WORK FOR IDLE MEN

IS DESIRED BY THE BOARD OF WORKS.

Paving Question Was Taken up Again At a Special Meeting Held on Wednesday Afternoon — Petitions Received For More Paving.

The fact that everything possible must be done to give work for Kingston's unemployed, was brought to the attention of the Board of Works on Wednesday afternoon, by the chairman, Ald. Litton, and all the members agreed with the chairman.

Ald. Litton presided at the meeting, and the other members present were Aids. Cooper, Fair, Hughes, Sutherland, O'Conner and Peters.

The board received a letter from the Kingston Construction company, in which the company stated that they understood that Foley & Gleason did not intend to proceed with their work on the block on Princess street, between Clergy and Barrie streets, and offering to do the work at the same price tendered by the Ottawa firm. The company stated that it was ready to go on with the work at once, and that the city could be assured that local labor would receive the preference.

Ald. Hughes stated that while he would like to see the Kingston firm secure the contract, it would not be fair under the circumstances, as the local firm was acquainted with the prices quoted by the Ottawa firm.

Ald. Sutherland said that there was a rumor to the effect that Foley & Gleason would not take the contract for the block on Princess street unless they got the contract for the extra area proposed for paving.

The chairman stated he had been assured by a representative of the company that the block would be finished in three weeks' time.

Mayor Shaw, who dropped into the meeting at this stage, stated that in view of the financial situation the board must only think of doing the paving which was absolutely necessary. He drew attention to the disgraceful condition of Princess street, between Barrie and Clergy streets, and asked that if it could not be paved, that it be given macadam.

The mayor urged that it be arranged so that local men be given the work. Work would have to be provided for a great many men this winter.

The board received petitions for sheet asphalt paving as follows: William street, between Division street and University avenue; Aberdeen street, Earl to Johnson streets; University avenue, Stuart to Princess streets; Frontenac street, Union to Mack streets.

Ald. Sutherland said he was opposed to doing any more paving outside of the one block on Princess street. "But we must get work for the idle men," said the chairman.

Ald. Sutherland proposed that the work of putting the fair grounds in proper shape be commenced. This, he said, would provide work for unskilled labor. He also suggested starting work on the proposed city wharf. He said that all of three hundred families would have to be cared for this winter. After a great deal of discussion, it was decided, on motion of Ald. Cooper, to grant the petitions, provided they are properly signed, and that the tender of Foley & Gleason, at \$2.15 a square yard, be accepted, the understanding also being that Kingston labor must be employed on the work.

FELL FROM HIGH WINDOW

And Escaped With Bruises and a Broken Leg.

To fall from the third storey window in Switzer's hotel, at Sydenham, and suffer a broken leg and arms and body badly bruised, was the experience of a man named Higley, a resident of Syracuse, N.Y.

It appears that on Wednesday morning at about one o'clock people living near the hotel were awakened from their slumbers by a sharp cry. When they rushed out of their homes they found the man lying on the ground in an unconscious condition.

How the accident happened no person seems able to answer. It is supposed the man, while walking in his sleep, went to the open window and while leaning out lost his balance and toppled out.

The room, occupied by the man, was on the road side of the building. Doctors rushed to the scene. They set the leg and dressed the injuries. On Wednesday it was decided to remove the man to Rookwood hospital, and R. J. Reid's ambulance was secured. He is in a low condition.

LAD HAD HIS ARM BROKEN

He was Pushed Off Slide at Lake Ontario Park.

Earl Sharpe, the twelve-year-old son of C. J. Sharpe, William street west, met with a painful accident at Lake Ontario Park on Wednesday evening. The lad was at the top of the slide and was pushed over the side by other children. He fell to the ground, a distance of about twelve feet, and broke his arm. Jas. Reid's ambulance was given a hurry call and conveyed the boy to the general hospital, where the arm was set by Dr. E. C. D. McCallum. The lad was taken to his home after the operation and, on Thursday, was progressing well.

Watch For Whig's Big War Map, Saturday.

On Saturday a full page map of the theatre of war will be published by the Whig. Make sure you get a copy. The Whig's big war map, which will be published Saturday next, is the finest and most expensive yet printed in any paper on the continent. We discarded the smaller, cheaper one and are giving our readers something worth while.

Lease Was Renewed.

At the meeting of the City Council on Wednesday night the following report of the Property committee, presented by the chairman, Ald. I. F. Harrison, was adopted: "That the request of the Bank of British North America, to have their lease of the premises renewed on the same basis, \$50 a year and taxes, be granted."

TO GUARD SUSPECTS

THIS HAS CAUSED 14TH RIFLES TO GO TO FORT.

It is Likely that the Cells Will Soon Be All Filled — Asking for Telephone Men to Hasten to the Front.

The men of the 14th Regiment doing guard duty at Barrieheld have changed their quarters to Fort Henry, where they will remain for some time. On Wednesday morning the order was issued to change and no time was lost in doing so. For the past three weeks the men have been quartered in tents on Barrieheld common. The riflemen will be quartered in tents inside the walls of Fort Henry. It is thought that the change has been made so that in case the Germans, confined to the cells at the fort, should cause trouble, the regiment would be right on hand to quiet things.

It is no light undertaking for fifteen men to watch eighteen prisoners, the men of the regiment, on duty at the fort, are kept on the jump. There are three shifts. The men are on duty for twenty-four hours and are off for forty-eight hours. The riflemen do two hours on and four off.

It is expected that in the course of a week or ten days the population at the fort will be increased almost three times, as suspects are being picked up all over the province and will be shipped to Fort Henry.

Capt. McKay, well known in Kingston, can well remember when the war prisoners were confined behind the walls of Fort Henry in 1837.

The militia department is desirous of securing the services of thirty men in the employment of the Bell Telephone company. It is the intention of the department to send these men to the seat of war, where they will be used in erecting telephone communication on the battle field.

On Wednesday afternoon a telephone message was received from the headquarters at Montreal, asking any of the men at the local branch, who desired to go, to volunteer at once.

The positions of the men will be held until they return. They will also receive half pay while out of the country.

It is understood that the men who volunteer will not go over with the Canadian contingent, but will sail at once, as their services are very much needed.

The Oakum Took Fire.

There was great excitement in the vicinity of the Hotel Dieu, Brock street, on Wednesday afternoon, when some oakum in Simmons Bros.' delivery wagon took fire and caused quite a blaze. It is thought that the fire was caused by a spark. There was a large can of gasoline in the wagon but fortunately it did not take fire.

S.S.A.A.A. Game This Evening. At the cricket field, this evening, St. Paul's and Cooke's meet in the final game of junior S.S.A.A.A. baseball series. The game is slated to commence at six o'clock sharp.
