

We'll Make Good Every Word of Our Ads.

A quiet investigation into the extravagant statements and bubble advertisements that are thrown broadcast to the public sooner or later results in the finding out the difference between

FACT AND FICTION

The former we deal. With the latter we don't. Our clothing, our prices and our statements always match our ads.

It's a fact when we say we've the best clothing in the city for men's, boys' or children's wear

It's a fact when we say we've the best of hats and all sorts of toggery for men and boys.

It's a fact when we say our prices are the lowest that can be named on our qualities.

Come in and let us "make good" our statements.

READY TO COME BACK

BRITONS IN WATERTOWN WILLING TO SERVE AGAIN.

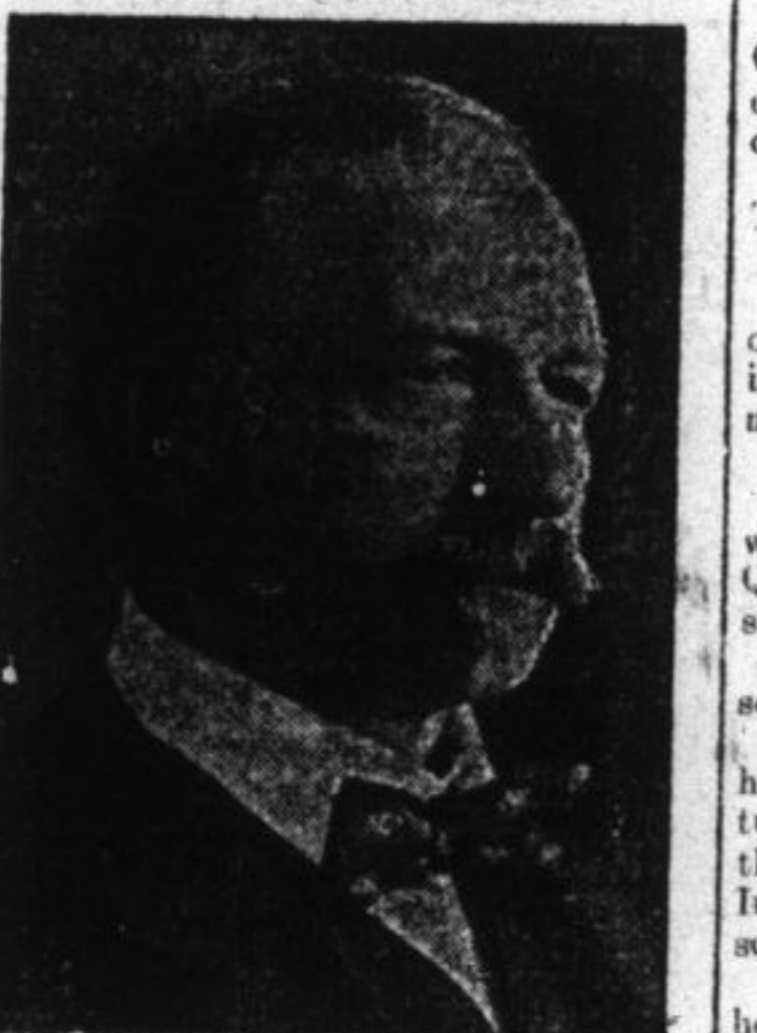

Several Who Took Part in Boer War Will Join Canadian Troops if Called Upon.

A despatch from Watertown, N.Y., says: Charles Killen of 753 West Moulton street is preparing to return to Canada to enter a Canadian regiment for service in Europe if the Canadian soldiers are called upon. Mr. Killen is a former member of one of the Canadian regiments, and says he is willing to enter the army if England's position in the European war becomes so serious that her troops in Canada are needed.

Mr. Killen held a position as lieutenant while in the army, but a year or two ago he left Canada and came to this city, where he has since lived. Mr. Killen saw service in the English regular army as a soldier in South Africa during the Boer war. After the war he came to Canada and made his home in Kingston, Ont. He has a family here.

Several other Watertown men have seen service with the British army and are willing to return to the army if needed. Andrew Flanagan of 10 State place, was with the British cavalry in South Africa and saw nearly two years of active service. Captain Richard Ryan of Company C was a member of the Royal Canadian artillery in the Boer war. William Russell and James Honeyball of this city also fought in the Boer campaign. Mr. Russell's service started many years ago, when he entered the British army as a drummer boy. He took part in the Sepoy rebellion and was present at Khartoum.

SIR THOMAS SHAUGHNESSY Will Donate Hospital Ship to Canadian Women.

SIR THOMAS SHAUGHNESSY Toronto, Aug. 12.—The women of Canada have found an ally in Sir Thomas Shaughnessy in their undertaking to provide a hospital ship for the use of the imperial navy during the present war. It was announced at the mass meeting of the Local Council of Women held here last night that Sir Thomas would contribute the ship and that the women of the country would furnish the equipment for it. Sir Thomas' gift will represent many thousands of dollars, and the women of Canada propose to supplement it by at least \$100,000. Various organizations throughout Ontario are working zealously to raise the required sum, and on Friday they will make their greatest effort to procure subscriptions.

WOMEN OUTNUMBER MEN IN THE LONDON SUBURBS

Hempstead Has 1,606 Females to Every 1,000 Males—Bachelors Predominate in Chelsea.

London Correspondent of Washington.—In Hempstead, the Flatbush of London, there are 1,606 women to every 1,000 men, whereas in Chelsea, the artists' quarter, 46 per cent. of a dominating population of men are bachelors. On the other hand, in Kensington, where the theatrical and vaudeville colony is located, 31 per cent. of the women are spinners.

One hundred and sixty-five thousand foreigners—exclusive of those naturalized—live in this city and 62,000 of them are Russians. Twenty-seven thousand of London's inhabitants are Welsh.

Stepney, one of the east end boroughs, has a foreign population of 56,000 and holds the record for big families, with 4.46 persons on the average in each.

In Marylebone, which includes ultra-fashionable Mayfair, the average is only 2.11 persons in each family. Only one-seventh of the total population of London has the parliamentary vote, but, eliminating women and children, every other male adult—54 per cent.—can exercise the franchise.

There is seating accommodation in London's theatres for 64,487 people and in the vaudeville halls for 78,370. The accommodation in the moving picture houses is estimated to be in excess of the above totals.

The busiest spot in fashionable London, the Broadway of London, for in one check of twelve hours 31,325 vehicles were counted and of these, 21,612 were automobiles.

Food Enough For All.

Toronto News.—There will be enough food for us all. Certainly there is no fear that those who have money will starve. What does it matter if, later, they must pay higher prices or go without some of the things to which they are accustomed? On the sea and in the field men are giving their lives in order that we may continue to have free institutions, and that the empire may not perish. If it is not much, therefore, to ask those who remain at home in comfortable circumstances not to be too anxious about themselves, and not to forget the poor upon whom, at best, the burden will be heavy.

Anchored. "You are not very happy in this house," friends remarked to the renter.

"No, I can't say we are."

"Your ceilings are falling."

"They are, and that isn't all. Our roof leaks, our cellar fills with water every time it rains, our radiators thump, our furnace is too small for the house, its appetite is too large for our income, our gutters have rusted away, the porch sags, the house hasn't had a new coat of paint for seven years, and the chimney is shorter after every wind storm."

"Why in the world don't you move?"

"Because we can't find another house with a hall that our long Oriental runner will fit."—Neward News.
