To Grow Hair On a Bald Head

BY A SPECIALIST
 Thousands of people suffer from baldness and falling hair who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum, 6 ounces; Lavone de Composee, 2 ounces; Menthol Crystals, one-half drachm; if you wish it perfumed, add 1 drachm of your favorite perfume. This preparation is highly recommended by physicians and specialists—and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics.

ARRESTED AT CLAYTON

ON SUSPICION OF BEING DR. C. K. ROBINSON.

The Young Tamworth Physician, Wanted in the Yorke Case — The Suspect Says He Is J. J. Bennett, of Syracuse, N. Y.
 A telephone message late on Tuesday night from Clayton, N. Y., to the Whig, stated that a young man, about 26 years of age, supposed to be Dr. C. K. Robinson, of Tamworth, wanted in connection with the death of Miss Blanche Yorke, had been arrested at the farm house of Frederick Ingerson, four miles from Clayton, on the Cape Vincent road. The young man was with an elderly woman. The couple had been shadowed, and finally Detective Captain Singleton, of Watertown, N. Y., decided to make an arrest.

The message stated that the couple had arrived there on Sunday and asked for a glass of milk and had remained there since. The young man declared that he was J. J. Bennett, of Syracuse, N. Y. He and the woman told conflicting stories. The young man said they had left Syracuse a week ago, while the woman stated that it was a month ago.

The suspect was placed in the Clayton jail to await the coming of the deputy sheriff of Watertown, who would endeavor to identify the prisoner.

For the past two weeks northern New York has been searched for trace of the missing doctor, whose presence is desired at Tamworth to explain how Miss Blanche Yorke came to her death and who was responsible for mutilating and burying her body in Dr. Robinson's cellar. It was thought that the doctor was somewhere around Dexter, N. Y., and a close search was made there. The movements of relatives of the doctor were watched, in the hope that some of them who crossed from Kingston to Cape Vincent would lead the officers of the law to their quarry. But the Watertown detectives gave themselves away last week when they approached a young lady, who was supposed to have accompanied the doctor to the Cape when he left Kingston on July 16th. Had they merely shadowed the suspect instead of announcing themselves, they might have learned more.

NO NEUTRALITY PROMISE.

German Charge Against Sir Edward Grey Unfounded.

New York, Aug. 18.—The contents of the "white paper" presented to parliament by the British foreign office, disclosing the diplomatic exchanges between European chancelleries preceding the great war, are made known in the British newspapers which reached here. More interest probably attached to this document than to any other collection of diplomatic papers in years because it is shown exactly what efforts were made by the nations involved to preserve the peace of Europe in the situation brought about by the Austrian ultimatum to Serbia and subsequent declaration of war on the latter.
 The "white paper" contains no evidence to confirm the charge made in a recent communication to the newspapers here by Daniel Van Haimhausen, the German charge d'affaires, that in the negotiations Sir Edward Grey, the British foreign secretary, promised that Britain would remain neutral in the clash between Germany, Russia and France, under these conditions:
 First, Germany is not allowed to commit any act of hostility against the French coast in the North Sea.
 Second, German troops are not allowed to pass through Belgian territory.
 Third, the German navy is not allowed to attack Russia from the Baltic sea.
 "Germany Resumes Flattering Overtures to Belgium."
 Berlin, Aug. 19.—The German government in a note to the Belgian government intimated that the Belgians had so brilliantly proved their honor in arms that the German government, after taking Brussels, would be willing to conclude an arrangement compatible with the conflict between Germany and France, and would evacuate Belgium as speedily as war conditions permitted. The Belgian government replied on August 18th again refusing the German proposition.

