Yards, Sowards' Dock

Fire! Fire! Fire! Build With Brick!

The recent fire at the Davis Tannery should bring home to the people of Kingston the danger to life and property from building with anything but fireproof material.

All over the world the fact is being demonstrated that brick is the best fireproof building material, and as we are making as good an article as any on the market to-day, we want to help build up Kingston with our up-to-date fireproof goods.

If you do not believe we have good brick, go and look at that house at the corner of Brock and Division Sts., also at Quebec and Cherry Sts.

We certainly are proud of these houses, and we can supply plenty more brick just as good.

Our tile is going fast, but we are making more. So come along and order what you want.
