## GERMANY'S ULTIMATUM TO ITALY TO JOIN HER

### Canada's Force Will be In- fantry and Artillery.

### FRENCH AND BELGIANS HAVE FORMED A JUNCTION IN BELGIUM.

The Belgians Still Hold the Germans  
Back—No Truth in the Rumor  
That Glace Bay Was Shelled by a  
German Cruiser.

\*\*\*\*\*  
**WILL ITALY FIGHT?**  
It is officially admitted in  
Rome that Germany has served  
an ultimatum on Italy to join  
her in the war.

There was no truth in the ru-  
mors that Glace Bay was  
shelled by a German cruiser.

Orders have gone out for the  
recruiting of twenty-one thou-  
sand Canadian troops immedi-  
ately.

The Canadian force will be  
principally infantry and arti-  
llery.

Belgians still hold back the  
German forces.

French and Belgian columns  
have formed a junction.

There is great anxiety in Brit-  
ain regarding the British navy  
in the North Sea.

### Million French In Field.

Paris, Aug. 6.—Assured of England's  
support and protection of the French  
coast from German attack, France,  
yesterday, hurled more than 1,000,000  
men toward the frontiers of Germany  
and Belgium. Those advancing on  
Germany will not stop at the border,  
but those advancing on Belgium will  
be held there unless King Albert ap-  
peals for help.

The German army is advancing  
through the gap between Toul and  
Epinal. Constant fighting has been  
progressing all along the frontier.  
Both sides have lost heavily, and the  
French wounded are arriving at Nan-  
cy, the mobilization headquarters for  
that district. It is stated that the  
German army numbers more than 100-  
000 men and comprises all classes of  
troops. The fighting to date has  
been mostly an artillery duel. The  
Germans are entrenching as they ad-  
vance, but so far the French have  
more than held their own.

General Joffre, the commander-in-  
chief, took control of the troops on  
the German border in person, super-  
seding General Lanier, who will com-  
mand the northern division.

### Germany Isolated.

New York, Aug. 6.—The cutting of  
cables virtually completes the isola-  
tion of Germany from the outside  
world, except by wireless. French  
and Belgian cables across the  
Atlantic connecting the American con-  
tinent with Europe. These are most-  
ly controlled or owned by the Com-  
mercial, Anglo-American and Western  
Union Cable companies. There are,  
however, two cables owned by French  
and two owned by German companies.

There is, apart from these cables, an  
Al-British line of communication from  
Canada to Great Britain through the  
Pacific subsidized by the British gov-  
ernment. It runs from Vancouver to  
the Hawaiian Islands, thence to  
Australia via Fanning Islands, Fiji to  
New Zealand and Australia.

From Australia to England the cable  
stretches first to the Keeling Islands  
then to Mauritius. From Mauritius  
there is a choice either via Cape  
Town, Ascension, St. Helena, Madeira  
to England, of the Eastern Cable  
company's line from Mauritius to Eng-  
land via Aden, Alexandria, Malta, Gib-  
ralter, Vigo (Spain), to Lands' End  
in England.

### Heavy Geyman Losses.

London, Aug. 6.—The German army  
sustained another defeat, early  
to-day, when two regiments of ca-  
valry attempted a breakthrough on  
the Belgian position at Leirs. The  
Belgian artillery entrenched behind  
the strong fortifications at Fort  
Liers repulsed the invaders with  
losses.

Brussels Aug. 6.—The German  
losses at Visé alone were 3,500 in  
killed and wounded and fully double  
that number were lost at Liege and  
vicinity. Fighting of fercest char-  
acter is still in progress, the Germans  
having renewed their attempt to  
cross the Meuse river, at daylight,  
to-day.

Gen. Von Emmich, German com-  
mander, is said to be directing op-  
erations against Liege in person.

### Universal Day of Prayer.

Berlin, Aug. 6.—Emperor William has  
proclaimed yesterday a universal day  
of prayer throughout Germany. The  
clergy was asked to invoke Divine  
blessing upon the imperial army.  
The official Lokai Anzeiger, an-  
nouncing that Germany has accepted  
the gauntlet thrown down by the  
members of Triple Entente, England,  
Russia and France, says editorially:  
"We began to-day our final fight,  
which shall establish forever our great  
position in the world."

