Spain Seeks Jews' Return.
The development of a center of Jewish knowledge in Madrid is being undertaken by the Spanish government in the hope that it may bring about a return to Spain of some of the Sheperdis or Spanish Jews living in the east of Europe.
They seek an aristocratic pride in their purity of blood and long pedigree, which they have settled. They have never lost the use of the Spanish tongue and still profess love and veneration for Spain. A commissioner of influential Jews resident in Tangier, recently visited Madrid, and had an audience with the King. They represented some 25,000 Jews scattered throughout Morocco.
Dr. A. S. Yahuda, of the school of Rabbinical Studies at Berlin, has been invited to give a series of lectures in the consular and diploma school at Madrid, and it is possible that he may ultimately fill a chair of Rabbinical studies at the Madrid university to be established for him in Philadelphia North American Review.
World's Record Broken.
The Erie railroad conducted a test here recently of the pulling power of the new centipeds locomotive which weighs 410 tons and has 27 driving wheels, eight of them being under the tender to secure additional driving power.
The officers in charge kept adding water after car of coal to the train until it consisted of 250 fully loaded eight "battle ships," with a total weight of 21,000 tons.
The locomotive pulled this train for 40 miles at the rate of 15 miles an hour, establishing a new train record for America on a railroad as well as for the world. The train was easily 10,000 tons heavier than any ever pulled by a locomotive.
