Signs That Are Passing Away

Science has taken the profession of optics beyond the sphere of the old time "side line" man. The strain modern civilization places upon the eyes demands the attention of a specialist. We are Optical Specialists. We devote our entire time to examining eyes and correcting their defects with proper glasses. Consult.

COLLEGES WILL PLAY HAD VERY FAIR YEAR

THE INTERCOLLEGIATE RUGBY SCHEDULE, PRESIDENT SAYS.

Royal Military College Has Not Notified Union About Dropping Out—Queen's Team Will be Strong.

The schedule of the intercollegiate rugby union will be carried out as usual, was stated by "Jack" Hazlett, president of the union, to the Whig on Wednesday. Hazlett, who has been away since Queen's closed, returned to the city on Tuesday. The president stated that the schedule would be played as drawn up last fall. Up until the present time the cadets of the Royal Military College have not notified the officers of the union that they intend to drop out. If they do retire the series will be continued with the three college teams, namely Varsity, McGill and Queen's.

When asked by the Whig what kind of team Queen's would place on the field "Jack" Hazlett stated that the university should have one of the strongest teams in its history. The students from the School of Mines at Valcartier have been holding practices under the direction of Prof. Lindsay Malcolm, honorary coach at Queen's.

MISS M. SHAW APPOINTED

Organist of Sydenham Street Methodist Church.

After about ten years' service as organist of St. Andrew's church, Miss M. Shaw, the talented Kingston musician, returns to her home church, Sydenham Street Methodist.

At a meeting of the joint boards of the latter congregation, held on Tuesday evening, which was well attended, Miss Shaw was the unanimous choice as successor to Prof. James Small, now of Douglas Street Methodist church, Montreal, who was organist and choirmaster of Sydenham street church for seven years. The position has been vacant for the past three months with Mrs. W. M. Campbell supplying. Miss Shaw has accepted the position.

The matter of the practical reorganization of the choir was the chief one under consideration at the meeting. The financial reports were satisfactory, and the property committee was empowered to have some renovations made to the church property.

Miss Shaw, as a girl, in the early years of her musical education, played the organ of Sydenham street church. It is her church home, and the members of the congregation are more than delighted that she is to return and occupy the post at the organ she is so capable of filling, as well as acting as leader of the choir. She has always been appreciated in Kingston as well as other places, for her reputation goes far afield.

Harold Aggrove, the pleasing baritone soloist of Sydenham street church, had been sought after by the choir of one of the leading city churches, but Sydenham street board would not entertain the idea of losing him. The musical committee has been instructed to secure other soloists. Mrs. A. Beecroft will supply as soprano temporarily.

COBourg BATTERY ARRIVES

And Is Quartered In Tete de Pont Barracks.

The Cobourg heavy battery arrived in the city on Wednesday morning and is now quartered at Tete-de-Pont barracks. The battery, which is composed of 117 officers, non-commissioned officers and men, have been on the way from Vancouver since Thursday last.

This battery was ordered out on August 6th and reported at Quebec, where it remained for two days. It was then sent to Esquimault and Vancouver, where it was used as a coast defence. As this battery is one of the heaviest in Canada, its services are very much needed at this time.

It is altogether likely that the battery will be quartered in Kingston for some time to come. Major Odell, mathematical specialist in the Cobourg high school, is in command. While out west, the battery was divided into two divisions. One was at Vancouver while the other was at Victoria, B. C. or Esquimault.

HAD VERY FAIR YEAR

IN SPITE OF THE FALLING OFF OF TRADE.

Shareholders of Locomotive Works Held Annual Meeting—Additions to Plant Will Turn Out Fifteen to Twenty Locomotives a Month.

"In view of the falling off of trade and difficulties in the financial market, we have a very good year. Of course it is not at all up to last year and other years, but under the circumstances we can regard the annual report as most satisfactory."

This was the statement made to a representative of the Whig at noon today by Aemilius Jarvis, of Toronto, president of the Canadian Locomotive company, Limited, following the annual meeting of the shareholders, held in the company's offices here. Mr. Jarvis presided at the meeting, and the other shareholders present were Robert Hobson, of Hamilton; J. P. Ashworth, of Deseronto; Rev. J. de P. Wright, of Lynn; W. J. Fair, John L. Whitton, R.C., Dr. J. J. Harty, A. W. Whensley and H. W. Richardson, all of Kingston.

Asked about the outlook for the new year Mr. Jarvis said he could not say anything as to this, but that the company was optimistic and looked forward to good business. In his report to the shareholders Mr. Jarvis says:

The manufacturing profits for the year amounted to \$324,114.14, as compared with \$377,943.25 for 1913, being a decrease of \$42,829.11. The interest from investment was \$7,942.84.

The manufacturing profits and income from investments totalled \$342,057.25, which has been disposed of as follows:

Bond interest, \$100,000; preferred stock dividend, \$105,000; adjustment of accounts and loss on investment bonds sold, \$14,167.70 transferred to reserve for special replacement account, \$40,000; balance to credit of profit and loss account from year's operations, \$92,889.55; total, \$342,057.25.

There now stands at the credit of profit and loss account, \$303,300.05; at the credit of reserve accounts, \$140,000; an accumulation out of profits of \$443,300.05 in three years' operations.

Watch Our Windows.
GEORGE MILLS & CO.
Direct Importers of Fine Hats.

take care of new work when it is offered. At the present time, however, I have to report that the company is practically out of orders. The directors, foreseeing this situation, have for some time past kept the company in a strong financial position so as not to jeopardize the payment of interest and dividend charges. This is evidenced by the statement of liquid assets shown in the balance sheet, which amount to \$686,782.45, with quick liabilities of \$139,806.33, or net liquid assets of \$546,976.12.

This year we have not added anything to depreciation reserve account, as we feel that the amount of \$75,000 already at the credit of this account is sufficient, and after laying aside \$40,000 for special replacement account, we have carried the balance of \$92,889.55 to the credit of profit and loss.

Before adjourning the shareholders voted \$2,000 to the Canadian Patriotic fund.

Signed Paving Contract.

On Tuesday afternoon Mayor Shaw signed the contract between the city and the Kingston Construction company for the paving of Princess street, from Clergy to Bagley, and work has been commenced. There has been a long delay over this block, owing to Foley and Gleason throwing up the contract awarded it.

Must Go To People.

The offer of J. M. Campbell to supply power from Kingston Mills to the Utilities Commission shall be put to a vote of the people, if it is learned. The general manager has not yet reported if the offer would be a profitable one.