### Bankers To Advise.

Ottawa, Aug. 6.—Should the neces-  
sities of business in Canada require  
the government to issue Dominion  
notes to the banks on deposit of ap-  
proved securities by the banks, the  
minister of finance has appointed the  
following gentlemen to advise him as  
to the securities to be accepted:  
President Canadian Bankers' Associ-  
ation, Toronto.

General manager Bank of Montreal,  
Montreal.  
General manager Royal bank of Can-  
ada, Montreal.  
Manager Canadian bank of Com-  
merce, Montreal.

### German Ambassador Left.

London, Aug. 6.—The German am-  
bassador, Lichnowsky, left London  
early to-day under an escort of  
British troops. There was no de-  
monstration incident to his departure.

### British Cabinet Changes.

London, Aug. 6.—Premier Asquith  
has announced the acceptance of the  
resignations of Viscount Morley and  
John Burns from the cabinet. Both  
resigned in protest against the Brit-  
ish war policy.  
Lord Beauchamp, who was first  
commissioner of works in the cabi-  
net, was appointed to succeed Lord  
Morley as lord president of the coun-  
cil.  
Walter Runciman, minister of  
agriculture, succeeded Burns as  
president of the board of trade.

### BANK RATE REDUCED.

### It Is Felt That Hostilities Will Not Last Long.

London, Aug. 6.—The Bank of Eng-  
land rate, to-day, was reduced to six  
per cent. This announcement at the  
resumption of business following the  
bank holiday, caused much elation in  
business circles. It is accepted that  
the government has no doubt of the  
result of the war and believes hostil-  
ities will not last long.

### Bank Of France Open.

Paris, Aug. 6.—The Bank of France  
opened for business, to-day, with the  
announced discount rate at six per  
cent. This was in accordance with  
the action of the Bank of England fix-  
ing its rate at that figure.

### A GERMAN OUTRAGE.

Visé, Belgium, Aug. 6.—An  
eighteen-year-old girl was exe-  
cuted by Germans because she  
shot an officer. The Germans  
are savage on account of contin-  
ued defeats.

## GANANOQUE IS FEELING THE EFFECTS OF THE BIG WAR IN EUROPE.

### Its Field Battery Is All Ready For Action—Cup Ralph Britton Won at Boston Is on Exhibition.

Gananoque, Aug. 6.—The war  
spirit in Gananoque is quite rai-  
sant. The bulletin boards are  
watched keenly and the daily pa-  
pers snatched up as soon as they ar-  
rive. The effect has already begun  
to be felt in the raising of prices  
on some of the staple articles of  
food stuff, while a big slump has  
been caused along business lines.

Work on the permanent road beds  
on King street is being pushed along  
rapidly and the finished part pre-  
sents a very respectable appear-  
ance.

James Lattimore, an employee of  
the Cowan & Britton Manufacturing  
company is confined to his bed for  
the past few days at his home.  
Gananoque held battery No. 8,  
R. C. A. is being held in readiness  
for all emergencies that may arise.

Mr. and Mrs. John LaRose, Jr.,  
of Toronto, have arrived for a  
visit with the former's parents,  
Mr. and Mrs. John LaRose, Sr.,  
River street.

The steamer Mississipi brought  
in quite a large party from Rock-  
port and down river ports about  
noon yesterday.

The mystic cup won by Ralph B.  
Britton recently at canoe sailing reg-  
atta in Boston, bringing with it  
the championship of the New England  
States, has been placed on display  
in William Edward's window.

### He Wants Damages.

Frank Kimball, a Cape Vincent  
electrician, is suing the sheriff of  
four counties for \$5,000 for false  
imprisonment last June. He was ar-  
rested supposedly as Roy Clark,  
wanted for forgery and jail break-  
ing. He was kept in custody for a  
number of days, and when the mis-  
take was discovered he was releas-  
ed. He now thinks \$5,000 are  
needed for his inconvenience and suf-  
fering because of the officials' mis-  
take.

### Fire Box Has Been Changed.

On account of the Bell Telephone  
company removing its poles on Prin-  
cess street, fire box No. 7, which was  
formerly at the corner of Princess and  
Bagot streets, has been changed to  
the pole in front of the division court  
rooms on the east side of Bagot  
street, between Queen and Princess  
streets.

### Thursday Market Prices.

There was a very good-sized  
market on Thursday morning, and  
vegetables of all kinds were the  
principal articles offered. The  
prices for beets, cabbage, carrots,  
and onions were slightly lower,  
40c a dozen. The only other change  
was in new potatoes which were sell-  
ing at \$1.09 a bushel.

