LIVELY RIOTS IN VIENNA CAUSING MUCH ALARM

The Sternest Measures Being Taken to Suppress Them. MEN HAVE BEEN SHOT WHO HAD MADE VIOLENT SPEECHES TO UNEMPLOYED.

Refugees Are Pouring into the City Along With Great Numbers of Wounded—Every Place in Filled Up—No Uniforms or Equipment For Last Classes Called Out. Vienna, via Rome, Sept. 15.—The authorities are adopting the sternest measures to suppress rioting of the unemployed. The problem of caring for the refugees is a desperate one. Thousands of refugees from Galicia have arrived here. The police have been ordered to prevent street parades of the unemployed. Several mass meetings have been held at which violent speeches were made and some of the leaders have been court-martialed and shot. Meanwhile trainloads of wounded continue to roll into the city. It is impossible to properly care for them. The army surgeons at the front and the volunteers have not had the experience necessary for many of the problems presented. Every city hospital and public building, even the school houses are filled and thousands are being cared for in private houses. The last classes of the Landsturm have been called to the colors but there are no uniforms or equipment for them and they will be held at the concentration camp until uniforms and rifles can be procured from the outlying countries. Although no effort is being made to disguise the fact that the Austrian army suffered another defeat in the earlier fighting in Galicia, it is not stated at headquarters of the general staff that the situation is improving.

German Army Corps Captured. London, Sept. 15.—According to a cable received this morning from Duppel, France, an entire German army corps from General Von Kluck's command, has been surrounded and captured by the British-French troops. One report says fifteen thousand men surrendered, while others place the number at twenty-five thousand, with several guns and a large store of supplies. Gloom in Germany. Amsterdam, Sept. 15.—Advisers received here from Berlin indicate that there is a deep gloom everywhere throughout Germany. The government is making public only some of the losses, and newspapers are carrying only a small percentage of even official lists. Business generally is at a standstill and leading socialist newspapers are complaining because the government is employing prisoners on road work instead of hiring German unemployed. Some of the reports received from interior Germany say that already there are whispers of an uprising by socialists who feel that the country has been deceived by the Kaiser.

Evacuating Cities. Ostend, Sept. 15.—The German division, which has been holding Alst, evacuated the city in order to proceed to the aid of the main German army. There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, produced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

LADY BORDEN, GENERAL MANAGER OF OTTAWA DEPARTMENTAL STORE FOR A DAY. Lady Borden, wife of Canada's premier, is seen sitting at the desk in her office of an Ottawa departmental store where she was general manager for the day with a staff of 4,000 under her, including all the cabinet ministers' wives and leading society women. Five per cent. of every dollar taken during the day was given to the Red Cross society, the receipts were \$1,750.51. On the left is shown Mrs. J. A. Wilson, secretary of the Red Cross society, and secretary to the general manager, Lady Borden, for the day.

Every Soldier A Sweetheart. Antwerp, Sept. 15.—In all the big department stores in Antwerp the girls are knitting grey socks for the soldiers between sales. "For your sweetheart?" one pretty girl was asked. "Yes," she said laughing, "but I don't know which one; every soldier is my sweetheart."

To Push to Berlin. Petrograd, Sept. 15.—That the proposed invasion of Hungary by a strong Russian body has been finally abandoned was, intimated here to-day. It is realized by the Russian general staff that the German resistance will be very strong and it has been definitely decided that the entire Russian field army, first and second-line troops, will be retained for the capture of Berlin. The czar is determined that Berlin shall be taken if it costs the Russian empire its entire fighting strength. His former friendship for the Kaiser has been replaced by enmity which the court officials say is the most bitter the czar has ever indicated against any one. He is determined that his force will take Berlin and that he will ride into that city at the head of his troops. Because of this it is officially stated that there will be no side traps. The Russians intend to utilize part of Austria for the passage of their troops toward Berlin, but it is unlikely that any real attempt will be made to invade Hungary proper.

War Notes. An official report says Prince Joachim arrived Monday in Berlin, and has been lodged in Bellevue palace. Commercial Councillor Faudor, of Berlin, has promised 500 marks (\$125) to the aviator who first throws successfully eight bombs on English soil.

A Scrap Of Paper. Germany said to Britain: "Why fight us for a scrap of paper?" Only a scrap of paper! Said the Kaiser to the king. Only a scrap of paper. An insignificant thing. Into the waste-box throw it. Forget it was ever made. Let expediency to blazes blow it. With honor, the Kaiser said. Only a scrap of paper? The king to the Kaiser said. Only a scrap of paper? But why was that paper made? That little scrap of paper bears the seal of our nation's faith. And we'll stand by that scrap of paper, the king to the Kaiser said. G. E. MINNS.

KAISER'S THREAT TO KING. Refused to Sell Alsace—France Must Give Others. London, Sept. 15.—A well-known clergyman narrates the following in the London Church Times: "When King George went to Berlin for the wedding of the Kaiser's daughter, he made an offer to the Kaiser that France should buy Alsace-Lorraine, England making herself responsible for the loan. The Kaiser refused the offer, and added to his answer: "There are other ways of finding peace. It was a puzzling sentence at the time, but now seems clear."

Farmers in Grantham township, on the northern boundary of St. Catharines were surprised on Monday to find the army worm in large numbers in their midst. The season was believed to have been too favorable for the pest.

CARRIED OFF WOMAN. Mid Mail of Bullets—French Soldier's Brave Deed.