WOMEN OF KINGSTON ASKED TO MAKE BANDAGES SHIRTS AND CAPS

For the Canadian Soldiers Going to the War — Mrs. I. E. Martin Makes an Appeal.
 When the Canadian soldiers go over the ocean to fight in Belgium, they will not carry any clothing but that which will be on their backs. If the war lasts for any length of time, even a few months, they will very naturally require a renewal of some of their clothing. When they are wounded or sick, they will require bandages and dressings. In order that these necessities of the battlefield should be on hand, the Red Cross society, St. John's Ambulance corps, of Kingston, has undertaken to supply a fair share of shirts, Balacava caps, bandages and surgical dressings.
 Mrs. I. E. Martin, 81 King street, is president of the local Red Cross society, of this city, and with a number of workers have for the past week been meeting in the biological building of Queen's university, making the above-mentioned articles. They received subscriptions to the amount of \$175 for the purchase of materials, but this sum has been already used up, and more money, besides help, is needed.
 Mrs. Martin has asked the Whig to issue a general invitation to the ladies of Kingston to join in with the Red Cross society and aid in the work it has undertaken. Every woman of the city will be made welcome at Queen's biological building, on Union street, each morning from 9.45 till 12.45 o'clock, and in the afternoon from 3 to 5.45 o'clock, during which hours members of the society will be on hand to give instructions. All women who can spare the time can aid in making bandages, dressings, and woolen shirts and Balacava caps.
 Mrs. Martin states that an application being made to her she will supply the wool for ladies who would like to knit these things at home, and send them in afterwards. So far 1,000 bandages and dressings have been made, but thousands more are needed to send across the sea with the Canadian contingent. Any persons who would like to contribute money, no matter how small an amount, will be gladly heard from.

HAMILTON'S BAY That is the Correct Name to the Place.

Hamilton, Aug. 18.—(To the Editor): The residents of the Bay don't mind it being called Dead Man's Bay and need no apology but really they do object to the pretty little bay, with its historical interests, being called Macdonald's Cove. The correct name is Hamilton's Bay, as a look at a map of the district will show. The friends of the Whig must have thought Jupiter was on the war path and had taken wings.—A CAMP-ER.

Town Ladies Gave Each Man a Lunch as Well.

Pictou, Ont., Aug. 19.—A large mass meeting was held in armouries building here to bid farewell to the Prince Edward county boys who have enlisted for foreign service. The meeting was conducted by J. H. Poote, ex-mayor, and the boys were each presented with \$10 in gold. The ladies of the town furnished a nice lunch for the soldiers for their use en route to Valcartier. The company of thirty-six is under the command of Capt. Ferguson.

PURSE FOR PICTON MEN UNLIVED TO WAGE WAR.

Westminster Gazette Urges Home Rule Settlement.
 London Aug. 18.—The political move made by Russia in appealing to all Poles to join in regaining the autonomy of Poland is likely to result in the settlement of the Polish question after the war, says the Westminster Gazette. The Gazette expresses the opinion that the czar's proclamation should awake an echo in Britain and remind us that we too should use all our efforts to get our internal question settled, and thus be absolutely united in waging war. If we are to do justice to ourselves, we must not dally daily with the idea, damping Ireland by postponing home rule, but we must do our utmost to procure a wise and fair settlement before parliament re-assembles.

WEDDING IN WINNIPEG.

Nuptials of Dr. Allum and Miss Eva Ballantyne.

A quiet wedding took place in August church, Winnipeg, on Wednesday, August 13, when Eva, daughter of Mrs. Alice Barclay Ballantyne, New York city, and formerly of Kingston, was married to Dr. Arthur Wesley Allum, Winnipeg. The ceremony was performed by Rev. Carl Allum, father of the groom, assisted by Rev. Dr. G. B. Wilson, pastor of Augustine church. The bride entered the church on the arm of her cousin, Robert Crawford, to the strains of Lohengrin's wedding march. She wore a beautiful gown of ivory charmeuse satin, trimmed with pearls and lace, the veil being caught with orange-blossoms. She carried a shower-bouquet of white roses and lily-of-the-valley.
 The bridesmaid, Miss Ethel Hay, cousin of the bride and formerly of Glenburnie, wore in a lovely gown of apricot taffeta and nixon, draped with lace and wore a large black velvet hat and carried a bouquet of pink roses. The groom was assisted by Dr. David Stewart.
 The groom's gift to the bride was a pendant of diamonds, pearls and sapphires, set in platinum; to the bridesmaid a gold bracelet, and to the best man a pearl stick-pin.
 After the ceremony a reception was held at the home of Mr. and Mrs. J. T. Whitlaw, 811 Dorchester avenue, at which only the immediate friends of the bridal couple were present. The happy pair then left on an extended motor trip through the western states, followed by the good wishes of their many friends. On their return they will occupy their new home, now in course of construction, on Macbray avenue east, Winnipeg. The bride and groom were the recipients of many costly and beautiful wedding gifts.