### Repairing Culverts.

The work of repairing the culvert  
at Portsmouth, near Short's hotel,  
has been commenced and is being done  
by convict labor, the department of  
justice having assured Reeve Halliday  
that the work would be undertaken.  
It is being given a cement top. The  
culverts on Union and Bay streets are  
also undergoing repairs.

Polo games are being played at the  
Thousand Islands Country Club, and  
are proving quite interesting.

## PARIS NO LONGER GAY

### NO SINGING ROISTERERS THROUGH BOULEVARDS

Tribute to Late King Edward—Le  
Temps Attributes to Him Utter-  
ance of Wish to Free Europe From  
German Tyranny.

Paris, Aug. 5.—The city now pre-  
sents a different and more ominous  
picture than at any time since the  
crisis began.

Instead of boulevard roisterers sing-  
ing the "Marseillaise" and pillaging  
German shops, there are only mili-  
tary patrols. Instead of the constant  
roar of the mob, there is a silence so  
absolute that it destroys the idea that  
beset everybody—that the situation  
was only a nightmare from which we  
would soon awaken. But it brings the  
reality of war very close.

No one having business in the streets  
is allowed to stand still. Orders have  
been issued that to-night all, except  
possibly newspaper-men and they have  
special permits, must be within doors  
at eight o'clock under penalty of ar-  
rest. Not only did United States am-  
bassador Herriek take over the Ger-  
man embassy here last night, but the  
Bavarian ministry had previously  
turned over its keys to the Americans  
officially. Any fears that Americans  
might be unpopular here on this ac-  
count are obviated by the official an-  
nouncement that Americans are look-  
ing after the French embassy in Ber-  
lin.

Ambassador Herriek has asked for  
military protection at the request of  
a number of American business men who  
have German agencies.

### Say Kaiser Is Crazy.

The Paris press greets Sir Edward  
Grey's speech in the House of Com-  
mons enthusiastically. The Figaro  
heads an editorial: "Hurrah for Eng-  
land," and says: "Sir Edward Grey's  
declaration is admirable. It means  
that England is with us entirely to  
the end. There is nothing lacking in  
her fidelity to all her treaties and en-  
gagements. England has acted for  
her friends and for herself."

The Journal heads its report of Sir  
Edward Grey's speech: "England Our  
Ally."  
The Temps heads an editorial: "The  
Revolt of Europe." It says: "Ger-  
many is now throwing off all disguise,  
but even her throat has become man-  
dible. She has now failed to terri-  
ficially neutrals resolved to defend their  
countries to the end."

The article concludes with a tribute  
to the foresight of King Edward VII:  
"Who wished—we repeat the words we  
received from his own lips—to free  
Europe from German tyranny."  
Though this great king is no longer  
here to preside over our efforts, his  
spirit still lives in his son and his  
people.

The Matin publishes an editorial ar-  
ticle beginning: "The German emper-  
or must have suddenly become mad, or  
he would doubtless have acted differ-  
ently. Not content with attacking  
France and violating Luxembourg, he  
has tried to intimidate brave little  
Belgium. It is more than infamy,  
and the rights of civilization  
and the rights of men. It is lunacy.  
William is mad."

### THE SPORT REVIEW

#### Notes on Baseball, Rugby and Lacrosse.

There is a possibility that the great  
National lacrosse team may be dis-  
rupted before the close of the season.

Because of the threatened mobiliza-  
tion of the Canadian militia there will  
be no lacrosse match at Oakbay,  
B.C., on Saturday, between the Van-  
couver and Victoria amateur teams for  
the Mann cup.

According to a ruling of the South  
American Jockey Club, the locality  
where a horse is bred is not where it  
is foaled, but where the dam was  
bred with the sire.

Georges Carpentier, white heavy  
weight champion of Europe, who re-  
cently won from Gunboat Smith, the  
American fighter, on a foul in London,  
has named the French army as a vol-  
unteer.

While reported that "Silver" Quilty,  
the great Ottawa College plugging ball  
back, would attend Toronto University  
in the fall, it now turns out that  
he will, if he attends any university, be  
more likely to go to McGill.

Cleveland has asked for waivers on  
Napoleon Lajoie. The Nap second  
sacker, who has been the mainstay of  
the Cleveland infield since 1902, and  
whose jump from the National League  
practically made the American in its  
war against the older body, is to be  
sold or traded.

