

We'll Make Good Every Word of Our Ads.

A quiet investigation into the extravagant statements and bubble advertisements that are thrown broadcast to the public sooner or later results in the finding out the difference between

FACT AND FICTION

The former we deal. With the latter we don't. Our clothing, our prices and our statements always match our ads.

It's a fact when we say we've the best clothing in the city for men's, boys' or children's wear

It's a fact when we say we've the best of hats and all sorts of Toggery for men and boys.

It's a fact when we say our prices are the lowest that can be named on our qualities.

Come in and let us "make good" our statements.

R.C.H.A. LEAVES AT 7 P.M. FOR VALCARTIER, QUEBEC

The 14th Regiment to Supply Guard For Fort Henry ---German Arrests at Gananoque Cause Increased Precautions.

Everything was business at the two barracks on Thursday morning when the Royal Canadian Horse Artillery was making their preparations for going to Valcartier camp, Que. Two or three transport waggons would back up to a doorway and as soon as they were loaded they would move off to the C.P.R. station and load on the cars while other waggons would take their places. Four horses on each wagon and a rider on each team drove the waggons. Then in the other corner officers' servants were packing up stationary and books on all descriptions. There were mattresses flying out of upstairs windows. Men of all ranks worked like trojans. No one cared how he was dressed as long as he did his work. As soon as one loaded for a minute there was an officer or one in command to show him more work.

Col. H. A. Panet was the busiest man on the square, being wanted in a dozen different places. He is in command of the unit artillery brigade. The other officers on the regimental staff are Capt. H. E. Bonk, adjutant; Major J. E. Mills, Captain C. F. Constantine and Lieut. W. Gimblett.

The officers of "A" battery are: Major J. N. Leslie, Capt. W. H. P. Elkins, Lieut. F. F. Benson, and Lieut. H. W. Macpherson.

In "B" battery are: Major D. J. V. Eaton, Capt. W. G. Huggarty, Lieut. H. P. Lafferty, Lieut. C. V. Bishop is at present in the hospital suffering from a dislocated shoulder, and will not be able to accompany the batteries for the present.

The R.C.H.A. will pull out at seven o'clock by C.P.R. and will go by Parham to Valcartier. The brigade consists of 247 officers and men, 176 horses, 8 guns, 16 waggons and 14 transport waggons.

14th Goes Into Port.

On Thursday morning at ten o'clock, Col. F. D. R. Hemming, officer in command of the division, gave orders to Major H. J. Dawson, commanding the 14th Regiment to take over Fort Henry at once, as the R.C.H.A. has received orders to take its guard off.

At the present time, the 14th Regiment has about one hundred and fifty men doing duty at the different posts around the city and Barriefield. The order received on Thursday morning means that the present guard will have to be increased by about forty men. Twelve men and one non-commissioned officer is on duty for a period of twenty-four hours and then on for forty-eight hours.

The men who are doing the duty at the present time report that they are enjoying themselves. For the first couple of days the rations served were not any too good, but those conditions have been removed and men now have no complaints to offer. The officers on duty are being served with their meals at the Country Club house.

Up until the present time it is not known whether or not the 14th guard will be stationed in the fort or in tents outside the fort. A few days ago the water service was connected into the fort for the use of the men who are on duty. The water was examined by Lieut.-Col. H. R. Duff, medical officer of the division.

Looking For Other Germans.

Orders have been received at the local military headquarters to be on the look-out for the four Germans who made their escape from Gananoque on Wednesday afternoon, while the other four men were rounded by the police and placed in the cells. The local police and the military authorities have been instructed to arrest any Germans who might answer to the descriptions of the four men who are still at large.

Chief Ryan, of the Gananoque police department, stated it was his intention to follow the men in an automobile. It is stated that the four Germans who were caught stated that they came from Kingston, where they had been working on the street railroad construction work, likely on Princess street, but they were never here. It is not known what will be done with the four men but it is expected that they will be detained at the request of the military authorities until the war is over.

It is believed by some that it may have been the intention of the men to try and do some harm to the train which is to take the R.C.H.A. to Quebec.

5th Batterymen Accepted.

The commanding officer of the 5th Kingston Field Battery, C.F.A., has received word from Ottawa to the effect that the battery volunteers will be taken with the Canadian contingent which leaves for foreign service in the course of a few weeks. Up until the present about one hundred of the men connected with the battery have passed their medical examinations, and have been accepted by the militia department.

Were At Clayton, N. Y.

On Thursday morning the Whig was informed by its correspondent at Watertown, N.Y., that four men who answer to the description of those arrested at Gananoque are likely the same men who were noticed of Barriefield's Point, near Clayton, N.Y., in a rowboat on Wednesday. The men inquired of a number of boys who were in swimming the way to Gananoque.

14th To Continue Drill.

Major H. J. Dawson has decided to have weekly drills of the 14th Regiment during the next month or so, in

order to keep it up to strength and efficiency. The regiment will parade next Monday evening to the cricket field for manoeuvres.

Hockeyists For The War.

Kingston is sending two of its very best hockey players to the war, in the person of Capt. George T. Richardson and Pte. Allan Davidson. If the Germans think they can play the Canadian winter game, they will be accommodated, if a brief truce is declared.