Paris, Sept. 15.—Two instances of individual French heroism were related in a village on the point of occupation by German cavalry. A French soldier, the last of his regiment there, heard a woman's cries and turned back. That moment the patrol of Uhlans entered the village. The soldier hid behind the door, shot down first the officer and then one of the soldiers. While the rest of the patrol hesitated, the French soldier rushed out, seized the officer's riderless horse, swung himself into the saddle and, holding the woman behind him, rode off amid a hail of bullets. Both reached the French lines unscathed.

The second act of bravery cost the hero his life. On the banks of the Oise, in the days of retreat, a Captain of Engineers had been ordered to blow up a bridge in order to cover the French retreat. The bridge had been mined. All that remained was to lay the fuse which would enable the bridge to be blown up from a safe distance, but the fuse had not been laid when a detachment of the enemy appeared on the other side of the bridge. The officer ordered his men back, then himself running forward fired the mine with his own hand, meeting the death which he must have known would be certain. The bridge collapsed, flinging the German horsemen into the Oise and burying the heroic captain beneath its ruins.

LAY MINES UNDER ROADS. How Germans Hope to Check Allies' Pursuit.

Paris, Sept. 15.—A despatch to the War Agency from Antwerp gives the following official communication: "The Belgian army has re-occupied Termonde, and nearly all of East Flanders, as well as the provinces of Antwerp and Limbourg, are free from the enemy. The operations resumed by our army at Antwerp are progressing satisfactorily. The Germans are suffering important losses, principally from our heavy field artillery, which is doing remarkable service." A despatch from Ostend says that since September 9th, German reinforcements numbering 60,000 have been moving toward Lille by way of Renaix, Belgium. The despatch adds that German troops who have been waiting at Berleghem to receive the War impost levied on the city of Ghent also have been ordered to the French frontier. Germans have been seen laying mines under the Belgian roads which the allies are likely to take while following the retreating German force. Another despatch from Ostend says reports are current here that Crown Prince Frederick William and Prince Adalbert, sons of the German emperor, and Prince Carl, of Wuertemberg, have died in a Brussels hospital.

Much Pain From Kidney Disease. Doctored in Vain Until Dr. Chase's Kidney-Liver Pills Were Used.

Kidney derangements are often associated with disorders of the liver and bowels, and under these conditions ordinary kidney medicines usually fail to effect cure. It is because of their unique, combined action on the liver, kidneys and bowels that Dr. Chase's Kidney-Liver Pills are so generally successful, even in the most complicated cases. Mr. Emmanuel Bernard, farmer, St. Paul's, Kent county, N.B., writes: "About eighteen years ago my wife was bad with kidney disease, and suffered greatly from headaches, pains in bowels and stomach, and her heart was affected. For a week she was treated by her doctor, with no apparent benefit." She then used five boxes of Dr. Chase's Kidney-Liver Pills with most satisfactory results. This gave us such a good opinion of Dr. Chase's Kidney-Liver Pills that we always keep them in the house to be used for all derangements of the kidneys, liver and bowels. WAR BULLETINS. Paris reports from the front indicate that the Germans have strongly entrenched themselves near Verdun and may give battle. At Amsterdam, it is reported that the Belgian-Russian force which attempted to enter Luxembourg Monday, was repulsed with disastrous loss. Rumors of a heavy naval battle with severe losses brought thousands to Fleet street newspaper offices London, Monday night, but the official news bureau made no statement. Private wires say the British South African force has driven the Germans back into German South Africa with heavy losses. The armies of Germany have halted in Belca and are making a stand along the river Aisne. The British war office declares there are no Russians in Belgium. The German cruiser Helia was sunk by a British submarine in the Mediterranean, a Rome despatch says. The Germans claim they have taken the outer defences of Verdun. The Royal Canadian dragoons and the Strathcona horse, including 27 officers and 375 men, will be added to the first Canadian contingent. The Russians have commenced the advance on Berlin through Silesia. The Roumanian cabinet has resigned and it is expected war will be declared against Germany and Austria.

BASIS OF CLAIM. Of Families From the Canadian Patriotic Fund. A circular statement has been issued by the Canadian Patriotic fund in which are set forth the conditions under which families and dependents of soldiers at the front can lay claim to the monies of the association. Under the heading of "Who are entitled to assistance from the fund," the statement says that to have a just claim it must be shown that at the time of reporting for duty the soldier was resident in Canada and was supporting a wife, family or dependent in the dominion. The fund recognizes also, on the same basis, not only Canadian volunteers and regulars, but also British army and navy reservists and French, Belgian, Serbian, Russian and Japanese reservists. Aid will be granted only when the soldier is on active service; commencing from the time he gives up his employment, so long as he is with his regiment and a time allowance is made for his return journey to Canadian soil. It is pointed out that few families, if any, will be left without support. The British government allows each married man a separation allowance of fifteen shillings—approximately \$2.50 per week, and the Canadian government will grant a relative sum. Where a family is receiving whole or part salary of the husband from his employer, the fund grant will be less and in proportion to needs. Where a wife is left with three children and has no means of support, the fund will grant \$48 per month. Where an officer's family claims support a special memorandum can be obtained from the officers of the fund. Rear-Admiral Seaton Schreyver's article, in the October Scribner, on "The Fleet," appears with peculiar timeliness. It gives a very clear impression of the component parts and varied employments, of the tremendous energy and power of the modern fighting ships, of the personnel, and of the varied requirements of the modern seaman. Color Sergt. Gilbert and Pat. Haynes of the 27th regiment of Regina, brought two Germans to the fort from that place on Tuesday.