### Portland Reports

Portland, Aug. 5.—Monday being a  
civic holiday in many of the cities and  
towns, a great number of people took  
advantage of the C.N.R. and spent  
the day on the beautiful waters of the  
Seaside. The genial liverman, Mr.  
Seaward, met all trains and conveyed  
the passengers to the water, where  
they were met by several launches and  
the steamer Victoria. Dr. R. Barber,  
of Ottawa, spent the week-end with  
his parents here. Miss M. Ripley, of  
Lanark, is spending a two-weeks holi-  
day with her brother here. Rev. J.  
Lyons and family, of Roslag, are  
spending their holidays with friends  
here. E. Donevan and family, of Ath-  
ens, spent Sunday in the village, the  
guests of the Misses Donevan. Miss  
Lucile Gallagher, of Harrowsmith, is  
the guest of Mr. and Mrs. A. Gallag-  
her. W. Kerfoot and wife, of Smith's  
falls, spent the week-end here. Mrs.  
J. Morris and daughter returned  
home from Gananoque after spending  
the past few weeks with friends there.  
Mrs. T. Henderson, of Smith's Falls,  
is the guest of friends in the village.  
E. Farnham, blacksmith, is doing a  
large business. Miss E. Lyons, of  
Kingston, and Miss Mary Lyons, of  
Newboro, were the guests of Mrs.  
Charles Lyons for a few days last  
week.

Although Wednesday afternoon is  
half holiday for the officers, non-com-  
missioned officers and men attached to  
the local headquarters of the third di-  
vision, the offices were kept open.  
White Rose flour for all purposes.

Fair and warm with thunderstorms. Friday north-west winds, fair.

### END LIQUOR SELLING

#### LICENSE AUTHORITIES DECIDE TO MAKE PROSECUTIONS

Tolerance At An End.—New Series  
of Cases Will Be Brought Against  
the Excursion Fleet.

Toronto, Aug. 6.—The prosecu-  
tions started some days ago by Chief  
License Inspector Burrows against  
the Canada Steamships, Limited, are  
to be followed up. Three weeks  
ago the company paid large fines in-  
to the police court after pleading  
guilty to charges of selling liquor  
without a license. This was the  
procedure followed in former years,  
and in those days the company was  
bothered no more after the fine had  
been paid.

This year the company also start-  
ed selling liquor on its boats on Sun-  
days, but refrained from this prac-  
tice on advice from the authorities.  
The sale of liquor on any of the boats  
at any time is an absolute contraven-  
tion of the liquor license act, and the  
chief inspector does not intend to  
pursue for the violation any longer.  
Information will be laid in a few  
days against the steamboat company  
and against each individual boat as  
well. In taking this action Inspector  
Burrows has the approval of Provin-  
cial Officer Ayeart. It is presumed  
that the steamer Rochester, which is  
of American register and holds a  
United States liquor license, will be  
permitted to sell liquor while she is  
outside Canadian waters.

### Cheese Factory Burned.

Newburgh, Aug. 3.—Miss Jessie  
Wilson, of Govern, Sask., is spend-  
ing a couple of months with her  
mother, Mrs. Thomas Wilson, Mrs.  
Henry Paul, of Napanee, called on  
friends on Tuesday. Dr. McCauley has  
returned bringing his wife and baby  
boy with him. The Palace Road  
cheese factory burned down on Sun-  
day morning. Three extra loads of  
milk are being sent to this factory.  
Miss E. Shorey leaves on Saturday  
for three weeks' holidays at Twelve  
O'clock Point, where the family are  
camping. The Methodist Sunday  
school of Newburgh held their annual  
excursion to Glenora and Picton on  
Wednesday of last week. About 250  
people went. The band played splen-  
dently all day. Miss Una Madigan  
spent a few days with Miss Beaman  
at Sydenham lake this week. Miss  
Heloise Stickney, of Kingston, is vi-  
siting Miss Violet Clancy.

### On Friday evening, Bethel and St. George's will play the last of the senior S.S.A.A.A. baseball games, at the cricket field.

### SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid  
in the blood, which affects the  
muscles and joints, producing in-  
flammation, stiffness and pain. This  
acid gets into the blood through  
some defect in the digestive process.  
Hood's Sarsaparilla, the old-time  
blood tonic, is very successful in the  
treatment of rheumatism. It acts  
directly, with purifying effect, on  
the blood, and improves the diges-  
tion. Don't suffer. Get Hood's today.
