MAYOR OF GANANOQUE

Wants Suspicious Characters Reported to the Police

Gananoque, Aug. 15.—Major Russell H. Britton, C.O. 8th Field Battery, has received instructions authorizing the purchase of forty riding horses and 118 draught horses for the use of the battery.

The railway bridges adjacent to the town have all been placarded with instructions not to trespass under penalty of arrest.

Mayor Gibson has issued a proclamation requesting that the presence of suspicious persons inside the town be reported to the local police at once.

Mr. and Mrs. E. M. Bird and family, of Chicago, are in town for a visit with Mrs. T. O. Middleton, King street.

Mrs. Moore, of Parry Sound district, who has been visiting her mother, Mrs. William Carpenter, Charles street, left on Thursday to spend a few days with friends in Lansdowne and Brockville.

COREAN INJUSTICE.

Until Recently Trials Were Most One-Sided and Unjust.

The Korean judge dispenses justice in the open air and by etiquette only the judge can sit. Every one else must stand, except the prisoner and his friends, who are forced to remain in a humble kneeling position with bowed heads. Until quite recently these trials were always very one-sided and shockingly unjust.

When a man was brought to a judge it was taken for granted he was guilty, and if he did not confess he was tortured and made to do so. Witnesses, too, were openly bribed. In fact, giving evidence for or against an accused person meant a living to a portion of the community, and these witnesses naturally favored those who paid best.

At Elgin officers of the Opinions Club, Chaffey's Locks, were charged with selling liquor to persons other than members of the club, and with allowing gambling on the premises. On the first charge judgment was reserved and on the gambling charge the defendants were dismissed.

Mr. Smith, Youngstown, Ohio, and member of the Opinions Club was fined \$100 for selling liquor without a license. It was claimed defendant sold to outside parties.

Grocers all recommend White Rose flour.

THE SPORT REVIEW

THE WAB PUTS THE KIBOSH ON SOCCER.

The R.C.H.A. Was Likely to Have Met Toronto or Montreal For an Interprovincial Championship.

With the going away of the R.C.H.A. Kingston will have to abandon the playing off for the Dominion soccer championship. In fact soccer will be demoralized and many of those fans who delighted to go to the cricket field and witness the stirring games such as the local artillery boys put up, will be sadly disappointed.

The R.C.H.A. team was picked upon as the most likely to play off with either Toronto or Montreal.

From reports there will be quite a smash-up of the teams. C.L.C. aggregation has lost some players, including Dunn, the goalkeeper, who has answered to the call of the naval reserve men. Queen's team, which was thinking of entering the City Soccer league this fall, is also likely to be broken up in ranks.

LETTERS TO THE EDITOR

Some Good War Time Advice to Kingston People.

Kingston, Aug. 14.—(To the Editor): Will the good people of Kingston stop worrying and borrowing trouble?

As a member of the white squadron was cleaning up the other day, when he thermometer was ninety degrees in the shade, said as he moved slowly: 'I'm taking it cool, you know. By love!'

Last night in the western part of the city a noise as of an aeroplane was heard and it was numerous. No one could see anything. It turned out to be a noisy motor boat named 'Bumble the Bee.' Guess he was having 'Chat with the Squirrel' to give him exercise. Should a thunder storm occur at such high tension I'm afraid there would be a stampede. They would surely in their nervous state feel that the German airship was dropping bombs.

Don't get bilious over this war. Keep your liver in shape and be plucky. Live tight and like the Norsemen and women.

Of course, it is wise to be prepared. Every housekeeper should draw on savings and fill the pantry and cellar and buy a shot gun and learn to handle it, for with our disciplined battery way and depending on our noble 14th alone is not safeguard against those who have been soldiers since they were able to walk.

The scout movement is one of the best, from a military point of view. I know of, for these boys will certainly make defenders worthy of the name of Britons.

Silence is golden. Praise up your local regiment and encourage the boys who are going to face death itself.

I am surprised at some men and even women making unkind remarks about our local regiment. This is treason and they should be tried and shot and sat on. Cheer our boys and stop your groans. We have a regiment to be proud of, and Canada's offer in goods, cash and sons will go down in history and create pride in the breasts of generations yet unborn.—HOME GUARD.

Mr. Jones, Buffalo, a guest at Hotel Alexandra, Wellington, caught a muttonchop which weighed twenty-five and one-quarter pounds. The fish measured four feet one inch.

The archbishop of Ottawa has appointed Rev. Robert Jefferson, of Alberta, to the charge of the parish of Montague.

James Casey, a C.N.R. trainman at Winnipeg, was killed on Wednesday week. His mother and other relatives live at Tweed.

What to Do to Get Fat and Increase Weight

The Real Cause of Thinness

A Physician's Advice

"Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all both to say that this is the nature of the individual. It isn't Nature's way at all.

This folks get thin because their powers of assimilation are defective. They just absorb enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single 'stay there' pound. All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh-building elements known to chemistry. It is absolutely harmless, yet wonderfully effective and a single tablet eaten with each meal often has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by good druggists everywhere on a positive guarantee of weight increase or money back.
