PRISONERS IN THE FORT

THE 14TH TO GUARD THE GERMAN SUSPECTS.

From All Over Ontario—Fifty Of the 5th Field Battery To Go To Valcartier.

The population at Fort Henry was increased on Saturday evening when two officers and one non-commissioned officer arrived from Windsor with J. H. Berger, an ex-German officer. The man in question was looked upon as being dangerous to be at large during war time, and for that reason it was decided to put him under lock and key until the war is over. Berger acknowledges that he is an ex-German officer.

When he arrived in the city on Saturday evening, he was marched over to the fort and placed in charge of the 14th guard on duty.

From the conversation of the man it is evident that he has been in Kingston before, as he appeared to know where the fort was situated.

Berger will be placed in a room by himself, and will be closely watched by the guard.

All Spies To Come Here.

On Monday morning word was received from the militia department at Ottawa to the effect that the department had decided to ship all the German and Austrian spies, who are arrested in the province of Ontario to Fort Henry, where they will be kept in safe keeping until the war is over.

It is the intention of the department to fix up the rooms so that they will be fit for men to live in. Although it is eighty years since the last war prisoners were confined to the fort, the rooms are in fairly good condition. The water supply is taken out of a large well, which is first-class.

The four Germans who are at present confined to the fort appear to be enjoying themselves. Each man is furnished with a wire spring and mattress to sleep on.

It is the intention of the department to place officers in separate rooms.

At the present time there are three guards on duty for a period of twenty-four hours. Each guard has forty-eight hours off duty. The sergeants in charge of the fort guards are Col. Sergis, S. Fraser, H. B. Trotter and acting Sergt. Walker.

Each of the Germans is allowed out of his cells for a period of one hour each day, in charge of an armed guard all the while.

Artillery in Barracks.

Major E. C. Barrett, of the 5th field battery, is now in charge of 135 men at Tele de Pont barracks. Lieut. Dewey, of the 5th artillery of Brockville, brought sixteen men to the barracks on Monday. Thirty-three men of the ninth brigade staff are expected to arrive in the city from Belleville on Monday, and will be quartered in the barracks. The ninth brigade is composed of the 5th of Kingston, the 1st from Gananoque, and the 34th of Belleville. The men are drilling constantly and appear to be a fine looking bunch of soldiers. No orders have been received yet, but it is expected that one section of fifty men will be sent to Valcartier under Lieut. Smith, on Wednesday or Thursday.

Capt. Guttman For Special Service.

Capt. I. F. Guttman, of the 14th Regiment, who volunteered for overseas service, was very much disappointed on Saturday afternoon when he was informed that he would not be able to go with the 14th Regiment overseas contingent. A short time before the volunteers were due to leave Kingston, Capt. Guttman received word of the change through the commanding officer of the division.

Why the change was made is not known, but it was learned at headquarters on Monday morning that Capt. Guttman had been ordered to report to the commanding officer at Valcartier, and in all probability will be attached to another corps. It is expected that he will be attached to the intelligence staff. Capt. Guttman, who is a professor in Queen's School of Mining, is able to speak a number of languages, and knows Europe well, and his services are likely required in some more important sphere.

Rockwood Was Contributor.

Rockwood hospital has sent six of its staff to the war—five attendants, and Dr. Granham, who is with No. 3 ambulance corps.

Carl Goldman In Trouble.

Carl Goldman, a Kingstonian, was refused admittance at Niagara Falls, N.Y., on Saturday by the immigration officers. He was going to Waco, Texas, to visit friends and had forwarded a money order to himself to a Buffalo hotel. He had only two dollars in his pockets crossing the border, that was not enough to comply with the law, he was refused admittance.

Experience Trouble.

It was learned on Monday afternoon that the guards on duty at Fort Henry are experiencing difficulty with the four Germans in confinement. One of the non-commissioned officers was called upon to take the two knives from the men which they had tried to conceal. The knives were given to the men for eating their meals.

Attended Divine Service.

The men of the 14th Regiment who were off duty on Sunday morning attended divine service at St. Mark's church, Barrisfield. The one hundred men in command of Major H. J. Dawson, paraded to the church. The sermon was preached by Rev. Mr. Cooke, rector.

An Austrian Arrested.

Excitement reigned high at Tele de Pont barracks, on Saturday afternoon, when an Austrian suspected as being a spy, was placed under arrest and held until Monday morning. The man appeared at the barracks for the purpose of enlisting in the overseas contingent. When he was standing on the barracks square the sergeant-major thought that he acted strangely and placed him under arrest. While he was locked up it was thought that he would go out of his mind. He broke one of the windows in the guard room and cried like a child.

TRAMPS GO TO JAIL.

They Have Been Causing Trouble Near Catarauqui.

Albert Mercer, James Wallace, John Love and Michael Connors, tramps by trade, were gathered in by County Constable Robert Smith and Constable Daniel McCarey, of the local police force, on Sunday, on the charge of vagrancy, and were all given a term in jail. Mercer got ten days; Wallace, twenty days; Love, thirty days, and Connors, one month and ten days. They appeared before Justices of the Peace George Hunter and J. W. Bradshaw, on Monday morning.

When arrested on the farm of Henry Dalton, on the back road leading to Catarauqui cemetery, on Sunday afternoon, they had a number of cooking utensils. For some time, the residents have been complaining about losing vegetables, milk and other articles, which had evidently been the work of tramps.

Mercer, an umbrella-maker by trade, pleaded hard for a chance, but the magistrates stated that they were determined to break up the gang.

It is supposed that these are the same men who attempted to hold up George Amey, a butcher, and take his money on Saturday evening. Mr. Amey whipped up the horse and was able to get away from the gang.

14TH RIFLEMAN DESERTED.

Left His Clothes on Railway Tracks Near Queen Street.

The officers of the 14th Regiment are looking for one of the riflemen who deserted from the ranks on Saturday and has not been seen or heard of since that time.

On Sunday morning, when Police Constable Daniel McCarey was making his rounds on Ontario street, he spotted a bundle of clothes lying on the ground at the rear of Cockburn's blacksmith shop. When the bundle was examined it was found that it belonged to a member of the 14th Regiment. There was a cap, a pair of trousers and serge nearly rolled up.

The clothes were taken to the police station and the military authorities were informed. There was no trouble in finding the name of the man, as his clothes were all numbered and the captain of the company had the number on the books of the company.
