EAGER TO VOLUNTEER HARD HIT BY THE WAR

FOR SERVICE, AS WORK IS SO SCARCE.

Kingston Will Have Many Volunteers for Duty—No Official Orders Yet Received From Ottawa.

Although it was only officially announced on Thursday morning at 8.30 o'clock that the militia department had decided to recruit 21,600 troops for foreign service, a large number of men were at the armories by nine o'clock waiting for the lists to be posted so that they could sign at once.

In almost every case the men are without positions and are anxious to get work so that they can keep their families during the fall and winter. The order which has been issued is about the same as the time that the Canadian contingent went to South Africa. A man will be taken on condition that he can pass the medical examination.

Not Yet Notified.

Col. Hemming, officer in command of the division, when asked by the Whig on Thursday morning if he had received any word from Ottawa about the call of recruits stated that he had received word.

"When the call is given for the volunteers for service abroad, the preference will be given to the men who have served in the militia," was the statement of the commanding officer.

"No man will be forced to leave his own country unless he volunteers to do so," stated the colonel. "In a case of emergency, the men who are enlisted in the militia might by act of parliament be called upon to go abroad but it is not at all likely."

If Canada is called upon to defend her own shores in case of invasion the 14th will in all possibility be called out in a body.

Col. Hemming, when asked if the 14th regiment had been called upon to mobilize stated he had received no orders as yet, but nevertheless the regiment has commenced to get ready.

Order to 14th.

An order has been issued by Capt. E. B. Sparks, adjutant of the 14th regiment, ordering men of the regiment to be at the armories this evening at 7.30 o'clock to take out their uniforms.

It is thought that the uniform is being issued for the purpose of finding out how many men could be counted on in case the regiment is called out.

It has been stated that an order has been received from the department at Ottawa, but this is denied by Col. Hemming, officer in command of the division.

14th Regiment Will Recruit

On Thursday morning Capt. E. B. Sparks, adjutant of the 14th regiment, placed a notice on the local newspaper bulletins asking for recruits to report at the armories this evening for the purpose of getting in shape.

Capt. Sparks, when spoken to by the Whig, stated that it had been decided to call for recruits so as to get the regiment up to strength so that in case it is called upon to do Canadian duty it would be ready.

"At the present time there is nothing startling," said Capt. Sparks. "The uniforms are going to be issued to all the companies this week so that there will be no lost time in case of a call."

No member of the regiment will be sent out of Canada unless he volunteers was the statement of Major Dawson to the Whig on Thursday morning.

No Word As Yet.

On Thursday morning when a Whig reporter called at the offices of the R.C.H.A., he was informed that the batteries had received no orders up until Thursday morning at 9.30 o'clock.

Guarding Lower Canals.

Through a mistake the Whig stated on Wednesday that "D" company of the 4th Hussars, which are stationed at Prescott, had been sent to the Murray canal for duty. The item should have read that the men were doing duty at Cornwall, Ferris Point and Prescott, guarding the St. Lawrence canals.

Recruiting by R.C.H.A.

Recruits were taken on the R.C.H.A. force, on Wednesday, but owing to a shortage of forty horses there was no recruiting on Thursday. There were a great number of men who offered their services on Wednesday, who could not be accepted.

Germans Naturalized Here.

Simon, Stenzler, 203 Wellington street, and Adolf Kaminski, 277 Ontario street, are the heads of two families of Germans in the city. Mr. Stenzler when asked if he would go to the war replied that he would not. He said that first he was a naturalized Canadian, second it would be foolish of him to go to Germany, and break up his home for the sake of adding one soldier to the German strength. He was once a captain in a German regiment, corresponding to the 14th, P.W.O. Rifles.

Offer From Alabama

A prominent citizen has received a telegram from Dallas B. Smith, of Opelika, Ala., who was in the militia business here three years ago, asking if the Canadian government would accept three hundred Alabamians for service in the war. Mr. Smith is a veteran of the Spanish-American war, and a captain in the American volunteer service. He would like to bring some of his Alabamians up here to go across to Belgium and get a crack at the Germans.

NO SALES MADE ON FRONTENAC CHEESE BOARD.

Buyers Instructed by Montreal Firms Not to Make Purchase Cheese for a Week—Offer to Store Cheese Free of Charge in Montreal—L. W. Murphy's Bid Refused.

The war has hit the Frontenac cheese board. For the first time in the history of the board, on Thursday afternoon, there were no sales, for the reason that the buyers had received instructions from firms in Montreal telling them not to make any purchase for a week, owing to the war. It was announced, however, that any cheese boarded would be stored in Montreal free of charge. There was boarded 9 boxes of white cheese and 490 boxes of colored. L. W. Murphy was the only buyer to make a bid. When bids were called for John Gibson stated that he had been instructed not to purchase any cheese for a week. "I'm in the same boat," remarked Mr. Alexander. The latter stated that his firm would store the cheese free of charge for a week in Montreal. Mr. Alexander further stated that the banks would not discount English drafts and that this was the cause of the trouble. He thought that the trouble would be over after this week.

Messrs. Thompson and Smith stated that they were in the same position. L. W. Murphy made a bid of 12c for the total offering of the board, but after the salesmen held a conference it was decided not to accept this bid and as a result there were no sales. The salesmen held out for 12c, but this was refused.

The following factories boarded: White—Elm Grove, 9. Colored—Arigan, 39; Elm Grove, 27; Gilt Edge, 52; Hartington, 35; Hinchinbrook, 35; Ontario, 24; St. Lawrence, 32; Silver Springs, 70; Thousand Islands, 40; Elginburg, 60; Wolfe Island, 41; Frontenac, 35.

A LETTER RECEIVED

FROM GEORGE MCLEOD, YOUNG WIRELESS OPERATOR.

Whose Parents Were Anxious About Him — He is On a Norwegian Steamer.

A letter was received on Thursday from George McLeod, Clergy street, who was thought to have gone as a wireless operator on a German steamer. He wrote the letter on the pilot boat just as he was going aboard the Norwegian steamer Wancasta, on his way to Scotland. He said that he was going on the German steamer Herkinnids, but that boat was ordered home and he, therefore, refused to go on her. He said:

"I have got an order from the government to close the wireless station on the steamer Lord Strathcona. Tonight, all of the government stations are closed and guarded. I have orders not to leave my instrument unattended at any time on the trip over, which I take to mean that we may possibly have some fun."

BUSINESS HOUSES WILL SUFFER

If 14th Regiment is Called for Active Service.

"If the members of the 14th Princess of Wales Own Rifles, is called to do active service, the stores and shops in Kingston will suffer," a leading merchant stated to the Whig on Thursday. He pointed out that in some of the stores and shops there were three, and, in some cases, more members of the staff identified with the regiment, and that if they were called out the stores and shops would be greatly handicapped for help.

MAY PLACE BAN ON PULP WOOD

The Dominion Government Would Plant the River With Explosive Mines.

Ogdensburg, N.Y., Aug. 6.—Paper manufacturers in the United States importing pulp wood from Lower Canada by ship load have been notified that unless special permission is granted the service will be suspended until after the war.

It is said to be the purpose of the Dominion government to stop all vessel traffic in the St. Lawrence river east of Montreal and plant the river with explosive mines.

Large importations of Quebec pulp wood are received at Ogdensburg for Northern New York state paper mills.