The Tallest Volunteer.

The tallest man who has volunteered for overseas service is a man named Hanson, from Sydenham vicinity. He was taking the medical examination by Dr. W. A. McCarthy, and his height is six feet five and a half inches. The standard necessary in the militia is five feet six inches, and this man is nearly a foot over the necessary height. He should be able to fight the Germans without a gun.

Ordnance Stores Guarded.

A guard was placed on duty at the ordnance stores, corner of Bagot and Brock streets, on Wednesday night. The arrest at Gananoque has created some little anxiety and the military stores are going to be more closely watched than ever.

Must Have Signed Order.

Merchants who have goods to deliver to ships stopping at the Kingston Shipbuilding wharf are complaining about the way they are held up and asked for a pass by the sentry. They are continually stopping here for a few minutes to get a few machinery repairs and pick up their pilots, but since the sentry has been put on the tradesmen are stopped and put to a great inconvenience if they do not have a slip of paper from the 14th commanding officer. Merchants who supply vessels should see that their drivers have the necessary order.

What Is Aeroplane Doing?

People are wondering what an aeroplane is doing hereabouts at night. A few days ago the Whig published the statement of a citizen that he had seen an aeroplane alight near the outer station. Again on Wednesday night around ten o'clock citizens saw, flying very high, what appeared to be an aeroplane. It was so high that no noise could be heard of its engines, but a moving light led to the firm belief that the moving object was an airship.

It is thought by some that the aeroplane was the machine which went up from Alexandria Bay on Wednesday.

Held Rifle Practice.

Thirty-one members of the 14th Regiment, who have volunteered for foreign service, paraded to the Armouries on Thursday morning, for the purpose of having rifle practice. "Scotty" Davidson, one of the Kingston contingent, was right on the job learning all the fine points of the war game.

Unmarried Men Ordered Out.

On Thursday, morning H. J. Dawson, officer commanding the 14th Regiment, ordered every unmarried man in the regiment, who is not already on duty at Barriefield, to report for duty this evening. The men will parade at the armouries at 5.30 o'clock and immediately march over to Barriefield. This order came as a great surprise to a number of the riflemen who have good positions in the city and will be called upon to throw them up, but war conditions demand it.

An R. C. H. A. Deserter?

A Toronto despatch says: A week ago William Knight gave himself up to the police and said he was a deserter from the Royal Horse Artillery at Kingston. Inquiries have been made but they are not satisfactory, and Knight was on Thursday remanded for a week.

Indianapolis, 2; Buffalo, 0. International league—Baltimore, 5; Toronto, 4. Newark, 8-2; Buffalo, 0-2. Rochester, 5; Jersey City, 2.

Foreigners At Valcartier.

An Ottawa despatch says: At Valcartier camp, workmen who are engaged in digging trenches and putting up targets include three campers, one of Austrians, another of Germans and still another of Italians. Despite the war there has been no trouble. The majority, it is believed, came to Canada to escape conscription, and have no idea of returning to become targets on the field of battle.

14th Guard Increased.

When the news of the Gananoque arrests reached here Major H. J. Dawson, officer in command of the 14th regiment, gave orders for the guard which is doing duty at the wireless station at Barriefield to be strengthened lest the men who are still at large might try to destroy the wireless station.

Paraded At Armouries.

The members of the 14th Regiment who have signed for overseas duty paraded to the Armouries on Thursday afternoon and were drilled by Capt. Guttman.

LATE GEORGE MILLS

THE FUNERAL HELD ON THURSDAY AFTERNOON.

Rev. J. R. Black, Formerly Pastor of Bethel Congregational Church, Officiated—The Floral Offerings.

The funeral of the late George Mills, who died on Tuesday last, was held from the deceased's late residence, 124 University avenue, on Thursday afternoon at three o'clock. Service was held at the home, conducted by Rev. J. R. Black, Toronto, a former pastor of Bethel church, of which the deceased was an active member. Mr. Black was assisted by Rev. J. W. McIntosh, of Calvary Congregational church. After the service the remains were carried out by R. W. Robertson, Charles Livingston, John Nicolle, Arthur Ellis, Dr. R. E. Sparks and A. F. Chown. The cortege then proceeded to Cataragui cemetery, where the remains were interred in the family plot.

Accompanying the remains to the cemetery were the mourners, consisting of the deceased's three sons, William Y. Mills, Charles J. Mills and Samuel Richard Mills; three brothers, William H. Mills, of Ottawa; Thomas Mills, of Kingston, and Joseph Mills, of Peterboro; two sons-in-law, Dr. E. M. Ely, of Ottawa; Robson Black, of Toronto; two cousins, Robert and Frank Craig, of Brockville.

The floral tributes, which were numerous, showing the high esteem in which the late Mr. Mills was held, included the following:

"Palm Olive Soap." Gibson's.

Vigorous denial that packers have made the European war an excuse to put up meat prices was made in Chicago by J. Ogden Armour president of Armour & company in a statement. He said that the reason for the advance was that receipts at the stock yards for the last weeks have been approaching a famine basis.

"Palm Olive Soap." Gibson's. Mrs. C. Maguire and little Miss Valma Maguire, Chicago, are spending some time with Mrs. W. S. Parker, Colborne street.
