiser the position of Russia in the Austria-Serbia conflict informing him that any invasion of Serbia will be immediately followed by Russian mobilization.

It was learned to-day from a most authentic source that a telegram to this effect had been sent to the czar by the Kaiser.

Orders for mobilization of Germany's army were drawn up and signed to-day to be promulgated at the first official information of any warlike movement of the czar.

Germany's banks, owing to the critical financial situation, have announced suspension of their monthly settlements on request of the governors of the bourse.

### British Fleet Sails.

London, July 29.—Unofficial reports from Portland to-day declared that the first British fleet had sailed from that port. Information as to the reported departure of the warships could not be obtained at the admiralty offices and the destination of the ships was unknown.

### Russian Troops Mobilize.

London, July 29.—According to despatches received here, partial mobilization of Russian troops in southern and southwestern districts has taken place in accordance with the war office instructions.

### GIRL RESCUED YOUNG BOYS.

Heroic and Timely Action of Miss Kemp.

One of the bravest acts in life-saving was performed last week at the Carrying Place by Miss Ruby Kemp. Master Gordon Kemp, Salem, who had been spending a two weeks' vacation with his aunt and grandmother was playing in company with Master George Harris, with a boat in the shallow water, without their noticing it, the boat drifted into deep water, and with no oars it soon drew into the current of the bay, where the waters of the lake leave the Murray Canal. The cries of the boys were not heard and they were carried fully a mile down toward Trenton when Miss Ruby Kemp saw their boat and the danger they were in.

Without stopping to remove any of her clothing, not even her shoes, Miss Kemp, with no thought of danger to herself, seized a pair of oars near at hand and plunged into the bay. With the encumbrance of her clothing, together with the weight of the oars, she grew tired long before reaching the boat, but by throwing the oars ahead and then resting, she was able at last to reach it and climb in. The boys were so frantic with fear that it was with difficulty she calmed their alarm.

When it is considered how far Miss Kemp swam in full clothing and with a pair of oars for the rescue of her nephew and friend surely some public recognition of her bravery should be made.

### GANANOQUE TIDINGS

What Is Transpiring in the Little River Town.

Gananoque, July 29.—The steamer Thousand Islander took out one of the largest excursion parties of the season, last evening, under the auspices of the Young People's Society of Grace church, there being upwards of 500 on board. The Citizens' band was on board.

On account of the illness of her mother in Brockville, Miss Gertrude Price, for some time past stenographer at the office of the local branch of the Bank of Toronto, has been compelled to resign her position, and Miss Wiltsie, of Lyndhurst, has been appointed to fill the vacancy.

Rev. Melvin Taylor, pastor of Grace Methodist church, left, on Monday, to attend the session of the summer school at Point Iroquois, in behalf of missions. Rev. Mr. Taylor is in charge of the quiet morning hour.

The schooner Horace Taber finished unloading her cargo of coal and cleared for Oswego for another cargo. Mr. and Mrs. "A. L." Lee, of Toronto, are in town for a short visit with relatives.

### The Good Roads Work.

Toronto, July 29.—The colonization roads work in the north has been proceeding apace, according to the report of Provincial Roads Commissioner Whitson, who has returned from a visit to the north country. He alluded to the progress of the new highway between Rainy Lake and the mouth of the Rainy River at Lake of the Woods. The Port Arthur and Fort William road was being stoned and gravelled, and new roads were being cut in to the Pigeon river country, connecting Port William with the Minnesota state road. This will run through fifty-seven miles of new country in Canada, most of it good for farming. The state road leads to Duluth, and is one hundred miles long. The Sydney to North Bay trunk road would be completed within a year, while the trunk road between North Bay and Mattawa was now finished. Early this season the Sudbury to the Soo road would be opened.

### To Keep Rates This Year.

London, July 29.—Postmaster Hutchinson stated in the House of Commons that the present rate of postage on British newspapers, magazines and trade journals sent from the United Kingdom to Canada, would remain in force until Dec. 31st. He hoped shortly to be in a position to make a statement as regards the conditions of service after that date.

Mrs. Phoebe Ann DeMills died on Monday, at Baycrest, Avondale, near Belleville. "Woodbury" at Gibson's.

# SPECIAL SILK SALE,

Thursday Morning at 9 O'clock.
