Fire! Fire! Fire! Build With Brick!

The recent fire at the Davis Tannery should bring home to the people of Kingston the danger to life and property from building with anything but fireproof material.

All over the world the fact is being demonstrated that brick is the best fireproof building material, and as we are making as good an article as any on the market to-day, we want to help build up Kingston with our up-to-date fireproof goods.

If you do not believe we have good brick, go and look at that house at the corner of Brock and Division Sts., also at Quebec and Cherry Sts. We certainly are proud of these houses, and we can supply plenty more brick just as good.

Our site is going fast, but we are making more. So come along and order what you want.

Incident on White Rose flour.

A slight accident befell the firemen a run to a house at the corner of Odessa and Clergy streets, on Wednesday morning. Some rags scattered outside had taken fire but the blaze was extinguished before any damage was done.

Something of strong material, possibly a wire cable or strong rope, directly in the deep water channel, near Whiskey Island, brought disaster to a couple of motor boats who were passing the obstruction on Tuesday night. The steering gear on the boat was completely smashed and the boat had to be steered home with a paddle.

NO EXCITEMENT SHOWN

In England Over War, Rev. W. F. Fitzgerald Says.

Rev. W. F. and Mrs. FitzGerald have returned in excellent health from their visit to England, the Isle of Man and Ireland. They report having had a very happy visit, and found Ireland in a very prosperous condition. The greatest joy they have in every part of Ireland and they are glad to report that the Irish are united and no excitement is shown over the war. Storekeepers have been officially notified against raising prices and most of the leading stores exhibit notices in their windows saying, "No scare prices charged in this business house." The shopkeepers who raised prices were notified to stop that conduct at once.

Touched Live Wire.

Colborne, Sept. 16.—Some of the village lads have recently been enjoying the stunt of climbing up the ladder on the side of the water tank and touching electric wires passing above them. Joseph Reed essayed to do this and touched a live wire with one hand, while with the other he touched the water at the tank brim, making short circuit. His hand was burned across the palm and the tips of the fingers and he was unable to let go. He took his feet off the ladder and the weight of his body loosened the grip and he dropped to the ground. His injuries are not serious.

Will Attend the Fair.

The "kiddies" at St. Mary's-on-the-Lake orphanage and the Orphan's Home will, thanks to the suggestion of H. J. Bursell, be given free admission to "Kingston's only fair." At a meeting of the directors Mr. Bursell brought up the matter and asked that this courtesy be extended to the little folk, and the directors agreed. On Wednesday morning Mr. Bursell paid a visit to these institutions and distributed the tickets.
